

CABINET

Monday, 18 February 2013

<u>Present:</u>	Councillor	P Davies (Chair)	Leader of the Council Finance
	Councillors	G Davies P Hackett AER Jones C Jones B Kenny AR McLachlan C Meaden H Smith T Smith	Housing and Community Safety Regeneration and Planning Strategy Corporate Resources Adult Social Care and Public Health Environment Improvement and Governance Culture, Tourism and Leisure Streetscene and Transport Services Children's Services and Lifelong Learning

194 MEMBERS' CODE OF CONDUCT - DECLARATIONS OF INTEREST

All Cabinet Members who were also School Governors declared non-pecuniary interests in Item No. 12 – Schools Budget 2013/14.

Councillor P Hackett declared a non-pecuniary interest in Item 4(c) – Families and Wellbeing (Budget Options Report) as a member of his family was in a residential home.

195 MEMBERS' CODE OF CONDUCT - DECLARATIONS OF INTEREST

All Cabinet Members who were also School Governors declared non-pecuniary interests in Item No. 12 – Schools Budget 2013/14.

Councillor P Hackett declared a non-pecuniary interest in Item 4(c) – Families and Wellbeing (Budget Options Report) as a member of his family was in a residential home.

196 MINUTES

RESOLVED:

That the Minutes of the meeting of the Cabinet held on 7 February 2013 be confirmed as a correct record.

197 CORPORATE PLAN

A report by the Chief Executive set out a three year Corporate Plan for the Cabinet's consideration. The proposed priorities detailed in this Plan had been based on the "What Really Matters" consultation programme and provided a framework for delivering savings during 2013/2014.

RESOLVED:

That the Corporate Plan be approved and referred to the Council meeting scheduled for 5 March 2013 for adoption.

198 **BUDGET OPTIONS 2013/16**

The Cabinet received copies of the Minutes of meetings of the five themed Overview and Scrutiny Committee meetings which had considered the results of the budget consultation as follows and noted their contents:

- Children and Young People – held on 12 February 2013 (Minute No. 64 refers);
- Council Excellence – held on 14 February 2013 (Minute No. 70 refers);
- Economy and Regeneration – held on 12 February 2013 (Minute No. 52 refers);
- Health and Well Being – held on 12 February 2013; and
- Sustainable Communities – held on 14 February 2013.

RESOLVED: That

- (1) **Overview and Scrutiny Committee be thanked for their comments; and**
- (2) **all members of the public who took part in the consultation exercise be thanked for their contributions.**

199 **BUDGET OPTIONS: TRANSFORMATION AND RESOURCES**

A report by the Chief Executive documented progress made in relation to the implementation of the Council's consultation programme "What Really Matters" which it had initiated at its meeting in June 2012.

The report presented budget options for the Cabinet's recommendation to the Council. These options formed part of the strategic directorate of Transformation and Resources and as such fell under the management of the Finance Department, Department of Law, HR and Asset Management, and Chief Executive's Department.

These options had been subject to comprehensive and robust public, staff, service user and partner consultation, the results of which had been reported to the Cabinet at its meeting on 7 February 2013 (Minute No. 184 refers). The Cabinet was also referred to all reports and minutes relating to these budget options as referred to in Subject History.

RESOLVED: That

- (1) **the principles upon which the budget options have been developed be noted;**
- (2) **recommendations on which budget options should be accepted as savings be made to the Council, in the context of the Council being required to find savings of £109 million over the next three years.**

200 **BUDGET OPTIONS: REGENERATION AND ENVIRONMENT**

A report by the Chief Executive documented progress made in relation to the implementation of the Council's consultation programme "What Really Matters" which it had initiated at its meeting in June 2012.

The report presented budget options for the Cabinet's recommendation to the Council. These options formed part of the strategic directorate of Regeneration and Environment, and as such fell under the management of the Department of Regeneration, Housing and Planning and the Technical Services Department.

These options had been subject to comprehensive and robust public, staff, service user and partner consultation, the results of which had been reported to the Cabinet at its meeting on 7 February 2013 (Minute No. 184 refers). The Cabinet was also referred to all reports and minutes relating to these budget options as referred to in Subject History.

RESOLVED: That

- (1) the principles upon which the budget options have been developed be noted;**
- (2) recommendations on which budget options should be accepted as savings be made to the Council, in the context of the Council being required to find savings of £109 million over the next three years.**

201 **BUDGET OPTIONS: FAMILIES AND WELLBEING**

A report by the Chief Executive documented progress made in relation to the implementation of the Council's consultation programme "What Really Matters" which it had initiated at its meeting in June 2012.

The report presented budget options for the Cabinet's recommendation to the Council. These options formed part of the strategic directorate of Families and Wellbeing, and as such fell under the management of the Department of Adult Social Services and the Children and Young People's Department.

These options had been subject to comprehensive and robust public, staff, service user and partner consultation, the results of which had been reported to the Cabinet at its meeting on 7 February 2013 (Minute No. 184 refers). The Cabinet was also referred to all reports and minutes relating to these budget options as referred to in Subject History.

RESOLVED: That

- (1) the principles upon which the budget options have been developed be noted;**
- (2) recommendations on which budget options should be accepted as savings be made to the Council, in the context of the Council**

being required to find savings of £109 million over the next three years.

202 LEVEL OF GENERAL FUND BALANCES FOR 2013-14

A report by the Interim Director of Finance reviewed the recommended level of general fund balances for 2013/14 that had been agreed by the Cabinet at its meeting on 29 November 2012 on a risk basis, in the light of budgetary developments since then (Minute No. 135 refers).

RESOLVED: That

- (1) it be agreed that the level of general fund balances recommended be based on a locally determined approach to the assessment of the financial risks that the Council may face in the future; and**
- (2) it be agreed that the Council maintains its level of balances at or above the locally determined level of general fund balances.**

203 REVENUE BUDGET 2013 - 2016

A report by the Interim Director of Finance provided the proposed Budget for 2013/14 and the projections for 2014/15 and 2015/16. The Council had agreed the Council Tax Base for 2013/14 at its meeting on 28 January 2013 (Minute No. 98 refers).

The Budget Council meeting was scheduled for 5 March 2013. The Cabinet noted that the Council had to agree a Budget and set the level of Council Tax for 2013/14 by 10 March 2013.

Appended to the Interim Director's report were four Appendices as follows:

- Appendix 1 – The Council's Budget Projections for 2013/16
- Appendix 2 – An Under Budgeting Report
- Appendix 3 – Growth Submissions 2013/15
- Appendix 4 – Savings Proposed by the Chief Executive still to be Approved by the Cabinet/Council

Councillor P Davies introduced the Interim Director's report and moved the Cabinet's Budget proposals informing that the Cabinet's Budget recommendations were the most challenging ever for the Authority. It was being set against a background of unprecedented cuts in funding from the coalition Government, and required the Council to find savings of £109 million by 2016. This amounted to one-third of the Council's total net budget. The savings recommended total was around £42 million for the next year (2013/14).

Councillor P Davies reported as follows:

"While a small proportion of the budget challenge we face has been caused by financial mismanagement of the past, it is the disgraceful settlement Wirral has received from the coalition Government that has made cuts to services unavoidable. I did not come into politics to make cuts to vital local services, however, I have a duty as Council Leader to

both set a legal budget and to protect, as far as possible, those who I was elected to serve.

I have been very clear that those with the broadest shoulders must bear the greatest burden which is why this budget begins with reducing the costs of running the Council. We have cut senior management, procurement, marketing, IT and the costs of our buildings. We have also worked closely with the Trade Unions to reduce the cost of some of our Terms and Conditions while remaining a Living Wage employer. Councillors must also make difficult choices and I firmly believe that it is right to save £275,000 by holding elections once every four years and reviewing the number of meetings and committees held.

My key priority for this budget for 2013/14 has been to protect front-line services and the most vulnerable members of society in Wirral as far as we are able. I have today announced that:-

No Children's Centre, Library or One Stop Shop will close

Pensioners will continue to receive a discount on their Council Tax bills and £100,000 will be invested in enhanced advice services to mitigate the impact of benefit cuts

Additional funding of £5m will be invested in vulnerable families and we will ensure support for victims of domestic violence continues

£1m of capital funding will be invested in a new state-of-the art Youth Zone and £300,000 will be invested in an innovative project to tackle poverty led by Frank Field MP

We have also put a modest sum in the budget - £50,000 – to enhance road safety around schools.

We have used the 'What Really Matters' consultation to inform our decisions. We have listened to what people said and we will not be stopping the 'POPIN' advice service for older people and we will also delay the saving from the closure of Birkenhead dog kennels to allow the Friends of Birkenhead Kennels to submit an alternative proposal for consideration.

We have rejected the budget option which would have removed the maintenance of some parks and bowling greens. Feedback from parks groups, bowling teams and residents have made it clear that while they would accept a reduction in maintenance frequencies, the removal of maintenance across many of our parks and open spaces would bring too great an impact.

We have had to make some difficult decisions, notably reducing costs by targeting resources more effectively, rationalising provision for people with learning disabilities and young people, providing less generous standards in some of our Streetscene services and increasing charges for a number of services.

We will also not be renewing the Council's sponsorship of Tranmere Rovers Football Club. However, we will continue to support the excellent

work the Club does in both local schools and the wider community across Wirral.

Given the Council's perilous financial situation, it is both responsible and proper to raise the Wirral Council element of the Council Tax by 1.6%. This is the first rise in 3 years but will help to protect some of the services residents' value.

Some of the savings we have proposed will be unpopular and the decisions we have made have been difficult. We will continue to fight for a fairer deal for Wirral from the coalition Government and I call upon the Leaders of the Conservatives and Liberal Democrats to do the same.

I believe this budget fulfils our promise to do as much as we can to protect front-line services and jobs, ensuring that the most vulnerable are protected and maintaining investment in creating new jobs in the Wirral economy."

Councillor P Davies invited Joe Taylor, Unison Branch Secretary to address the Cabinet on its Budget proposals.

Mr Taylor speaking for members of both Unison and Unite informed the Cabinet that the Trade Unions did not believe that the findings of the Council's consultation process were representative of the people of Wirral or the Council's workforce. He agreed that the settlement the Council had received from the Government had been one of the worst in the country. He considered that it represented a brutal and savage attack on the Council's Services. This meant that there would be overwhelming cuts to the Council's Services which would have the effect of devastating local communities.

Mr Taylor informed that the public was united in their view that there should be no major cuts and that front line Services should be saved. The Cabinet's proposals would affect the most vulnerable people in Wirral and the proposed cuts in Day Care were an example of this. He referred to the Petition the Council had received which had been signed by approximately 1,500 people which was double the response the Council had received to its public consultation exercise. Mr Taylor equated Service losses to job losses.

Mr Taylor then turned his attention to the Cabinet's proposal to amend the terms and conditions of service of its staff. He informed that there was no agreement with the Trade Unions over this proposal. The Trade Unions would continue to discuss the issues with Members and were very concerned about the effect the proposals would have on some of their members. Mr Taylor informed that the Trade Unions were happy to enter discussions on how to improve Services and create a centre of excellence in Wirral but if Members were intent on cutting contractual pay and conditions they would not have the workforce behind them.

Mr Taylor sought reassurance that the Cabinet was committed to exploring all of the options because the impact of its proposals on the workforce was awful. He told the Cabinet that Trade Union members would not roll over and he could not rule out industrial action.

Mr Taylor asked the Cabinet to remove the threat of compulsory redundancies and the at risk notices from staff.

Councillor P Davies thanked Mr Taylor for his address and confirmed that the Cabinet was committed to continue to talk to the Trade Unions. It would look at alternative savings and ways to generate money. It would consider what it could do to mitigate cuts.

Councillor P Davies moved the following motion which was seconded by Councillor A McLachlan and agreed unanimously:

BUDGET RESOLUTION - EXECUTIVE SUMMARY

“Unprecedented cuts to Council funding from central government, combined with unfunded increased demand for social care in particular, mean that we have no choice but to cut around a third of our net budget over the next three years.

This budget involves some difficult choices: standards in some of our services will have to be less generous and charges for some services will have to increase, however, this Labour Administration is determined to put the Council's finances on a sustainable footing and ensure that Wirral Council continues to deliver good quality services for our residents. Over the next three years, we will also deliver a transformational change programme which puts in place new models for providing some services which will enable us to achieve further economies.

Our budget proposals for 2013/14 are set out in detail in this resolution. Key elements include the following:

- We will protect front-line services: no Children's Centres, Libraries or One Stop Shops will close.
- We will retain pensioner discounts for Council Tax.
- We will make appropriate provision for increased demand for our services for vulnerable families and adults, despite lack of increased funding from Central Government in this vital area.
- We will invest £1m of capital in a new state-of-the-art Youth Zone.
- We will invest £300,000 in funding for an innovative project to address child poverty led by Frank Field MP.
- We will give a high priority to assisting the delivery of the Wirral Waters scheme and will work with our partners to ensure we maximise the opportunities to attract new investment in the offshore wind sector and the return of the British Open to Hoylake in 2014.
- We will develop the skills of our young people to prepare them for work through our apprenticeship programme, ensuring the next generation benefit from the economic opportunities we create.
- We will maintain our commitment to be a Living Wage employer – one of only 10-15 Councils to apply this nationally.
- We will maintain an enhanced severance scheme for Council staff.

- We will remove unnecessary layers of management.
- We will establish powerful new Constituency Committees and devolve £200,000 to be focussed on reducing inequalities.
- We will mitigate the impact of benefit cuts by investing £100,000 in enhanced advice services.
- We will ensure that funding for tackling domestic abuse will continue by utilising the Community Fund and working closely with the Police and Crime Commissioner to ensure this vital priority is funded appropriately in the future.
- We will invest £50,000 in enhancing road safety around our schools.
- We will explore a range of opportunities to deliver savings and improve our services through new partnerships with other Councils across the northwest. The first, a shared internal audit service with Liverpool City Council, will be delivered this year.

1. INTRODUCTION

- 1.1. This budget is the most important – and challenging - in recent history. Cuts, unprecedented since 1945, combined with changing demographics and residents who both demand and have a right to expect value for money and high quality services, present challenges this Administration is determined to address.
- 1.2. This Council faces a £109 million budget deficit over the next three years – we have to reduce our net revenue budget by a third. Over the next three years it is estimated that we will receive a 57% reduction in grants or £62 million less from central government to spend on our services. We are also facing increased demand of approximately £47million over the next three years. This includes costs associated with increasing numbers of older people in our communities who are living longer and requiring more support from the Council. These factors result in the £109 million savings that we must make by 2016.
- 1.3. In 2013/14 we face a £39 million budget shortfall due to a combination of cuts by government to our grant, together with unfunded demographic growth. We also have to address exceptional items totalling £38.4 million. This includes an inherited overspend from the previous Administration of £17 million. These figures have been confirmed by external experts.
- 1.4. This Administration is determined to get the Council's finances in order and be open and transparent in all its decision making processes. We have appointed a new Chief Executive and senior management team with an excellent track record. The formation of new cross-cutting Directorates will enable us to modernise services through a programme of transformation and improvement, ensuring that we deliver the best possible outcomes for our residents. In partnership with the Local Government Association we are at the forefront of developing a new approach to sector-led improvement. We have established an Improvement Board which has agreed a robust Improvement Plan with the aim of moving Wirral forward to become a

high-performing Council. We are committed to working with our partners and across parties to meet our challenges.

- 1.5. External validation of our plans to address areas of weakness has been provided by a Corporate Peer Challenge of the Council which took place between 29th October and 1st November 2012. The Team concluded that:

'The Council has a good grasp of the scale and urgency of the challenges it is facing. You recognise the significant financial challenges will continue to increase as time elapses and that immediate and decisive measures to address them are required. We think the overall strategy you are working to, including the plans for organisational improvement and budget reduction, is appropriate given the challenges you face. Put simply we think you have a good awareness of the issues and an appropriate plan of action.'

- 1.6. This budget will help to deliver financial stability for this Council, dealing with the challenges we face head on. We have a duty to make tough decisions and to get our own house in order. We will ensure that public money is safeguarded, properly accounted for and used efficiently and effectively. A detailed report on the Council's financial position is being prepared by Eugene Sullivan, former Chief Executive of the National Audit Commission. We will publish this report and are determined to learn the lessons from the key findings.
- 1.7. This budget is being set against the background of a system of local government funding which, in our view, is grossly unfair. It cannot be right that authorities like Wirral, which have areas of high deprivation, have had their funding cut by £151 per head of population since 2010, whereas Councils in relatively affluent areas such as North Dorset are being required to find a cut of only £2 per head of population. The coalition government has cut Wirral Council's funding by a total of £64 million since 2010. This includes a key specific grant – the Area Cost Adjustment, worth £37 million, which provided funding to help address deprivation. The impact of removing specific grants from Councils in the most deprived areas is clearly spelt out by the Audit Commission in their report, 'Tough Times 2012' (see paragraph 31).
- 1.8. The scale of government cuts to Wirral Council's budget is also evident in an analysis of changes in revenue spending power 2013-14 which showed that of the 47 local authorities which are members of the Special Interest Group of Metropolitan Authorities outside London (SIGOMA), Wirral has had the biggest cut (2.62%) compared to the average cut (1.76%).
- 1.9. This Administration has made a number of representations to government regarding the Council's budget. The Leader of the Council has written to the Secretary of State for Communities and Local Government and, together with the other Party Leaders, the Leader has met with a minister from DCLG. Some flexibility has been agreed with regard to capitalisation to fund our severance scheme. Wirral has contributed to lobbying activity led by SIGOMA. We have also supported the 'Come Together' Campaign organised by Council

Leaders from the Core Cities and Faith Leaders who have launched an e-petition which calls on the government to apply the cuts more fairly across the country, protecting those most in need, and making sure those in wealthy parts of the country pay their fair share. We will continue to lobby government to give Wirral a fair deal.”

2. NEW CORPORATE PLAN

2.1 We have developed a new three-year Corporate Plan which we have recommended for adoption by Council. This sets out a vision for Wirral and contains the key principles and priorities which will underpin the Plan. Our budget proposals will flow from three policy priorities and three guiding principles set out in the Corporate Plan:

Policy Priorities

- **Protecting the most vulnerable in our Borough**
- **Driving growth in our economy**
- **Tackling health inequalities**

Guiding Principles

- **We will spend less on the cost of running the Council**
- **Those with the broadest shoulders must bear the greatest burden**
- **Every effort will be made to mitigate the impact of savings on front-line services**

3. CONSULTATION

3.1 Our priorities and budget proposals have been informed by the ‘What Really Matters’ consultation, the largest such consultation ever undertaken by Wirral Council, both in terms of reach and scope. This involved a two-stage consultation process: engaging the community firstly in debating the principles the Council should explore to develop the budget options and then further debate around those options. This is the first time that the Council has published all budget options and sought the views of residents well in advance of finalising the budget.

3.2 The main route for resident involvement was via a questionnaire which was available on-line and also in hard copy. In addition, the engagement team attended around 250 community events where residents gave their views on the budget. Stage one received almost 7000 responses. Stage two achieved 6522 responses. In addition, an extensive programme of staff consultation was delivered and since November 2012, over 20 meetings have taken place with the Trade Unions. In addition, a number of petitions, emails and letters have been received regarding budget options. Cabinet is grateful to all those who took part in the consultation.

4. TRANSFORMATIONAL CHANGE

4.1 Given the scale of reductions in funding by central government, we will put in place over the next three years a radical programme of transformational change to replace the traditional model where

Councils deliver most services directly. This will require us to build on the excellent work we have done in recent years with key partners such as the NHS, the police service, the fire authority and the voluntary, community and faith sectors. We are looking closely at the experience of Community Budget pilots and have a programme of visits to other authorities which operate trusts, mutuals, social enterprises and co-operatives. We are the lead authority in Merseyside for developing a plan for sharing services with other Councils and will continue our positive discussions with Cheshire West and Chester Council with the aim of realising further savings over the coming months.

4.2 As part of our savings for 2013/14 we have entered into an agreement with Liverpool City Council to share our internal audit service and we are talking to other authorities about sharing other services. We have developed an exciting plan to involve local Friends Groups, The Reader Organisation and other similar organisations in a number of libraries and we are looking at opportunities for developing social enterprises from the work done by people with learning disabilities.

4.3 We will continue to provide the resources necessary to provide training opportunities to ensure Members have all the skills necessary to lead this new way of working and to fulfil the role of 'community champions' in our new neighbourhood working arrangements.

5. LABOUR'S PLEDGE TO OUR STAFF

5.1 Our employees are the Council's most valuable assets and we want to protect frontline and low paid workers as far as possible. We are one of only a small number of Councils nationally to introduce the Living Wage as a minimum pay level for our staff.

5.2 Last year, one of the opposition aims was to reduce the amount of money the Council spent on Trade Unions. We believe that a business case can be made for good industrial relations: the Trade Unions play an important role in representing staff and helping the Council to achieve efficiencies. We will continue to support this work however, in conjunction with the Trade Unions, during the course of the next financial year we intend to review the funding for full time Trade Union Officials to ensure we are achieving the best value for money.

5.3 We have adopted a severance multiplier of 1.8, a reduction from the current multiplier of 2.2 but it is far above the basic, statutory entitlement. It is important to us as Councillors, to try and secure something above the statutory level for those employees leaving the authority. Although times are tough we have taken time to consider the best way to try and soften the blow of redundancy for employees as much as possible.

5.4 Although we are having to make significant changes to the way we do our business, our employees are key to the success of providing good quality services for local communities and we will continue to try to mitigate the impact of the cuts being forced upon us.

5.5 We will continue to work with Voluntary Community Action Wirral (VCAW) to support the creation of social enterprises. We will also provide our staff with the necessary skills and training to take over the running of Council services through the creation of mutuals.

BUDGET PROPOSALS

6. TRANSFORMATION AND RESOURCES

- 6.1 Our proposals in this area are designed to ensure that the Council is able to achieve the significant financial savings required while still providing the structures, mechanisms and resilience we need to ensure we improve the way we do business.
- 6.2 This budget will bring about major savings in our buildings, marketing, information technology and what we spend on our senior management. We will also improve the value for money we achieve for goods and services through major changes to our procurement systems.
- 6.3 We believe that it is important to reduce the cost of democracy, while still ensuring that elected members have support in place to fulfil their essential role in our local communities. We therefore propose to save £275,000 by holding elections once every four years, and reviewing the number of meetings and committees held to both reduce administration costs and to enable Members to focus on what really matters to local people.
- 6.4 We are also taking steps to eliminate waste across the Council, ensuring that every penny of Council resources is targeted at improving our residents' quality of life. We will save around £20,000 by ceasing production of a glossy brochure and newsletter which previous Administrations opted to mail to every resident, at great expense. We believe this is an unnecessary extravagance and that it is not a responsible use of scarce Council resources.
- 6.5 We have also instructed Officers to rapidly explore innovative models of delivering back office services with our neighbouring Councils, with internal audit, procurement and information technology services likely to be the first to realise savings. We have worked hard with the Trade Unions to achieve savings in staff Terms and Conditions minimising the affect on contractual conditions and over the next year we are committed to working with them to identify further efficiencies.
- 6.6 We will continue to provide advice and support to event organisers in the borough, but will no longer provide funding to events. We will not renew the Tranmere Rovers Football Club sponsorship agreement but we will continue to support the excellent work the Club does in both local Schools and the wider Community across Wirral.
- 6.7 We recognise the vital work which is done by our partners in the voluntary, community and faith sectors and, while we will no longer provide funding through our Area Forum programme, we will reinvest £200,000 of this to kick-start work on our innovative proposal for a new model of Neighbourhood Working.
- 6.8 Welfare Reform will have far reaching consequences. We propose to delete vacant posts that are no longer required in the Revenues and Benefits team as the new Universal Credit is implemented. However, we will also mitigate against the impact of benefit cuts by investing £100,000 in information and advice services for Wirral residents, which will help signpost them to the support available in their local area and ensure that agencies are alerted to families at risk of financial crisis.

Central Government have also transferred £237, 000 of Housing Benefit Administration costs to us that we have had no choice but to make provision for. We have also had to deal with a cut of 10% or £3.2million in the funding we previously received from central government for administering council tax benefit.

6.9 In order to protect our libraries from closure we will deliver the service more efficiently by further integrating One Stop Shop services into libraries. We will bring our libraries in line with other Council services by closing them during those times when they are rarely used, during Christmas and New Year. Crucially, we have instructed Officers to accelerate discussions with the Reader Organisation and Friends Groups to explore opportunities for alternative delivery of this valuable service in the future.

6.10 Consultation is ongoing with the Trade Unions. Cabinet recommend the following changes to Terms and Conditions to achieve £3.8 million of savings be agreed and recommended to Budget Council on the 5th March 2013.

- All employees to take 5 days unpaid leave. This will be reviewed after three years.
- All voluntary overtime, additional hours and casual work to be paid at plain time.
- Review and revise criteria for car allowance scheme, reduce essential user lump sum and move to HMRC mileage rate for all.
- Implementation of an increment freeze for all employees for one year.
- Removal of disturbance, relocation and telephone allowance.

6.11 In addition we will work together with the Trade Unions to review current working arrangements to maximise the efficiency and cost effectiveness of services including annualised hours during this financial year which could mitigate the need for ongoing savings.

7 FAMILIES AND WELLBEING

7.1 Increasing demand for our services adds to the unprecedented financial challenge we face. Our recommendations address this, while ensuring we are able to focus on our duty to serve and protect the most vulnerable in our communities. We will “think family”, while working towards our goal of delivering services in ways which are easy to access, focus on the front line, eliminate duplication and reduce back office costs.

7.2 We are committed to providing and commissioning the best and most appropriate levels of care and support possible, involving our partners throughout the voluntary, community and faith sector and we will further integrate our work with that of the NHS to improve residents’ experience of support services. These recommendations are in line with our policy of delivering more personalised services, to enable residents to stay independent for as long as they can. We believe it is right to review the support we provide to Carers to ensure we secure effective services for them whilst enabling short breaks and other services to be part of the cared for person’s budget rather than the carer.

7.3 We have had to think radically about the options for savings given the scale of the budget cuts and the options therefore include some proposals to reduce the universal services provided in our Children’s Centres. This Administration will ensure that our Children’s Services are focused on those children most in need, and we will therefore protect core Sure Start services within our most deprived areas to support our most vulnerable and disadvantaged families. We will

maintain all of our Children's Centres and Satellite Centres attached to Schools will be taken over by the Schools.

7.4 The work of our staff to safeguard Wirral's most vulnerable children is vital. We have therefore made a provision that will be targeted at hard to recruit and retain front line child protection social workers.

7.5 Previous Administrations have not ensured that the growth in demand for services for vulnerable children and families is met with appropriate levels of funding. We are therefore investing in the following critical areas:

Funding increased demand (Children and Young People)	2013/14 £000
Independent Reviewing Officers	90
Additional Social Worker capacity in Wallasey District	315
Social Workers in Schools	75
Family Justice Review	100
Staying Put Policy	100
Increase in Foster care demand	500
Youth Justice Board	50
	Total 1230

This growth is included in the £39million target

In addition, we will ensure that appropriate funding is provided to help meet the costs of demographic growth in the numbers of vulnerable adults that is not being met by central government.

Funding increased demand (Adult Social Care)	2013/14 £000
Young Adults with Learning Disabilities	944
Older People	1773
Fees for Residential and Nursing Care	1000
	Total 3717

This growth is included in the £39million target.

7.6 We will continue to provide support to the Birkenhead Foundation Trust Springboard project, which is currently receiving national recognition for its work to establish new ways of working to tackle intergenerational poverty involving communities and volunteers. The project will engage with young women in the earliest stage of pregnancy to provide support focussed on raising aspirations for them and their children. A further £100,000 will be commissioned based on priorities identified by Wirral's Child Poverty Working Group.

- 7.7 We are proud of our excellent schools and will work with them to ensure that children continue to benefit from the best possible start in life. We do believe however that it is right to target resources where they are most needed and for schools to make an appropriate contribution for the services they receive from the Council.
- 7.8 We will consolidate our youth service to operate out of the four main hubs across the borough, and retain four Satellite youth Clubs and outreach provision until the new Youth Zone opens working hard to ensure that these services are targeted at those young people who are most in need. Funding for the excellent Wirral Youth Theatre will continue.
- 7.9 We believe it is vital to ensure increasingly limited resources are invested wisely. Our recommendation to charge more for non-residential services brings Wirral in line with other local authorities and we propose to re-tender contracts for extra care housing to ensure we are getting value for money while ensuring quality is maintained.
- 7.10 We will reduce the costs of transporting children and adults to school, day centres and other facilities by focussing provision on those in the greatest need. We are reviewing the pilot of a Community Card in St Helens, which has reduced the cost of transport significantly and enhanced personal choice. Business plans have been developed to ensure that Oaklands Outdoor Education Centre and the Schools Music Service will be self financing in the future.
- 7.11 The quality of some of our physical provision is simply not good enough. We propose to rationalise both our respite and day care services but will do so in close consultation with service users and their families, putting their interests at the heart of all we do. At the same time we will offer people more choice to use their personal budgets in the way that they choose.
- 7.12 We will focus specialist Child and Adolescent Mental Health services on those who require it most. We are determined to ensure that no young person who needs this service should be forced to do without it. We also believe that this service could be rationalised, and improved, through targeting its efforts at those most in need.

8 REGENERATION AND ENVIRONMENT

8.1 Wirral has enormous potential for economic regeneration – opportunities such as Wirral Waters, the International Trade Centre and the launch of a world class golf resort are of international significance. The size of our budget pressures are such that we will need to review our business support and reduce available business grants, however we are entirely confident that we will continue to create more jobs and attract investment through increasingly targeted activity.

8.2 We will continue to ensure that Wirral accesses external funding opportunities, including the new European Regional Development Fund Business Support programme and continues to work with UK Trade and Investment to attract investment locally from overseas companies.

- 8.3 We recognise the importance of developing the skills of our young people to prepare them for work. We will therefore continue to invest in our apprenticeship programme through funding the cost of apprenticeship training through the Liverpool City Region model. This funding will be matched with contributions from the National Apprenticeship Service.
- 8.4 Decent housing is crucial to residents' quality of life. We will continue to work with Registered Social landlords and Private Sector landlords to maximise the number and range of quality homes for rent. We will continue our programmes to restructure the Housing Market and work with House Builders to increase the number of new homes built in Wirral. We will prioritise the remaining Housing Market Renewal funding to provide priority affordable housing in our most deprived areas.
- 8.5 In accordance with our guiding principle of focussing resources on those who are most in need, we propose to target the handy person scheme to support those who have recently been discharged from hospital. The Home Insulation scheme will be reduced and future work will be targeted at tackling fuel poverty and energy efficiency projects such as the Green Deal.
- 8.6 We know that the quality of the local environment matters to local people, however we simply cannot afford to deliver certain services in the same universal way. We will better target street cleansing in the future and increase the charge for the optional ERIC service and introduce an 'opt in' service for garden waste. In addition we propose to charge for pre-planning advice to developers in the future.
- 8.7 We believe it is important that all residents pay their share and that it is unfair to charge different rates for car parking across Wirral. We therefore propose to standardise charges in car parks at the current rate for Birkenhead car parks, reducing the all day charge for on-street long stay bays in Birkenhead to £2.50 and to introduce competitive annual and season permits rates. We will also reduce office, maintenance and operational expenditure across the service.
- 8.8 We have no choice in the future but to target investment at where it is most needed. We therefore propose to rationalise street lighting maintenance and reduce street lighting where to do so does not present a risk. In addition we will reduce pro-active highway maintenance work – again ensuring that our primary focus is on the safety of our residents.
- 8.9 We will invest in enhancing road safety around our schools and will put in place road safety improvements, including for the following schools within the Council's four constituency areas; Egremont Primary, in Wallasey, Ladymount Primary and Pensby Primary in Wirral West, Oxtan St Saviours Primary in Birkenhead and Raeburn Primary in Wirral South.
- 8.10 We have also listened to our many residents who place huge value on our parks and open spaces. Two separate options were proposed in this area; to reduce the maintenance frequency across some open spaces, and to remove the maintenance on some parks and bowling

greens. Feedback from parks groups, bowling teams and residents have made it clear that while they would accept a reduction in maintenance frequencies, the removal of maintenance across many of our parks and open spaces would bring too great an impact at this time. We agree with this view, and therefore recommend that while the reduction in parks maintenance should be accepted, the removal of maintenance should not.

8.11 We believe that the budget option proposed for the Council Kennels/Dog Warden Service that the service should join the Merseyside Consortium should not be progressed at this time. The Friends of Birkenhead Kennels have submitted to the Council an alternative budget savings proposal and therefore we recommend that the decision to accept this budget option is delayed and the Friends of Birkenhead Kennels be requested to submit more detailed proposals for consideration.

8.12 The dog fouling team will be organised to align with the new Constituency Committees, with an enforcement Officer dedicated to each of the Constituencies. We also instruct the Council's Marketing Team to bring forward a campaign to target irresponsible dog owners to effect behavioural change.

Modernisation of Leisure	429	0	429
Regeneration and Environment Total	6187	2959	9146
TOTAL SAVINGS	41160	27456	68616

8.13 The exceptional items, referenced at paragraph 1.3 at £38.4m of savings, that are additional to three year target of £109m, are to be funded by balances, released earmarked reserves, capital receipts and decisions taken at the November 2012 Cabinet in relation to the efficiency fund and the local council tax scheme. The Council will continue its freeze on all non essential spending.

8.14 The total savings proposed in this budget for 2013/14 amounts to £41.2 million with £27.5 million also proposed for the years 2014-2016. This means that we still have £40.3 million to find to achieve our overall target of £109 million by 2016.

8.15 We request officers to bring forward a report to Cabinet no later than May 2013 in order to outline an approach for identifying further budget savings. This is as part of our commitment to be proactive in identifying the savings that we must make.

9. COUNCIL TAX

9.1 This budget resolution makes provision for increased demand for services for vulnerable children and adults, the reduction in our Housing Administration Grant and contract uplifts, demand that should rightly be recognised in our settlement from Central Government. This equates to an unfunded increase of in excess of £5 million for the year 2013/14 that we have to meet ourselves.

9.2 The Government's offer of a grant of £1.3 million to freeze the Council Tax in 2013/ is a one off derisory offer that does not meet this pressure and that would not be included in our base budget. This means that in 2015/16 when the grant ends we will have to find additional cuts to replace the grant.

9.3 Under the Government's regulations the Council is allowed to increase Council Tax by 2%. Cabinet feels that increasing Council Tax by 2% in 2013/14 is the only responsible option before us. This would equate to a 1.6% increase in the Wirral Council element and is significantly below the Consumer Price Index which currently stands at 2.7% and the Retail Price Index which currently stands at 3.3%. This follows a two year freeze on Council Tax.

9.4 This Budget Resolution recommends an overall Council tax increase of £25.06 on a band D basis.

9.5 This represents an increase on Band D from £1,253.20 p to £1,278.64p. This represents an increase of 48p per week. The

majority of Wirral residents will pay less than this as most properties are below Band D.

- 9.6 Wirral Council's element of this is 1.6% with increases in levies accounting for the rest of the difference. The increase in overall council tax is 2%.
- 9.7 Precepts relating to police and fire services are still to be announced. The impact of any change to precepts will require adding to these figures.

10. RECOMMENDATION TO COUNCIL

- 10.1 That the budget proposals as set out in this resolution be agreed and recommended for approval at Budget Council meeting on 5 March 2013, and that the Council notes this budget includes an allocation of £2 million to address any slippage that may occur in the delivery of identified savings. This figure has reduced significantly from the original early estimate of £5 million to £2 million due to management action, including the deletion of vacant posts and more effective management of savings.
- 10.2 We will work together with the Trade Unions to review current working arrangements to maximise the efficiency and cost effectiveness of services including annualised hours during this financial year which could mitigate the need for ongoing savings.
- 10.3 That officers are requested to bring forward a report to Cabinet no later than May 2013 which will outline the approach for identifying budget savings that the Council must make in 2014/15 and 2015/16.
- 10.4 That Council continues to lobby government to review the way it allocates funding to local Councils with a view to ensuring that any cuts are distributed in a way which is fair and equitable.

A short adjournment ensued whilst members of the public left the meeting.

204 **BUDGET 2013-2016 - CHIEF FINANCIAL OFFICER'S STATEMENT**

A report by the Interim Director of Finance informed that under Section 25 of the Local Government Act 2003, the Council's Chief Financial Officer (Director of Resources) was required to report on the robustness of the estimates made for the purposes of the Council's budget calculations and the adequacy of the adequacy of the General Fund balances and reserves.

The Cabinet noted that Budget estimates were exactly that, being estimates of spend and income made at a point in time. The Statement about the robustness of estimates could not give a guaranteed assurance about the Budget, but gave reasonable assurances that the budget had been based on the best available information and assumptions.

In order to meet the requirement on robustness a number of key processes had been put into place, including:

- *the issuing of clear guidance on preparing budget growth and savings options for the three year period 2013/16;*
- *peer review by finance staff involved in preparing the standstill [base] budget i.e. the existing budget plus inflation;*
- *the use of budget monitoring, and the bad budget review, in 2012/13 in order to re-align budgets with current demand, for 2013/14 and future years;*
- *a review by the Management Team, supported by a series of officer challenge sessions, of proposed savings and their achievability;*
- *a Member review and challenge of each proposal through the Overview and Scrutiny Committees and the Cabinet;*
- *the Chief Financial Officer providing advice throughout the process on robustness, including inflationary factors, avoiding unallocated savings and reflecting current demand and service standards (unless standards and eligibility are to be changed through a change in policy); and*
- *extensive consultation with the public and various groups including the business community and voluntary sector.*

Notwithstanding these arrangements, which were designed to test the Budget throughout its various stages of development, considerable reliance had been placed on Managers having proper arrangements in place to identify issues, project demand for services, and consider value for money and efficiency.

A key part of improving these processes was to develop data and information to monitor service volume and unit costs and track changes in both. This would also assist in the Council's Medium Term Strategy Planning.

RESOLVED:

That the statement of the Chief Financial Officer be noted.

205 CAPITAL PROGRAMME AND FINANCING 2013 - 2016

A report by the Interim Director of Finance provided the Cabinet with Capital Programme bids for 2013/16 for its consideration and referral to the Council for approval. It also included the related capital financing requirements based upon the prudential indicators that inform the Treasury Management Strategy.

The report referred to schemes carried forward into 2013/16 from the current 2012/13 Capital Programme, as detailed in the Capital Programme Monitoring Report for Period 8 which was considered by the Cabinet at its meeting on 24 January 2013 (Minute No. 164 refers).

The Cabinet noted that the size and shape of the Capital Programme would be dictated by the Government's announcements on supported programmes and, affordability. The Council's 2013/16 revenue budgets would severely limit the scope for unsupported capital expenditure (that generated revenue costs) to schemes that generated immediate revenue savings.

The Cabinet also noted that Capital Receipts would be consumed by Redundancy and Equal Pay costs and, initially, would be unavailable to support the Capital Programme, as had been the case in the past. As new capital receipts were generated, schemes that were held up could be released.

Schemes that would otherwise proceed, but could not, due to a shortage of revenue funds and Capital receipts, were corralled into a section for release when revenue funding or/and Capital receipts, became available. The guiding thought was that such schemes would be delayed for at least a year.

RESOLVED: That

- (1) the 2013-16 Capital Programme, set out in the report in Table 4 and detailed in Annex 8 to the report be agreed and referred to Council for approval;**
- (2) ‘spend to save’ and ‘schemes to generate capital receipts’ be reviewed in detail, prior to being specifically approved by the Cabinet for implementation;**
- (3) the capital financing requirements be reflected in the projected revenue budget and the 2013/16 Medium Term Financial Strategy; and**
- (4) the Prudential Indicators be noted and reported to the Cabinet as part of the Treasury Management Strategy.**

206 FINANCIAL MONITORING - REVENUE (MONTH 9)

A report by the Interim Director of Finance set out the revenue position for 2012/13 as at Month 9 (December 2012). It identified the latest financial projections and prioritised the risks for ongoing management actions, to ensure any year end overspend was minimised.

RESOLVED: That

- (1) it be noted that at Month 9 (December 2012), the full year forecast projects a potential General Fund overspend of £7.9m;**
- (2) it be noted that there are no rejected freeze items in the month; and**
- (3) it be noted that**
 - a major risk continues to exist concerning the reliability of fees and charges income, going back many years.**
 - corrective action is being taken to maximise recovery; and**
 - as better information becomes available, there will be further reports regarding this serious matter.**

A report by the Interim Director of Finance informed the Cabinet of the current position regarding the Council's 2012/13 to 2014/15 Capital Programme. The report reflected:

- the re-profiled 2012/13 Capital Programme budget which incorporates previous decisions made by Cabinet to amend the programme;
- the expenditure to date, which continues to be less than it should be;
- the request for a revision to the Capital Programme to reflect slippage of £1.451 million of schemes into the 2013/14 Financial Year. In addition the Cabinet meeting on 20 December 2012 approved slippage of £0.515m for the New Brighton Environmental Improvement scheme (Minute No. 147 refers);
- the request for an increase in the Capital Programme of £0.675 million for schemes requiring no unsupported borrowing;
- a reduction in the estimated grant for Mersey Heartlands Growth Point of £0.585 million;
- the projected outturn figures for 2012/13, which suggests an underspend of £5.103 million on the revised Capital Programme; and
- the current funding of the Capital Programme and its future affordability.

Councillor P Davies referred to section 2 of the report and requested that Officers provide an update on the slippage of schemes in the Capital Programme. As Officers were unable to provide this at the meeting they agreed to ensure Councillor P Davies received a written response.

RESOLVED: That

- (1) the revised Capital Programme of £47.301 million be agreed;**
- (2) the additional slippage in the programme of £1.451 million from 2012/13 to 2013/14 be agreed;**
- (3) the following increases to the programme which have resulted from additional grant allocations be agreed:**
 - **Disabled facilities £0.439 million;**
 - **Cosy Homes heating £0.046 million; and**
 - **Outdoor gyms in parks £0.180 million.**
- (4) the spend to date at Month 9 of £23.152 million, which represents 48.9% of the revised Capital Budget, with 75% of the Financial Year having elapsed be noted;**
- (5) the work of the Capital Steering Group to detail the schedule of sites to validate the estimate of capital receipts be noted; and**
- (6) Councillor P Davies be provided to a written reply in answer to his enquiry on the slippage of schemes in the Capital Programme.**

208 MEDIUM TERM FINANCIAL STRATEGY

A report by the Interim Director of Finance set out the Medium Term Financial Strategy 2013-2016. The Cabinet noted that it was a strategic, financial document that set out the Council's financial approach for the planning period 2013/14 to 2015/16. It also incorporated the Treasury Management and Investment Strategy for 2013/2016 in accordance with the CIPFA Code of Practice for Treasury Management in Public Services.

RESOLVED: That

- (1) the Treasury Management and Investment Strategy for 2013/2016 be approved;**
- (2) the Prudential Indicators be adopted;**
- (3) the Council's Minimum Revenue Provision Policy be approved;**
- (4) those Council Officers listed within Appendix F to the report on the Treasury Management and Investment Strategy Statement, be authorised to approve payments from the Council's bank accounts for all treasury management activities;**
- (5) the Medium Term Financial Strategy be approved; and**
- (6) regular updates on the Medium Term Financial Strategy be reported to the Cabinet.**

209 SCHOOLS BUDGET 2013-14

A report by the Acting Director of Children's Services recommended the Cabinet to approve a Schools Budget for 2013/14 of £236,732,400 for maintained schools and academies in Wirral. As well as the funding of a further £250,000 of Schools Planned Programmed Maintenance from Dedicated Schools Grant (DSG). The report included some minor changes to the Early Years Single Funding Formula. Reports on these areas were presented to a meeting of the Schools Forum on 23 January 2013.

Councillor P Davies, on behalf of the Cabinet, thanked all of the staff in the Children and Young People's Department who had helped to put the Budget together for their hard work.

RESOLVED: That taking account of the Schools Forum:

- (1) the DSG funded Schools Budget for maintained schools and academies be approved at the sum of £236,732,400;**
- (2) the headroom of £333,400 be allocated within the formula to all schools;**
- (3) the High Needs Contingency totalling £880,200 be agreed;**
- (4) a further £250,000 of PPM included in the Schools Budget be funded from DSG;**

- (5) the contributions to combined budgets be approved; and**
- (6) the changes to the Early Years Single Funding Formula be agreed.**

210 **CARBON BUDGET 2012/13**

A report by the Director of Law, HR and Asset Management advised Members of the corporate and departmental progress made against the Carbon Budget 2012/13. Attached as Appendix A to the Director's report was the Carbon Budget Performance Timetable for Local Authority buildings which informed of the revisions that were required to meet the Corporate Goals and proposed the Carbon Budget for 2013/14, 2014/15 and 2015/16.

The Cabinet was reminded that Members had requested that a Carbon Budget be established at the Council meeting on 14 December 2009 (Minute No. 77 refers). The resolution had included instructions to prepare carbon budgets for each Department to be presented at the Budget Cabinet meeting and the Budget Council meeting, alongside the Council's Financial Budget.

Councillor B Kenny confirmed that the Carbon Budget was not a statutory requirement but was the Council's only method of managing CO₂ emissions in order to reduce its carbon footprint by delivering the Carbon Budget as stated in its Corporate Plan.

The carbon budget was not financial but meeting the annual targets would have an impact on costs. Reductions in carbon emissions were achieved by reducing energy use and there were financial savings that would be made from the avoided costs of energy and Carbon Reduction Energy Efficiency Scheme (CRCEES) allowances.

RESOLVED: That

- (1) progress towards the 2013/13 target included in Appendix A to the report be noted;**
- (2) the Carbon Budget for 2013/14 included in Appendix A to the report be approved;**
- (3) the current Carbon Budget method be applied until the impacts of the simplification of the CRCEES are assessed and that Officers be instructed to report further to Members to make recommended alterations as a result of the simplification process;**
- (4) Corporate targets for 2013/14, 2014/15 and 2015/16 proposed in Section 2.2.4 of the report be approved; and**
- (5) managers be directed to ensure that Carbon Reduction Implications of projects and initiatives are assessed and reported as required by the standards report template. Impacts must be reported to the Sustainability Unit to support the carbon management process.**

211 **THE DEVOLUTION OF MAJOR TRANSPORT SCHEMES FUNDING AND THE DEPARTMENT FOR TRANSPORT ASSURANCE FRAMEWORK**

A report by the Interim Director of Technical Services informed that in the next spending review the Department for Transport (DfT) was proposing to devolve funding for major transport schemes to local areas. This necessitated the establishment of a Local Transport Body (LTB) to oversee the process, guided by an Assurance Framework, which was to be agreed by the DfT in respect of the governance and management arrangements of the LTB.

Councillor H Smith introduced the report and informed that the DfT had proposed a significant change in the way major transport scheme funding was to be allocated. Currently Central Government had to approve all schemes over £5m. The Government was proposing that from 2015 local transport bodies were established, essentially to take over the decision making role of the DfT with regard to major scheme funding, and would be able to decide how to spend the money on priorities that best suited their local needs, without Whitehall approval. The City Region Cabinet, the Local Enterprise Partnership (LEP) and the Integrated Transport Authority had agreed that the LTB would cover the established City Region geography. The Cabinet noted that £35.5million, with a contingency of +/- 33%, had been allocated to the Liverpool City Region (LCR) LTB over a four year period from 2015/16.

The Interim Director's report set out the requirements that the DfT had made with regard to the devolution process, as although it was devolving funding decisions to the LTB, it still required established DfT processes and methodologies to be followed.

The Interim Director's report asked the Cabinet to note the progress made to date on the development of the LTB, and consider and endorse the draft Assurance Framework because this Assurance Framework was required in order for the LTB to be formally constituted and to establish its powers. This document had to be submitted to the DfT by the end of February 2013, and therefore, due to the short timescales, agreement was being sought for the Chief Executive to be granted delegated authority to oversee this process and approve its submission.

Appendix 1 to the report set out the draft of the Assurance Framework. Councillor Smith directed Members to Section 5.2 of the report which summarised the main points. Councillor Smith informed that this Framework was the subject of report across all City Region networks and constituent local authorities/organisations.

Councillor Smith reported that the LCR Cabinet had agreed, in principle, that the LTB would be composed of the Leaders and the Mayor of Liverpool City Council, the Chair of the ITA and the Chair of the LEP. Wirral Council had been asked to nominate representatives and the Cabinet was asked to consider the nomination of the Leader of the Council as Wirral's representative, and the Streetscene and Transport Services Portfolio Holder as the deputy, for appointment to the LTB. Any nominations must be referred to Council for endorsement or otherwise.

Councillor Smith also reported that the LTB would be advised via a Senior Officer body called the Transport Advisory Group. This Group had already

started work on a transparent methodology against which to score candidate schemes. Appendix 4 to the Interim Director's report detailed the prioritisation methodology and Councillor Smith asked the Cabinet to endorse this approach. It was noted that there would also be a wider stakeholder Group to provide input into this process.

The Cabinet was informed that the Council would also need to sign up to a legally binding agreement with Merseytravel regarding the establishment of the LTB as it would be acting as the accountable body.

The Cabinet noted that a prioritised list of major schemes for the City Region must be submitted to the DfT in July 2013. Post July, a shorter list of schemes would be developed and brought forward for approval by the LTB, with schemes being delivered from April 2015 onwards. Officers were asked to provide follow up information on the issues covered at appropriate intervals.

Councillor P Davies reported that the Interim Director of Technical Services, Chris McCarthy was attending his last Cabinet meeting as he was leaving the employment of the Council shortly. He thanked Mr McCarty for all of his hard work, for helping to get the Council through some challenging times and wished him well for the future.

RESOLVED: That

- (1) the progress to date in the development of the LTB be noted;**
- (2) the Council be recommended to endorse the nomination of the Leader of the Council as Wirral's representative and the Cabinet Member for Streetscene and Transport Services as a deputy on the LTB at its next meeting;**
- (3) the draft Assurance Framework and its associated principles, as set out in Appendix 1 of the report, be endorsed ahead of its submission to the DfT;**
- (4) the Chief Executive be granted delegated authority to oversee minor, editorial processes to the draft Assurance Framework (based on issues arising from the approvals process within partner organisations) and its submission to the Department for Transport by the end of February 2013 be approved;**
- (5) the approach with regard to the scheme prioritisation methodology be endorsed;**
- (6) the Interim Director of Technical Services, in conjunction with the Acting Director of Law, HR and Asset Management/Interim Head of Legal and Member Services be authorised to sign up to a legally binding agreement with Merseytravel as the accountable body for the LTB; and**
- (7) follow-up information on the above issues be provided for the Cabinet, at appropriate intervals.**
