

USE OF COUNCIL IT FACILITIES

CODE OF PRACTICE - MEMBERS

1. In order to assist Members carry out and discharge their role effectively, the Council provides personal computers with necessary software, peripheral hardware, telecommunications services and consumables ("IT Facilities") to all Members. When using the IT Facilities provided, Members are required to adhere to this policy.
2. This policy outlines the manner in which IT Facilities, should be used by Council Members and should be considered in conjunction with any guidance issued in relation to the use of IT Facilities, in particular in relation to email and internet use.
3. This policy must be signed by all newly elected and re-elected Members.
4. All IT Facilities provided by the Council shall remain the property of the Council and must be surrendered to the Council in the event that a Member ceases to be a Wirral Councillor. In this event access to Council electronic systems will be suspended and terminated within ten working days.
5. IT Facilities are provided for the sole use and benefit of Council Members and must be used primarily for Council business. Use by family / friends and the like is not permitted.
6. Members are expected to demonstrate a responsible approach to the use of the IT Facilities provided and are expected to behave in a legal, moral and ethical fashion that is consistent with Council policies and standards.
7. All access to the Internet using computer systems (including portable computers) provided by the Council should be via the Council's network and established filtering system. This means that inappropriate sites will be blocked and a log of visited sites will be kept. These logs will be routinely monitored and will be used to assist in the investigation of inappropriate use.
8. It must be recognised that any view communicated over the Internet will be deemed to be the view of the Council, and will in most cases be treated as equivalent to correspondence sent by traditional formal routes. Any personal view expressed via a Council e-mail address should be endorsed "The contents of this e-mail are the personal view of the author and should in no way be considered the official view of Wirral Metropolitan Borough Council".
9. Members must use a password to log on to the computer provided as part of the IT Facilities. Members must not disclose their password to another person. In the event that the password becomes known by anyone (or a Member suspects it has become known) then the password must be changed immediately.
10. Members IT Facilities are configured to comply with the Council's ICT Security Policy and to meet the requirements of the Governments Code of Connection to Public Services Networks. Any unauthorised changes may contravene these policies therefore configurations must not be changed and Members must not attempt to add additional hardware, load software or connect personal devices to the Council's computers or networks. Use of a personal e-mail account is permitted and will be configured on request by the Council's corporate IT section.

11. All software provided by the Council with the computer, or subsequently, remains the property of the Council, or the licensing organisation as appropriate, and may not be shared or copied to another computer/device without written authorisation from the Head of Legal Services.
12. The security of any personal data held on a Council provided computer is the responsibility of the Member and recovery of such data cannot be guaranteed should the computer need repair. Members are responsible for the backing up of data held on the computer in accordance with any guidelines issued.
13. Members should print only essential material, and should check the length of a document before printing. Consumables, e.g. printing ink and paper provided by the Council should only be used for Council business.
14. In accordance with the Local Government Act 1986 and the Local Authority Code of Practice on Publicity, Members should not utilise IT Facilities for any party political purpose or to publish any material which in whole or part appears to be designed to effect public support for a political party. Members should have due regard to any guidance issued by the Council concerning the use of IT Facilities.
15. In the interest of national security, Members using Government Connect Secure Extranet (GCSx) or Government Secure Intranet (GSI) e-mail addresses may have their communications monitored by Government agencies. The contents of a Member's e-mail folders may be accessed by officers of the Council, or Police Officers, as part of any investigation into inappropriate use of e-mail, or complaint against the conduct of a Member.
16. Members must not automatically or manually forward electronic mail from a Wirral Council email account to another email account in a lower classification domain (ie - an internet email account such as Hotmail or personal email account).
17. The Information Commissioner has the power to fine public sector organisations up to £500,000 in the event that unencrypted personal or sensitive data is lost or stolen. Members should therefore avoid downloading or storing such data on their computer's internal disk. In the event that a computer is lost or stolen then this must be reported to the Council's corporate IT unit within four working hours of the loss or theft being discovered.
