

DRAFT COMMUNICATIONS POLICY

JANUARY 2012

Improving Communications - Improving Services

The principal aim of the Fund is to provide secure pensions, effectively and efficiently administered at the lowest cost to the contributing employers.

The Fund is committed to providing comprehensive information to all stakeholders, through the most appropriate communication medium. Effective communication cannot be left to chance and this document outlines the methods the Fund uses to meet this objective.

This statement will outline the Fund's policy on:

- Information to members, representatives and employers.
- The format, frequency and method of distributing such information.
- The promotion of the Scheme to prospective members and their employing authorities.

The 'Five Pillars'

The Fund has five key principles that support all of its communications. That all communication:

- Is factual and presented in plain language
- Is looked upon as involving a dialogue with others
- Is designed in a manner appropriate to its audience
- Is planned, co-ordinated and evaluated
- Exploits the developments and improvements of new technology.

Access to Communications

The Fund is committed to make all necessary and reasonable adjustments to help members who require assistance to access our communications. The Fund's Welfare Officer can arrange large print, audio or Braille versions of all printed literature.

All print and electronic communications are designed with full consideration for those with additional needs. This is to ensure that **all** members can access our services. All communications media is measured against accessibility standards. The Fund is assisted by various partner organisations in fulfilling the objectives of the Equality Act 2010.

HOW DOES THE FUND COMMUNICATE WITH STAKEHOLDERS?

Printed Literature

The Fund produces all paper based communications in a corporate style, be that brochures, guides or individual letters. A consistent approach is taken with colour coding to help differentiate literature for specific audiences. All key communications are produced in printed and electronic formats and distributed to members as appropriate.

Public Enquiry Counter

For those members who prefer 'face to face' communication the Fund's offices are centrally situated in Liverpool city centre and are easily accessible by public transport from all areas of Merseyside.

A public enquiry counter is situated on the 7th floor of Castle Chambers, 43 Castle Street, open from 9 to 5, Monday to Friday. Private interview rooms are available for members who wish to discuss confidential matters.

Appointments can be made to discuss specific pension options or problems and if necessary, appropriate staff can visit a workplace or members at home in cases of special need.

Internet

The Fund has two websites that can be accessed via the portal:

www.merseysidepensionfund.org.uk

Both websites have proven to be popular, valuable and immediate sources of information for members and other stakeholders.

Information about the Scheme is updated by Fund staff in a consistent, professional and accessible format. Electronic copies of Fund literature, policies and reports are available to download, for example, the 2012 Communications Policy.

The Fund provides online forms and secure areas on both websites for members and employers to conduct some business electronically, rather than using more traditional methods of communication.

Members' Website – mpfmembers.org.uk

The website is specifically designed into individual sections for active, pensioner, deferred and dependant members, reflecting the diverse needs of our membership. The site provides explanation, guidance and updates for all categories of member.

An important part of the website is given over to the governance of the Fund, its statutory responsibilities and investment performance. This demonstrates the Fund's commitment to transparency in our dealings with members and all stakeholders.

Scheme members also have the opportunity to securely access their own records, calculate benefit projections and to update home address information.

Employers' Website – mpfemployers.org.uk

A website for employer specific communications, the website is secured by a username and password available on request by an Employers Pension Liaison Officer.

It details the processes, procedures and forms required to effectively discharge the duties of an employer participating in the Scheme. Regular news items, such as changes to legislation, consultations and general administrative updates are communicated regularly to all registered users of the website.

Scheme Reform Website – lgps2015.org

The Government is committed to the wide-ranging reform of the LGPS, following the publication of Lord Hutton's Final Report on 10 March 2011. The Fund has created a specific website for co-ordinating information, updates, surveys and consultations with its stakeholders. This site will be removed on completion of the establishment of a new scheme, expected in April 2015.

Social Media

The Fund websites will make considered and appropriate use of social media tools to engage with our members. Extending the use of our e-mail alert service, together with establishing a Fund presence on Facebook and Twitter, demonstrates the Fund's ongoing commitment to keeping up to date with the latest and fastest growing channels of communication.

Telephone

All Fund communications have a published telephone number. The number may be a general enquiry number, a workgroup or helpline number (such as Pensions Payroll) or in individual cases, a direct telephone number to the staff member responsible.

For training purposes and as part of its continual improvement programme, the Fund may monitor and record calls.

Fax, Mail and E-Mail

For general communications, the Fund has a central FAX number, email account and postal address.

Presentations & Courses

The Fund delivers standard or tailored presentations on a wide range of subjects for both Employers and their staff. These presentations are provided at the request of Employers at geographically convenient locations by Fund staff and other specialists.

The Fund pro-actively arranges courses on wider topic areas and invites appropriate third parties to assist Fund staff in presenting relevant information, workshop activities and also to provide relevant support materials to take home. Courses can be delivered at Employer sites or at the Fund premises in Liverpool city centre.

A list of presentations and courses is available from the Fund website and by request from the Communications team on **0151 242 1392**.

Roadshows

The Fund can attend 'Roadshow' events arranged by employers where experts are present to give information to members and prospective members about the Scheme. These Roadshows can be run on a surgery basis with half-hour time slots for members and prospective members. This is particularly useful for employers with small numbers of staff.

Newsletters

Beeline is the Fund's **in-house newsletter published on average twice a year**. With an audience of Scheme members and eligible non-members the newsletter aims to provide topical news, engaging articles, competitions and the latest information about the Scheme and pensions in general.

HoneyPot is the Fund's in-house newsletter for pensioners. **Published annually**, the newsletter proves to be a useful way of providing updates on relevant changes in legislation, topical news, competitions, letters and in general maintaining a dialogue with our pensioner members.

Deferred members receive a newsletter called "The Hive" with their Annual Benefit Statement, again providing updates on relevant changes in legislation, topical news and reminding the member to keep the Fund notified of any future changes in address.

Annual Report & Accounts

The aim of the report is to highlight the important issues affecting the Fund over the previous twelve months, along with detail on both investment and administration performance.

The Report & Accounts are distributed at the annual employers' conference in November and posted to all Employers unable to attend. Additional copies are available on request and an electronic version is available for download from the website. A summary of key messages and facts are published in the newsletters at the earliest opportunity.

Member's Home Addresses

The Fund maintains the current home addresses of all members; this is used for distribution of all key communications with the exception of the beeline newsletter which is circulated by Employers. The Fund uses every opportunity to remind members on the importance of keeping the Fund informed of any change of address.

Who are the stakeholders of the Fund and what is provided to them?
