This premises operates under a club premises certificate and as such is required to adhere to both its own club rules and those of the Licensing Act 2003.

Following complaints regarding the manner in which the club was being conducted a joint agency visit was undertaken on 4th September 2008. Advice was given to the club regarding how they were required to operate in order to comply with the club premises certificate. The advice was given by Margaret O'Donnell from Wirral Licensing, Sgt Peers and Constable Jones from Police Licensing and Andy Hilliard from Merseyside Fire and Rescue. An inspection of the club discovered that the games room and function room had been relocated without notification to the authorities. The club assured all parties of future compliance and that they would no longer accept 18th Birthday parties.

On 21st Feb 2009 a fight was reported outside the club involving 30 to 40 youths all described as being young. As a result of concerns over this incident the club was again visited on Thursday 26th February 2009 by Sergeant Peers and Constable Jones. They spoke with Mr and Mrs Nunn who fulfill a number of roles including chairman, secretary, treasurer and general manager. They admitted that the function when the trouble had occurred had been a 16th birthday party and that it had been booked by a non member. The function booking diary together with members lists were examined. It became very apparent that a large number of functions were being booked by non members. Mr and Mrs Nunn accepted this to be the case stating they thought that they had been told by us that they were allowed up to 15 non member functions per year.

These unlawful functions are resulting in disorder in the vicinity of the premises. Documents have been seized and an investigation is under way as regards the general conduct of the club.

Subject: ESWA CLUB PARK ROAD SOUTH

JUST TO LET YOU KNOW PEOPLE WERE STILL COMING OUT OF THE ESWA AT 1.45AM ON SUNDAY MORNING 25TH MARCH. DID THEY HAVE AN EXTENSION. 3 BLACK CABS ARRIVED AND BLEW THEIR HORNS. I DO NOT KNOW WHICH COMPANY THEY ARE BUT ESWA STILL HAS NOT MOVED THE TAXI SIGN TO THE FRONT OF THE BUILDING YET YOUR COUNCILLOR TOLD THEM LAST YEAR THEY HAD TO DO THIS? A FEW WEEKS AGO WHEN MY HUSBAND ARRIVED HOME AT 5.30AM AFTER DOING A NIGHT SHIFT AT WORK THEY WERE COMING OUT OF THE CLUB THEN. IS ANYONE CHECKING ON THEIR CLOSURE TIMES AT THE COUNCIL? I AM CONCERNED THAT AS THE WARMER WEATHER IS APPROACHING THINGS WILL GET OUT OF HAND AGAIN AS THEY ARE NOT COMPLYING TO THE COUNCILLORS RULES.

Dear Madam

LICENSING ACT 2003 - THE ESWA CLUB, PARK ROAD SOUTH, BIRKENHEAD

It has been reported to me that the above premises were open beyond the hours permitted under the Temporary Event Notice on 24 March 2007.

I was also informed that people were seen leaving the premises as late as 5.30am on a separate occasion. You should be aware that the premises should be closed no later than 12.00midnight under your Club Premises Certificate unless a Temporary Event Notice is applied for.

It has also been reported to me that the Taxi Sign at the front of the premises has yet to be located clearly visible from the road in all directions. This is a condition of your Club Premises Certificate which was imposed by the Licensing Act 2003 Sub-Committee on 10 February 2006 and reads as follows:

- The sign outside the premises, requesting taxis not to sound their horns, shall be placed in a location clearly visible from the road in all directions.

As the holder of a Club Premises Certificate you must ensure compliance with the Licensing Act 2003.

Whilst it is proposed that no criminal proceedings will take place in respect of the above, a breach of your Certificate may result in the instigation of formal proceedings against you, pursuant to Section 136 of the Licensing Act 2003.

A copy of this letter has been forwarded to Merseyside Police and the Council's Licensing Enforcement officers for their information.

I am Police Sergeant 7426 Tolley of the Merseyside Police, currently stationed as the Patrol Sergeant D Block, Birkenhead.

On the evening of 21st February 2009, I was the patrol sergeant on duty for Birkenhead, at this time I was requested to attend along with several other patrols to a reported fight outside the ESWA Club premises, Park Road South, Birkenhead.

On arrival at the scene there were a large number of youths in the roadway, both male and female. I would estimate approximately 70+ in number and aged from mid teens to early 20's, all were smartly dressed but rowdy and in my opinion drunk. Whilst trying to ascertain who had been fighting I spoke with a number of those youths present who advised me that they had been attending a Birthday Party within the ESWA club, a number of those youths that I spoke with were under 18yrs old, other patrols that attended began dispersing the youths away from the area, one male was arrested for being drunk and disorderly.

Continuation statement of: Text.Given1 Text.Given2 Text.Surname

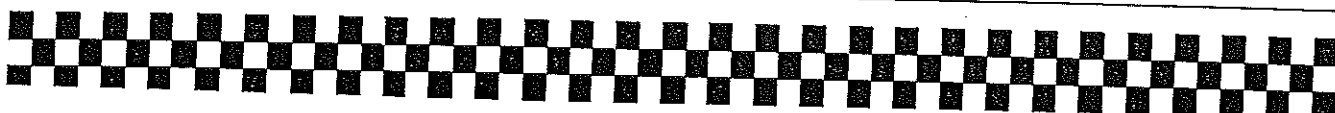

Having been unable to ascertain who had been fighting I directed one of my staff to speak with the staff inside the club, the doors to the premises were locked and despite knocking the door it remained unanswered.

As the youths were dispersed I was approached by the original informant Beverly Aspinall, who advised me that there had been an 18th birthday party inside the premises and those youths present and being dispersed were from the party, she further advised that two drunken males inside the premises had an altercation which had spilt out onto the roadway. At the time she was unable to identify which of those youths present were responsible.

After the youths had been dispersed, I and my staff resumed to other patrol duties.

I live at the address overleaf and this property is directly opposite the Esura Club park Road South Benke Road. I have lived at this address for twenty five years in all. We have had problems with noise, disturbance, and people leaving the premises on and off for years. Things became worse during the time of the new Licensing Act and when the Club applied for late hours we made representations and went along to the council panel to oppose this. The noise and disturbance is always at its worst when they have the private functions on. When the soundwaves are going in the Club for the private door we know it will be bad night. They now use the entrance to the left as the party entrance and this is where the noise problems are. There are people

running in and out the premises, noise smoking, sitting on the wall. We can actually hear the beat from the music of not the actual sound.

The windows are now boarded up when they weren't we could have played Buge in our living room and we even heard the Acts being introduced, this was most disturbing and following the Council panel meeting they boarded the windows up to reduce the noise.

In the past they have had youth nights and discos were put on, they also have had discos for schools. These were on a weekday we could have about fifty kids milling around the club waiting for it to open.

The weddings appear to be the worst, large groups of people in and around the club - all sorts of disorder and kicking off when they are waiting for taxi.

I have called the police and the licensing department in relation to the club our quality of life is affected by the private

fences at the club. My husband works twelve hour days and nights and the lack of sleep and disturbance is unfair and unconsiderate to the neighbours.

I have kept various logs and emails on the club for evidence on what has been going on here and I have passed the file I have kept to the Police for them to copy it all. I am willing to attend the council hearing and bring along my file to refer to.

received no acknowledgement from environmental health so I sent the email again and that awful Mr. Joughin rang who only deals with noise inside the club. I told him you had been in contact with Calvert who had passed it to Leyland and his exact words were "I don't know who has passed it to Leyland as he is only a licensing clerk and has no authority!!!!!!". He then told me to ring the licensing police officer on 777 9044 as Leyland should

the council has not come in yet in the past week with warnings to the club as the council has the authority. I also wonder just what these warnings are when they do get them so maybe the police licensing can tell me. If I do ring it would be handy to know if they can be called out as the troubles are happening?

I have spoken to Margaret Calvert at Licensing who took all the details and said that she would pass them to Richard Leyland who deals with these matters. I told her what happened and that the police were called and that four police cars were in attendance. She said they would contact the police for details of the incident.

26th Feb. Leyland never rang me so I rang him again. He rang back. Not much help. I rang Licensing Police. Wonderful woman. They operate a traffic light system & ESWA is nearly at the top. They are collecting evidence now and going to club at 1pm. I shall be watching.

MR. Leyland rang he's gonna send one of his too. Feb.

At 1pm 2 Police & 1 council went in.

Hi Sandra, I don't know whether even to inform the council. They rarely answer emails or return calls and if they do they will just warn the club along with the other warnings they have had in the past. But those warnings are all discounted now because they are in the past. If they do warn them things will be okay till the next time and they will get a warning and so on and the club knows they won't do anything so the best thing to do is to give the eswa lots of bad publicity. If Mr.Nunn realises EVERYTIME there is trouble I will be putting a complaint into the globe maybe he will do something. If you run a business the last thing you want is bad publicity and going through the council keeps it toooo quiet. I want the whole town to know just what a dump that place is with no consideration for the neighbours, never has done and never will do. This is what I am thinking of sending. You read it and tell me of any changes or adds to it.

Witnessed in Dear Editor, Yet ANOTHER disgraceful evening at the ESWA Club, Park Road South, Birkenhead on Saturday 21st February. From 9.40pm we had drunken squealing girls running in and out of the Club followed by drunken yelling boys. At 11.00pm the Club emptied and about 100 student boys and girls emptied the Club all onto the centre of Park Road South, Traffic came to a standstill and then 3 fights broke out. The police were wonderful and arrived in minutes. Not one police car but four police cars had to be allocated to this disturbance to disperse them. The sooner the Club closes the better for the residents, the council and the police who I am sure after all these years are completely fed up with these regular occurrences. *gather numer*

Dear Editor, you have printed many of my letters over the years with regard to the ESWA Club, Park Road South, Birkenhead and I hope you will print the following letter. These disturbances have been going on for many years and even though we are regularly involved with the council they do not check up on the ESWA and the ESWA know this so they are a law unto themselves and do exactly what they want i.e. going way over their time of staying open late with noise inside and outside the Club and it is always the residents that suffer. It is my intention to report to Letters Page EVERYTIME there is a disturbance at the club. Maybe then the management will do something for the last thing they want is bad publicity. And maybe these complaint letters to you will stop the troubles. PLEASE PRINT THE FOLLOWING LETTER:

Hi Chris,

Your letter is fine, Carl said that it was talked about all over town last night and apparently the party was for a 16 year old and so there should have been adult supervision, parents who organise a party in a local club for 16 year olds and then leave them to get on with it are asking for trouble and the club should stipulate that they require supervision as the club staff can't be expected to be supervising them.

I would still complain to the council and I will do the same simply because if they ever ask for an extension of their hours again it will go against them and it is better on record (remember last time the council said that we need to record every incident) it is good that the police came.

I don't really want it closed and derelict as then squatters, drug addicts etc might move in but there are no easy answers.

Are you all ok and now have all your building work finished?

Could you find out why was there no adult supervision as I have just been told it was for a 16year olds birthday party. No one in charge of ESWA came out to move them on. This is not the first time this has happened when an unsupervised party has been held at this Club. The police must be fed up being called out to this Club as the disturbances have been going on for many years.

As promised, I have today warned the club management again, confirming their legal responsibilities in this matter. I hope this helps, but if problems do recur, I await receipt of the log as discussed. In response to your question: "what happens if noise functions are irregular?" - If it is impractical to obtain evidence, there is a procedure (Section 82 of Environmental Protection Act 1990) in which residents can by-pass this department & make a complaint directly to the Magistrates Court. If you feel you wish to use this procedure at any time, I can then give you further details of how to go about it.

Dear Mr. Joughin, my wife told me of your conversation with her yesterday concerning the above. I am very annoyed that you did not visit the eswa yesterday after the loud disturbances on Saturday. You should be visiting them everytime it happens so eswa is aware that they are being monitored. My wife has since found out from Mr. Leyland that they were also in breach of their times as they did not even apply for an extension. Surely if you visited eswa today so soon after the warning on the 11th April and told them papers were now being prepared in proof of their disturbances this would surely frighten them into being quieter. The problem now is once again they have got away with Saturday's disturbance. It may happen this Friday or Saturday night. If it does my wife will contact you and also log it. Again they will have got away with it. It may not happen then again for 10 days or 2 weeks and she will log it and report it to you until you have enough information. Then if there is a regular pattern she says you will come out and monitor it. But what if it is irregular? You may never be there the night the disturbance is on? And then we have to put up with it all and it will go on and on and eswa dont care at all. I am hoping you will visit the premises today and sort it out. Don't bother to telephone us as we are both out to work now.

THANK YOU FOR REPLYING TO MY EMAIL. I RANG YOU BACK AT 12.15 BUT YOU ARE OUT. LOOKING BACK AT MY RECORDS YOU HAVE WARNED THE CLUB BEFORE OVER THE YEARS AND STILL NOTHING CHANGES. I WANTED TO ASK YOU JUST HOW MANY WARNINGS DOES THE ESWA GET BEFORE SOMETHING IS ACTUALLY DONE. IF YOU WARN HIM AGAIN TODAY THERE MAY BE NO NOISE SAY FOR ANOTHER WEEK. THEN THERE WILL BE NOISE DURING A "DO" AND THEN I REPORT THIS TO YOU AND THEN YOU WARN AGAIN AND SO IT GOES ON AND THE SAME THING IS NOW GOING ON WITH MR.LEYLAND. THE ESWA WAS TOLD TO BE CLOSED AT MIDNIGHT AND THEY NEVER ARE. SO I REPORT THIS TO MR.LEYLAND WHO GETS IN TOUCH WITH ESWA AND WARNS THEM AND WITHIN A FEW DAYS THEY ARE OPEN LATE AGAIN AND ITS ALL NOISE AND INCONVENIENCE TO ME. MY MOTHER A 78 YEAR OLD STAYED HERE THIS WEEKEND VERY ILL AND IN THE END I HAD TO RING FOR AN AMBULANCE. WHILST THE AMBULANCE MEN WERE HERE THE BASS BEAT WAS BOOMING OUT AND THEY WERE HORRIFIED TO THINK THIS WAS WHAT WE HAVE TO PUT UP WITH. I FEAR IT WILL NEVER STOP AS ITS BEEN GOING ON FOR SO MANY YEARS.

Thank you for doing this Mr.Joughin. Just to let you know how awkward Mr.Nunn who runs the club is we had the original council meeting on 16th February 2006 and the councillor told him to put a sign up to stop the fleet of taxis sounding their horns EVERY NIGHT. It took Mr.Nunn till 15th November 2007 to put this sign up. 19 months to put up a simple sign. That,s how important it was to him. I then had to get Mr.Leyland involved several times before the sign finally went up. Mr.Nunn always appears to be helpful but its just a sham as his wife proved to me last Sunday when I rang her about the bass beat and she blamed the house next door. Mr.Elliot kindly went out and visited this house only to find the top floor empty. Then on the following Wednesday at 20 to midnight I saw the band members leaving with all their instruments so I know the noise is coming from there. They will realise its me that has contacted you but I don't care. I know they have soundproofed the music room and moved it all downstairs but this is also just a sham to keep the club open way past midnight also. They are still open many weekends after 1pm but because it has been quiet I have not reported it even though the councillor told me if they are open just one minute after midnight I was supposed to report it. It will be very interesting tonight to see if it is quiet as the band is there every Monday, Wednesday and Friday. Whilst it is very annoying for us getting up for work the next day and not getting to sleep till after midnight we also have a 13year old son who needs his sleep ready for school the next day. I was horrified on Wednesday to see the band members playing football in the middle of Park Road South with no regard for neighbours in the noise they were making. Thank you once again and I will let you know how tonight goes for I fear they will be quiet a few times but then will revert back to their old ways.

To confirm the message I have just left on your answerphone, Mr Elliot has passed on this complaint to me because I deal with noise from non-domestic properties. I will therefore be speaking to the Manager of the ESWA club today to warn him of his legal obligations to avoid creating noise nuisances; I will not, of course, disclose who is complaining.

If you suffer any further such problems, I would be grateful if you would contact me by e-mail or telephone.

Just to let you know on monday 7th april the bass beat started again at 9pm and went on till midnite. Strangely though it was quieter, but still enough to wake us up. It seems that someone had warned them to be quieter. Last night wednesday 9th april the bass beat started at 20 past 9 and stopped at 20 to midnight. So at 20 to midnight I looked out the bedroom window and 5 YOUNG LADS CAME OUT OF THE ESWA WITH ALL THEIR BAND INSTRUMENTS, put them noisily into the back of the van, had a noisy game of football in the middle of park road south for 10 minutes, went back into the eswa for more instruments, put them in the back of the van, drove off and the club shut. It appears then that Mrs.Nunn who I spoke to on Sunday told me a pack of lies and there is NO band in the flats next to the eswa, the band is in the eswa, and she must have known that and that's why they have been playing a bit quieter. I should have known she would lie to me as I have had dealings with her and her husband when we went to the original council meeting in february 2006 when they were told to close the club at midnight. We were there because the club was staying open, noisily till 1.30am yet they denied it all. I don't know whether to ring her later this afternoon and tell her I saw the band leaving and that I know the bass beat is coming from the club and also tell her I know she has lied to me or just leave it in your hands. What is the best thing to do?

Hi Chris

Have you noticed that a new taxi sign has gone up it went up yesterday (Thursday). There is a sign by the other entrance and also a sign that says Party Entrance. Damn cheek, how many parties are they planning to have one wonders.

I am glad that you have got the record about the degs off to the council and you will feel better for doing it.

Betty rang me last night, she is having difficulty settling into the new house but I told her that she will soon feel better. She said that she finds the new house too small but anywhere would feel small after the old house and the new house is modern and they have a nice garden so I am sure she will settle eventually.

Sophie was one year old this week and we had a little party for her, Niamh came home with Soph and we had some friends round for the afternoon. It was really nice and everyone enjoyed themselves. She is coming on fine and is nearly walking and is full of fun, Niamh is getting better so that is good, it has been a hard year but worth every minute.

I am busy crocheting too as Ken's nephew and his wife are expecting a first baby in January, it is a much longed for baby and will be very precious to them.

Hope you are all well.

A photograph was taken of the taxi sign which had yet to be moved despite being told to on a number of occasions. I am waiting to speak with Margaret O'Donnell as to what action we are to take.

Mr. Leyland, your email, of 17th April 2007 said you were waiting for the secretary to contact you about breach of times and the taxi sign to be moved and that you would contact me and also about enforcement officers visiting the eswa. I sent you an email 16th May which you did not reply to. We spoke on the phone 21st June and again you said you would contact me when the enforcers had called to the eswa. I sent you an email 21 September with the same questions and received no reply.

22nd September People coming noisily out of the club at 2.25am.
 Monday 24th September People coming out of the club at 12.15am.
 Tuesday 2nd October People coming out of the club at 12.25am.
 Friday October 5th People coming out of the club at 1.25am.
 Sunday October 7th People standing smoking in the doorway at 2.20am.
 Saturday October 20th
 Club still open at 12.45am.

As you can see from just a few dates I have recorded the club is still open well past midnight and the council meeting was a complete waste of time. Also they still have not moved the taxi sign to a more visible point. What is very sad is that Dave Smith who lived to the left of the Eswa has now sold up and moved on as nothing was done to improve the situation for the residents. We have now 3 young men living there and for the past 3 weeks they have had 2 large dogs in the front garden barking day and night. Everyone who walks past the house sets off the dogs. This is particularly annoying when a slow trickle of people leaving the Eswa from quarter to midnight to 1.30am set the dogs off barking. On Saturday they started barking at five to midnight and continued till 1am when the club finally shut. My husband went over to the 3 men to complain to them on Sunday afternoon and to ask how long this was to continue and tonight for the first time there is silence. But if this noise from the dogs persists if they leave them out in the garden and the club stays open late and the dogs bark till past 1am can you tell me who I should contact as we cannot stand this barking. The noise from the club is enough. I must say I am very disappointed with the councils response to this problem. The original council meeting took place on 10TH FEBRUARY 2006 and absolutely nothing has changed. I shall await your email reply and if not then I shall ring you to discuss matters.

NOISE COMPLAINT REFERENCE NUMBER: WK/207075687

Further to your complaint received on 29th October 2007 regarding noise nuisance, I enclose for your information copies of:

1. A log of noise nuisance occurrences - To be completed & returned by you
2. The Council's Noise Investigation Policy
3. "bothered by noise" - DETR (Central Government) leaflet
4. Help Yourself Information Leaflet - Noise

The information contained in the above leaflets may be sufficient for you to resolve your complaint without the need for formal investigation by the Local Authority's Officers.

If, however, you consider that such investigation is necessary, I would be grateful if you would complete the log of nuisance occurrences for seven to ten days and return it to this office.

*Please note that officers will only make **THREE** monitoring visits to assess the existence of a statutory noise nuisance if your complaint relates to **BARKING DOGS**. It is therefore essential that the completed log sheet is fully representative of the times when the nuisance occurs.*

If you would like to discuss this matter further, please do not hesitate to contact me on the above telephone number between 9.00 a.m. and 10.00 a.m. or between 4.00 p.m. and 5.00 p.m.

Yours sincerely

starting from 14/10/07 onwards

NOISE COMPLAINT INVESTIGATION POLICY

Noise problems can relate to many sources and can include domestic, commercial, industrial, entertainment and construction activities. Additionally road, rail and aircraft noise can often create difficult problems, however these types of activities are normally more effectively dealt with at the planning/development stage.

The avoidance of noise nuisance is given a high priority in all planning and licensing matters.

Information leaflets giving practical advice with regard to noise problems are available free of charge from:

Department of Regeneration, Pollution Control,
Wallasey Town Hall, Brighton Street
Seacombe, Wirral, CH44 8ED

Tel: 691 8344/8318

e-mail: pollution@wirral.gov.uk

Making a complaint

Officers dealing with noise complaints are employed within the Pollution Control Section of the above Department and can be contacted by telephone, in writing or at the aforementioned address. They can be contacted by telephone from 9.00 am to 10.00 am and from 4.00 pm to 5.00 pm. Messages can be left with the section clerks between 9.00 am and 5.00 pm by telephoning 691 8370/8318.

In all cases complaints are dealt with by trained staff who will record all the relevant details, including name, address and telephone number of the complainant, the location of the noise source (this must be provided) and the nature of the noise.

All complainant details are kept strictly confidential but are necessary to enable the investigating officer to determine the existence of a *Statutory Nuisance*. For this reason it is NOT possible to deal with anonymous complaints.

Noise outside normal working hours

There are situations where noise occurs outside normal working hours and whilst the Council does not operate a 24 hour call out service for the investigation of noise complaints, Officers will make arrangements, as they deem necessary, to investigate noise problems outside of their normal working hours by prior arrangement.

INVESTIGATION PROCEDURE

1. Domestic Noise Complaints

The complainant is encouraged to discuss the details of the problem with the person they allege to be causing the noise. Where a complainant feels unable to adopt this course of action no pressure to do so is placed on them.

Following the receipt of the complaint the complainant is contacted, by letter or telephone and in most cases will be asked to keep a log of noise events. The complainant is also advised of the name and telephone number of the Officer dealing with the complaint. Where a noise log sheet is provided it must be completed and returned to the investigating Officer *before* any further action is taken.

Mr. Leyland since your e-mail from 17th April 2007 have any licensing enforcement officers visited the club yet as they are still going well past midnight in staying open? I would be very interested to know just how many times they can breach this midnight closure agreement set by the councillors before something is done by yourselves. Also the taxi sign has still not been moved to a more visible sight. Once again I must remind you that at the original council meeting of 10TH FEBRUARY 2006 the councillor told Mr. Nunn to move the taxi sign and here we are in May 2007 and it still has not been moved and the taxis are still sounding their horns. The personalised plate on the back of each taxi is far too small to record the details to you. Could you possibly found out what the delay is here as I fear they have no intention of moving the sign. They also know you are not going to check up on them.

16th July, 2006.

I am writing to provide details of my objection to any extension of hours for the ESWA Club, Park Road South, Birkenhead. As the club has not had the respect to abide by the terms of the Licence awarded to them when we last attended the Licencing Meeting I feel that they would not have the respect to abide by the terms of any other licence.

Local residents have tonight (15th July, 2006) had to endure loud music (doors open) people shouting in the street from as early as 10pm., drunked behaviour, screaming and shouting beyond midnight. Complete lack of consideration. No-one from the club bothered to ask people to moderate their behaviour/language or asked them to go home after the club had turfed them out at 12.30. It was eventually quiet at 1pm after the last taxi had left and some people on foot made their noisy way towards town.

The effect of all of this is that children were woken up, people who would like to go to bed were prevented from doing so and anyone who happened to be old or infirm had no chance of a nights sleep (especially as the even young and able bodied didn't).

This is a residential area where children have the right to grow up in a nice environment without being woken by drunks screaming in the street, where we all have the right to be able to go to bed and sleep at a reasonable hour.

If as they claim the ESWA Club is intending to cater for local people and families there is no justification for them wanting to stay open even longer and the likelihood is that if they are allowed to do so it will be two o'clock before we can rest in our beds instead of one o'clock as it was tonight

Local residents in Park Road South and surrounding streets are severely affected by the club and object to any extension of hours, in fact we would like to see a situation in which the club actually complies with the licence presently in place and if they are unable to do so it really raises the question should they have even the licence they presently have.

Sequence of events

January – May 2006

Friday and Saturday nights are particularly noisy at the ESWA Club with the resultant loss of sleep for local residents. The exception notably being in the run up to an application for extension of hours, during both periods after applications have been made the club becomes exceptionally quiet. This is not intended to be and is not a full report of all incidents over the period of time but gives an indication of what local residents have to put up with, this is a residential area with families and elderly people living in close proximity to the club. I have double glazing as do a lot of residents and so we are not being over sensitive but complaining about what is already a serious matter which will get worse if an extension is granted.

This is a residential area not down-town Birkenhead.

On the night of the last application hearing there were very large numbers of people arriving obviously in the belief that the licence would have been granted, once the reality of the situation was known they left. The same situation happened the following day.

The details below are examples of the situation that exists in reality and it is a fact that local residents even in present circumstances often have disturbed nights and their children woken up because of noisy and drunken behaviour by people leaving the ESWA Club. If an extension is granted this situation will become worse and go on for longer and we will in reality not be able to relax/sleep in our own homes particularly at the weekends.

Jan 18th 12.15 People shouting to each other as they leave – intoxicated.

Jan 28th 12.50 Group left club carrying balloons – making noise shouting to each other – waiting for taxis - intoxicated. Shouting to each other getting into taxis some go others left waiting. 1.10 Last finally go. (Peace!!)

10th Feb. Licencing meeting today – extension not granted (2am). Early evening lots of cars arriving - very large amount of young people, all left early with screaming and shouting – gave the impression that they had expected the licence extension to go through and left because it hadn't (could tell by comments made amongst the people leaving).

11th Feb. Club noisy - 12.15am large amount of bottles being emptied into glass container (this is normally done during the day, club still open). Very noisy night especially from 10.50 till 1.20. Fighting, shouting, screaming – club finally closed and lights out at 1.25am
(this in spite of not getting extension to licencing hours).

17th Feb Lot of noise coming from ESWA Club 5.15am (went into garden to check where noise was coming from, rang club number but no answer – lights on in flat. The club open until 1am (18th) but kept quiet.

25th Feb Noisy night - people leaving club until approx 1.20.- doors open.

4th March - very noisy, most people didn't leave until after closing time and were still leaving until 1.20 - shouting and calling to each other even though only a short distance part - intoxicated - oblivious of the needs of local residents.

5th March - last minute invitation to attend committee meeting at club - felt that it was not a genuine wish to deal with problems, did not go as had already made plans if genuine invitation would have been made with more consideration.

March 18th (Sat)

Group 8 - 10 12.25 Group outside Eswa club - noisy shouting - drunk - one male urinated on fence adjacent to club in full view of anyone in the area (neighbours fence) - club doors still open.

March 24th - (Fri)

10.30 - 11pm Doors open - rowdy behaviour - glass breaking outside club (on path inside club and on pavement).

21st April 11.30 - Doors still open - very noisy -
12.0 Doors still open -
12.30 Large group left club - shouting & intoxicated -
waiting for cars/taxis - very noisy

5th May 12.30 Very noisy - people still leaving club

27th May Club very noisy - no consideration
1pm - People leaving club - very noisy - shouting/carrying on,
cars slamming doors - no consideration.

The conditions attached to the licence granted on 10th Feb have not been met, there has been no meaningful consideration shown just enough to create an impression with token invitations to a couple of residents, these being made with little or no notice and with minimum opportunity to discuss things. ESWA did not tell residents that they were appealing against licencing decision.

No attempt has been made to move taxi signs and taxis are still sounding their horns outside club, members and guests still congregate outside to talk, shout, drink and await transport (which can extend to 45 mins after the club has closed its doors, with taxis even refusing to stop on some occasions if people are drunk.)

The door is still left open and although I did have a letter telling me that a doorman had been appointed to ensure that residents were not disturbed he was worse than useless as he stood in the doorway with the door wide open and actually seemed to be contributing to the situation and ensuring that the noise was made available to the whole area. He has not been in evidence for some weeks and so it was not worth making the comment to the club on this, it had also become apparent to us that the licence was again under review and so we had expectations of having a few quiet weeks which has proven to be right so far.

Thank you for your letter giving details of your committee meeting on Sunday night, regrettably due to a prior arrangement I may not be able to attend and so I have put my concerns in writing.

I have become concerned during the past three weeks about the level of noise from the club on Friday and Saturday evenings. Last week on Saturday night was very noisy with the external door left open and loud music playing, there were still people leaving at 12.30. On the previous week a similar situation took place and people were still leaving after midnight and were very vocal.

As I write this letter the noise from the club is excessive mainly because the outside door is again open and people are sitting on the steps outside rather than taking part inside.

I realise that Friday and Saturday are the main nights of the week for you and that you offer facilities for parties but I would appreciate it if there could be the consideration agreed to at the licensing meeting.

I am concerned that as we enter summer life is going to become intolerable. We also like to enjoy summer and cannot sit outside in peace when there is so much noise or indeed go to bed until everyone has left if people are shouting in the street whilst waiting for taxis. If people left at the correct time they would be gone by midnight, if they stay longer then they should show respect for local residents.

I would be grateful if you could endeavour to improve this situation.

Yours sincerely,

10th February 2006 Friday

Went to council meeting. That same evening at 9 p.m lots of screaming and shouting from youngsters leaving the club. This went on for half an hour. No one from inside the club came out and told them to be quiet. Side door was wide open.

11th February Saturday

Bar person emptied 4 lots of empty bottles into the wheelie bin at quarter past midnight. Bottles have always been emptied the next day and certainly never at this time - quarter past midnight. Club started to empty at 10.55p.m. till 1.10am. Constant noise from these two times. At 11p.m. a fight broke out between 4 young men. People extremely noisy leaving the club. The original entrance door was in use and banged shut every time someone went in or out of the club. Mini bus arrived at 1 a.m and left engine running loudly for 15 minutes while the people sung and danced outside the club. Last person to leave the club was 1.15 a.m. Club finally closed at 1.25a.m.

13th February Monday

Rang Mr. Leyland and asked had the ESWA applied for an extension and he said no. He was amazed they had stayed open till 1.25am. So soon after the council meeting. Sent Mr. Leyland a report of the 11th Februarys events and also a report to Mr Joughin - noise control. Mr. Leyland said he would visit the ESWA and warn them as they had stayed open just one day after the council meeting of being told to close at midnight.

Mr. Joughin rang me and said he would tell ESWA not to empty their bins in the early hours and to keep the door shut and repair the door so it does not bang.

17th February Friday

We were woken up at 5.20am to drums being played at the top flat of the ESWA. We rang the police twice and they promised to come out but never did. A keyboard and guitars then joined in. This went on till 7.15am. I visited the police station later that morning and they said they were too busy to come out. Rang Mr. Leyland after the police station and told him of the band playing. He could not believe it. E said no letter of warning went to the ESWA as a colleague was off sick but he himself will visit the ESWA today and warn them. Mr. Joughin rang me at 4pm and said he would tell ESWA residents not to start up a band so early. That evening club open till quarter to 1am but not a sound.

18th February Saturday

Club open but not a sound. Lights stayed on all night so I don't know what time they actually shut.

20th February Monday

John Shaw Licensing Enforcement Officer rang me and said he will come out one weekend and watch the club and that we shouldn't have to put up with this noise.

25th February Saturday

People came out of the club ten minutes to midnight. Lots of noise for ten minutes. At ten minutes past midnight more noisy people came out. This went on till 1.20am

4th March Saturday

People started to leave the club at midnight. Very noisy till 12.30 and then club closed.

5th March Sunday

Mr. Nunn sent letter for us "air our views" at 8pm that night in the club. We did not go. He will not listen to us because he takes no notice of the council so we feel that this letter is just for show.

24th March Friday

Club started to empty at twenty to midnight. Singing went on till 12.20. It was like being at a football match. Sent an e-mail to Mr. Joughin about the noise. He rang me Thursday 30th March about the noise to say he only deals with noise inside the club and not outside. I must report this to the police.

After they receive a certain amount of complaints from us they then notify Mr. Joughin.

21st April Friday

Noise outside the club after midnight. People setting off balloons, singing and cheering. They left and another lot came out and did the same.

Taxi sign still has not been moved to the front of the club. Taxis are still beeping even though they supposedly have a ring back service. Door has not been fixed to stop the banging. Doors are often left wide open on busy nights. Council has obviously not checked on the ESWA at closing time.

15th July, Saturday

Worst night ever for noise. People outside arguing, shouting, being sick. This went on till after 1pm.

Dear Ms. O'Donnell, thank you for your letter of 20th, March 2006. Firstly, we will not agree to ever meet with Mr. Nunn to discuss relevant issues concerning the ESWA Club. I reported to Mr. Joughin of noise control and Mr. Leyland of licensing on Monday 13th February because just one day after the committee meeting the ESWA Club remained open till 1.15am. Therefore, if the ESWA is to ignore what the councillor told him to do i.e. closing at midnight with all lights out and all people cleared from outside the club, they are certainly not going to take any notice of what we have to say. Your letter looks all very efficient and helpful towards making a better life for us living opposite from the club but I would like to ask a very important question. Who from the council is making sure the club does close at midnight, doors and windows to be closed by 10.00pm, notices at all exits asking people to leave the premises quietly, the taxi sign to be moved to a more visible place from the road? I have kept a record every Friday and Saturday night since the committee meeting and whilst the noise has been reduced on some occasions the club is certainly still open after midnight, the taxis are still sounding their horns, and the right side front door is still banging shut everytime someone goes in or comes out.

Committee meeting 10th February 2006
11th February Saturday ESWA stayed open till 1.15am
17th February Friday ESWA stayed open till 12.45am
25th February Saturday ESWA stayed open till 1.20am
4th March Saturday ESWA stayed open till 12.30am
24th March Friday ESWA stayed open till 12.20am

The head councillor said at the meeting the ESWA must be closed at midnight, all lights out and locked up and people moved from the outside of the club. It appears to us that if no one from your department is checking on them then they will continue to do what they want.

Yours faithfully,

Subject: ESWA Club

Dear Mr. Joughin, on Friday 24th March, the ESWA started to empty at 20 to midnight. There was such loud singing till 20 past midnight that it was like being in the middle of a football match. The noise was so bad it even woke up our 11 year old son who sleeps in the middle bedroom. No one in charge inside the ESWA came out and told them to be quiet or to move on. The taxis are also still sounding their horns even though they supposedly operate on a call back service? I have informed Mrs. O'Donnell also of the situation as the club is supposed to be shut at midnight - which it is not. I have kept a weekly report since the committee meeting on the 10th February, 2006 and because the club is still open well after midnight on Friday and Saturday evening we are still being disturbed by the noise. It has improved slightly but the noise is still present on some nights. Some times the disturbance may only be for 15 minutes and other times it can be for longer. But the point I make is that there should be no noise at all after the main counsellor at the meeting enforced this.

Dear Sir/Madam

ESWA CLUB, 54-56 PARK ROAD SOUTH, BIRKENHEAD

I refer to the Licensing Act 2003 Sub-Committee held on 10 February 2006.

After giving careful consideration to the application and the representations made in writing and orally at the hearing, the Licensing Act 2003 Sub-Committee resolved to grant the application to vary the Club Premises Certificate under the provisions of the Licensing Act 2003 with the following hours:

Supply of Alcohol

Sunday to Saturday 11.00am to 11.30pm

Hours Open to Members and Guests

Sunday to Saturday 11.00am to 12.00midnight

Regulated Entertainment (Indoor Sporting Events, Live Music and Recorded Music)

Sunday to Saturday 11.00am to 11.30pm

Provision of Entertainment Facilities (Facilities for Making Music, Dancing and anything of a similar description)

Sunday to Saturday 11.00am to 11.30pm

Cont/...

Monday.

The Licensing Act 2003 Sub-Committee determined that in addition to the appropriate conditions proposed in the operating schedule the following conditions be applied to the licence:

- No nuisance shall be caused by noise coming from the premises or by vibration transmitted through the structure of the premises.
- All external doors and windows shall be closed by 10.00pm and when regulated entertainment is being provided except in the event of an emergency and to permit access to or egress from the premises.
- There shall be placed at all exits from the premises in a place where they can be seen and easily read by the public, notices requiring customers to leave the premises and the area quietly.
- The premises shall promote the use of taxi firms that provide a call back service.
- The sign outside the premises, requesting taxis not to sound their horns, shall be placed in a location clearly visible from the road in all directions.

In determining the application the Licensing Act 2003 Sub-Committee had regard to the Licensing Objectives, the Council's Statement of Licensing Policy and the Department of Culture, Media and Sport Guidance issued under section 182 of Licensing Act 2003.

Members of the Licensing Act 2003 Sub-Committee had regard to representations made by residents concerning public nuisance caused by people congregating outside the premises at a late hour. Members noted that there were no representation from the Responsible Authorities.

Members considered that the conditions applied were a proportionate response to the application presented and were necessary for the promotion of the Licensing Objectives. Members also endorsed the suggestion by the applicant that monthly meetings should take place with local residents to discuss any relevant issues.

Should you be aggrieved by this decision you may appeal to Wirral Borough Magistrates Court within 21 days of receipt of this letter.

Yours faithfully

I am the above named and I reside at the address overleaf and have, for the past five years, with my girlfriend who has lived there for twenty years.

The property is situated approximately 50 yards from a social club called the ESWA. Over the time I have been living there, there have been problems involving noise late at night, fights, bottle & cans strewn in the road, but in the last twelve months it's got out of control.

There have been numerous incidents whereby the police have attended and these incidents relate to private parties.

I am aware that the club runs bingo afternoons, pigeon clubs, smokes and salsa dancing and there cause no problems.

Approximately ten months ago on a Saturday night I was on bed when

I became aware of a female screaming next door to the club. I looked out of the window and saw a female being dragged down the side of the club.

Fearing for my safety I took my dog with me to investigate what was going on and found a female being strangled against a fence. The police arrived short after and dealt with the matter.

Around about the same time the club began to have maskers nights and these have become a monthly nuisance because their behaviour is not acceptable, the noise, the slapping that they do.

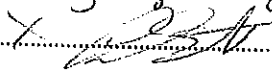

Approximately three weeks ago on a Saturday night I was at work when I got a phone call from my girlfriend telling me to get home as there was trouble outside.

I drove up Park Road East, turned right onto Park Road South to be confronted by approximately 30/40 youths in the road fighting with each other with about five police cars in attendance.

I would estimate the time 11 pm and I thought this was a bit strange and later found out that it had been a sixteenth.

Due to the above problems it's become a way of life and get on with it.

although in October 2008 I have bought another house which is currently under renovation and when it is completed I will be moving from the area I have grown up in.

I am aware that there may be a decision in the future regarding the FSWA club which I am willing to attend to give evidence.

Further to the above most of the incidents occur at weekends and some of them have occurred after midnight. It is as if they ring the bell and then make everybody leave at the same time causing a large number of people to be outside the premises.
