Subject: Requisition of special meeting of Environment OSC

As per the Council Constitution – Special meetings of the Overview and Scrutiny Committees.

We the undersigned members of the Environment OSC wish to requisition a special meeting of the Environment Overview and Scrutiny committee to investigate the allegation that the Councils Community Patrol service, set up to provide security to Council buildings, is also being used to provide 'free' security for a number of private and commercial organisations.

We reserve the right to call witnesses of our choice, in order to fully investigate and scrutinise this issue.

Please advise the date of the meeting and any deadlines we need to adhere to with regard to witnesses and submissions.

Yours sincerely

Adam Sykes
