19 MAY 2008  
MAD

Melrose Ave  
Haylake

Dear Mrs O'Donnell

As a resident's living in Haylake we are writing in support for the request that the Warral Borough Council adopt cumulative policy for Haylake.

The noise from people waiting for late night buses and also those leaving bars and restaurants is unacceptable.

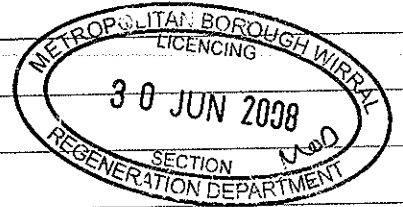

I hope the Council will support this request Thank You

Yours Sincerely, Mrs B Edwards

Mr & Mrs M. McElone

TO

LICENSING Authority, 20 Grosvenor Rd,  
WIRRAL Borough Council, Hoylake,  
TOWN HALL, WIRRAL CH47 3 BS.  
Brighton Street,  
WALLASEY,  
CH44 8 ED.

DEAR MRS O'Donnell,

Subjective Policy for Hoylake

As a resident living in Hoylake, I  
write to support the request for  
WIRRAL Borough Council

to adopt a Subjective Policy for  
Hoylake. We have been subjected to  
intolerable problems and loss of  
peaceful enjoyment on property and  
life since the arrival of the  
"Wipe Bar Science" in Hoylake

(2)

Most FRI / SAT. or SAT / Sun  
morning the passageway between  
Market street + The Row bar path is  
discussing with Komur and also could  
take away.

When we were led to believe  
that Hejlate would have a cafe  
culture similar to France we  
didn't expect it to be like  
the less salubrious parts of Paris.

I hope the Council will fully  
support this request for a  
cumulative Policy for Hejlate.

Yours sincerely

Joe O'Brien.

**LICENSING**  
13 JUN 2008 Act 10  
RL - Please discuss 2/6/08  
Dear Mrs. O'Donnell,

34, Leighton Ave.,  
Meols, Wirral  
CH47 0LZ

I live in Meols but  
as there is not much to do I go to  
Haylake for a bit of entertainment.  
(I am a woman of 78)

I never go on my own in  
the evening now as there is too much  
rowdyism and drunkenness going on.

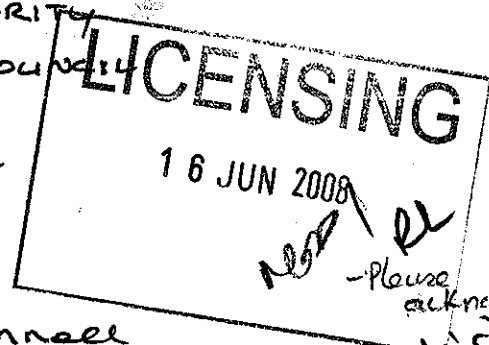

Whilst I know lots of  
people who are against all the Bars I  
cannot understand why more licences  
are issued. Must say I don't drink myself  
but am not against a drink - but not  
the bringing that goes on

Yours sincerely,  
Joyce Jones

Dear Mrs O'Donnell,

CUMULATIVE POLICY FOR HOYLEAKE

I have lived in Hoyleake for 50 years and have never been so intimidated by the problems of loss of peace we have to tolerate now in our village.

I write to request the Wirral Borough Council to adopt a Cumulative Policy for Hoyleake as we are under great strain by the arrival of the Wine Bar scene.

I am hoping for the council to

Act 16/16

to support this request -  
Thank you for your cooperation.

Yours sincerely

Dear Mrs O'Donnell,  
Cumulative Policy for Haylake

As a resident living in Haylake I write to support the request for Wirral Borough Council to adopt a Cumulative Policy for Haylake. Since the arrival of the Wine Bar Scene we have been suffering intolerable problems and the loss of the peaceful enjoyment of living in Haylake. It once was a gentle place to live and bring our children up in its safe environment.

In company with many residents I fully support the request to introduce a Cumulative Policy in Haylake as the excessive nuisance that these premises have put upon the residents is unacceptable.

I really do hope the Council will support this request from the residents of Haylake and thank you for your cooperation.

Yours sincerely,

Beryl Hord.

2nd April, 2008

Dear Sirs,

Having decided to return 'home' to Merseyside, some ten years ago, I felt that Hoylake was the ideal place to live - pleasant, good amenities, relatively quiet, welcoming and with a homely village feel.

During the intervening years, I have come to regret my decision.

Hoylake is now beset with an over provision of bars, which in turn cause problems. No longer can I have my windows open, especially on a weekend because of the shouting, screaming and foul language. On a Saturday and Sunday morning one frequently has to step gingerly in order to avoid vomit and broken glass.

I do my best to avoid going out on an evening, especially at weekends, as I feel threatened by groups who are committing acts of anti-social behaviour. When I do go out to have a meal with friends, they will not allow me to walk home unaccompanied.

A number of bars have been temporarily closed because of drug

drug problems. Why not close them down completely?

Why do we have to put up with problems that have been caused by the proliferation of bars and their attendant social mis-behavior. The United Urban Development Plan 2000 S.H. States "residents have a right to a peaceful enjoyment of their property."

I do hope that the Licensing Authority will grant no further licenses in Hoxlyde and that they will give serious consideration to rescinding some of the licenses that are in operation.

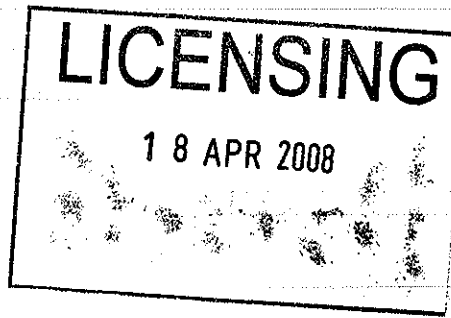

The quality of life here in Hoxlyde is now at rock bottom and despite all the platitudes those in authority do not seem to care.

Please, please do something to make the lives of residents, more wholesome.

Yours faithfully

Peter B. Banks.

15 April 2008

Dear Ms O'Donnell

### **CUMULATIVE POLICY FOR HOYLAKE**

I write to you as resident living Market Street Hoylake, and have watched the number of licensed establishments grow to an unacceptable level for a small village. The numbers have grown steadily and I write to request Wirral Borough Council to provide a Cumulative Policy for Hoylake.

The residents have been subjected to intolerable problems both in terms of breaches of the license and public order problems and to have any more would cause the residents of Hoylake to suffer a greater loss of the peaceful enjoyment of their property.

As a fairly newcomer to Hoylake, having only been in residence for 2 years full time and visiting for 4, I have to say that the deterioration I have witnessed over that time to the level it is now at is very sad. My husband, however, has been in Hoylake for 24 years would state that this deterioration began slowly about 6 years ago. With this in mind I and many other residents fully support the request to introduce a Cumulative Policy in Hoylake. The strain that these licensed establishments put on both the police and the residents is intolerable.

I never imagined that when I chose to move to Hoylake I was moving into an area that appears to have a high level of crime, disorder, alcoholism, drug taking, dealers and prostitution. The recent action by the police was most welcome and supported by the local people, since their intervention there has been a slight improvement but how long will that last if a permanent solution is not found.

Living in the immediate vicinity of Bar One, 43 Market Street, Hoylake we suffer greatly from all the associated problems that go with licensed premises, and indeed both the police and the environmental health department have extensive logs of these problems. On the busy nights I feel trapped in my own home as I try to stay in the back part of the property and close all the doors to avoid the noise.

It is not now a desirable place to live and raise a family and consideration has to be given to turning this around before it is too late.

Yours faithfully

*Loan McKinty*

**LICENSING**

23 APR 2008

21<sup>st</sup> April 2008

Dear Sir/Madam

I write once again to plead with the Licensing Committee for a Cumulative Policy, for a restricted area of Hoylake to be added to the Licensing Policy of the Council.

Surely its common sense to see how all these bars are contributing to a life of hell for the residents.

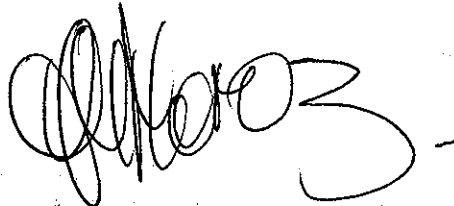

Do you think its fair that we should pay our Council Tax bills? If you answer is yes, then do you not think we should have some sort of say in what goes on in our area. When was the last time any one in your offices saw the streets after the weekend, filthy, dirty and disgusting. These are but a few words that come to mind.

We are all very unsatisfied and would like you to look into this matter.

Enough is enough and what do we have to do for you to understand this. All we want in life is to live in peace and quiet and safety. The Bars have caused us nothing but grief and despair and we want something to be done about it. Our streets are filthy and disgusting, we are afraid to venture out past a certain time and to open our doors. This is no way to live – so please give this some thought before issuing any more permits for new bars and also for issuing music licences after a certain time.

Once again your very dissatisfied member of the community

Anna Moroz

LICENSING

29 APR 2008

4 The Kings Gap  
Hoylake  
Wirral  
April, 27 2008  
632 3617

Dear Ms. O'Donnell

I am writing in support of the Hoylake Residents Association's request for a moratorium, on the licensing of wine bars and drinking establishments in Hoylake. We favour the support of the Cumulative Policy restricting the number of bars in a residential area.

Hoylake has one of the highest populations of elderly residents in the country, yet there appears to have been a perverse pleasure taken, in squeezing as many drinking establishments as possible into a very small closely packed residential area. Market St. is residential on one side; so many people are living and suffering the consequences of having these bars opposite to them. Adding to the nuisance is the permission given for extended opening hours. There are an excessive number of outlets for the acquisition of alcohol, in the vicinity of Market St. alone. Public houses used to have to prove they served a local need. This seems to pertain no longer. We would welcome an increase in younger residents in the area to give us a more balanced population, however the present young families especially those with children, are suffering as much as the elderly, from the drunken revels that are commonplace here, especially at the weekends. Many of these obnoxious drinkers come from as far afield as Liverpool and are not local people.

Every morning when I go for my newspaper, I pick up large quantities of rubbish, including beer bottles; often half full, and fast food containers, all of which I deposit in the waste bins provided by the council, but which these people are too drunk or irresponsible to use. I am revolted by pools of vomit and the evidence of urination, which despoil the street. The bad behaviour, excessive noise, vomiting, urinating, bad language, vandalism and brawling is not restricted to Market St. but overflows into the side roads. My (very heavy) front gates have been broken more than once.

The risk of finding people urinating, or engaging in sex in one's front garden, has also increased over the years. I find discarded underwear in my front garden, which I then have to dispose of. My wife finds it pretty unpleasant, to be confronted with such behaviour, but can send these people packing. So far. I am thankful I no longer have teenage children

at home to be exposed to potentially frightening experiences, especially with the recent introduction of drugs into the scenario.

The police do their best but are grossly undermanned for the extensive area they have to cover. The cells in Hoylake Police Station apparently cannot be used, (no explanation forthcoming); and when a miscreant has to be taken to Birkenhead, the area is left unpoliced for at least 2 hrs. at the most critical times. The police therefore have little choice but to turn a blind eye to offences like public urinating, in case crimes that are more serious occur as soon as their back is turned.

Public urination, although an offence, is becoming commonplace, compounded by the lack of public toilets. After the bars close, people hang about, eating take-away food, and when requiring a lavatory where none exist, go where it suits them. Depending on how drunk they are, they find a garden or doorway or just do it in the street. The Victorians sensibly provided public urinals (which were relatively vandal proof) all over the town. The Council, (in their wisdom!!) have seen fit to close them all. Neighbours living in Station Rd. report that even females squat and urinate, in the area outside Jack Rabbit Slim's.

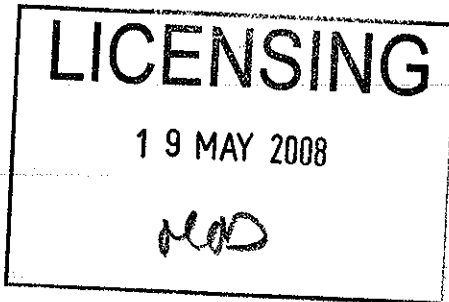

The extended licensing hours accorded these bars, mean that at closing time, there is no public transport, taxi drivers are reluctant to pick up the drunkest people, who then hang around creating a nuisance or worse, or fall asleep until they sober up a little. There is a regular nuisance from the roundabout, a few yards from our home, with screaming, shouting and fighting. The roundabout incidentally, is outside the alcohol free zone.

Please end it. We lived for thirty years in a quiet, slightly shabby, happy neighbourhood. Now our quiet pleasant life and that of our friends and neighbours has been destroyed by the arbitrary choice of our village for the development of "Café Culture", without any conscience or care for the consequences for us. The Council exists, supposedly, to represent the views of the council tax payers. Of this also they seem to be quite unaware. They should be putting our case to the Licensing authority, not ignoring what is happening.

Yours sincerely

Milton and Norms Davies.

Wirral Borough Council  
Town Hall  
Brighton Street  
Wallasey  
CH44 8ED

Dear Sirs

As a long time resident of Hoylelake I would like to support the request of the residents of Hoylelake for a Cumulative Policy for a restricted area of Hoylelake to be added to the Licensing Policy of the Council.

As I live in close proximity to the premises of Jack Rabbit Slims, I am constantly disturbed by the volume of noise from these premises. Because of this, I am no longer able to open my front windows. The owner has a total disregard for the peace and quiet of the nearby residents.

I have kept a record of the dates during April (although it has been going on for many months) when the noise was particularly disturbing:-

Friday 4 <sup>th</sup> April 2008	Loud music late into the night.
Saturday 5 <sup>th</sup> “	Large TV screen on the street with sports programme blazing out all afternoon and evening.
Sunday 13 <sup>th</sup> “	11.15pm music and outside TV still on and noisy.
Thursday 17 <sup>th</sup> “	11.30pm loud music still going on.
Sunday 20 <sup>th</sup> “	Increased volume of music just prior to 11.00pm.
Saturday 26 <sup>th</sup> “	Increased volume of music after 9.00pm.
Sunday 27 <sup>th</sup> “	Sports programme on outside TV all afternoon at an excessive volume.
Wednesday 30 <sup>th</sup> “	Loud outside TV sports programme all evening.

I would also like to report to you the following disturbances so far for May 2008:-

Friday 2 <sup>nd</sup> May 2008	Loud music and rowdiness on the street during the evening.
Saturday 3 <sup>rd</sup> May “	9.00pm loud music and people noisy on the street.
Sunday 4 <sup>th</sup> May “	Lunchtime onwards - loud sports programme on outside TV and people drinking on street, plus loud band and street noise all evening.

Hoylelake is a residential area, not club land. Therefore licenses should not be given to such premises.

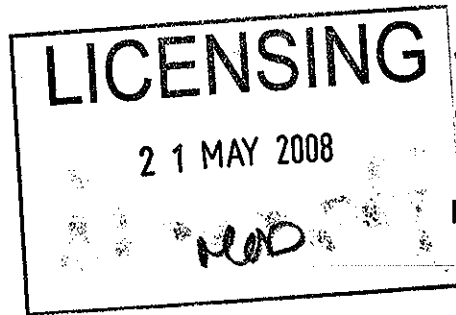

Yours faithfully,

*Nancy Iles*  
(MISS NANCY ILES).

Dear Ms O'Donnell

#### **CUMULATIVE POLICY FOR HOYLAKE**

As a resident living in Hoylake. I write to support the request for the Wirral Borough Council to provide a Cumulative Policy for Hoylake.

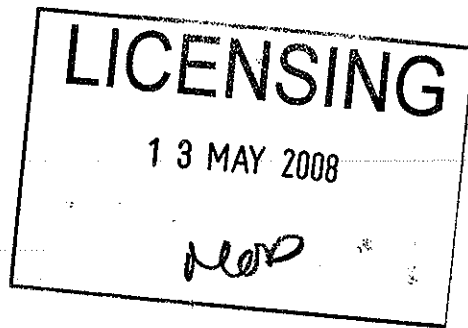

We have lived at the above address for 16 years and over the last few years we have been subjected to various problems and the loss of the peace and quiet of our property.

I and many other residents fully support the request to introduce a Cumulative Policy in Hoylake. I strain that these licensed establishments put upon the residents is unacceptable.

I do hope that the council will support us as nobody else seems to. The police say they can't come out to noise problems. The Environmental Health are a toothless agency who seem to be afraid to take action. I do hope that you can restore our faith in this case as we have had enough of continually logging complaints and no action is forth coming. We are the innocent party here Please Help us we have to tolerate loud music and foul and abusive language every week end.

Yours sincerely

Mr and Mrs Taylor

May 2008

Dear Ms O'Donnell

**CUMULATIVE POLICY FOR HOYLAK**

As a resident living in Hoylake, I write to support the request for Wirral Borough Council to provide a Cumulative Policy for Hoylake.

As residents we have been subjected to intolerable problems and the loss of the peaceful enjoyment of our property.

I and many other residents fully support the request to introduce a Cumulative Policy in Hoylake. The strain that these licensed establishments put upon the residents is unacceptable.

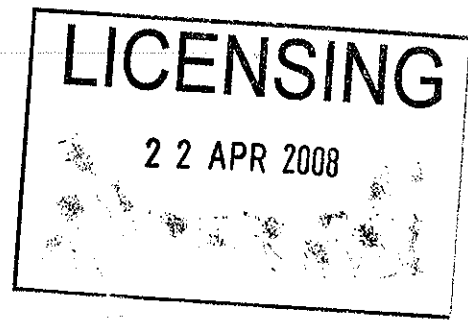

I do hope that the council will support this request and thank you for your co-operation.

Yours sincerely

Mrs D Quilliam

45, Cable Road,  
Hoylake.  
CH 47 2AZ  
0151 632 2152.

To the Licensing Committee.

I represent the Residents Forum in Hoylake which has been set up so that Residents can meet together and discuss the problems in Hoylake, particularly wine bars and hot food outlets.

All our meetings are attended by over 100 people who are united in their concerns about Hoylake on Thursday, Friday and Saturday evenings from 8 p.m. till after 2 a.m.

We knew that what started as the Café Bar Culture prior to the Open Golf in 2006 would end in tears in later years as the daytime bars struggled to survive financially and became late night only social bars encouraging Binge Drinking to keep in business.

All this then leads to Hot Food Outlets wanting to stay open later than the Wine Bars to cash in on the rowdy revellers in the Village causing a nuisance to the Residents who live in close proximity to these Shops, and the irresponsible dropping of litter all over the Village. The revellers buy food after consuming large amounts of Drink then invariably are ill in the Village, and we have to live with vomit on the pavements, and urination in gardens and alleyways.

We, as a Village, have fought every application for late Licences to maintain a 12 o'clock closing time so that the Village is clear by 12-30 and the Residents can then expect Peaceful enjoyment of their properties in Hoylake, which is their Human Right, and that disruptive behaviour caused by late night Binge Drinking compounded by even later Food Outlet opening is prevented.

We are now the subject of a price War on drinks in Hoylake with over 2000 drinkers in our small Village at weekends. We do not want extended hours of Food Outlets and wine bars to make our lives worse.

We are applying for a Cumulative Policy to be added to Wirral Borough Licensing Policy to prevent any further development of Wine Bars and Food Outlets in Hoylake in the future.

This is supported by a large Petition from Residents.

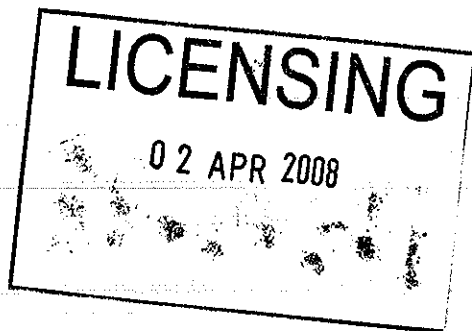

We believe that the presence of these premises has had an adverse effect on the Quality of Life of the Residents who fear for their safety when walking in the Village on Thursday Friday and Saturday Nights.

The Wirral Borough Council U.D. Policy states that Residents have a right to Peaceful enjoyment of their Properties and we believe that this has now been violated by the Bars and Food Outlets.

We do not believe that the major services i.e. Police can cope with any more of these businesses and that any further applications should have to show that there is a specific need for their business or change of Promises Licences.

Yours Sincerely,  
Jackie Hall.

1 April, 2008

(Copies to Councillor Gerry Ellis, Stephen Hesford, M.P., Inspector Greg Lambert, Jackie Hall)

Dear Sirs,

In any consideration of the impact of commercial activities in Hoylake on the residents of Hoylake, it should be borne in mind that, while most of Hoylake's businesses (including bars) are located on Market Street, that street – by virtue of its old Victorian houses, its more modern blocks of flats and its flats above shops – is predominantly residential (**i.e. there are far more residential units on Market Street than there are commercial units**). Also, most of the side streets off Market Street are solely residential. So there are many Hoylake residents who live within sight of Market Street activities and many more who live within earshot of the sounds produced by those activities. **The result is that excessively noisy bars in Hoylake have serious adverse effects upon the lives of a great many of the residents of Hoylake.**

If the bars which produce this offensive noise were effectively sound-proofed, the worst effects of this anti-social behaviour would be greatly reduced. But sound proofing seems to be non-existent in most cases. And, since the anti-social behaviour caused by noise pollution falls within the ambit of the Environmental Health Department, rather than the police, there is no way for residents to get an immediate response to their pleas for help. (Most cases of this type of anti-social behaviour occur on Friday evenings, Saturdays and Sundays when the Environmental Health Department office is un-manned.)

I would like to suggest, therefore, that the Licensing Authority – when issuing licenses to any businesses which offer dancing, live music, recorded

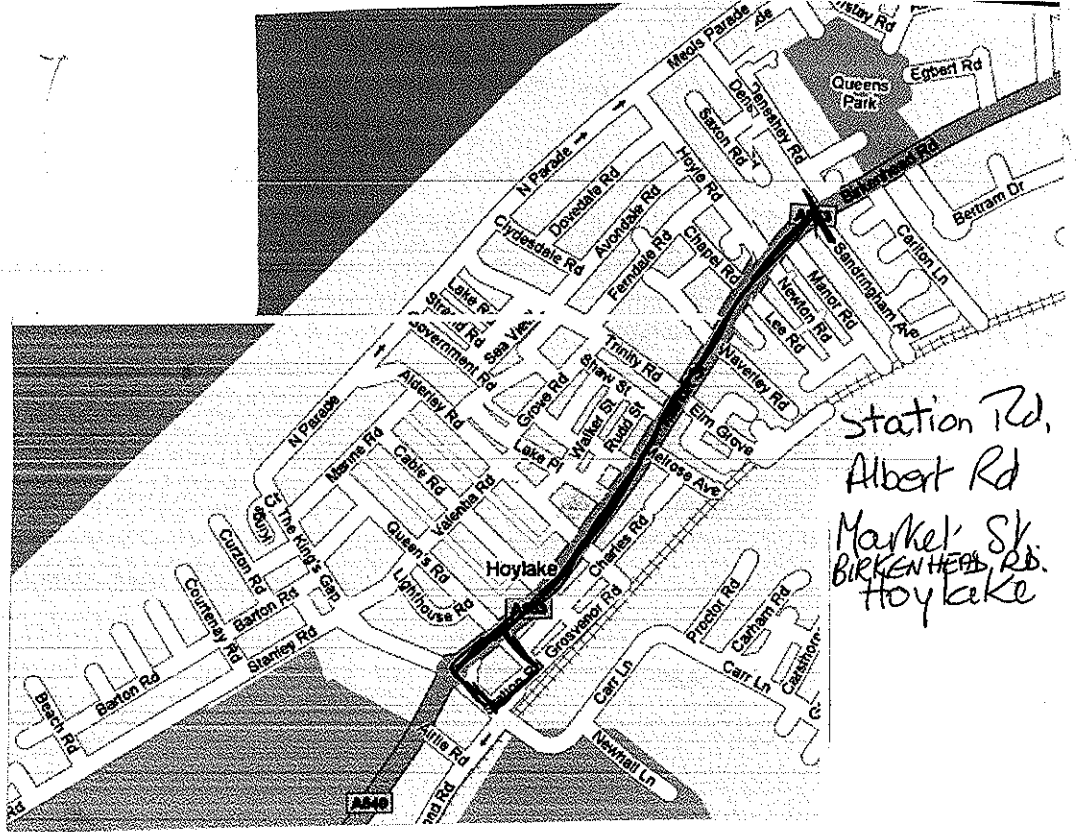

music, Karaoke,, etc. – should make it a condition of the license that effective sound proofing is in place, that that sound proofing is examined and certified as fit for purpose by the Environmental Health Department's Noise Pollution section and that the premises be monitored on a regular basis at weekends by the Noise Pollution experts (with the corollary that any leakage of noise from the premises concerned would mean an immediate removal of their license to operate!).

An additional aspect of noise pollution and other anti-social behaviour caused by Hoylake's many bars is the behaviour of the bar's customers when they leave the bars at closing time. This is of course a matter for the police to control. But it is grossly unfair to the police – with their extremely limited resources in Hoylake – to expect them exert effective control at ever later times of night. At one time, bars used to close at 11.00 p.m. and the noise of marauding revelers would be over by midnight. Now, bars seem to be granted easy permission to be open to midnight or later meaning that the residents of Hoylake are subjected to anti-social behaviour well into the early hours of the morning. I suggest further to the Licensing Authority, therefore, that all bars in Hoylake should be restricted to the same closing time as that currently operated by Hoylake Lights – namely 11.30 p.m.

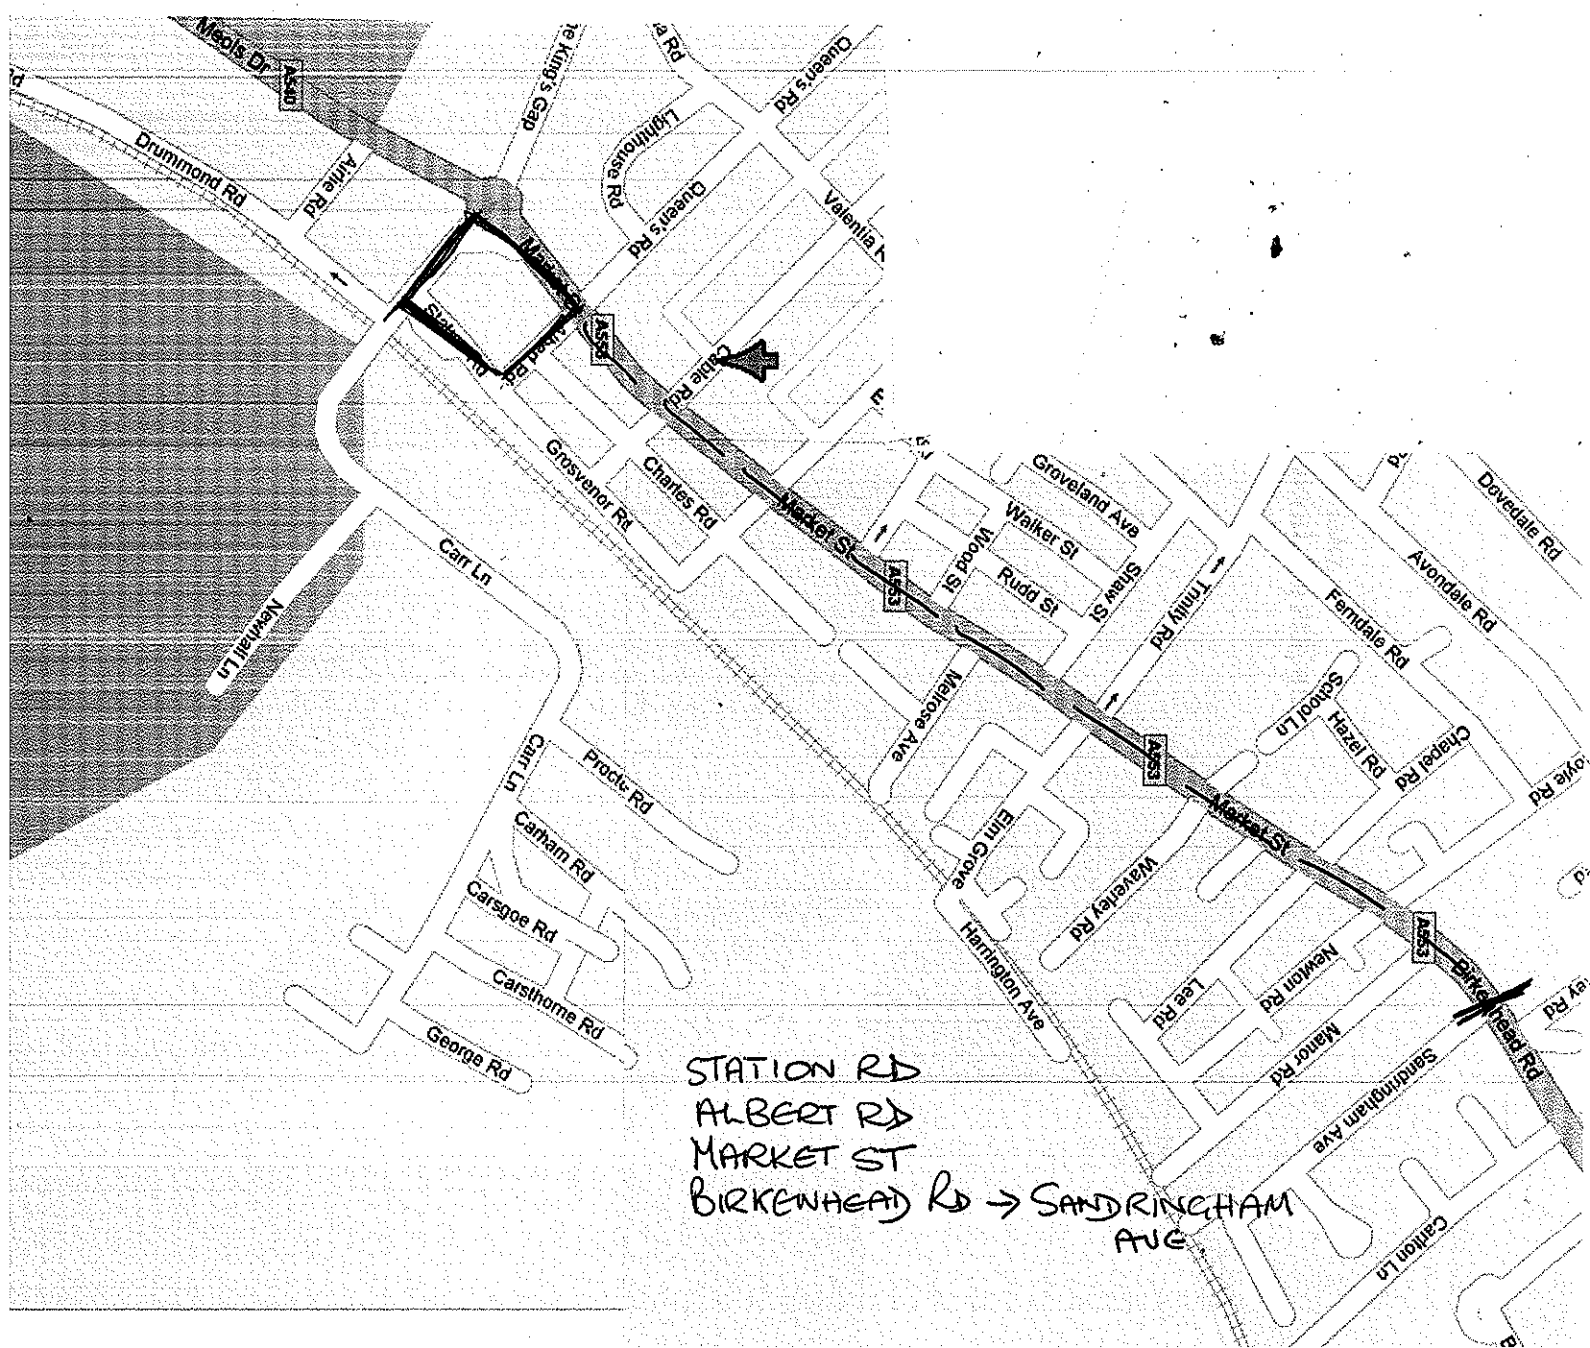

Hoylake has changed drastically since my family and I moved here in 1980 and is no longer the peaceful seaside town it used to be. One cannot expect things to remain the same, of course. Change has to be accepted and, in many cases, strongly welcomed. But when it comes to welcoming ever more late-night drinking establishments a time to call "STOP" must be considered. In my view – and in the view of many others – saturation point has already been reached, if not passed. So, **PLEASE**, no more licensed premises in Hoylake!

Yours faithfully,

*Charles Crestani*

# Hoylake & West Kirby Neighbourhood: Keeping you informed

Hoylake  
Police Station  
Queens Road  
Hoylake  
CH47 2AG

Email: A.BCU.NH3.Insp@merseyside.pnn.police.uk Tel: 0151 777 2140 or 0151 709 6010

Dear resident,

Please see the below synopsis of Policing activity taken around the Night Time Economy area of Hoylake and West Kirby.

- Hoylake Lights has now been before the magistrates and licensing panel and their agreement to our request to reduce their hours from a 0100 close to a 0000 close has been ratified.
- Operation Hawthorne on 14 March 2008 was the single largest deployment of officers on the Wirral for drugs raid in recent years. It involved 150 Police officers, support staff, Ministry of Defence Police, Customs and Excise, GSL prisoner transport services, and Wirral Drug and alcohol action teams.
- Following an extensive intelligence gathering and planning phase lasting several months 3 premises (Jack Rabbit Slims, Cuba and Bar One) were raided simultaneously. 19 persons were arrested for a variety of offences, and 20 discarded wraps of cocaine recovered from the premises. Over 300 individuals were searched.
- Follow up operations were conducted with 30 staff and drugs dogs on 29 March 2008 whereby 12 premises across the Wirral, including 6 premises in Hoylake and West Kirby were visited. 1 person was arrested from the visits in Hoylake and West Kirby compared to 14 from the other six visits; this gives a clear indication that the message not to abuse drugs in this neighbourhood is patently getting through.
- The level of Anti Social Behaviour has reduced by 23% compared to last year. This is the 2nd biggest reduction on the Wirral and places us only slightly behind Heswall neighbourhood (as 2nd out of 8) who have recorded less ASB but do not have a recognised Night Time Economy Area.

**Sent:** 07 April 2008 15:41  
**To:** HESFORD, Stephen  
**Subject:** Hoylake.

The Residents of Hoylake are applying to the Council for a Cumulative Policy to be added to Wirral Borough Council Licensing Policy.

We hope that you will write a letter of Support to this application to the Licensing Department.

We have worked Independently and Non Politically up to now to deal with the problems which we suffer as a result of the Wine Bars in Hoylake and the Hot Food Outlets working late into the night.

We also oppose the Licensing Act which allows Temporary Event Licences to Public Houses etc. 12 times per year without any consultation with Residents.

Yours Sincerely,

Jackie Hall.

Message sent via TelecomPlusMail - <http://webmail.go-plus.net>

10/04/2008

Up to 8/14/08  
sheets 1-7 = 186

**To Wirral Borough Council Licensing Committee.**

The Residents of Hoylake wish to apply to Wirral Borough Council for a Cumulative Policy, for a restricted area of Hoylake [see enclosed map,] to be added to the Licensing Policy of the Council.

The reasons for this are public safety, low level crime and disorder, disruptive and abusive behaviour and public nuisance and the protection of children from harm.

We feel that the presence of the Bars has had an adverse effect on the quality of life for Residents, who are fearful to venture out in their own Village, particularly on Friday and Saturday nights, as they are intimidated by the revellers.

The Wirral Urban Development Plan 2000 SH1 states that Residents have a right to a peaceful enjoyment of their property.

The present number of Bars cause nuisance and lead to loss of amenity to Residents, by reason of noise and disturbance, and any further Bars would be impossible for all the Services [Police, Fire, Environmental Health etc ] to manage.

This letter has been accepted by the enclosed list of Residents at a Public Meeting on Monday 31<sup>st</sup> March 2008.

**Evidence in support is to be supplied.**
