

WIRRAL CHILDREN'S TRUST BOARD – 20th MARCH 2012

THE CHILDREN AND YOUNG PEOPLE'S PLAN: REVIEW OF 2011-12 AND THE NEW PLAN FOR 2012-2013

1.0 Background

- 1.1 The Children and Young People's Plan (CYPP) is a overarching strategic plan developed by Wirral Children's Trust for all organisations providing services for the children and young people of Wirral. The CYPP is reviewed annually.
- 1.2 In April 2011 Wirral published a one year CYPP 2011-2012. The plan covered all the services for children and young people in the Borough and brings together all the strategic and operational plans to improve their lives and enable them to achieve their potential. This plan ends on the 31st March 2012 and a review of the final year of the plan has been carried out. In addition a new plan has been produced for 2012-13. The new plan identifies clear priorities and outlines how they will be delivered.
- 1.3 In addition to the main plan a children and young people's version of the plan will be produced and a feedback response report to the consultation carried out will be provided to those who took part. An equality impact assessment document has also been produced and this will be provided to a future board meeting. The plan and associated documents will be published on the Wirral Children's Trust Website (hosted by Wirral Council) and where appropriate teenWirral website.
- 1.3 The CYPP annual review and production of the new plan was carried out by multi-agency strategic groups linked to five outcome areas. The groups consist of representatives from all agencies working with children and young people in Wirral. The priorities were informed through needs analysis including consultation with young people.
- 1.4 The Children's Trust Executive will progress the implementation of the new CYPP through overseeing the activity of named project leads through the strategy groups. Quarterly performance reports will be presented to Wirral Children's Trust Board along with an annual report from each strategic group. The Board will monitor the delivery of the plan and provide support and challenge as required.
