Hi Gemma

Thanks for the application from [REDACTED]. It looks interesting but we have one major problem before we go any further - how does the company pass the local competition test? As far as we can tell from the information provided they are a basic metal fabrication company of which there are many already trading in Wirral and serving the local market. You will no doubt remember from Panels you have attended that where a business is trading mostly in Wirral the Panel have been reluctant to support applications as it could be construed as giving an unfair advantage.

Give me a call if you need to discuss

Ignore the attachments on the last email, they are the files prior to the weekend. These files attached are the correct ones.
