Item 5 APP/23/00551; THE GRANGE, GRANGE ROAD, WEST KIRBY, WIRRAL, CH48 4EE, DEMOLITION OF HOUSE AND OUTBUILDINGS TO PROVIDE 12 APARTMENTS TOGETHER WITH ASSOCIATED PARKING, ACCESS AND LANDSCAPING AND WORKS INCLUDING THE RELOCATION OF THE SUBSTATION.

On page one of the committee report (page three of the published agenda), the applicant is listed erroneously as Blueoak Estates. The applicant for this application is Prospect Capital UK.

In section 3.2 of the committee report (Consultations), the following comments should be added against Highways Assets:

The applicant has confirmed that the section of land adjacent to Gerard Road, and across which the proposed new access will pass, is unregistered. Highways Assets have no objection to the development subject to conditions (9 and 12) and informative.

Item 6 APP/22/00573; FARM, PARK ROAD, MEOLS, CH47 7BE, CONVERSION OF AN EXISTING SINGLE STOREY HAY BARN INTO A 2 BEDROOM DWELLING (RESUBMISSION OF APPLICATION NUMBER 21/01378 REFUSED DATED 15TH OCTOBER 2021)

The proposed plans show the proposed installation of a septic tank. To comply with the NPPF (paragraph 186) it must be demonstrated that foul drainage can be provided without adverse impact on the environment. Septic tanks are subject to controls provided by other areas of primary legislation such as Building Regulations (Approved Document H) and the General Binding Rules. However it must also be demonstrated that any other potential environmental risks outside the control of these other primary areas of legislation can be addressed.

It is therefore recommended that the following condition be imposed:

No development shall take place until a Foul Drainage Assessment has been submitted to and agreed in writing with the Local Planning Authority. The septic tank shall be installed in full accordance with the approved Foul Drainage Assessment prior to the occupation of the dwelling hereby approved and shall be retained for use thereafter.
