## 80 **CIVIC MAYOR'S ANNOUNCEMENTS**

The Civic Mayor noted that apologies had been received from Councillors Phil Brightmore, Paul Hayes and Steve Williams.

The Civic Mayor informed of the success of his annual festive event, the Mayor's Tea Dance that had taken place at Wallasey Town Hall on Wednesday 7th December. He expressed his thanks to all those Councillors, members of staff and residents who had sponsored tickets for an elder person to attend.

The Civic Mayor also informed that he would be hosting a small reception for Members of the Council, and invited Officers, at the conclusion of the evening's Council meeting.

## 81 **MINUTES**

The minutes of the meeting(s) of the Council held on 17 October (two extraordinary meetings and one ordinary meeting), 14 November (two extraordinary meetings) and 6 December, 2016 (one extraordinary meeting) had been circulated to Members and, it was –

**Resolved – That the minutes be approved and adopted as a correct record.**

## 82 **PETITIONS**

In accordance with Standing Order 21, the Mayor received petitions submitted by –

- (i) Councillor Adrian Jones on behalf of 113 Seacombe residents objecting to a proposed wood yard furnace.
- (ii) Councillor Stuart Kelly updated Members in respect of an additional 208 signatories and 105 online registrations objecting to the new Wirral Green Bin Collection proposals, taking the total number of registered objections to 4128.
- (iii) Councillor Bruce Berry on behalf of Moreton West and Saughall Massie Ward Councillors and 2261 signatories objecting to planning application number: 16/01344 - a residential development on Green Belt land at Saughall Massie.
- (iv) Councillor Andrew Hodson on behalf of 40 residents objecting to the proposed development at 77 Pipers Lane, Heswall – planning application APP/16/01323.

- (v) Councillor Leslie Rennie on behalf of 60 signatories to improve the passageway between St Nicholas Road, Browning Road and Malvern Road, Wallasey.
- (vi) Councillor Chris Blakeley on behalf of Moreton West and Saughall Massie Ward Councillors and 3112 signatories objecting to planning application APP/16/00985 – development of a Fire Station on Green Belt land at Saughall Massie.

**Resolved – That the petitions be noted and referred to the appropriate Chief Officer (or relevant organisation) in accordance with Standing Order 34.**

### 83 PUBLIC QUESTIONS

Mr J Hobro, having given the appropriate notice in accordance with Standing Order 11, submitted a question on the subject of Business Investment Grant (BIG) and Intensive Start-Up Support (ISUS) schemes.

Councillor Phil Davis responded accordingly.

In accordance with Standing Order 10, Mr Hobro asked a supplementary question and Councillor Davies informed that a full written response would be provided.

### 84 LEADER'S, EXECUTIVE MEMBERS' AND CHAIRS' REPORTS

The Mayor introduced the summary reports from the Leader, Cabinet Members and Policy and Performance Committee Chairs and asked for questions on any of the reports.

Councillor Dave Mitchell asked a question of the Leader.

In response the Leader stated that he would write to Councillor Mitchell regarding the issue of a proposed Site of Biological Importance on land for the proposed Hoylake Golf Resort.

Councillor Phil Gilchrist asked a question of the Cabinet Member for Transport and Infrastructure

In response Councillor Stuart Whittingham stated:

- Whilst Wirral's Principal and Classified roads were not in perfect condition and would require continued investment to ensure that their overall condition did not deteriorate, they remained amongst the best in England when measured using national survey methods.

- The Department for Transport publish the data for all local highway authorities each year, and once this year's results were published Council would see that the statements in the Quarter 2 Monitoring Report in delivering our pledge to provide transport fit for the future and in my Portfolio Summary Report are, indeed, accurate. He would provide Members with a link to the relevant webpage once it was published.
- The Council would continue to make best use of the structural maintenance allocations from the Combined Authority in the rolling 3 year Capital Programme, which he would present to Cabinet in February, and he reminded Council that the programme for 2017/18 would, once again, include investment by the Council of half a million pounds in the maintenance of unclassified roads; as approved in last year's budget.

Councillor Stuart Kelly asked questions of the Leader and Cabinet Member for Transport and Infrastructure.

In response comments included:

Councillor Phil Davies

- Neptune plans for Birkenhead were not progressing because the advice from Officers was the risk associated with the development was loaded on the Council. A more ambitious scheme was being developed, with a master plan exercise currently underway i.e. in consultation with and speaking to investors, developers, relevant civil servant and stakeholders. Consultation with key stakeholders would take place once more details plans emerged, in the Spring.

Councillor Stuart Whittingham

- There had been progress, and continued planned projects to increase line speeds on the Merseytravel rail network. The priority remains to improve public transport travel. A written answer would be provided with regard to information regarding any proposals to provide additional stations on the rail network in Wirral.

Councillor Pat Cleary asked a question of the Cabinet Member Children and Family Services.

Councillor Tony Smith stated in response:

- There had indeed been a huge impact on families arising from Government policies relating to the freezing of / or reduction in benefits to households, including changes to housing benefit administration and the 'bedroom tax', etc. He had recently attended a meeting of agencies concerned with these measures. The additional pressures on Social

Care workers, Employment Support officers and other associated organisations, was clearly being felt.

Councillor Paul Stuart asked a question of the Cabinet Member for Transport and Infrastructure.

Councillor Stuart Whittingham stated in response:

- It was clear that the transport routes between Wirral and Cheshire/North Wales were important, given the employment opportunities and national road/rail network connections. He had recently attended a meeting at Airbus (near Chester) where the matter had been a topic of discussion and progress was being made with regard to the Borderlands line.

Councillor Tracey Pilgrim asked a question of the Cabinet Member for Community Engagement and Communications.

Councillor Mathew Patrick stated in response:

- It would be helpful to have the input from Constituency Chairs in the compilation of his report and he would be happy to include this e.g. providing examples of work being undertaken in each area.

Councillor Ian Lewis asked questions of the Cabinet Members for Transformation, Leisure and Culture, Adult Social Care, Children and Family Services, and Transport and Infrastructure.

In response comments included:

Councillor Ann McLachlan

- The savage cuts to Local Authority funding had brought about the need to employ the most qualified and experienced officers to tackle the transformational challenges ahead. The new postholder had a proven track record in delivering transformation. Sadly a lot of services would in future have to be delivered not by the Authority but in a different way.

Councillor Chris Jones

- The statement had been made by an NHS officer it was therefore inappropriate to pass comment upon until facts had been verified.

Councillor Tony Smith

- He would provide a written response to Councillor Lewis on the matter of the Ofsted Report linked to / in relation to Foster Care.

Councillor Stuart Whittingham

- The subject matter of the 'New Station Fund' would be included in his response to Councillor Kelly's question and a copy would be provided to Councillor Lewis.

Councillor Bernie Mooney asked a question of the Cabinet Member for Public Health.

Councillor Janette Williamson stated in response:

- Over-prescription of antibiotics was not a matter that had received the publicity it should. It had become increasingly clear of the dangers from over-prescription, and GPs were now leading as ‘guardians’ in the challenge. She highlighted a new Public Health England antibiotic guardian ‘pick-a-pledge’ website where members of the public could learn simple actions to help fight antibiotic resistance and would circulate the details to Members

Councillor Paul Doughty asked a question of the Cabinet Member for Community Engagement and Communications.

Councillor Mathew Patrick stated in response:

- He wished to place on record his thanks to the Liverpool Institute for Performing Arts in support of the work done in support of the ‘Theatre for Democracy’ project in Wirral.

Councillor Bruce Berry asked a question of the Cabinet Member for Transport and Infrastructure.

Councillor Stuart Whittingham stated in response:

- He was not aware of the franchising of of any existing bus routes and his question should therefore be directed to Merseytravel in the first instance.

Councillor Jeff Green asked questions of the Leader and the Cabinet Member for Adult Social Care.

In response comments included:

Councillor Phil Davies

- International Trade Centre – a written question had also been received from Councillor Phil Gilchrist. The plans for this had not progressed due to the lack of confirmation of funds by the project sponsor. The site would now be marketed for employment use.

Councillor Chris Jones

- No reports of overcharging for care services had been reported to her, but if Councillor Green could provide her with details she would investigate and provide a full written reply to his question.

Councillor Chris Blakeley asked questions of the Leader, the Cabinet Member for Environment, Community Engagement and Communications, and the Chair of the Business Overview and Scrutiny Committee.

In response comments included:

Councillor Phil Davies

- There were no proposals for the closure of Council owned/run Golf Courses. However due to the Government cuts to Local Authority funding this could not be guaranteed. The Leader welcomed the support of all Members of Council to lobby Government against the cuts.

Councillor Bernie Mooney

- In thanking Councillor Blakeley for his compliments and support, she informed that the Council was already looking at the expansion of the litter/dog foul enforcement scheme to include play areas, school entrances and walk-to-school routes. She asked Members to let her know (or the Officers concerned) of any particular areas where dog fouling was a serious concern.

Councillor Mathew Patrick

- A copy of the response to the most recent letter from the Department for Communities and Local Government which would request a meeting would be circulated to all Members of the Council in the New Year.

Councillor Mike Sullivan

- A great deal of work and debate had already taken place within the Overview and Scrutiny Committees (and their previous incarnations as Policy and Performance Committees). The reason for the proposed development of single, centrally located Fire Station had arisen as a result of savage cuts to the Fire Service by Government. The Merseyside Fire and Rescue Service's primary concern was to save lives, and they had considered this proposal was the 'least worst option'. He would not endorse the decision of the Planning Committee.

Councillor Lesley Rennie asked questions of the Cabinet Member for Housing and Community Safety, and Transport and Infrastructure.

In response comments included:

Councillor George Davies

- Statistics on domestic violence showed there had been a decrease in recorded instances over the past 12 month recording period. It was recognised that Merseyside had some of the worst statistics in the

country, but local actions were having an effect. He would provide Councillor Rennie with a more detailed written answer.

Councillor Stuart Whittingham

- The current investment in infrastructure on the Wirral Loop, would no doubt have an impact on travel between the Wirral and Liverpool. Information on the project and contingency planning was available on the Council's and Merseytravel's websites which he would be happy to circulate a link to. Whilst work progressed on the rail network, increased pressures on the roads would be monitored using CCTV and control room control of traffic lights to help alleviate congestion.

Councillor Mike Sullivan asked a question of the Cabinet Member for Environment.

Councillor Bernie Mooney stated in response:

- In addition to normal patrols, the Council service also relied on information provided by residents and Ward Councillors to identify areas where littering and dog fouling was occurring. She informed that since the introduction of the new enforcement scheme 83 penalty notices had been issued, 4 of which had also successfully been progressed through the courts – with offenders named and shamed in the local press – itself a further deterrent to others.

#### **Resolved – That**

- (1) each of the Cabinet Portfolio Holders' Summary reports be noted; and**
- (2) the report of the Overview and Scrutiny Committee Chairs be noted.**

#### **85 MEMBERS' QUESTIONS**

In accordance with Standing Order 10(2) the Council had been advised of three questions.

Councillor P Gilchrist having given notice of a question to the Leader of the Council regarding the International Trade Centre (site at Old Hall Road, Bromborough), and one to the Cabinet Member for Community Engagement and Communication regarding advertising on the Council website, stated that he would be happy to be provided with a written response.

Councillor G Watt having given notice of a question to the Cabinet Member for Transport and Infrastructure regarding the numbers of streetlamps left requiring attention for unacceptably long periods. The Cabinet Member stated

that that the budget for routine maintenance of street lights was £320,000 and he had topped this up with a further £159,000 in the current year from Council reserves. He informed that work issued to Scottish Power was assessed and prioritised on the same basis to ensure there was no budget overspend and there were currently no issues with their performance. He further informed that the Council was presently reviewing its website information to provide information about why some repairs take longer than others.

109 **NOTICES OF MOTION**

Notices of Motion submitted in accordance with Standing Order 7(1) were reported to the Council. The Civic Mayor having considered each motion, in accordance with Standing Order 7(4) had decided that they would be dealt with as follows:

**(i)** Sustainable Transformation Plans, and **(iii)** Our Health Service – Available for the Future of All.

To be debated together, with a separate vote taken on each matter.

**(ii)** Support for Selective Education Across Wirral

To be debated.

**(iv)** Crisis in Social Care

To be debated

**(v)** Information Deficit Continues

To be debated.

In connection with this item correspondence with Marcus Jones, MP, Minister for Local Government and the Leader of the Council had been attached to the Council agenda supplement, as follows:

- Letter of 5 December, 2016 from Marcus Jones, MP;
- Letter of 28 July, 2016 from the Leader of the Council;
- Letter (undated) from Marcus Jones, MP.

(vi) Tackling Racism, Xenophobia and Hate Crimes  
To be debated.

(See Minutes 110 to 115 post).

110 **MOTION - SUSTAINABLE TRANSFORMATION PLANS**

**Proposed** by Councillor Phil Davies.

**Seconded** by Councillor Moira McLaughlin.

“This Council is extremely concerned about the failure of NHS England to consult with elected members and the public prior to the publication of Sustainable Transformation Plans which propose far-reaching changes to the configuration of hospitals in the acute sector and the delivery of health services in Cheshire and Merseyside in order to plug a £908m hole in the NHS finances.

Council agrees to write to the Secretary of State for Health and call on the government to withdraw these Plans immediately with a view to holding urgent discussions with key partners, including local Councils, on how good quality health and social care services can be provided going forward based on continuing to provide a National Health Service which is properly funded and free at the point of need.

Council is appalled that under this Tory government we have:

- The worst NHS deficits on record - £2.45 billion
- In England around 3.9 million people are now on the waiting list to start treatment
- 1.8 million people waited four or more hours in A&E last year – up over 400 per cent since 2010
- One in four patients have to wait a week or more to see or speak to a GP or nurse, or don't get an appointment at all.

Council calls on Theresa May to give the NHS the funding it needs.”

Following a debate and Councillor Phil Davies having replied, a voted was taken.

The motion was put and carried (42:17) (One abstention).

**Resolved (42:17) (One abstention)**

111 **MOTION - OUR HEALTH SERVICE - AVAILABLE FOR THE FUTURE OF ALL**

**Proposed** by Councillor Phil Gilchrist.

**Seconded** by Councillor Alan Brighthouse.

"This Council notes that the Cheshire & Merseyside Sustainability and Transformation Plan was only made public on 16th November 2016.

It has been issued at a time when, in the view of the King's Fund, the real additional funding to the NHS is £4.5bn and not the £10bn the Government claims. In addition, the Government is proposing significant reductions to the funding of pharmacies.

It also has to be seen in the context of the developing crisis in social care as Lord Porter, Chairman of the Local Government Association, has said:

*"Councils, the NHS, charities and care providers have been clear about the desperate need for the Chancellor to take action to tackle the funding crisis in social care. It is unacceptable that this has not been addressed in the Autumn Statement."*

Council is concerned that the driving factor behind the review is a determination to make savings with only limited references to re-investing genuine savings.

Council notes that the Cheshire and Wirral approach sets out a vast range of possible savings from 'demand management', 'reconfiguration', 'back & middle office collaborations' and 'changing how we work together'.

Council has concerns about the desire to '*explore an option to consolidate elective care*' between the Countess of Chester Hospital and the Wirral Teaching Hospital NHS Foundation Trust on the Clatterbridge hospital site, the references to the '*consolidation of Acute care*' and references to the development of Cheshire and Wirral-wide '*clinical services at scale*' and believes that these have progressed with little or no public discussion, save for references to the long term strategy in WUTH's Annual Report.

Council believes the detail of all the proposals requires in-depth consideration and is therefore concerned that the Engagement Plan in the STP fails to set out clear ways of involving the public and local authorities in shaping future services in a clear and meaningful manner.

Council therefore requests that arrangements are made to ensure a thorough and adequate discussion of the issues at each stage of the development of the Plan. Such arrangements should involve the Constituency Committees which would provide the necessary opportunity for public participation. It requests that officers make arrangements for this.

Council notes that the Leader of the Council has arranged a meeting of the Health and Wellbeing Board which should be given a full explanation of the background and purpose of the Plan and the contribution of the various agencies in its preparation.

As part of this process, Wirral's Members of Parliament should be kept apprised of the findings and requested to press the Government to secure a long term sustainable settlement for our National Health Service."

The motion was put and lost (22:37) (One abstention).

## 112 **MOTION - SUPPORT FOR SELECTIVE EDUCATION ACROSS WIRRAL**

**Proposed** by Councillor Adam Sykes.

**Seconded** by Councillor Wendy Clements.

"Council notes the recent report commissioned by Knowsley Council that said that the introduction of selective schools in the area should be adopted to transform the performance of children from disadvantaged backgrounds. The report said Knowsley has a white, working-class "monoculture", with strong

bonds of extended families but little contact with others from different social backgrounds or ethnicities and "narrow horizons" for local youngsters. Council accepts that parallels can clearly be drawn with parts of Wirral.

Council welcomes the Prime Minister's announced plans to bring back grammars and that they have set as a priority, a pledge to fight "burning injustice" which means that "if you're a white, working-class boy, you're less likely than anybody else in Britain to go to university."

Council notes that the report for Knowsley cited research that found for "poor but bright" pupils, grammar schools can boost their performance by nearly 10 percentage points compared with non-selective schools.

Council accepts that a return of more grammar schools is not a 'fix-all' solution, and that improvement in early years education is a vital part of a wider approach. Also, that a return of grammar schools is not an acceptance of a second-rate secondary education for those children who don't attend selective schools.

Council recognises that Wirral has good and outstanding schools across the borough, covering both selective and non-selective schools. Council supports the current provision of education in Wirral, including our selective schools, and acknowledge the great job that all our teachers and support staff do in educating our children in all schools. Council also supports our parents who wish to have a selective offer available for their children, as well as those who choose not to put their children forward for the eleven plus.

We therefore call on Council to strongly support any measures that raise progress and attainment for the children of Wirral. We ask that ideology is put aside for evidence-based policy, and if further selective places will improve the outlook for our most disadvantaged, then Wirral should look to support this outcome."

The motion was put and lost (17:42) (One abstention).

#### 113 **MOTION - CRISIS IN SOCIAL CARE**

Prior to consideration and debate on the motion, the Leader provided an update on recent changes to the Council Tax regime, with Government's proposals, announced by the Communities Secretary to give Councils the power to add a 3% levy to bills in 2017/18, and an additional 3% in 2018/19.

**Proposed** by Councillor Chris Jones.

**Seconded** by Councillor Angela Davies.

“Council believes that the failure of the Chancellor of the Exchequer to address the social care crisis in his recent Autumn Statement was a huge missed opportunity.

This Council is appalled at the government’s failure to address the crisis in social care. In recent months the entire health and care sector, including councils, care providers, charities, the NHS, health economists, Parliamentarians and the Care Quality Commission have united around the urgent need to address the unsustainable pressures facing adult social care and the growing funding gap those pressures are creating.

The Local Government Association estimates that adult social care faces a funding gap of £1.3 billion by 2019/20.

The failure to deliver additional funding will have knock-on effects on the viability of care providers and the sustainability of the NHS. Most importantly, the impact will fall on residents. Unmet need is likely to increase and elderly and vulnerable people will continue to face uncertainty in the care they need to support their independence and wellbeing.

The crisis in social care simply cannot be ignored any longer. Council therefore calls on all parties on the Council to write to the Secretary of State for Health requesting an urgent meeting to secure the additional funding needed in this area.”

**One amendment which had been circulated in advance of the meeting was submitted in accordance with Standing Order 12(1) and (9), as follows:**

**Amendment**

**Proposed** by Councillor Phil Gilchrist.

**Seconded** by Councillor Alan Brighthouse.

*“Insert after para 1...*

Council has had only a limited opportunity, so far, to fully interpret the provisional local government finance settlement announced on 15 December 2016, but believes that the combination of increased Council Tax, use of the Better Care Fund and the changes to the New Homes Bonus, are not capable of addressing the underlying problems and pressures faced by this and many other authorities.

Council notes that the Secretary of State for Communities and Local Government has stated that ‘when we allocate billions of funding from the Better Care Fund, we take into account the council tax raising power of each

area' but has also introduced new targets before the New Homes Bonus can be secured.

*In (new) para 6, insert...*

'genuinely' *after* "the failure to deliver...

*Insert after (new) para 6 (ends '...their independence and wellbeing.')*

Council asks officers to assess what can be achieved with what the Government has described as the 'improved' Better Care Fund and to establish how Wirral's predicted share relates to the Relative Needs Formula.

Council notes that comments have been made at the way the Better Care Fund is being used, with praise directed at some areas and criticisms made of others. Council therefore awaits publication of the 'Integration and Better Care Fund Policy Framework' so that our local progress can be ascertained.

In the meantime, the Council will continue to work through the Local Government Association to ensure that their Chairman's statement that 'There needs to be an urgent and fundamental review of social care and health before next year's spring Budget' is vigorously pursued."

Following a debate and Councillor Chris Jones having replied, agreed acceptance of the amendment and moved the vote, which was duly seconded by Councillor Angela Davies.

The amendment was then put and carried (59:0) (One abstention).

The substantive motion, as amended then put and carried (59:0) (One abstention).

**Resolved (59:0) (One abstention)**

- (1) Council believes that the failure of the Chancellor of the Exchequer to address the social care crisis in his recent Autumn Statement was a huge missed opportunity.**

114 **MOTION - INFORMATION DEFICIT CONTINUES**

**Proposed** by Councillor Jeff Green.

**Seconded** by Councillor Adam Sykes.

“Council recalls the Labour Administration were warned on several occasions that it was an expensive folly to enter the newspaper business but the Administration insisted that there was an information deficit in the Borough which the distribution of Wirral View to every household and business in the Borough would solve.

Council notes the woeful distribution of the first two editions of Wirral View with residents and businesses in Birkenhead, Rock Ferry, Oxtan, New Brighton, Leasowe, Pensby, Hoylake, Thingwall, Claughton, West Kirby, Upton, Meols and Greasby not receiving copies.

Council is also concerned that the promises given that it would not become a Labour Party newsletter have now been seen to be fanciful.

Therefore Council calls on the Leader of the Council and the Cabinet Member for Community Engagement and Communications to:

- (a) apologise to the Council Taxpayers of Wirral for this flagrant waste of their money and;
- (b) call a halt to this disastrous Labour Administration exercise before the Council’s reputation is tarnished further.”

Having applied the guillotine in accordance with Standing Order 9 the Council did not debate the matter, and having been formally moved and seconded, the motion was put to the vote.

The motion was put and lost (23:36) (One abstention).

115 **MOTION - TACKLING RACISM, XENOPHOBIA AND HATE CRIMES**

**Proposed** by Councillor Phil Davies.

**Seconded** by Councillor Ian Lewis, and supported by Councillor Stuart Kelly and Councillor Ann McLachlan.

“Council is proud that the United Kingdom is a diverse and tolerant society and believes that racism, xenophobia and hate crimes have no place in our country.

Council therefore condemns racism, xenophobia and hate crimes unequivocally and will work with Merseyside Police to challenge such incidents.

Council welcomes the work undertaken by its Minority Ethnic Achievement Service and partner organisations such as the Wirral Multicultural Organisation and Wirral Change.

Council will continue to work to ensure that local organisations and programmes have the support and resources they need to fight and prevent racism and xenophobia.

Council reassures all people living in Wirral they are valued members of our community who, regardless of background, will be encouraged to play a full and positive role in our Borough.”

Having applied the guillotine in accordance with Standing Order 9 the Council did not debate the matter, and having been formally moved and seconded, the motion was put to the vote.
