On a motion by Councillor Elderton and seconded by Councillor Boulton it was:

Resolved (8:4) – That the application be refused on the following grounds:

The proposed development, having regard to its siting, scale, form and design, and to its relationship with the adjoining Green Belt and Area of Special Landscape Value, would result in a form of development that is in sharp contrast to the predominant character of Pipers Lane and would form an unduly prominent addition to the street scene and surrounding landscape, with specific reference to views from the Dee Coast Area of Special Landscape Value, which would give rise to demonstrable harm to the character and appearance of the area and visual amenities, contrary to Policies HS4 (Criteria for New Housing Development) and LA1 (Protection of Areas of Special Landscape Value) of the Wirral Unitary Development Plan and the principles of the National Planning Policy Framework.

On a motion by Councillor Boulton and Councillor Elderton it was:

Resolved (8:3) That the application be refused on the following grounds:

The proposed development, having regard to the dimensions of the site and those of the dwelling proposed and the close proximity of the proposed dwelling to the site boundaries, would appear out of keeping

with the existing pattern of development, appearing incongruous in the street scene and represents a cramped and contrived form of development in comparison to the surrounding built form and would lead to the creation of unsatisfactory habitable conditions by reason of poor outlook to the rear of the proposed development. The development would therefore be contrary to Policy HS4 of the Wirral Unitary Development Plan.

A Ward Councillor addressed the Committee.

On a motion by Councillor Lewis and seconded by Councillor Elderton it was:

Resolved (8:4) That the application be refused on the following grounds:

The erection of an additional dwelling sited on this rear garden area as proposed would introduce a pattern of development that would lead to a detrimental change in the character of the area and, furthermore, by introducing additional domestic activity in this backland site the existing standards of residential amenity in the immediate vicinity of properties surrounding the site would be seriously diminished. The proposal is therefore contrary to the National Planning Policy Framework and Policy HS4 of the Wirral Unitary Development Plan.
