16 JANUARY 2014

SUBJECT	REVENUE MONITORING 2013/14 MONTH 8 (NOVEMBER 2013)
WARD/S AFFECTED	ALL
REPORT OF	DIRECTOR OF RESOURCES
RESPONSIBLE PORTFOLIO HOLDER	COUNCILLOR PHIL DAVIES
KEY DECISION	YES

1 EXECUTIVE SUMMARY

- 1.1 This report sets out the revenue position for 2013/14 at Month 8 (November 2013) and actions to minimise risk.

2 RECOMMENDATIONS

Cabinet is asked to note and /or agree:

- a) at Month 8 (November 2013), the full year forecast projects a General Fund under spend of £884,000. Cabinet previously agreed for the earmarking of the M7 £519,000 forecast underspend against future Council restructuring costs.
- b) the use of up to £250,000 of General Fund Balances to fund additional costs to the Council of the clean up and repairs to infrastructure from the recent exceptional weather events as outlined in paragraph 6.3 and the appropriate replenishment of General Fund Balances from any increased forecast underspend.

3 OVERALL POSITION AT MONTH 8 (NOVEMBER 2013)

- 3.1 Month 8 shows a projected General Fund underspend of £884,000 (compared to the month 7 position of a £519,000 under spend). A number of departmental underspends have been earmarked against ongoing or emerging financial issues. An allocation of £1.6 million against the £2 million savings profiling account (page 7 of the Budget Book and Forecasts 2013-16) is assumed.

4 CHANGES TO THE AGREED BUDGET AND VARIATIONS

4.1 The Budget for 2013/14 was agreed by Council on March 5, 2013 and is detailed in [Annex 2](#); any increase in the Budget has to be agreed by full Council. Changes to the budget have occurred since it was set and these are summarised in the table below. These are detailed in [Annex 3](#).

4.2 A new Council structure has been introduced for 2013/14. The Budget Book and forecasts 2013-16 was published with a number of assumptions regarding service splits which have since been refined.

4.3 From this month the budgets for Investment Strategy and Business Support (previously shown within the Regeneration Service Area) have been separated as have Directorate Management Support (previously reflected within the Chief Executive Department).

4.4 The main report will only comment on large variations (Red and Yellow items). The 'variations' analysis, over 27 budget areas, distinguishes between overspends and underspends. The 'risk band' classification is:

- Extreme: Overspends - **Red** (over +£301k), Underspend **Yellow** (over -£301k)
- Acceptable: Amber (+£141k to +£300k), Green (range from +£140k to -£140k); Blue (-£141k to -£300k)

Table 2: Extreme Departmental Projected Budget variations

	Chief Exec	People	Places	Trans & Res	Total	Percent of total
Red Overspend	0	1	0	1	0	5.80%
Yellow Underspend	0	0	1	1	0	5.80%

The full Table is set out at [Annex 4](#)

Although no Directorate is currently forecasting an overspend position there are two Business Areas forecast at red. These relate to the following: Transformation and Resources Business Processes currently forecast at £700,000 overspend (net of any other compensatory saving measures) due to forecast unachieved savings of £1.3 million relating to court costs income. The £700,000 will be funded from savings within other staffing and Treasury Management budgets within Transformation and Resources. The second red rating is in regard to Specialist Services within People – Children & YP & Schools. This is due to an increase in residential placements forecasting a £541,000 net overspend. The overspend will be covered from other areas of the department.

There are, at the moment, two Business Areas forecast at Yellow.

The Transformation and Resources yellow rating relates to treasury management savings from use of internal borrowing in lieu of borrowing and capital scheme slippage.

The Places yellow rating relates to Environment & Regulation under spend of £371,000. This is for a number of reasons detailed in 4.6 Places.

4.5 The reporting process identifies over or underspends and classifies them into risk bands. The projection is for one area of underspend for 2013/14, as set out in the table below, which records one department as yellow:

4.6 Within the various directorates there have been the following developments:

- **Chief Executive's:** Underspend of £106,000 is currently forecast (Month 7 was forecast at £110,000).
- **People:** No overall variance is forecast at present (no change from previous month). Early implementation in 2013/14 of some measures to repay one-off funding, which supports the 2013/14 budget has occurred. These were originally scheduled to commence in 2014/15 and have enabled monies to be used:
 - Adults: There is significant progress on Learning Disabilities through realignment of community care budgets and an overall Directorate underspend is forecast. Management actions previously planned have delivered reductions in residential placements and increased NHS income. Accordingly £1.4m is currently projected as available in 2013/14. Any monies identified will be earmarked to contribute towards an adjustment to income of £2m to reflect the actual in year income performance as detailed in Annexe 12 or against the 2013/14 loan repayment.
 - Childrens: A number of variances are assumed as covered by the corporate savings profiling account. £1.5 million is forecast to be available in the year to contribute towards bridging the 2013/14 loan in 2014/15.

	Adults	Children	Total
Saving 2013/14	1.400	1.500	2.900
Use in 2013/14	-1.400	-0.000	-1.400
C/forward to 2014/15	<u>0.000</u>	<u>1.500</u>	<u>1.500</u>

- **Places:** The net saving forecast is £435,000 (month 7 nil). A significant saving has been achieved as a result of the early implementation of savings relating to Supporting People. £1.3 million has been earmarked to resolve a number of annex 12 issues, which cover all directorates.

Within Environment and Regulation there are savings forecast against Environmental Health, Parks & Countryside and Waste & Environment. The Environmental Health savings includes increased income from export certificates. The Waste and Environment savings are derived from increased income from the School waste and Garden waste collections combined with a lease rental saving from the wheelie bin lease buyout. The savings with Parks & Countryside are mainly around vacancy savings and the impact of the Council's spending freeze delaying much of the planned works.

- **Transformation & Resources:** A £249,000 underspend is currently forecast (unchanged from Month 7), mainly as a result of insurance fund contract and capital financing savings.

Graph 2: 2013/14 Department Variance, by month

4.7 To complete the analysis, the table below sets out the position by category of spend/income. The largest area of variance concerns customer and client receipts. This reflects the shortfall in Council Tax court costs income and an adjustment made to reflect that not all income raised will be received in year requiring a possible contribution to bad debt provision.

Note: For explanations of red or yellow variances please see [Annex 4](#).

- 4.8 Schools expenditure is funded from the Dedicated Schools Grant, as this grant is ring fenced any over/under spend will not impact on the General Fund.
- 4.9 After agreeing the 2013/14 budget, a number of budgetary issues were identified as requiring further corrective action. A number of items have been dealt with in previous monitors. Details of the issues are contained within [Annex 12](#).

5 IMPLEMENTATION OF 2013/14 SAVINGS – THREE TYPES

- 5.1 The delivery of the **March 5 Council** savings (Type 1) is so key to the Council's financial health, that they are being tracked at Council and Directorate level. The assumption is that, where there is slippage, the Strategic Director will implement replacement savings. Detail is at [Annex 5](#).

Note: Budget Book page 56-58. Replacement savings cover shortfall in Court costs option

5.2 There are currently three savings options identified as red rated. They relate to

- Review of Residential Care for Learning Disabilities
- Council Tax Court Costs
- Assistive Technology

5.3 **The one-off funding** in 2013/14 for Adults and Children, requires that they identify equivalent savings (Type 2) during 2013/14 for 2014/15. It is expected that some of the savings will start in 2013/14. As this is identified and delivered, it is presented in Table 6 below and detailed in Annex 6:

Table 6: Replacing £13.7m one-off 2013/14 funding (£000's)

BRAG	Number of Options	Saving Proposed 2013/14	Saving Delivered 2013/14	Saving Proposed 2014/15	Saving Proposed 2015/16	Total Saving Proposed 2013/16
Adults 8.8	30	1,394	0	6,758	1,690	9,842
Children's 4.9	7	1,500	1,500	1,500	1,800	4,800

Total 13.7	37	1,500	1,500	8,258	3,490	13,248

Note: Further proposals require identification. Total proposals may end up being greater than target to allow for slippage. Any savings achieved in 2013/14 will firstly reduce any annexe 12 issues and then assist with loan repayments in 2014/15.

5.4 The **spending freeze** was extended into the 2013/14 financial year, for three reasons:

1. **Risk.** The increased level of financial risk in 2013 included items that introduced change from April 2013 for which there was no evidence on which to judge that the risk had diminished, remained the same, or increased.
2. **Closedown.** The outturn for 2012/13 was not available to Cabinet until June 13th. There was a risk that the outturn could be worse than the M11 forecast of a £7.4m overspend. The continued progress in financial management resulted in an actual 2012/13 overspend of £4.7m. An additional £0.9m was also identified for release from reserves. This has enabled £3.6m to be added to General Fund Balances.

3. **Change.** The 2013/14 budget has built in a greater level of savings than has ever been attempted in the Council's history. Although reasonable assumptions have been made, there is the danger that a worse case could occur.
- 5.5 Cabinet 10 October 2013 agreed that the spending freeze should be continued until further notice to aid good financial management.
- 5.6 The detailed freeze items are set out at Annex 7. The purpose of the exercise is to reduce any projected overspend, which by Section 28 of the Local Government Act 2003, is the duty of the Council, that is, all of its Members.
- 5.7 The 2013/14 Revenue Budget addressed a number of budget issues that were identified during the year. This has been done in a number of ways:
- Base budgets were increased by £8.0 million;
 - One-off funding of £13.7 million (see paragraph 5.3 above);
 - Suppressing Demand by £3.4 million.
- Suppressed demand in Children and Young People totals £1.9m which is being managed during the year. 2012/13 saw improvement in care costs and transport, which resulted in misaligned budgets and budget growth pressures being less than anticipated. Budgets were also reduced where savings were achieved in 2012/13 in areas such as Children in Need, Traded Services and in general expenditure controls. The remaining suppressed demand of £1.5million relates to Adults.
- 5.8 The 2013/14 budget includes a savings profiling account of £2 million and a Change Management Implementation Fund of £4 million. The majority of savings included within the budget were calculated on a full year basis. However it was known that a number of savings would only achieve a part year impact in 2013/14. This is particularly the case where staffing reductions were required. The delivery of savings is under constant review and Directorates are examining ways of funding any slippage before a call on central funding is requested. The latest forecast staffing savings slippage is estimated at £1.6 million and, should this not be financed internally by Directorates, will be earmarked against the Savings Profiling account (page 7 of the Budget Book and Forecasts 2013-16).
- 5.9 Due to the financial management processes outlined above, the budget position as reported in this and previous monitors remains stable.
- 5.10 Cabinet 19 September agreed the transfer of up to £1 million from the Efficiency Investment Fund to Regeneration and Environment to fund the implementation of the revised Street Cleansing contract as per the agreed 2013/14 budget savings option. A sum of £1million was estimated to cover costs such as redundancies, part funding of the saving prior to contractual change date and any other transition costs.

6 CONTROL OF GROWTH

- 6.1 The impact of demographic change and financial cover for risk - that is outcomes that could be worse than assumed - was built into the budget as set out in Tables 7 and 8, and is detailed at [Annex 8](#). The tables below reflect the assumptions at the time of setting the 2013/14 budget. These will be updated in the future to reflect any agreed changes and allocations when setting the 2014/15 budget.
- 6.2 As part of the preparation for the 2014/15 budget, directorates are providing confirmation and supporting evidence for their future year growth requirements.

Notes: inflation incorporated into departmental budgets amounts to £2.464m. £1m pay inflation against T&Cs . £0.7m pay inflation relates to market supplements and other employee costs. Savings profiling may reduce where directorates can self fund.

- 6.3 The storm in early December resulted in additional cost to the Council. This included additional staffing and cleansing costs, plus repairs to infrastructure and street furniture such as shelters, bins and benches. Costs are being assessed but it is prudent given the exceptional circumstances to make allocation for these costs from General Fund Balances. General Fund Balances exist to help fund exceptional items. Once drawn down balances will need replenishing. It is recommended that part of the forecast revenue underspend at year end this is used for replenishment.

7 INCOME AND DEBT

- 7.1 The Council's income arrangements with regard to non Council Tax and Business Rates were reviewed and reported to the 23 May Cabinet. Revenue and Income falls into the four broad areas shown below for reporting purposes, which will be developed:

Table 10: Amount to be collected in 2013/14

	2013/14	2013/14	
	Collectable	Collected	%
	£000	£000	
Council Tax	135,526	99,252	75.1
Business Rates	70,007	54,218	77.5
Fees and charges – Adults	54,424	26,647	50.0
Fees and charges – all other services	43,667	35,585	81.5

- 7.2 There is a backlog of Accounts Receivable debt to be processed in the areas of fees and charges. Reporting will continue until a normal level of debt is reached. The detail is at [Annex 9](#).
- 7.3 A high risk income item is that required from residents who previously paid no Council Tax. The graph below tracks collection performance against the budget assumption.

Graph 3: Projected/Actual Council Tax Support Collection by month £000

- 7.4 The Council Tax Support Scheme was introduced in April. This involved billing a large number of properties who have not previously paid Council Tax, having previously received benefit at 100%. An overall collection rate of 75% generating £2.25 million has been assumed. The forecast is that £1.98 million (66%) will be collected by 31 March with recovery actions post 31 March increasing the collection to the target figure. At 30 November collection was

39.1% which is ahead of target, and equates to £1,199,000.

- 7.5 Recovery from non Council Tax Support recipient debtors is continuing as normal. Action taken to recover from those of Working Age that previously received Council Tax Benefit is ongoing. Repayment plans offering weekly/fortnightly instalments were offered to those contacting the Council, 5,054 applications for Deduction of Benefits have been made since July, 82% higher than last year. Where possible attempts to collect by Attachment of Earnings and Benefits will be prioritised however inevitably in some cases this will not be possible and alternative methods including Bailiffs will need to be utilised.
- 7.6 Business Rates income collection was 77.5% during November. This is higher than the 76.4% collected at the equivalent period in 2012/13. Comparisons are difficult as large increases/decreases in Rateable Values are reflected in the collectable amount. The taxbase change has resulted in an extra £1 million to be collected in the first 8 months of this financial year. The timing and amounts of refunds may also affect the comparison. Recovery procedures have been tightened with debt being pursued earlier and the position is being closely monitored.
- 7.7 Issues regarding the collection of sundry debt were reported to Cabinet on 23 May 2013. The use of reserves has been earmarked to fund any increased need for debt write offs or increase to the bad debt provision. A significant amount of income has been received to reduce the level of debt and therefore the call on reserves.

8 MANAGEMENT ACTIONS

- 8.1 The Departmental Directors and the Chief Executive's Strategy Group seek to identify actions to keep spend within the Budget allocated – these actions are detailed in Annex 10. Any spend freeze agreed decisions are reflected within the tables above.
- 8.2 Updated financial regulations have been agreed by audit and risk management committee. The regulations include the updating and clarification of a number of financial procedures including budget virements and the treatment of year end over and underspends.

9 CASHFLOW

- 9.1 Active cash flow management is a fundamental part of the Treasury Management Strategy. Borrowing for funding the 2013/14 capital programme, as in past years has been delayed via temporary use of internal reserves and cash balances. The consequence of this is that interest receivable will be below budget due to funds not being available for investment but this will be more than compensated for by reduced borrowing costs. Interest rates payable on investments have also declined during the year. A pilot study is in progress using monthly expenditure and income profiled budgets. This it is hoped, will aid proactive spending decisions and assist to get income to arrive

earlier to improve the Council's cashflow and earn additional interest income.

10 RELEVANT RISKS

10.1 The possible failure to deliver the Revenue Budget has been mitigated by:

- The training of cost centre managers to improve skill levels; four events on profiling and forecasting budgets have been delivered to over 160 cost centre managers with the next event planned on building next year's budget.
- A specific tracking system of savings to ensure delivery;
- Improvements to procurement compliance, to generate more savings and better monitoring information;
- A monthly review by Chief Officers, and Cabinet, together with an improved Scrutiny regime, and greater transparency;
- Individual monthly review by Cabinet Portfolio holder at portfolio meeting;
- Agreement that Strategic Directors are to fund any slippage not covered from central funds;

11 OTHER OPTIONS CONSIDERED

11.1 Any option to improve the monitoring and budget accuracy will be considered.

12 CONSULTATION

12.1 No consultation has been carried out in relation to this report.

13 IMPLICATIONS FOR VOLUNTARY, COMMUNITY AND FAITH GROUPS

13.1 As yet there are no implications for voluntary, community or faith groups.

14 RESOURCE IMPLICATIONS: FINANCIAL, IT, STAFFING AND ASSETS

14.1 Cabinet 18 February 2013 agreed a revised 2013/14 General Fund balance risk calculation of a minimum of £13 million. The level to be achieved by March 2014 is £17.7m.

Table 10: Summary of the projected General Fund balances

14.2 The current levels of Earmarked Reserves are shown in Table 11 with a full listing included at [Annex 11](#).

Table 11: Earmarked Reserves 2013/14

	Balance at 1 April 2013 £000	Movement in year £000	Current Balance 30 Nov 2013 £000

Total Reserves	64,776	(1,715)	63,061

Note: Some reserves will only be applied at year end.

- 14.3 The delivery of permanent savings on staffing budgets requires initial costs to be incurred for redundancy costs and where applicable pension. Provision of £5.5 million has been made for these costs and this remains the latest estimate for the implementation of the 2013/14 savings.

15 LEGAL IMPLICATIONS

- 15.1 The entire report concerns the duty of the Council to avoid a budget shortfall as outlined at paragraph 5.6. The Chief Finance Officer is under a personal duty under the Local Government Finance Act 1988 section 114A to make a report to the executive if it appears to him that the expenditure of the authority incurred (including expenditure it proposes to incur) in a financial year is likely to exceed the resources (including sums borrowed) available to it to meet that expenditure.
- 15.2 If the Chief Finance Officer reports that there are insufficient resources to meet expenditure, the Council is prevented from entering into any new agreement which may involve the incurring of expenditure at any time by the authority, until the report is considered, and if the problem is ongoing until it is resolved.

16 EQUALITIES IMPLICATIONS

- 16.1 This report is essentially a monitoring report which reports on financial performance. Any budgetary decisions, of which there are none in this report, would need to be assessed for any equality implications.

17 CARBON REDUCTION IMPLICATIONS

- 17.1 There are no implications arising directly from this report.

18 PLANNING AND COMMUNITY SAFETY IMPLICATIONS

- 18.1 There are no implications arising directly from this report.

19 REASONS FOR THE RECOMMENDATIONS

- 19.1 The Council, having set a Budget at the start of the financial year, needs to

ensure that the delivery of this Budget is achieved. This has to be within the allocated and available resources to ensure the ongoing financial stability of the Council. Consequently there is a requirement to regularly monitor progress so that corrective action can be taken when required which is enhanced with the monthly reporting of the financial position.

RAGBY REPORTING AND OTHER ISSUES

The Red and Yellow RAGBY issues that are the subject of corporate focus are detailed in the following sections by

- Business Area (by Department identifying the service in the Council Estimates (Green Book)) and,
- Subjective Area (by the type of spend / income).

Business Area Reds

	Chief Exec	People	Places	Trans & Res	Total	Percent of total
Red Overspend	0	1	0	1	0	5.8%
Value £000s/ % Overall Net Budget		541		700		2.5%

A shortfall on the court costs savings option has resulted in a red rating (Transformation and Resources).

An increase in residential placements has resulted in a red rating (People CYPD)

Business Area Yellows

	Chief Exec	People	Places	Trans & Res	Total	Percent of total
Yellow underspend	0	0	1	1	0	5.8%
Value £000s/ % Overall Net Budget			370	849		1.5%

Savings on treasury management due to use of internal borrowing and scheme slippage has produced a yellow rating (Transformation and Resources).

A combination of factors are contributing to a yellow rating within Places – Environment & Regulation.

Subjective Area Reds

Expenditure

Customer/Client Receipts: The forecast of £2.47 million below budget is largely due to the £2m income adjustment referred to in paragraph 4.5 in the main report and the shortfall in Council Tax Court Costs income.

Supplies and Services: The forecast of £876k above budget in this area is due to a forecasted overspend in DASS community care.

Subjective Area Yellows

Expenditure

Third Party Payments: The forecast £0.8 million under spend is a result of various savings within Adult Social Services, Children and Young People, and Transformation & Resources.

Other Grants and Reimbursements: The forecast of £1.5 million variance is due to expected over recovery of income within Adult Social Services.

Financing Costs: The forecast of £1 million underspend is due to capital programme slippage and savings against the Minimum Revenue Provision budget.

Employees: The forecast of £800k under spend is due the revised savings option within Transformation and Resources.

Annex 9 INCOME AND DEBT

Council Tax

The following statement compares the amount collected for **Council Tax** in the period 1 April 2013 to 30 November 2013 with the amount collected in the same period in 2012/13:

	Actual 2013/14 £	Actual 2012/13 £
Cash to Collect	135,525,770	125,771,529
Cash Collected	99,252,118	94,509,367
% Collected	73.2%	75.1%

Council Tax benefits has been abolished and replaced by Council Tax support and the numbers and awards as at 30 November 2013 are as follows:

Number of Council Tax Support recipients	38,089
Total Council Tax Support expenditure	£27,842,000
Number of pensioners	16,274
Number of vulnerable	7,213
Number of working age	21,815

The level of collection reflects the increased charges to those charge payers now in receipt of Council Tax Support and having to pay a minimum of 22% of the annual charge as well as the increased charges in respect of reduced discounts and exemptions. Overall there is an extra £10 million to be collected for 2013/14. Council Tax Support claimants of Working Age total 21,818, this includes 6,668 who receive maximum support leaving 15,150 paying at least 22%. This Council Tax Support debt is £3,065,591.

A Council Tax Discretionary Relief policy was agreed by Cabinet in October and funded to a maximum of £50,000. An application form has been placed on the web. No awards have been made to date. I will report, next month, in a similar way to the Discretionary Housing Payment report shown later.

Business Rates

The following statement compares the amount collected for **National Non-Domestic Rates** in the period 1 April 2013 to 30 November 2013 with the amount collected in the same period in 2012/13:

	Actual 2013/14 £	Actual 2012/13 £

There are **42,110** benefit recipients in Wirral as at 30 November 2013.

Under Occupancy regulations

From 1 April 2013 property size criteria was introduced to working age tenants of social housing (Registered Providers). Where a claimant is deemed to be occupying accommodation larger than they reasonably require, Housing Benefit (HB) levels have been restricted as follows:

- One “spare” bedroom incurs a 14% reduction. In Wirral the current average is £12 weekly and there are 2,892 households affected;
- Two or more spare bedrooms incurs a 25% reduction – the Wirral average is currently £21 weekly and there are 687 affected;
- Out of a total social sector HB caseload of 16,970 - 3,579 are currently affected by this. Numbers have reduced slightly as the reduction has, in some cases, been overridden due to the claimant's circumstances.

Discretionary Housing Payments

The tables below profile the position of Discretionary Housing Payment (DHP) administration and associated spend. DHP is not a payment of Housing Benefit and is funded separately from the main scheme. Whilst traditionally it was seen as a short term measure to financially assist those who had difficulty in meeting a rental shortfall, increasingly the nature of awards is changing as the impacts of Welfare Reform roll-out. The Department for Work and Pensions see such awards, for which the Government contribution has increased, in many cases as supporting people through

the transition of reform, allowing them time to rebudget, increase their income or to secure a DHP award to help with moving costs.

The Government contribution for 2013/14 is £917,214 with an overall limit of £2,293,035 which the Authority must not exceed. In direct recognition of the impacts of the Reforms, the DWP also made a further £10 million Transitional Funding available for 2013/14, of which Wirral's share is £64,000. Spend is closely monitored, with year end spend forecasted on a monthly basis. Whilst the percentage spend to date, at 54%, is lower than this time 2012/13, the escalating impacts of reforms such as Social Sector Size Criteria and wider increase in people struggling to manage financially as a result of a myriad of change, means that it is expected that Wirral will use up the full government contribution by year end. £35,000 has been allocated to Housing Options to meet rent deposits to enable people to move into sustainable tenancies and they have allocated £11,690 of this to date.

Local Welfare Assistance

From April 2013, the discretionary Crisis Loans for Living Expenses and Community Care Grant elements of the Social Fund were abolished and replaced in Wirral by our new Local Welfare Assistance Support Scheme (LWA). For 2013/14 Wirral's scheme is supported by a £1,345,925 Government Grant. Wirral's scheme replaces cash payments in favour of suitable alternatives where at all possible e.g. through the provision of pre payment cards for food and fuel and direct provision of white goods. The scheme is to be reviewed to see how implementation has gone and for possible scheme alterations. The number of applications is rising on a week by week basis.

LWA details for period from 02 April 2013 to 30 November 2013:

Number of awards granted for food	2,296	value	£101,914
Number of awards granted for fuel	1,760	value	£34,338
Number of awards granted for goods	642	value	£156,183

Total number of households receiving an award	2,765	value	£292,434
--	--------------	--------------	-----------------

Number of claims not qualifying for assistance	2,172
--	-------

We have made arrangements for additional publicity to raise awareness of the scheme, particularly to help people experiencing crisis or financial difficulty over the winter months.
