2.0 BACKGROUND AND KEY ISSUES

- 2.1 The Gambling Act 2005 requires the Council to prepare and publish a statement of Licensing Principles that the Authority will apply when considering applications under the Act. It is a requirement that this policy document be reviewed every three years
- 2.2 The Council's Statement of Principles was first published in January 2007 and subsequently reviewed in 2010. The Policy must therefore now be reviewed and published no later than January 2013.
- 2.3 On 25 July 2012, Members of the Licensing Act 2003 Committee approved a draft Statement of Principles so that it may be circulated for consultation.

- 2.5 The draft Statement of Principles has been circulated to a number of consultees and has been publicised on the Council's website. A list of consultees is attached in Appendix 2.
- 2.6 In response to this consultation, only one response has been received from the National Casino Industry Forum (NCIF). The response made by the NCIF does not comment on the Policy itself but promotes the value of casino premises to the local area. Therefore no amendment to the Policy has been made. A copy of the response from the NCIF is available as Appendix 3.
- 2.7 The revised draft statement of Licensing Principles, attached as Appendix 1, has been prepared having regard to the provisions of the Gambling Act 2005 and the Guidance issued by the Gambling Commission.

The Licensing Objectives

In exercising most of their functions under the Gambling Act 2005, (The Act) Wirral Borough Council as the Licensing Authority must have regard to the following licensing objectives.

- Preventing gambling from being a source of crime and disorder, being associated with crime and disorder or being used to support crime
- Ensuring that gambling is conducted in a fair and open way
- Protecting children and other vulnerable persons from being harmed or exploited by gambling

It should be noted that the Gambling Commission has stated: “The requirement in relation to children is explicitly to protect them from being harmed or exploited by gambling”.

This Licensing Authority is aware that in accordance with Section 153 of the Gambling Act 2005, in making decisions about premises licences and temporary use notices it should aim to permit the use of premises so far as it thinks it is:

- In accordance with any relevant Code of Practice issued by the Gambling Commission
- In accordance with any relevant Guidance issued by the Gambling Commission
- Reasonably consistent with the Licensing objectives in accordance with the Authority’s Statement of Licensing Principles.

PART A

1.0 Introduction

1.1 Wirral Council is situated in the County of Merseyside, which contains no district Councils, but 5 metropolitan councils Knowsley, Liverpool, Sefton, St Helens and Wirral. The Council area has a population of 319,000 (ONS Mid 2007 Estimate) making it the second largest after Liverpool in the County in terms of population. Wirral is the third largest Metropolitan Council in the North West. In terms of area it is the largest in Merseyside, covering 60.1 square miles. The Borough is mainly urban in outlook, with 32.85 square miles (54.66% of the borough) covered in Residential, Industrial or Commercial buildings. These areas are shown in the map below.

The key provided identifies the urban / rural areas as well as regeneration priority areas.

- 1.2 Licensing authorities are required by the Gambling Act 2005 to publish a statement of the principles which they proposed to apply when exercising their functions. This statement must be published at least every three years. The statement must also be reviewed from “time to time” and any amended parts re-consulted upon. The statement must be then re-published.
- 1.3 The Gambling Act requires that the following parties are consulted by Licensing Authorities:
- The Chief Officer of Police
 - One or more persons who appear to the authority to represent the interests of persons carrying on gambling businesses in the authority’s area
 - One or more persons who appear to the authority to represent the interests of persons who are likely to be affected by the exercise of the authority’s functions under the Gambling Act 2005
- 1.4 A list of the persons that the Council has sent this document to for consultation is illustrated at **Appendix B**.
- 1.5 This draft statement of principles is available on our web site www.wirral.gov.uk and copies are also available in One Stop Shops, as well as at the Town Hall, Brighton Street, Wallasey, Wirral, CH44 8ED.
- 1.6 Should you have any comments in respect of this policy statement please send them as follows:
- Wirral Licensing Authority
Town Hall
Brighton Street

Wirral
CH44 8ED
- Email: licensing@wirral.gov.uk
- Fax: 0151 691 8215
- The closing date for comments on this draft policy statement is **31 October 2012**.
- 1.7 It should be noted that this policy statement will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.
- 1.8 In determining this policy, the Licensing Authority must have regard to the ‘Guidance issued to Licensing Authorities’ issued by the Gambling

Commission, and give appropriate weight to the views of those it has consulted. In determining what weight to give particular representations, the factors to be taken into account will include:

- who is making the representations (what is their expertise or interest)
- relevance of the factors to the licensing objectives
- how many other people have expressed the same or similar views
- how far the representations relate to matters that the licensing authority should be including in its policy statement.

2.0 Declaration

2.1 In producing the final statement, this Licensing Authority declares that it has had regard to the licensing objectives of the Gambling Act 2005, the Guidance issued by the Gambling Commission, and any responses from those consulted on the statement.

3.0 Responsible Authorities

3.1 The Licensing Authority is required by regulations to state the principles it will apply in exercising its powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm. The principles are:

- the need for the body to be responsible for an area covering the whole of the Licensing Authority's area
- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group

3.2 In accordance with the suggestion in the Gambling Commission's Guidance for local authorities, this authority designates the Local Safeguarding Children Board for this purpose.

3.3 The Responsible Authorities under the Gambling Act 2005 are:

- Wirral Borough Council Licensing Department
- The Gambling Commission
- The Chief Constable, Merseyside Police
- Merseyside Fire and Rescue Service Authority
- Wirral Borough Council Planning Section
- Wirral Borough Council Environmental Health Section
- Local Safe Guarding Children Board
- H.M. Revenue & Customs

Subject to any other person being prescribed in Regulation by the Secretary of State. The contact addresses for these authorities are illustrated at **Appendix C.**

4.0 Interested parties

4.1 Interested parties can make representations about licence applications, or apply for a review of an existing licence. These parties are defined in the Gambling Act 2005 as follows:

“For the purposes of this Part a person is an interested party in relation to an application for or in respect of a premises licence if, in the opinion of the Licensing Authority which issues the licence or to which the application is made, the person-

- a) lives sufficiently close to the premises to be likely to be affected by the authorised activities
- b) has business interests that might be affected by the authorised activities
- c) represent persons who satisfy paragraph (a) or (b)

4.2 The Licensing Authority are required by regulations to state the principles we will apply in exercising our powers under the Gambling Act 2005 to determine whether a person is an interested party.

4.3 When determining what ‘significantly close to the premises’ means the Licensing Authority will take into account:

- the size of the premises
- the nature of the premises
- the distance of the premises from the location of the person making the representation
- the potential impact of the premises (number of customers, routes likely to be taken by those visiting the establishment)
- the circumstances of the complainant. This is not the personal characteristics of the complainant, but the interests of the complainant which may be relevant to the distance from the premises.

The Licensing Authority may determine that ‘sufficiently close to be likely to be affected’ could have a different meaning for (a) a private resident, (b) a residential school for children with truanting problems, and (c) a residential hostel for vulnerable adults.

4.4 In considering whether there is a business interest the Licensing Authority will consider business interests in its widest possible interpretation, to include partnerships, charities, faith groups and medical practices.

4.5 The Gambling Commission has recommended that we state that interested parties include trade associations and trade unions, and residents and tenants associations at Paragraph 8.17. We will not however generally view these bodies as interested parties unless they have a member who can be classed

as an interested person under the provisions of the Act i.e. lives sufficiently close to the premises to be likely to be affected by the activities applied for.

- 4.6 Interested parties can be persons who are democratically elected such as a Ward Councillor, M.P. etc. No specific evidence of being asked to represent an interested party will be required as long as the Councillor / M.P. etc. represents the ward likely to be affected. Other than these however, this authority will generally require written evidence that a person/body (e.g. an advocate / relative) 'represents' someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons, requesting the representation is sufficient.
- 4.7 If individuals wish to approach councillors to ask them to represent their views then care should be taken that the councillors are not part of the Licensing Committee dealing with the licence application. If there are any doubts then please contact the Licensing Department at the Town Hall, Brighton Street, Wallasey, CH44 8ED.

5.0 Exchange of Information

- 5.1 The Licensing Authority are required to include in its policy statement the principles to be applied by the authority in exercising the functions under Sections 29 and 30 of the Act with respect to the exchange of information between us and the Gambling Commission, and the functions under Section 350 of the Act with respect to the exchange of information between ourselves and the other persons listed in Schedule 6 to the Act.
- 5.2 The principle that this Licensing Authority applies is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information which includes the provision that the Data Protection Act 1998 will not be contravened. We will also have regard to any Guidance issued by the Gambling Commission to local authorities on this matter, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.
- 5.3 Should any protocols be established as regards information exchange with other bodies then they will be made available.

6.0 Enforcement

- 6.1 Licensing authorities are required by regulation under the Gambling Act 2005 to state the principles to be applied by the authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises; and the powers under Section 346 of the Act to institute criminal proceedings in respect of the offences specified.
- 6.2 This Licensing Authority's principles are that it will be guided by the Gambling Commission's Guidance for local authorities and will endeavour to be:

- Proportionate: regulators should only intervene when necessary: remedies should be appropriate to the risk posed, and costs identified and minimised
- Accountable: regulators must be able to justify decisions, and be subject to public scrutiny
- Consistent: rules and standards must be joined up and implemented fairly
- Transparent: regulators should be open, and keep regulations simple and user friendly
- Targeted: regulation should be focused on the problem, and minimise side effects

In accordance with the Gambling Commission's Guidance for local authorities this Licensing Authority will endeavour to avoid duplication with other regulatory regimes so far as possible.

6.3 This Licensing Authority is developing a risk-based inspection programme, based on;

- The Licensing Objectives
- Relevant codes of practice
- Guidance issued by the Gambling Commission, in particular at Part 36
- The principles set out in this statement of licensing policy

6.4 The main enforcement and compliance role for this Licensing Authority in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission will be the enforcement body for operating and personal licences. Concerns about manufacture, supply or repair of gaming machines will not be dealt with by the Licensing Authority but will be notified to the Gambling Commission.

6.5 This Licensing Authority will also keep itself informed of developments as regards the work of the Better Regulation Executive in its consideration of the regulatory functions of local authorities.

6.6 Bearing in mind the principle of transparency, this Licensing Authority's enforcement/compliance protocols/written agreements will be available upon request at the Licensing Department, Town Hall, Brighton Street, Wallasey CH44 8ED.

7.0 Licensing Authority functions

7.1 Licensing Authorities are required under the Act to:

8.0 Allocation of Decision Making Responsibilities

- 8.1 The licensing authority will be involved in a wide range of licensing decisions and functions which will be administered by the Licensing Act 2003 Committee and Sub-Committees thereof.
- 8.2 Many of the decisions and functions will be purely administrative in nature and the grant of non-contentious applications, including for example, those licences and permits where no representations have been made, will be delegated to Council Officers.
- 8.3 The table shown at **Appendix A** sets out the agreed delegation of decisions and functions to the Licensing Act 2003 Committee, Sub-Committees and Officers. This form of delegation is without prejudice to Officer referring an application to a Sub-Committee, or a Sub-Committee to a full Committee, or a Committee to a full Council, if considered appropriate in the circumstances of any particular case

PART B

9.0 Premises Licences

General Principles

- 9.1 Premises Licences are subject to the requirements set-out in the Gambling Act 2005 and regulations, as well as specific mandatory and default conditions which are detailed in regulations issued by the Secretary of State.
- 9.2 The Licensing Authority are able to exclude default conditions and also attach other conditions, where we believe it to be appropriate.
- 9.3 This Licensing Authority is aware that in making decisions about premises licences we should aim to permit the use of premises for gambling in so far as we think it is:
- In accordance with any relevant code of practice issued by the Gambling Commission
 - In accordance with any relevant guidance issued by the Gambling Commission
 - Reasonably consistent with the licensing objectives
 - In accordance with this Statement of Licensing Principles
- 9.4 It is appreciated that gambling can be an emotive subject but acknowledge that in accordance with Gambling Commission Guidance for Local Authorities, “moral objections to gambling are not a valid reason to reject applications for premises licences”. Except in respect of a Casino resolution and also that unmet demand is not a criterion for a Licensing Authority.
- 9.5 Premises is defined in the Act as “any place”. Different premises licences cannot apply in respect of a single premises at different times. It is however possible for a single building to be subject to more than one premises licence, providing that each licence is for a different part of the building and such different parts can be properly regarded as different premises.
- 9.6 The Licensing Authority will judge each case on its individual merits to decide as a matter of fact, whether different parts of a building can be properly regarded as being separate premises.
- 9.7 The Gambling Commission, in their guidance, do not consider that areas of a building that are artificially or temporarily separate can be properly regarded as different premises. The Licensing Authority support this view.

- 9.8 The Gambling Commission states that “Whether different parts of a building can properly be regarded as being separate premises will depend on the circumstances. The location of the premises will clearly be an important consideration and the suitability of the division is likely to be a matter for discussion between the operator and the licensing officer. However, the Commission does not consider that areas of a building that are artificially or temporarily separated, for example by ropes or moveable partitions, can properly be regarded as different premises”.
- 9.9 The Licensing Authority make particular note of the Gambling Commission’s Guidance to Licensing Authorities which states that: licensing authorities should take particular care in considering application for multiple licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes. In particular they should be aware of the following:
- The third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling, but also preventing them from being in close proximity to gambling. Therefore premises should be configured so that children are not invited to participate in, have accidental access to or closely observe gambling where they are prohibited from participating.
 - Entrances to and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and people do not ‘drift’ into a gambling area. In this context it should normally be possible to access the premises without going through another licensed premises or premises without a permit.
 - Customers should be able to participate in the activity named on the premises licence.
- 9.10 The Guidance also gives a list of factors which the Licensing Authority should be aware of, which may include:
- Do the premises have a separate registration for business rates?
 - Is the premises’ neighbouring premises owned by the same person or someone else?
 - Can each of the premises be accessed from the street or a public passageway?
 - Can the premises only be accessed from any other gambling premises?
- 9.11 This authority will consider these and other relevant factors in making its decision, depending on all the circumstances of the case.

9.12 The Gambling Commission's relevant access provisions for each premises type are reproduced below:

Casinos

- The principal access entrance to the premises must be from a street (as defined at 7.24 of the Guidance)
- No entrance to a casino must be from premises that are used wholly or mainly by children and/or young persons
- No customer must be able to enter a casino directly from any other premises which holds a gambling premises licence

Adult Gaming Centre

- No customer must be able to access the premises directly from any other licensed gambling premises

Betting Shops

- Access must be from a street (as per para 7.24 Guidance to Licensing Authorities) or from another premises with a betting premises licence
- No direct access from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be an entrance to a betting shop from a shop of any kind and you could not have a betting shop at the back of a café – the whole area would have to be licensed.

Tracks

- No customer should be able to access the premises directly from:
 - a casino
 - an adult gaming centre

Bingo Premises

- No customer must be able to access the premise directly from:
 - a casino
 - an adult gaming centre
 - a betting premises, other than a track

Family Entertainment Centre

- No customer must be able to access the premises directly from:
 - a casino
 - an adult gaming centre
 - a betting premises, other than a track

9.13 Part 7 of the Gambling Commission's Guidance to Licensing Authorities contains further guidance on this issue, which this authority will also take into account in its decision-making.

10.0 Premises “ready for gambling”

- 10.1 The Guidance states that a licence to use premises for gambling should only be issued in relation to premises that the Licensing Authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use.
- 10.2 If the construction of a premises is not yet complete, or if they need alteration, or if the applicant does not yet have a right to occupy them, then an application for a provisional statement should be made instead.
- 10.3 In deciding whether a premises licence can be granted where there are outstanding construction or alteration works at a premises, this authority will determine applications on their merits, applying a two stage consideration process:-
- First, whether the premises ought to be permitted to be used for gambling
 - Second, whether appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.
- 10.4 Applicants should note that this authority is entitled to decide that it is appropriate to grant a licence subject to conditions, but it is not obliged to grant such a licence.
- 10.5 More detailed examples of the circumstances in which such a licence may be granted can be found at paragraphs 7.60-7.67 of the Guidance.

11.0 Location

- 11.1 This Licensing Authority is aware that demand issues cannot be considered in relation to the location of premises but that considerations made in terms of the licensing objectives can be considered.
- 11.2 The Licensing Authority, in accordance with the Gambling Commission’s Guidance for local authorities, pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder.
- 11.3 This authority has not adopted any specific policy in relation to areas where gambling premises should not be located. Should any such policy be decided upon regarding such areas where gambling premises should not be located, this policy statement will be updated.
- 11.4 It should be noted that any such future policy will not preclude any application being made and each application will be decided on its merits, with the onus upon the applicant showing how any potential concerns can be overcome.

12.0 Planning

- 12.1 The Gambling Commission Guidance to Licensing Authorities states:
7.60 – In determining applications the Licensing Authority has a duty to take into consideration all relevant matters and not to take into consideration any irrelevant matters, in effect those not related to gambling and the licensing objectives. One example of an irrelevant matter would be the likelihood of the applicant obtaining planning permission or building regulations approval for their proposal.
- 12.2 This authority will not take into account irrelevant matters as per the above guidance. In addition this authority notes the following excerpt from the Guidance:
7.67 - When dealing with a premises licence application for finished buildings, the Licensing Authority should not take into account whether those buildings have or comply with the necessary planning or building consents. Nor should fire or health and safety risks be taken into account. Those matters should be dealt with under relevant planning control and building and other regulations, and not form part of the consideration for the premises licence. Section 210 of the 2005 Act prevents licensing authorities taking into account the likelihood of the proposal by the applicant obtaining planning or building consent when considering a premises licence application. Equally the grant of a gambling premises licence does not prejudice or prevent any action that may be appropriate under the law relating to planning or building.

13.0 Duplication with other regulatory regimes

- 13.1 This Licensing Authority will seek to avoid any duplication with other statutory / regulatory systems where possible, including planning. This authority will not consider whether a licence application is likely to be awarded planning permission or building regulations approval, in its consideration of it. It will though, listen to, and consider carefully, any concerns about conditions which are not able to be met by licensees due to planning restrictions, should such a situation arise.

14.0 Licensing objectives

- 14.1 Premises licences granted must be reasonably consistent with the licensing objectives. With regard to these objectives, this Licensing Authority has considered the Gambling Commission's Guidance to local authorities and some comments are made below.
- 14.2 **Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime.**
This Licensing Authority is aware that the Gambling Commission takes a leading role in preventing gambling from being a source of crime. The Gambling Commission's Guidance does however envisage that the Licensing Authority should pay attention to the proposed location of gambling premises in terms of this licensing objective. Therefore, where an area has known high levels of organised crime, we will consider carefully whether gambling

premises are suitable to be located there and whether conditions may be suitable, such as the provision of door supervisors. Responsible authorities would however have the right to make representation with regard to such premises.

14.3 The Licensing Authority is aware of the distinction between disorder and nuisance and will consider factors such as whether police assistance was required and how threatening the behaviour was to those who could see it, so as to make that distinction. It should be noted that prevention of nuisance is not a Gambling Act licensing objective.

14.4 In considering licence applications, the Council will particularly take into account the following:

- The design and layout of the premises
- The training given to staff in crime prevention measures appropriate to those premises
- Physical security features installed in the premises. This may include matters such as the position of cash registers or the standard of CCTV that is installed
- Where premises are subject to age-restrictions, the procedures in place to conduct age verification checks
- The likelihood of any violence, public order or policing problem if the licence is granted

14.5 **Ensuring that gambling is conducted in a fair and open way.**

This Licensing Authority is aware that the Gambling Commission has stated that it would generally not expect licensing authorities to become concerned with ensuring that gambling is conducted in a fair and open way as this will be addressed by the operator and personal licensing system.

14.6 **Protecting children and other vulnerable persons from being harmed or exploited by gambling.**

This Licensing Authority notes the Gambling Commission Guidance to local authorities states that this objective relates to preventing children from taking part in gambling as well as the restriction of advertising so that gambling products are not aimed at or are, particularly attractive to children.

14.7 The Licensing Authority will therefore consider, as suggested by the Gambling Commission's Guidance, whether specific measures are required at individual premises to promote the licensing objectives.

14.8 Appropriate measures may include supervision of access points, segregation of areas etc.

14.9 This Licensing Authority is also aware of the Gambling Commission Codes of Practice as regards this licensing objective, in relation to specific premises.

14.10 In reference to the term "vulnerable persons" we note that the Gambling Commission or statute law does not seek to offer a definition but the

Commission states that “it will for regulatory purposes assume that this group includes:

- People who gamble more than they want to
- People who gamble beyond their means
- People who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs.

14.11 This Licensing Authority will consider promotion of this licensing objective on a common sense, case by case basis. Should a practical definition prove possible in future then this policy statement will be updated with it, by way of a revision.

15.0 Conditions

15.1 Any conditions attached to licences will be proportionate and will be:

- Relevant to the need to make the proposed building suitable as a gambling facility
- Directly related to the premises and the type of licence applied for
- Fairly and reasonably related to the scale and type of premises
- Reasonable in all other respects

15.2 Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures this Licensing Authority will consider utilising should there be a perceived need, such as the use of supervisors, appropriate signage for adult only areas etc. There are specific comments made in this regard under some of the licence types below. This Licensing Authority will also expect the licence applicant to offer his/her own suggestions as to ways in which the licensing objectives can be met effectively.

15.3 This Licensing Authority will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance.

15.4 This authority will also ensure that where category C or above machines are on offer in premises to which children are admitted:

- All such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to

prevent access other than through a designated entrance

- Only adults are admitted to the area where these machines are located
- Access to the area where the machines are located is supervised
- The area where these machines are located is arranged so that it can be observed by the staff or the licence holder
- At the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons under 18

15.5 These considerations will apply to premises including buildings where multiple premises licences are applicable.

15.6 This Licensing Authority is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this Licensing Authority will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

15.7 It is noted that there are conditions which the Licensing Authority cannot attach to premises licences, they are

- Any condition on the premises licence which makes it impossible to comply with an operating licence condition
- Conditions relating to gaming machine categories, numbers, or method of operation
- Conditions which provide that membership of a club or body be required. (The Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated)
- Conditions in relation to stakes, fees, winning or prizes

16.0 Door Supervisors

16.1 The Gambling Commission advises in its Guidance to Licensing Authorities that if a Licensing Authority is concerned that a premises may attract disorder or be subject to attempts at unauthorised access (for example by children and young persons) then it may require that the entrances to the premises are controlled by a door supervisor, and is entitled to impose a premises licence condition to this effect.

16.2 Where it is decided that supervision of entrances/machines is appropriate for particular cases, a consideration of whether these need to be SIA licensed or not will be necessary. It will not be automatically assumed that they need to

be licensed, as the statutory requirements for different types of premises vary (as per the Guidance, Part 33).

17.0 Adult Gaming Centres

17.1 This Licensing Authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to for example, ensure that under 18 year olds do not have access to the premises.

17.2 This Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives, appropriate measures or licence conditions may cover issues such as:

- Proof of age schemes
- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

18.0 Licensed Family Entertainment Centres

18.1 This Licensing Authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas.

18.2 This Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives, appropriate measures / licence conditions may cover issues such as:

- CCTV

- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.
- Measures / training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

18.3 This Licensing Authority will, in accordance with the Gambling Commission's guidance, refer to the Commission to see any conditions that apply to operating licences covering the way in which the area containing the category C machines should be delineated. This Licensing Authority will also make itself aware of any mandatory or default conditions on these premises licences.

19.0 Casinos

19.1 **No Casinos resolution** - This Licensing Authority has not passed a 'no casino' resolution under Section 166 of the Gambling Act 2005, but is aware that it has the power to do so. Should this Licensing Authority decide in the future to pass such a resolution, it will update this policy statement with details of that resolution. Any such decision will be made by the Full Council.

19.2 **Betting machine** - This Licensing Authority will in accordance with the Gambling Commission's Guidance, take into account the size of the premises, the number of counter positions available for person-to-person transactions and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer.

20.0 Bingo Premises

20.1 This Licensing Authority notes that the Gambling Commission's Guidance states:

18.4 Licensing authorities will need to satisfy themselves that bingo can be played in any bingo premises for which they issue a premises licence. This will be a relevant consideration where the operator of an existing bingo premises applies to vary their licence to exclude an area of the existing premises from its ambit and then applies for a new premises licence, or multiple licences, for that or those excluded areas.

20.2 This authority also notes the Guidance at paragraph 18.7 regarding Section 172(7) of the Gambling Act 2005 which provides that the holder of a Bingo Premises Licence may make available for use a number of category B gaming machines not exceeding 20% of the total number of gaming machines which are available for use on the premises. Premises in existence before 13 July 2011 are entitled to make available eight category B gaming machines, or 20% of the total number of gaming machines, whichever is the greater. The holder of Bingo Premises Licence granted on or after 13 July 2011 but before 1 April 2014 is entitled to make available a maximum of eight category B machines or 20% of the total number of gaming machines, whichever is the greater; from 1 April 2014 these premises will be entitled to 20% of the total number of gaming machines only. Regulations state that category B machines at Bingo premises should be restricted to sub-category B3 and B4 machines, but not B3A lottery machines.

20.3 The Authority also recognises the Guidance at paragraph 18.8 relating to gaming machines which must remain within the licensed area covered by the premises licence. In the unusual circumstance that an existing Bingo premises covered by one premises licence applies to vary the licence and acquire additional Bingo Premises Licences (so that the area that was subject of a single licence will become divided between a number of separate licensed premises) it is not permissible for all of the gaming machines to which each of the licences brings an entitlement to be grouped together within one licensed premises. So for example, where two separate bingo premises have been created by genuinely splitting a pre-existing premises into two adjacent premises, it is not permissible to locate sixteen category B3 gaming machines in one of the resulting premises (with none in the other one), as the gaming machine entitlement for that premises would be exceeded.

20.4 Children and young people are allowed into bingo premises; however they are not permitted to participate in the bingo and if category B or C machines are made available for use these must be separated from areas where children and young people are allowed.

20.5 The Authority also notes the following paragraphs in the Guidance regarding equipment for the purpose of playing Bingo:

18.9 Equipment operated by a bingo operating licence for the purpose of playing bingo, for example what are currently known as mechanised cash bingo and electronic bingo terminal (EBTs), will be exempt from controls on gaming machines provided they comply with any conditions set by the Commission and (in the case of EBTs) do not hold gaming machine content.

18.10 An EBT that offers gaming machine content in addition to bingo content is considered to be a gaming machine for the purposes of primary gambling activity and would not count towards the offering of bingo for primary gambling activity purposes. Any EBTs that do not offer gaming machine content would not count towards the number of gaming machines.

- 20.6 If the Licensing Authority receives an application to vary a Premises Licence for bingo or betting in order to extend the opening hours, the Authority will need to satisfy itself that the reason for the application is in line with the requirements on primary gambling activity (i.e. the need for operating licence holders to ensure that the gambling activity appropriate to the licence type ('the primary activity' or 'the principal activity') is actually offered at those premises and not replaced by the making available of gaming machines). Therefore, the applicant should be able to demonstrate that the extension of the opening hours is not designed solely to benefit from the machine entitlement and activity which is ancillary to the primary activity of the premises, namely betting or bingo.

21.0 Bingo in Clubs and Alcohol Licensed Premises

- 21.1 Bingo will be permitted on Alcohol Licensed Premises, and in Clubs and Miners' Welfare Institutes, under the allowances for exempt gaming in Part 12 of the Act. Where the level of bingo played in these premises, under the exempt gaming allowances, reaches a certain threshold, it will no longer be authorised by these allowances, and a bingo operating licence will have to be obtained from the Commission for future bingo games. The aim of these provisions is to prevent bingo becoming a predominant commercial activity on such non-gambling premises.
- 21.2 The threshold is that if the bingo played during any seven-day period exceeds £2,000 (either in money taken or prizes awarded) referred to as "high turnover bingo". There is a legal duty on the licensee or club to inform the Commission if at any point its bingo in any seven-day period exceeds this threshold. That allows the Commission to monitor the bingo activity on the premises, and discuss with the relevant licensee or club the point at which a bingo operating licence may be needed. A 'high turnover period' begins with the first day of the seven day period in which the threshold was exceeded and lasts for a year. If a second period of high turnover bingo occurs within that year, a bingo operating licence will be required. Where bingo is played in a members club under a bingo operating licence no premises will be required.
- 21.3 The Commission will be informed if it comes to the attention of this licensing authority that alcohol-licensed premises or clubs or institutes are playing bingo during the course of a week which involves significant stakes and prizes, which makes it possible that the £2,000 in seven days is being exceeded.

22.0 Betting Premises

- 22.1 **Betting machines** This Licensing Authority will, in accordance with the Gambling Commission's Guidance, take into account the size of the premises,

the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer.

23.0 Travelling Fairs

- 23.1 This Licensing Authority is responsible for deciding whether, where category D machines and/or equal chance prize gaming without a permit is to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.
- 23.2 This Licensing Authority will also consider whether the applicant falls within the statutory definition of a travelling fair.
- 23.3 It has been noted that the 27-day statutory maximum for the land being used as a fair, is per calendar year, and that it applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. This Licensing Authority will work with its neighbouring authorities to ensure that land which crosses our boundaries is monitored so that the statutory limits are not exceeded.

24.0 Provisional Statements

- 24.1 Developers may wish to apply to this authority for provisional statements before entering into a contract to buy or lease property or land to judge whether a development is worth taking forward in light of the need to obtain a premises licence. There is no need for the applicant to hold an operating licence in order to apply for a provisional statement.
- 24.2 Section 204 of the Gambling Act provides for a person to make an application to the Licensing Authority for a provisional statement in respect of premises that he or she:
- expects to be constructed;
 - expects to be altered; or
 - expects to acquire a right to occupy.
- 24.3 The process for considering an application for a provisional statement is the same as that for a premises licence application. The applicant is obliged to give notice of the application in the same way as applying for a premises licence. Responsible authorities and interested parties may make representations and there are rights of appeal.
- 24.4 In contrast to the premises licence application, the applicant does not have to hold or have applied for an operating licence from the Gambling Commission (except in the case of a track) and they do not have to have a right to occupy the premises in respect of which their provisional application is made.

24.5 The holder of a provisional statement may then apply for a premises licence once the premises are constructed, altered or acquired. The Licensing Authority will be constrained in the matters it can consider when determining the premises licence application, and in terms of representations about premises licence applications that follow the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless:

- they concern matters which could not have been addressed at the provisional statement stage, or
- they reflect a change in the applicant's circumstances.

24.6 In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- which could not have been raised by objectors at the provisional statement stage;
- which in the authority's opinion reflect a change in the operator's circumstances; or
- where the premises has not been constructed in accordance with the plan submitted with the application. This must be a substantial change to the plan and this Licensing Authority notes that it can discuss any concerns it has with the applicant before making a decision.

25.0 Reviews

25.1 Requests for a review of a premises licence can be made by interested parties or responsible authorities, however, it is for the Licensing Authority to decide whether the review is to be carried-out.

25.2 This will be on the basis of whether the request for the review is relevant to the matters listed below:

- In accordance with any relevant Code of Practice issued by the Gambling Commission
- In accordance with any relevant guidance issued by the Gambling Commission
- Reasonably consistent with the licensing objectives
- In accordance with the authority's Statement of Principles

25.3 The Licensing Authority will also take into consideration whether the request is either frivolous, vexatious or would certainly not cause this authority to wish to alter/revoke/suspend the licence. The Licensing Authority will also consider whether the representations made in the application for a review are

substantially the same as previous representations or requests for review. In determining this matter, the Licensing Authority will take into account how much time has passed since any earlier application for a review or since the licence was granted.

- 25.4 The Licensing Authority can also initiate a review of a licence on the basis of any reason which it thinks is appropriate.
- 25.5 Once a valid application for a review has been received by the licensing authority, representations can be made by responsible authorities and interested parties during a 28 day period. This period begins 7 days after the application was received by the Licensing Authority, who will publish notice of the application within 7 days of receipt.

The Licensing Authority must carry out the review as soon as possible after the 28 day period for making representations has passed.

The purpose of the review will be to determine whether the Licensing Authority should take any action in relation to the licence. If action is justified, the options open to the Licensing Authority are:-

- (a) add, remove or amend a licence condition imposed by the Licensing Authority;
- (b) exclude a default condition imposed by the Secretary of State or Scottish Ministers (e.g. opening hours) or remove or amend such an exclusion;
- (c) suspend the premises licence for a period not exceeding three months; and
- (d) revoke the premises licence.

In determining what action, if any, should be taken following a review, the Licensing Authority must have regard to the principles set out in section 153 of the Act, as well as any relevant representations.

In particular, the Licensing Authority may also initiate a review of a premises licence on the grounds that a premises licence holder has not provided facilities for gambling at the premises. This is to prevent people from applying for licences in a speculative manner without intending to use them.

Once the review has been completed, the Licensing Authority must, as soon as possible, notify its decision to:

- the licence holder
- the applicant for review (if any)
- the Commission
- any person who made representations
- the chief officer of police or chief constable; and
- Her Majesty's Commissioners for Revenue and Customs

PART C

PERMITS/TEMPORARY AND OCCASIONAL USE NOTICE

26.0 Unlicensed Family Entertainment Centre gaming machine permits. (Statement of Principles on Permits – Schedule 10 Paragraph 7)

- 26.1 Where a premises does not hold a premises licence but wishes to provide gaming machines, it may apply to the Licensing Authority for this permit. It should be noted that the applicant must show that the premises will be wholly or mainly used for making gaming machines available for use as required by Section 238.
- 26.2 The Gambling Act 2005 states that a Licensing Authority may prepare a *statement of principles* that they propose to consider in determining the suitability of an applicant for a permit and in preparing this statement, and/or considering applications, it need not (but may) have regard to the licensing objectives and shall have regard to any relevant guidance issued by the Commission under section 25.
- 26.3 The Gambling Commission's Guidance for local authorities also states: "In their three year licensing policy statement, licensing authorities may include a statement of principles that they propose to apply when exercising their functions in considering applications for permits....., licensing authorities will want to give weight to child protection issues."
- 26.4 The Gambling Commission's Guidance also states: ".....An application for a permit may be granted only if the Licensing Authority is satisfied that the premises will be used as an unlicensed FEC, and if the chief officer of police has been consulted on the application. In accordance with the Guidance, this Licensing Authority will expect applicants to demonstrate:
- A full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs
 - That an applicant has no relevant convictions, those that are set out in Schedule 7 of the Act
 - That staff are trained to have a full understanding of the maximum stakes and prizes
- 26.5 We note that a Licensing Authority can grant or refuse a licence but cannot attach conditions to this type of permit.
- 26.6 This Licensing Authority will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations.

26.7 The efficiency of such policies and procedures will each be considered on their merits, however, they may include appropriate measures / training for staff as regards suspected truant school children on the premises, measures / training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on / around the premises.

27.0 (Alcohol) Licensed premises gaming machine permits - (Schedule 13 paragraph 4(1))

Automatic Entitlement: 2 Machines

27.1 There is provision in the Act for premises licensed to sell alcohol for consumption on the premises, to automatically have 2 gaming machines, of categories C and/or D. The premises merely need to notify the Licensing Authority. The Licensing Authority can remove the automatic authorisation in respect of any particular premises if:

- The person ceases to be the holder of the on-premises alcohol licence for the premises, the automatic entitlement to the two gaming machines also ceases. Whoever applies for the new premises alcohol licence would also need to apply under section 282(2), notifying the licensing authority of their intention to make the gaming machines available for use and paying the prescribed fee.
- Provision of the machines is not reasonably consistent with the pursuit of the licensing objectives
- Gaming has taken place on the premises that breaches a condition of Section 282 of the Gambling Act (i.e. that written notice has been provided to the Licensing Authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with)
- The premises are mainly used for gaming
- An offence under the Gambling Act has been committed on the premises

Permit: 3 or more machines

27.2 If a Premises Licence Holder wishes to have more than 2 machines, then they need to apply for a permit and the Licensing Authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under Section 25 of the Gambling Act 2005, and “*such matters as they think relevant.*”

27.3 This Licensing Authority considers that “such matters” will be decided on a case by case individual basis, but generally there will be regard to the need to protect children and vulnerable persons from being harmed or being exploited by gambling and will expect the applicant to satisfy the authority that there will

be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines.

- 27.4 Measures which will satisfy the authority that there will be no access may include the adult machines being in sight of the bar, or in the sight of staff who will monitor that the machines are not being used by those under 18. Notices and signage on the machines or in the premises may also help. As regards the protection of vulnerable persons, applicants may wish to consider the provision of information leaflets / helpline numbers for organisations such as GamCare.
- 27.5 It is recognised that some alcohol licensed premises may apply for a Premises Licence for their non-alcohol licensed areas. Any such application would normally need to be applied for, and dealt with as an Adult Gaming Centre Premises Licence.
- 27.6 It should be noted that we as the Licensing Authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions other than these cannot be attached to a permit.
- 27.7 It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine.
- 28.0 Prize Gaming Permits - (Statement of Principles on Permits - Schedule 14 paragraph 8 (3))**
- 28.1 The Gambling Act 2005 states that a Licensing Authority may “prepare a statement of principles that they propose to apply in exercising their functions under this Schedule” which “may, in particular, specify matters that the Licensing Authority propose to consider in determining the suitability of the applicant for a permit”.
- 28.2 This Licensing Authority has prepared a Statement of Principles which is that the applicant should set out the types of gaming that he or she is intending to offer and that the applicant should be able to demonstrate:
- That they understand the limits to stakes and prizes that are set out in Regulations
 - That the gaming offered is within the law
 - Clear policies that outline the steps to be taken to protect children from harm.
- 28.3 In making its decision on an application for this permit the Licensing Authority does not need, but may, have regard to the licensing objectives but must have regard to any Gambling Commission Guidance.

28.4 It should be noted that there are conditions in the Gambling Act 2005 by which the permit holder must comply, but that the Licensing Authority cannot attach conditions. The conditions in the Act are:

- The limits on participation fees, as set out in regulations, must be complied with
- All chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day
- The game must be played and completed on the day the chances are allocated
- The result of the game must be made public in the premises on the day that it is played
- The prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize)
- Participation in the gaming must not entitle the player to take part in any other gambling

29.0 Application for Club Gaming and Club Machines Permits

29.1 The Licensing Authority may only refuse an application on the grounds that:

- The applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied
- The applicant's premises are used wholly or mainly by children and/or young persons
- An offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities
- A permit held by the applicant has been cancelled in the previous ten years
- An objection has been lodged by the Commission or the police

29.2 If the authority is satisfied that either or the first two points is the case, it must refuse the application. Licensing authorities shall have regard to relevant guidance issued by the Commission and (subject to that guidance), the licensing objectives.

29.3 In cases where an objection has been lodged by the Commission or the police, the licensing authority is obliged to determine whether the objection is valid.

- 29.4 There is also a 'fast-track' procedure available under the Act for premises which hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12 paragraph 10).
- 29.5 As the Gambling Commission's Guidance for local authorities states: "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police and the grounds upon which an authority can refuse a permit are reduced" and "The grounds on which an application under the process may be refused are:
- That the club is established primarily for gaming, other than gaming prescribed by regulations under Section 266 of the Gambling Act 2005.
 - That in addition to the prescribed gaming, the applicant provides facilities for other gaming.
 - That a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled."

29.6 **Club Gaming Permit**

- 29.7 The licensing authority will seek to satisfy itself that the club meets the requirements of the Act to obtain a club gaming permit. Therefore applicants will be asked to supply sufficient information and documents to enable the licensing authority to determine whether the Club is a genuine Members Club.
- 29.8 In determining whether a club is a genuine members' club, the licensing authority will take account of a number of matters, such as:
- Is the primary purpose of the club's activities something other than the provision of gaming to its members?
 - Are the profits retained in the club for the benefit of the members?
 - Are there 25 or more members?
 - Are there genuine domestic addresses on the register of members? Are domestic addresses listed for every member? Are members local to the club?
 - Do members participate in the activities of the club via the internet?
 - Do guest arrangements link a member to every guest? Is there evidence of a signing-in register for guests?
 - Is the 48 hour rule between applying for membership and participating in any gaming properly applied?
 - Are there annual accounts for more than one year?
 - How is the club advertised and listed in directories, including on the internet?

- Are children permitted into the club?
- Does the club have a constitution and can it provide evidence that the constitution was approved by the members of the club?
- Is there a list of committee members and evidence of their election by the members of the club? Can the club provide minutes of committee and other meetings?

29.9 The constitution of the club could also indicate whether it is a legitimate members' club. Amongst the things the Authority will consider when examining the constitution are the following:

- Who makes commercial decisions on behalf of the club and what are the governance arrangements? Clubs are normally run by a committee made up of members of the club, rather than individuals or managers, who make decisions on behalf of the members. There will normally be a system (consultation, voting, paper ballots, annual general meetings, special meetings, etc) which allows members to be involved in major decisions concerning the management and running of the club. Such arrangements would normally be spelt out in the constitution.
- Are the aims of the club set out in the constitution? A lack of aims or aims which involve gaming could indicate that it is not a genuine members' club.
- Are there shareholders or members? Shareholders would indicate a business enterprise linked to a commercial club.
- Is the members' club permanently established? Clubs can't be temporary and must be permanent in nature
- Can people join with annual or quarterly membership? This would indicate that the club is permanent in nature.
- Are there long term membership benefits? This would also indicate that the club is permanent in nature and that it is a genuine members' club. The benefits of membership would normally be set out in the rules of membership.

29.10 Other than bridge and whist clubs, which are separately catered for in regulations, a club cannot be established wholly or mainly for purposes of gaming. In applying for a club gaming permit, a club must therefore provide substantial evidence of activities other than gaming. Questions that the licensing authority will consider include:

- How many nights is gaming made available?
- Is the gaming advertised?
- What are the stakes and prizes offered?

- Is there evidence of leagues with weekly/monthly/annual winners?
- Is there evidence of non-playing members?
- Are there teaching sessions to promote gaming, such as poker?
- Is there tie-in with other clubs offering gaming, such as poker, through tournaments or leagues?
- Is there sponsorship by gaming organisations, for example on-line poker providers?
- Are participation fees within limits?

The Authority will undertake a visit to the premises before granting of the permit to assist the licensing officer to understand how the club will operate.

29.11 Club machine permit

29.12 The licensing authority will seek to satisfy itself that the gaming on offer meets the conditions set out in the Act and relevant regulations. To do this, the licensing authority will ask questions of the applicant or ensure that the exempt gaming complies with these conditions. The conditions are:

- There must be no rake from the pot (that is, the organiser cannot take any money from the prize fund, or deduct money from the stakes or winnings). Licensing authorities should examine the records for gaming or, if possible, observe or get statements about the pot.
- There must be no side bets. This is probably only going to be possible to verify through observation.
- Participation fees must be within the limits prescribed in the regulations. Is there evidence of excess participation fees in club records, adverts for gaming in or outside of the club or from complaints?
- Prizes must be within the limits prescribed in the regulations. Is there evidence that they are excessive from records at the club, in adverts for gaming, etc?
- Where the games are poker tournaments or leagues, the licensing authority will consult part 29 of the Guidance which sets out how the law applies to poker. This should help the licensing authority to determine whether the gaming is within the law from evidence such as records in the club and adverts for gaming.

30.0 Temporary Use Notices

30.1 Temporary Use Notices allow the use of premises for gambling where there is no premises licence but where a gambling operator wishes to use the

premises temporarily for providing facilities for gambling. Premises that might be suitable for a Temporary Use Notice, according to the Gambling Commission, would include hotels, conference centres and sporting venues.

- 30.2 The Licensing Authority can only grant a Temporary Use Notice to a person or company holding a relevant operating licence, i.e. a non-remote casino operating licence.
- 30.3 The Secretary of State has the power to determine what form of gambling can be authorised by Temporary Use Notices, and at the time of writing this Statement the relevant regulations (SI no 3157: The Gambling Act 2005 (Temporary Use Notices) Regulations 2007) state that Temporary Use Notices can only be used to permit the provision of facilities or equal chance gaming, where the gaming is intended to produce a single winner, which in practice means poker tournaments.
- 30.4 There are a number of statutory limits as regards Temporary Use Notices. The meaning of "premises" in Part 8 of the Act is discussed in Part 7 of the Gambling Commission Guidance to Licensing Authorities. As with "premises", the definition of "a set of premises" will be a question of fact in the particular circumstances of each notice that is given. In the Act "premises" is defined as including "any place".
- 30.5 In considering whether a place falls within the definition of "a set of premises", the Licensing Authority needs to look at, amongst other things, the ownership/occupation and control of the premises.
- 30.6 This Licensing Authority expects to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises, as recommended in the Gambling Commission's Guidance to Licensing Authorities.

31.0 Occasional Use Notices

- 31.1 The Licensing Authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded.

Graham Burgess
Chief Executive
Wirral Council
grahamburgess@wirral.gov.uk

Dear Mr Burgess,

I am writing to you as Chairman on behalf of the National Casino Industry Forum (NCiF) the body that represents over 90% of UK land based casino operators.

As we know you're aware there is a requirement, under Section 349 of the Gambling Act 2005, for your Authority to publish a Gambling Policy Statement every three years, the next Policy Statement being due to come into force on 31st January 2013, following consultation. As you also know, under the Gaming Act 1968 your Authority is one of the 53 'Permitted Areas' in Great Britain where casinos may operate.

As the representative body for the casino industry we would welcome the opportunity to contribute to your consultation process.

Casinos play an important part in the provision of entertainment and hospitality, bringing mature and responsible patrons to our town and city centres. Casinos are an attractive and positive addition to the overall offer of our evening economies, without any of the negative experiences of anti-social behaviour sometimes sadly attributable to late night venues. Last year casinos in the UK hosted almost 19 million visits, and provided an important source of local revenue, which could translate to:

- New £15 million **construction investment** in local authority areas to help to restore confidence locally
- Possibility of Section 106 Agreements to **boost local services**
- Local Authority **business rates boosted** by £250,000 pa
- Areas benefit from **£4-5 million of added value** in the local economy

It is also worth noting that as a, quite properly, highly regulated industry it is also a labour intensive business, providing disproportionately high employment opportunities with typically 100 to 200 staff on a premises. Some current casino venues provide up to 450 jobs (depending on the size of the casino). Employment is met at a local level, often to the young; also the lack of academic qualifications is not a barrier to employment.

Where based, casinos are an important and positive contribution to the night-time economy of an area. They do not contribute to, but instead help to mitigate problems by offering different types of entertainment in the late night economy not centred around social drinking. Casinos add attraction, vigour and variety to our town and city centres and encourage tourism.

We would welcome and encourage dialogue with your authority to ensure that any casino premises in your area is viewed positively as contributing to the variety of offer in the night-time economy.

Yours sincerely

Malcolm Moss
Chairman
