Jeff Turnbull

Date: 24 November 2006

Dear Mr Cooper

Church of England Denominational Provision on the Wirral

I am writing to you about forthcoming reviews of primary places on the Wirral.

I would wish to let you know that the Church would be interested in establishing provision in Pensby if this were possible, and that we would also welcome any opportunity to work with our colleagues in the Roman Catholic sector to provide a joint denominational school in the Leasowe area.

If possible, I ask you to bring this to the attention of members when the relevant discussions are held.

I look forward to hearing from you in due course and to working together with you and your officers in providing school places in other areas as they come under review.

Yours sincerely
