A Petitioner addressed the Committee

The Applicant addressed the Committee

A Ward Councillor addressed the Committee

It was moved by Councillor Elderton and seconded by Councillor Hodson and

Resolved (10:2:1) That the application be refused on the following grounds:

The proposed development, having regards to the number of apartments proposed and by virtue of its siting, scale, height and bulk, and its relationship with adjoining residential properties, would result in an overdevelopment of the site that would result in an unneighbourly form of development that would have an unacceptable and detrimental impact on the amenities of the occupiers of neighbouring properties. The proposals are therefore contrary to Policy HS4 of the Wirral Unitary Development Plan.

Resolved (8:5) That the application be approved subject to the following conditions:

1. The development hereby permitted shall be commenced before the expiration of three years from the date of this permission or two years from the date of the approval of the last of the reserved matters, whichever is the later.

2. Details of the reserved matters set out below shall be submitted to the Local Planning Authority for approval within three years from the date of this permission:

- (a) Layout**
- (b) Scale**
- (c) Appearance**
- (d) Access and**
- (e) Landscaping**

Approval of all reserved matters shall be obtained from the Local Planning Authority in writing before any development is commenced and shall be carried out as approved.

3. Before any construction commences, samples of the facing/roofing/window materials to be used in the external construction of this development shall be submitted to and approved in writing by the Local Planning Authority. The approved materials shall then be used in the construction of the development.

4. The area(s) so designated within the site shall be suitably landscaped in accordance with a scheme to be submitted to and approved by the Local Planning Authority before any works commence on site, the landscape work to be completed during the first available planting season following completion of the development hereby approved and shall be maintained thereafter to the satisfaction of the Local Planning Authority.

The detailed landscaping plans shall include:

- (i) details of boundary treatments and hard surfaces**
- (ii) the location, size and species of all trees to be planted**
- (iii) the location, size, species and density of all shrub and ground cover planting**
- (iv) a schedule of implementation**

5. No development shall take place until a plan indicating the positions, design, materials and type of boundary treatment to be erected has been submitted to and approved in writing by the Local Planning Authority. The boundary treatment shall be completed for each of the dwellings hereby approved as and when they are completed and before each relevant dwelling is first occupied. Development shall be carried out in accordance with the approved details and retained as such thereafter.

6. Before the development hereby permitted is first commenced, a datum for measuring land levels shall be agreed in writing. Full details of existing and proposed ground levels and proposed finished floor levels shall be taken from that datum and submitted to and approved in writing by the Local Planning Authority, notwithstanding any such detail shown on previously submitted plan(s). The development shall be carried out in accordance with the approved details and retained as such thereafter.

- A. the details of each retained tree as required at section. 4.4 of BS5837 in a separate schedule.
- B. a plan or relevant drawings, including proposed site layout plans, to a scale and level of accuracy appropriate to the proposal that shows constraints posed by existing trees (section 5.2 BS 5837), the position, crown spread and Root Protection Area (section 4.6 of BS5837) of every retained tree on site and on neighbouring or nearby ground to the site in relation to the approved plans and particulars. The positions of all trees to be removed shall be indicated on this plan.
- C. a schedule of tree works for all the retained trees in paragraphs (a) and (b) above, specifying pruning and other remedial or preventative work, whether for physiological, hazard abatement, aesthetic or operational reasons. All tree works shall be carried out in accordance with BS3998, 2010, Tree work-Recommendations.

An arboricultural method statement (section 6 BS 5837) containing;

- D. the details and positions (shown on the plan at paragraph (a) above) of the Tree Protection Barriers (section 6.2 of BS5837), identified separately where required for different phases of construction work (e.g. demolition, construction, hard landscaping). The Tree Protection Barriers must be erected prior to each construction phase commencing and remain in place, and undamaged for the duration of that phase. No works shall take place on the next phase until the Tree Protection Barriers are repositioned for that phase.
- E. the details and positions (shown on the plan at paragraph (a) above) of the Ground Protection Zones (para 6.2.3 of BS5837).
- F. the details and positions (shown on the plan at paragraph (a) above) of the Construction Exclusion Zones (section 6 of BS5837).
- G. the details and positions (shown on the plan at paragraph (a) above) of the underground service runs (para 5.5.6 of BS5837).
- H. the details of any changes in levels or the position of any proposed excavations within 5 metres of the Root Protection Area (para. 5.5.6 of BS5837) of any retained tree, including those on neighbouring or nearby ground.
- I. the details of any special engineering required to accommodate the protection of retained trees (section 7 of BS5837), (e.g. in connection with foundations, bridging, water features, surfacing)
- J. the details of the working methods to be employed with the demolition of buildings, structures and surfacing within or adjacent to the RPAs of retained trees (section 7 BS 5837).
