

**Wirral**

Clinical Commissioning Group

**WIRRAL**

## **Presentation to Children and Families Overview and Scrutiny Committee**

# ***Development of New Multi-agency Safeguarding Arrangements***

**November 2018**

- The Children and Social Work Act 2017 replaces Local Safeguarding Children Boards (LSCBs) with new local safeguarding arrangements, led by the three statutory safeguarding partners:
  - Wirral Council
  - Merseyside Police
  - Wirral Clinical Commissioning Group (CCG)
- It also places a duty on child death review partners (LA and CCG) to review the deaths of children normally resident in the local area (previously an LSCB function)

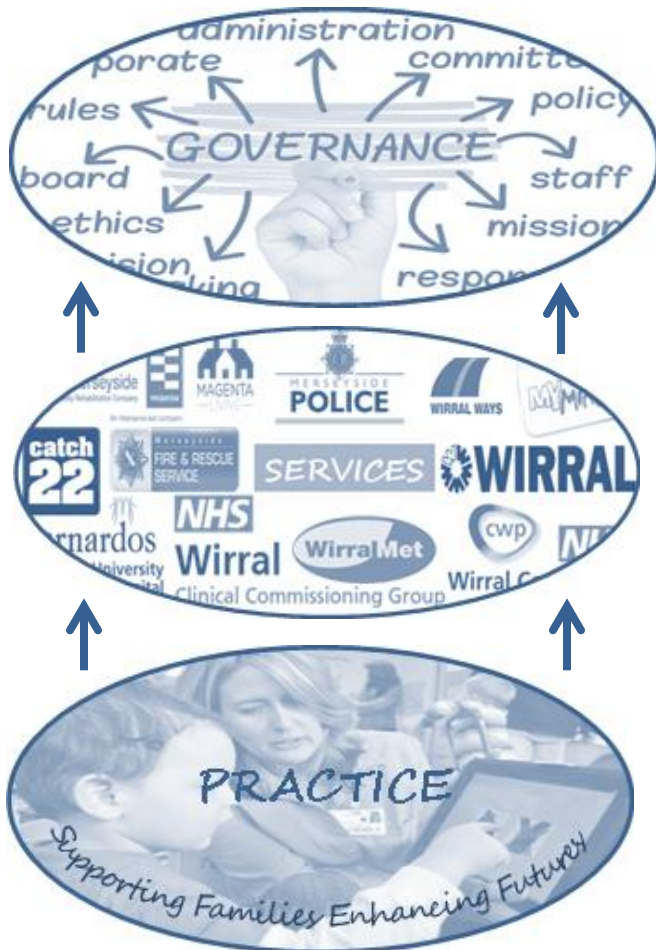

- The three safeguarding partners must set out how they will work together and with any **relevant agencies** to safeguard and promote the welfare of children
- All schools must be included in the arrangements
- The partners must also set out how their arrangements will receive independent scrutiny. Once agreed, the safeguarding partners must publish the arrangements.

# Purpose of new Local Arrangements

- to support and enable local agencies to work together in a system where:
  - excellent practice is the norm
  - partner agencies hold one another to account effectively
  - there is early identification of 'new' safeguarding issues
  - learning is promoted and embedded
  - information is shared effectively
  - the public can feel confident that children are protected from harm

# New Arrangements in Wirral (still under development)

- There are 3 parts to the model:

## 3. Governance

arrangements developed last to ensure they reflect how we want the model to work

## 2. Services

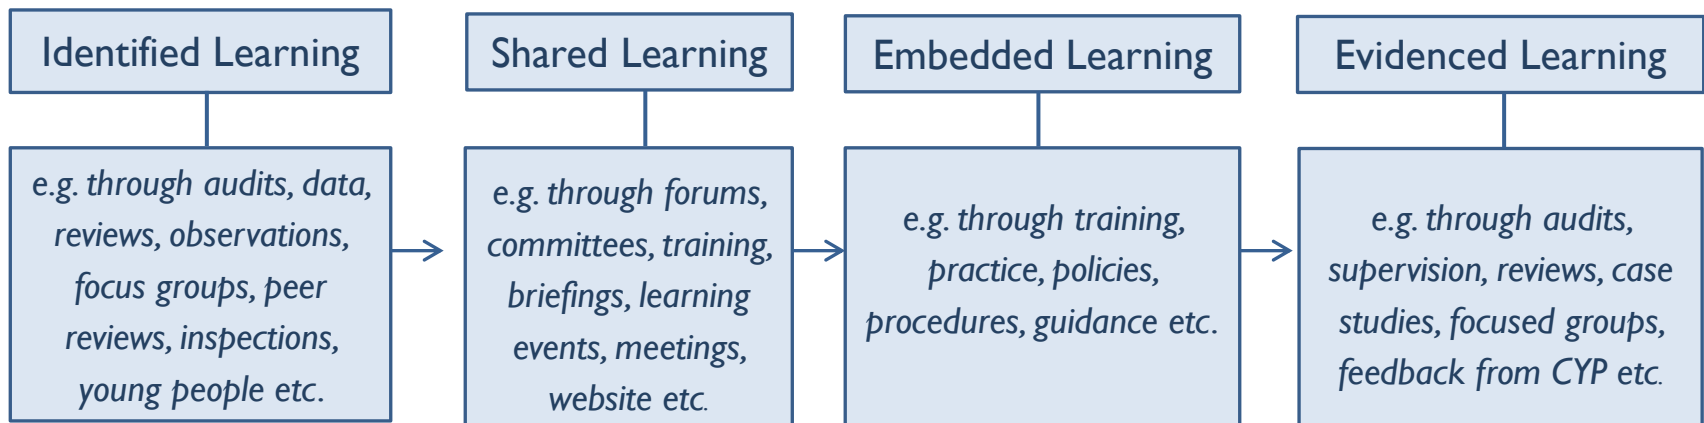

Strong partnership arrangements are crucial to the success of the model. This includes how we arrange services to ensure positive outcomes for children

## 1. Practice

Developing excellent practice will be the basis of the model. Supporting Families Enhancing Futures approach will sit at the centre of our approach and include shared values and behaviours

# A Learning Approach

- The model will include an ‘intelligence function’ to support an evaluation of the effectiveness of safeguarding. This will include data analysis, auditing, reviews and peer reviews, feedback from children and families, views of frontline professionals, regular learning events, inspection results and ‘what works’ from research.

# A Local Partnership Approach

The local MASA model will include approaches to :

- arrangements to ensure children receive the right help at the right time – including publication of thresholds
- a model and methodology for undertaking local reviews
- continued development and evaluation of SFEF
- arrangements for monitoring, scrutiny and challenge
- arrangements for embedding and testing of learning
- arrangements for multi-agency training
- local governance arrangements including relationships with other bodies and the mechanisms for independent scrutiny and annual reporting

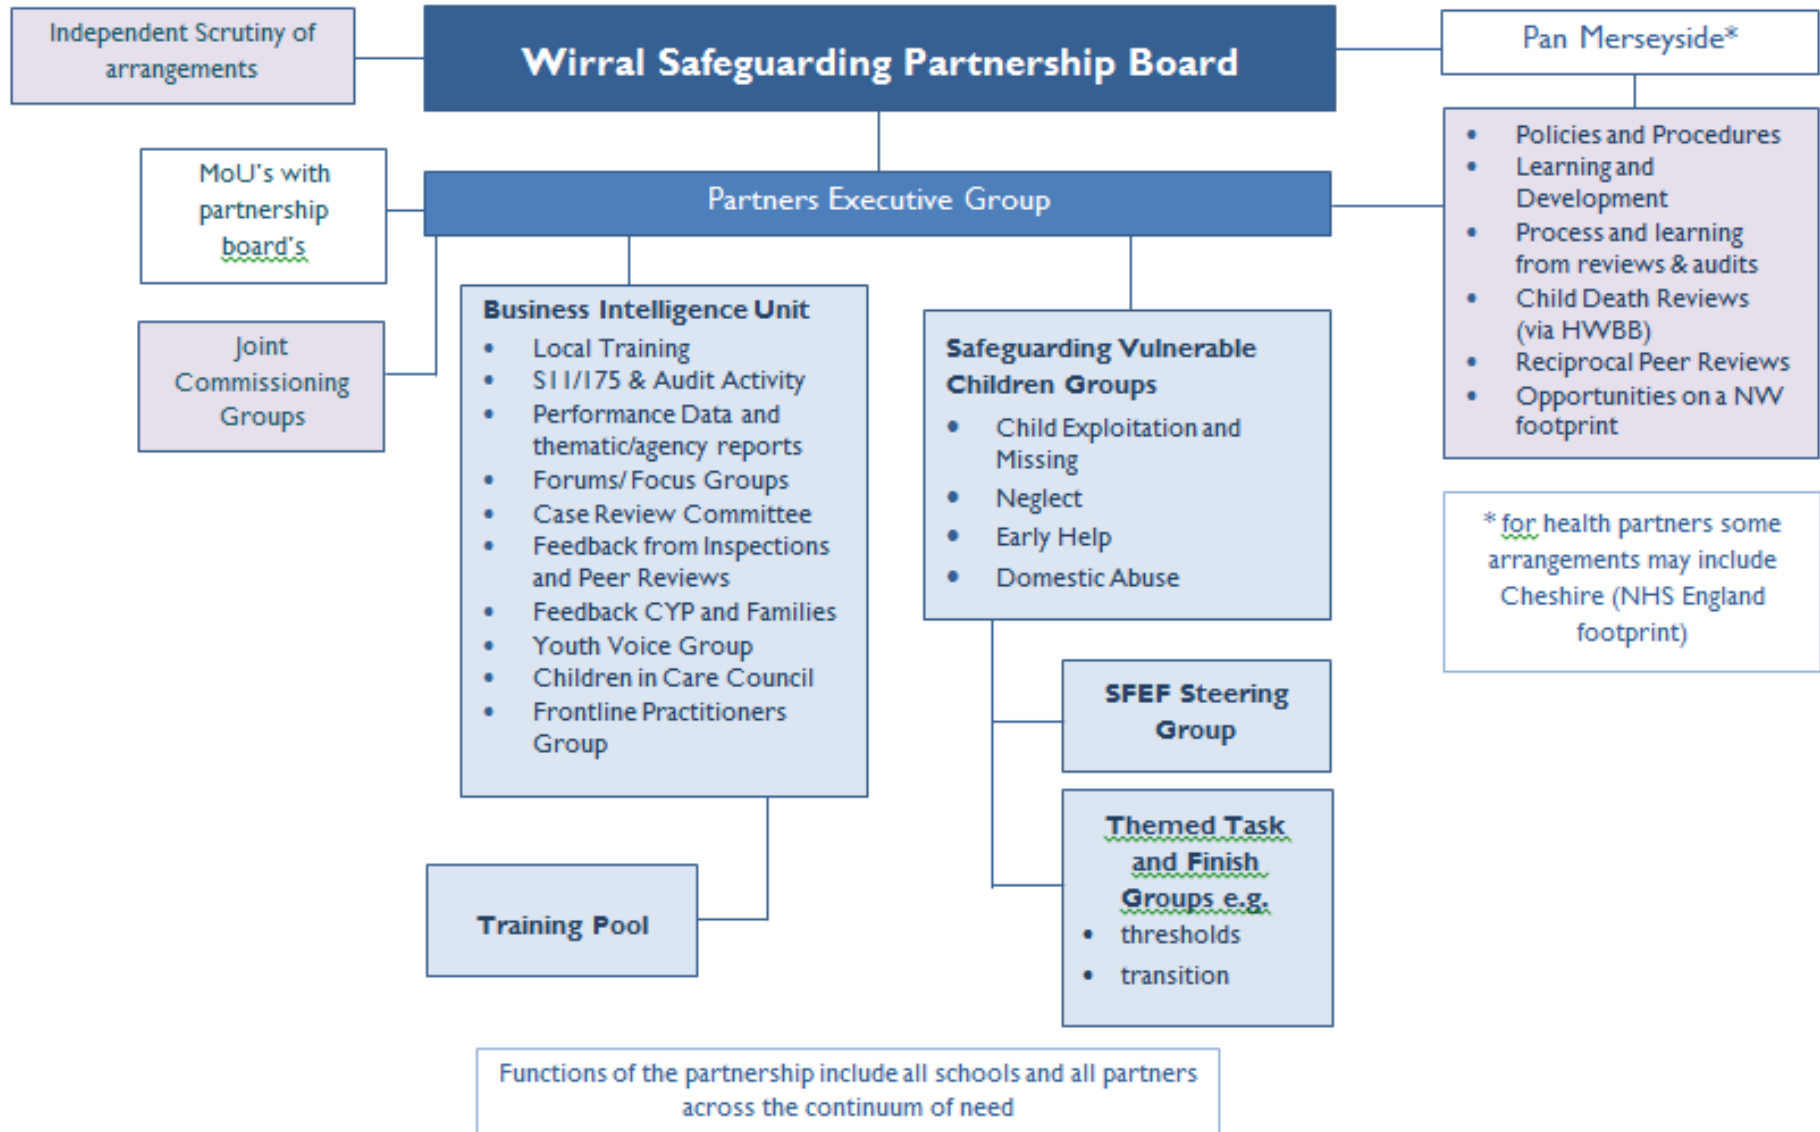

# A Regional Approach

Opportunities for local and regional collaboration will be pursued where beneficial. This will include:

- Policies and Procedure
- Training and Learning
- Undertaking and Learning from Reviews
- Child Death Reviews
- Approaches to and Scrutiny of Section 11/175 Audits
- Peer Reviews

# Overview of (draft) Model

# Key Features of Model

- **Wirral Safeguarding Partnership Board**
  - Representation from across relevant agencies, includes lead member and lay members. Also includes independent scrutiny. Meets twice a year
- **Partners Executive Group**
  - This is the Executive Group of the 3 statutory partners (LA, Police, CCG). Group is responsible for ensuring effective safeguarding arrangements are in place

# Key Features of Model

- **Business Intelligence Unit**
  - Centre for providing and understanding multi-agency data and information (from audits, case reviews, peer reviews, feedback from families and professionals, performance information etc.)  
Continuously reports into the Executive Group
- **Safeguarding Vulnerable Children Groups**
  - Groups undertake specific multi-agency activity (ensuring and testing safeguarding arrangements) on key areas including exploitation, abuse, domestic abuse and neglect

All activity will be subject to regular multi-agency and independent scrutiny.

# Next Steps and Timeline

- November 2018 – model finalised and agreed by partners
- Nov-Dec 2018 – multi-agency consultation and identification of priority areas
- December 2018 – Presentation to WSCB
- Early in New Year – Model presented to Cabinet and Published
- April 2019 – Model in place in shadow form
- By September 2019 – Model fully in place. WSCB stood down

# End of Presentation
