3. Before any construction commences, samples of the facing and roofing materials to be used in the external construction of this development shall be submitted to and approved in writing by the Local Planning Authority. The approved materials shall then be used in the construction of the development.

4. The hard and soft landscaping scheme hereby approved shall be carried out prior to the occupation of any part of the development or in accordance with a timetable to be agreed in writing with the Local Planning Authority. Any trees or plants that within a period of five years after planting, are removed, die or become, in the opinion of the Local Planning Authority, seriously damaged or defective shall be replaced with others of a species, size and number as originally approved in the first available planting season unless the Local Planning Authority gives its written consent to any variation.

5. Surface water sustainable drainage works, comprising all components of the surface water drainage system, shall be carried out in accordance with the details contained within the submitted Flood Risk Assessment (*March 2017/Revision 4/LRD28042/ Sutcliffe*) and Foul and

**Surface Water Drainage Strategy (March 2017/Revision 2/LRD28042/ Sutcliffe) approved in writing by the Local Planning Authority, in conjunction with the Lead Local Flood Authority.**

**The surface water sustainable drainage scheme shall be fully constructed prior to occupation and subsequently in accordance with the timing/phasing arrangements embodied within the approved Surface Water Drainage, or within any other period as may subsequently be agreed, in writing, by the Local Planning Authority in consultation with the Lead Local Flood Authority.**

**6. No development shall commence until full details of a scheme for surface water sustainable drainage system to serve the site, and method of implementation have been submitted to and approved in writing by the Local Planning Authority in consultation with Lead Local Flood Authority. The approved scheme shall be implemented in accordance with the approved details and timetable. Thereafter the surface water sustainable drainage system shall be managed and maintained in accordance with the approved scheme.**

**7. No development shall commence until details of an appropriate management and maintenance plan, including arrangements to secure funding for the lifetime of the development through an appropriate legally binding agreement, for the surface water sustainable drainage system, comprising all components of the surface water drainage system, have been submitted to the Local Planning Authority, in conjunction with the Lead Local Flood Authority.**

**The plan shall be implemented in accordance with the approved details prior to first occupation of any of the buildings, or completion of the development, whichever is the sooner. Thereafter the surface water sustainable drainage system shall be managed and maintained in accordance with the approved details.**

**8. PRIOR TO THE COMMENCEMENT OF DEVELOPMENT, a full scheme of works for the construction of the new vehicle accesses from the highway and amendments to the existing highway made necessary by this development, proposed highway drainage and the reinstatement of the footway / cycleway adjacent to the development, shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be completed in full prior to first use of the development.**

**9. No development shall take place until a site waste management plan confirming how construction waste will be recovered and re-used on the site or at any other site has been submitted to and approved in writing with the Local Planning Authority.**

**10. Prior to the commencement of development arrangements for the storage and disposal of refuse, and vehicular access thereto, shall be made for inclusion within the curtilage of the site, in accordance with details to be submitted to and agreed in writing by the Local Planning Authority. The approved details shall be implemented in full before the development hereby approved is brought into use unless otherwise agreed in writing with the Local Planning Authority.**

**11. The training tower hereby approved shall only be extended to its full height whilst training is being carried out and should be demounted at all other times unless otherwise agreed in writing by the Local Planning Authority**

**12. NO DEVELOPMENT SHALL TAKE PLACE** until details of secure covered cycle parking and/or storage facilities have been submitted to and approved in writing by the Local Planning Authority. These facilities shall be provided in accordance with the approved details and made available for use prior to the first use of the development hereby permitted and shall be retained for use at all times thereafter.

**13. The training yard will only be operational for periods between 09:30 and 20:30**

**14. PRIOR TO THE COMMENCEMENT OF DEVELOPMENT** details of the Proposed external plant shall be submitted to and agreed in writing with the Local Planning Authority. The external plant shall be designed so that the rating level of noise is 5dB below the existing background noise level at 1m from the nearest dwelling house. The approved scheme shall be implemented in full.

**15. PRIOR TO THE COMMENCEMENT OF DEVELOPMENT**, full details of all external lighting, having regard to the Institute of Lighting Engineers Guidance Notes for the Reduction of Light Pollution 2000 and Bats and Lighting in the UK, shall be submitted to and approved in writing by the Local Planning Authority. Any external lighting shall only be implemented in accordance with the approved details and shall be retained as such thereafter, unless otherwise agreed in writing by the Local Planning Authority.

**16. PRIOR TO THE COMMENCEMENT OF DEVELOPMENT**, full details of the proposed sedum roof, together with a maintenance schedule, shall be submitted to and approved in writing by the Local Planning Authority. The approved roof shall be constructed concurrently with the remainder of the development in accordance with the approved details and shall be maintained as such thereafter

**17. PRIOR TO COMMENCEMENT OF DEVELOPMENT** a written scheme of investigation for archaeological work shall be submitted to and approved in writing by the Local Planning Authority. The work shall be carried strictly in accordance with the approved scheme.

**18. Prior to the commencement of site clearance, demolition, storage of plant (non-tree related), materials, machinery, including site huts and WCs, Tree Protection Barriers** shall be installed immediately following tree works and Barriers shall conform to the specification within an approved method statement. The Tree Protection Barriers and Ground Protection shall not be removed, breached or altered without prior written authorisation from the local planning authority or client arboriculturist, but shall remain in a functional condition throughout the entire development, until all development related machinery and materials have been removed from site. If such protection measures are damaged beyond effective functioning then works that may compromise the protection of trees shall cease until the protection can be repaired or replaced with a specification that shall provide a similar degree of protection.

The tree protection measures shall not be dismantled until all construction related machinery and materials have been removed from site and not without written authorisation from the local planning authority or client arboriculturist. Once authorisation has been given the protection measures can be removed by hand and transported off site. During which time, no machinery or vehicles shall enter the area previously protected. No excavations, storage of materials, soil stripping, the raising or lowering of levels or the laying of hard surfacing without prior approval of the arboricultural consultant and / or the local planning authority.

1. That Committee note that planning Permission reference APP/10/0045 has, in error been issued without planning conditions and that therefore this development can currently legally continue on site and is not subject to a condition that the development is for five years only. A further report will be brought to Planning Committee for consideration of the legal options available to the Council in this regards.

2. Note that steps have been taken to implement changes to the system to reduce the potential for such as system error to reoccur and a number of key manual procedural changes have been introduced.

3. Note that the current breaches of the S106 planning obligations are being actively pursued and, if necessary, appropriate legal proceedings will be taken to seek to ensure compliance, and that an update on this will be brought to the next meeting of the Planning Committee.
