PLANNING COMMITTEE

Thursday, 18 February 2010

<u>Present:</u>	Councillor	D Elderton (Chair)	
	Councillors	B Kenny M Redfern P Hayes P Johnson S Mountney	J Crabtree J Salter A Jennings D Mitchell
<u>Deputies:</u>	Councillors	D Roberts (for J George)	

148 MEMBERS' CODE OF CONDUCT - DECLARATIONS OF INTEREST

Members of the Committee were asked whether they had any personal or prejudicial interests in connection with the application on the agenda and, if so, to declare them and state the nature of the interest.

No such declarations were made.

149 MINUTES

The Director of Law, HR and Asset Management submitted the minutes of the meetings held on 10 December 2009 and 18 and 28 January 2010.

Resolved – That the minutes be approved.

150 REQUESTS FOR SITE VISITS

Members were asked to request site visits before any applications were considered.

Councillor Johnson requested a site visit in respect of 6 Woodburn Drive, Gayton, however, this did not receive the support of the Committee.

151 APP/09/06038 - 2 THIRLMERE DRIVE, LISCARD - ERECTION OF A SINGLE STOREY EXTENSION, RAISING ROOF OF EXISTING WORKSHOPS AND INSTALLATION OF SPRAY BOOTH (RETROSPECTIVE APPLICATION)

The Director of Technical Services submitted the above application for consideration.

A Ward Councillor addressed the Committee (Councillor L Fraser).

After substantial debate it was moved by Councillor P Hayes and seconded by Councillor Mountney:

“That the planning application be refused.”

The motion was put and lost (3:8).

* Later in the meeting the Chairman returned to this application and a vote was taken indicating approval.

- 152 **APP/09/06179 - WOODCHURCH HIGH SCHOOL, CARR BRIDGE ROAD, WOODCHURCH - CONSTRUCTION OF ALL WEATHER FOOTBALL PITCH, FOUR MULTI USE GAMES AREAS AND SINGLE STOREY EXTENSION FOR CHANGING ROOMS, FLOOD-LIGHTING AND CAR PARKING**

The Director of Technical Services submitted the above application for consideration.

Resolved – That the application be approved subject to the following condition;

The development hereby permitted shall be commenced before the expiration of three years from the date of this permission.

- 153 **APP/09/06404 - EMPRASAN, 96-100 PRICE STREET, BIRKENHEAD - ERECTION OF PALISADE FENCING AND ENTRANCE GATES**

The Director of Technical Services submitted the above application for consideration.

Resolved – That the application be approved subject to the following condition;

The development hereby permitted shall be commenced before the expiration of three years from the date of this permission.

- 154 **APP/09/06438 - LAURIES THE JEWELLERS, 233 HOYLAKE ROAD, MORETON - CHANGE OF USE FROM VACANT SHOP TO HOT FOOD TAKEAWAY**

The Director of Technical Services submitted the above application for consideration.

A Ward Councillor addressed the Committee (Councillor Blakeley).

On a motion by the Chair the application was approved (8:3).

Resolved (8:3) – That the application be approved subject to a Section 106 Legal Agreement.

- 155 **APP/09/06524 - 6 WOODBURN DRIVE, GAYTON - ERECTION OF A GROUND FLOOR EXTENSION AND RAISING OF ROOF TO CREATE A TWO STOREY DWELLING HOUSE**

The Director of Technical Services submitted the above application for consideration.

Resolved – That the application be approved subject to the following condition;

The development hereby permitted shall be commenced before the expiration of three years from the date of this permission.

156 **PLANNING APPLICATIONS DECIDED UNDER DELEGATED POWERS BETWEEN 3 NOVEMBER 2009 AND 3 FEBRUARY 2010**

The Director of Technical Services submitted a report informing members of Planning Applications which had been decided under his delegated powers between 3 November 2009 and 3 February 2010.

Resolved –

(1) That the report be noted.

(2) That, with reference to the application relating to 6 Holm Cottages, Holm Lane, details of the enforcement action taken be reported back to this Committee.

157 **ANY OTHER BUSINESS**

The Director of Technical Services advised that he would be submitting a report to Planning Committee regarding enforcement matters and appeals.

Resolved - That the verbal report be noted.

*** FOOTNOTE IN RELATION TO MINUTE 151 - 2 THIRLMERE DRIVE, LISCARD**

Following the meeting it was established that the motion for approval had not been seconded in accordance with Standing Order No. 12(1) of the Council Procedural Rules (which apply to Committee meetings by virtue of Standing Order no. 23). Consequently, a decision had not been formally made by the Planning Committee in relation to this application.

However, a full opportunity to make representations to the Planning Committee had been afforded to all interested parties. Specific representations had been made by the local ward Member in respect of this application.

In view of no formal decision being made on this planning application, a special meeting of the Planning Committee has been arranged for 11 March 2010 to make a determination (which for the avoidance of any doubt will be limited to consideration of the recommendation detailed within the report).

APP/09/06038

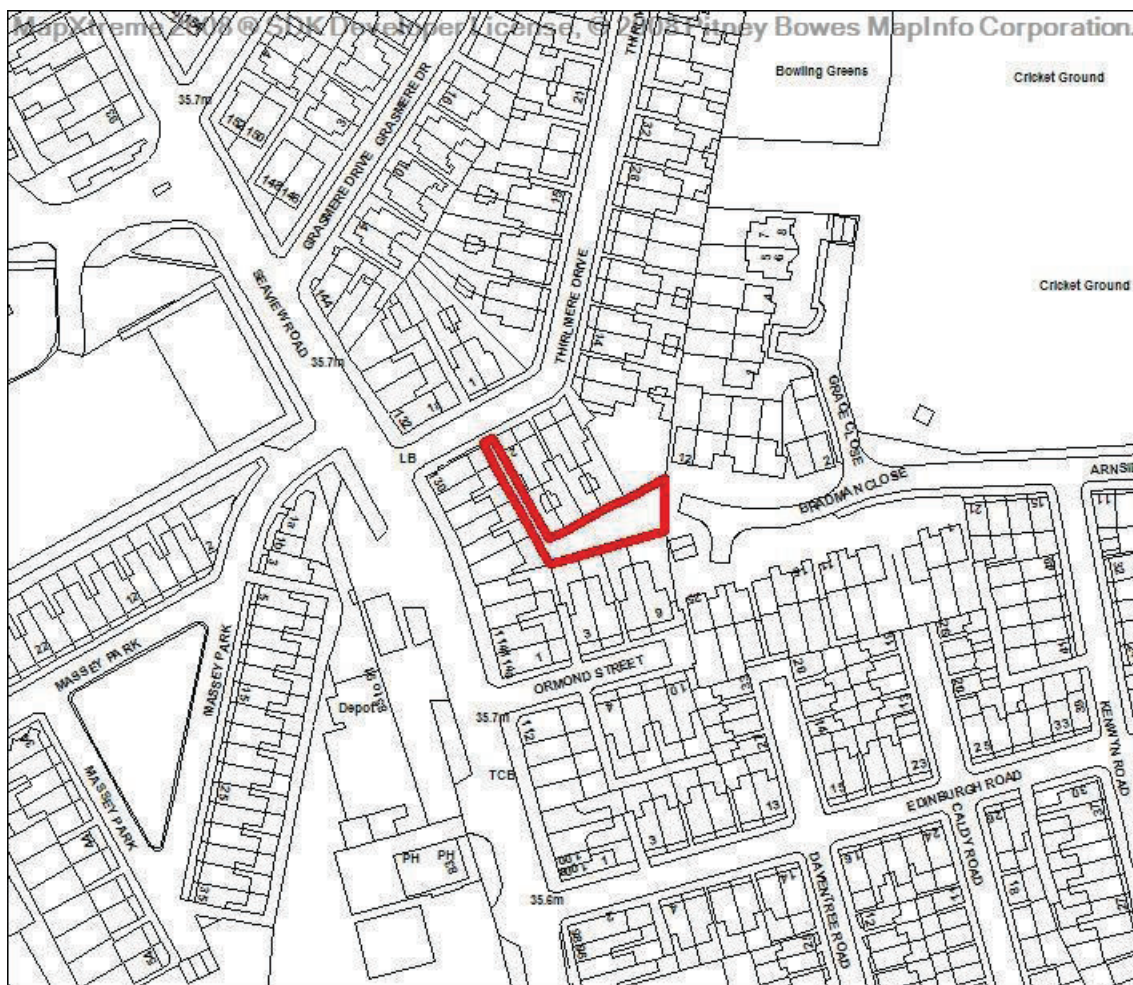

Area Team:
Deeside

Case Officer:
Miss S Hesketh

Ward:
Liscard

Location: 2 Thirlmere Drive, Liscard, Wirral, CH45 4LW
Proposal: Erection of a single storey extension, raising roof of existing workshops & installation of spray booth (retrospective application)
Applicant: Mr Michael Bowers
Agent : Mr Simon Finney

Site Plan:

Development Plan allocation and policies:

Primarily Residential Area

Planning History:

None

Summary Of Representations and Consultations Received:

Representations:

A site notice was displayed by the applicant. A total of 38 letters of notification have been sent to

properties in the area. At the time of writing this report a qualifying petition of 90 signatures from separate households and 9 individual letters of objection have been received, listing the following grounds:

- The use of the building;
- The effects on health of residents due to dust, paint fumes, smells (solvents, burning rubber) and noise (extraction, motorbikes and cars revving);
- The appearance and size of the structure and air vent, which is unsuitable in a residential area;
- Devaluation of property;
- The last use of the site was a double garage and a large lean-to shed;
- The materials of construction;
- Inaccuracies of the agents drawings;
- Traffic to the site has created congestion and parking issues, and the number of motor vehicles coming and leaving and being stored on site is unacceptable;
- Unsatisfactory access in case of fire;
- The application is for spraying motorbikes;
- The application is already built;
- Trees and shrubs have been removed;
- Water base paint is not being used;
- Operating hours;
- Interference with electrical equipment
- Health problems of residents will be exacerbated.

A further letter of objection was received, but wished to remain confidential.

Councillor Leah Fraser objected to the application citing the following reasons:

- The industrial style building within a residential area;
- Size of the building is overdevelopment;
- Appearance and size of air vent.

Consultations:

Director of Regeneration - Housing & Environmental Protection Division had no objection to the proposal subject to a condition detailing the fume extract and odour control system.

Director of Technical Services - Traffic Management Division had no objection to the proposal and considered the potential for an increase in vehicle movement unlikely to be significant.

Director's Comments:

The application was deferred by Planning Committee on 10 December, 2009 for additional information regarding the lawful use of the site.

REASON FOR REFERRAL TO PLANNING COMMITTEE

A qualifying petition of 90 signatures from separate households and 9 individual letters of objection has been received and Councillor Fraser objects to the proposal.

INTRODUCTION

Erection of a single-storey extension, raising roof of existing workshops and installation of spray booth (retrospective application).

The application is to determine the impact of the physical structure of the building on the amenities of neighbouring properties. Both the previous use of a workshop/garage and the subsequent uses as a boatyard and motorcycle spraying booth fall under Use Class B1 (light industry). As such the existing industrial use of the site (as a training centre for spraying and spray applications to motorcycles) does not require planning permission. The planning application is solely to determine the extensions and modifications that have taken place.

The building measures 3.3 metres in height and is white rendered. The extractor flue measures 0.9 metres above the roof. The building has a total footprint of 133 square metres.

PRINCIPLE OF DEVELOPMENT

The scale and design of the proposed buildings are considered acceptable under policy HS15 and are not considered to result in a detrimental change in the character of the area or cause nuisance to neighbouring uses.

SITE AND SURROUNDINGS

The site comprises of a single storey commercial building with roller shutters and flue. The boundary treatment comprises of 2-metre high brick walls. There are surrounding two-storey residential properties on Thirlmere Drive, Bradman Close and Ormond Street.

POLICY CONTEXT

UDP policy HS15 permits non-residential development in Primarily Residential Areas where the proposal will not be of such a scale as to be inappropriate to surrounding development or result in a detrimental change in the character of the area. Development will not be permitted should it cause nuisance to neighbouring uses.

APPEARANCE AND AMENITY ISSUES

The application is to assess the extensions and modifications that have taken place.

The proposal is surrounded by two-storey dwelling houses, and as such the single-storey development is considered not to be of a scale that is detrimental to surrounding properties. The impact of the building could be further reduced by painting it a darker colour more inkeeping with the surroundings. The size of the building is not considered to have a detrimental impact on the residential amenity of the surrounding properties in terms of overshadowing, overlooking and outlook.

It is considered the visual prominence of the shiny fume extractor flue has been reduced by painting it a darker colour, which is considered more inkeeping with the surrounding residential chimneys in the area.

Committee members requested further information in respect of the lawful use of the land/premises, i.e. confirmation that the site has been used for light industry for the last 10 years. The agent provided two sworn affidavit statements confirming the use of the site between 1983-1987 and 1987-1990 was for motor vehicle repairs and welding.

Objections that cannot form a reason for refusal under planning remit include devaluation of property, the retrospective nature of the proposal, the removal of trees and shrubs or interference with electrical equipment. Access in case of fire to an exiting site is a matter assessed by the Fire Authority. The plans supplied are considered satisfactory.

SEPARATION DISTANCES

No.8 Thirlmere Drive is 12 metres away from the proposed building. No.9 Ormond Street is 6.8 metres away from the proposed building. No.12 Bradman Close is 0.6 metres away from the proposed building and has no primary windows directly facing the proposal. The single-storey proposal is not considered to result in loss of outlook or light to neighbouring properties. It is not considered to result in overlooking or overshadowing.

HIGHWAY/TRAFFIC IMPLICATIONS

The Director of Technical Services (Traffic Management Division) was consulted on the application and has no objection to the proposal. It is considered the potential for an increase in vehicle movement unlikely to be significant. There are no highway implications relating to this proposal.

ENVIRONMENTAL/SUSTAINABILITY ISSUES

Concerns regarding the effects on health of residents as a result of dust, paint fumes and smells are controlled via environmental health legislation. The Director of Regeneration (Housing & Environmental Protection Division) has no objection to the proposal subject to a condition detailing the fume extract and odour control system. Whilst the water-based sprays do not pose health concerns, the flue provides dilution and dispersment at a higher altitude, which will reduce disturbance to neighbours.

The erection of new buildings can sometimes facilitate an overall improvement in amenity impact.

Noisy aspects of the use can be contained within the proposed building, and work can be kept out of sight. Objections were received regarding noise (motorbikes and cars revving) from the site. The proposed building provides a containment for the noise, and is viewed as a planning gain.

In addition it should be noted the planning application provides an opportunity to condition the hours of use, further reducing disturbance to neighbouring residents.

HEALTH ISSUES

The Director of Regeneration (Housing & Environmental Protection Division) were consulted in relation to the spray kit and had no objection to the proposal. For clarification, the paints are water based not solvent based. No evidence has been produced to show how the proposal will affect the health of residents.

CONCLUSION

The concerns of the surrounding residential properties regarding the use of the site as light industry cannot form a reason for refusal, as planning permission is not required for a change of use. The proposed building is considered acceptable in terms of scale and provides a means of reducing noise and disturbance to surrounding neighbouring properties.

Summary of Decision:

Having regards to the individual merits of this application the decision to grant Planning Permission has been taken having regards to the relevant Policies and Proposals in the Wirral Unitary Development Plan (Adopted February 2000) and all relevant material considerations including national and regional policy advice. In reaching this decision the Local Planning Authority has considered the following:-

The proposal is considered acceptable in terms of scale and design and is not considered to be inappropriate to surrounding residential properties or result in a detrimental change in the character of the area. The development is not deemed to cause nuisance to neighbouring uses or result in loss of privacy, daylight or sunlight. The proposal complies with Council policy HS15 of the adopted Wirral Unitary Development Plan.

Recommended Decision: Approve

Recommended Conditions and Reasons:

1. Details of the fume extraction system and the odour control system shall be submitted to and approved by the Local Planning Authority within 3 months of the date of this decision. The fume extractor and odour control system shall be implemented prior to the use commencing and retained and operated thereafter in accordance with the approved details.

Reason: In the interests of amenity

2. Details of a colour coating to be applied to the building shall be submitted to and agreed in writing by the Local Planning Authority within 3 months of the date of this decision. The approved colour coating shall be completed prior to the use commencing and retained as such thereafter.

Reason: In the interest of amenity

3. The premises shall be closed between the hours of 18.00 hours and 08.00 hours Monday to Saturday, and shall remain closed on Sundays and Bank Holidays

Reason: In the interests of amenity

4. Only water based paint shall be used for spraying as stated in the approved details (received 4th September 2009) unless with prior agreement with the Local Planning Authority

Reason: In the interests of amenity
