## CABINET

10 FEBRUARY 2015

<b>SUBJECT:</b>	<b>SCHOOLS BUDGET 2015/16</b>
<b>WARD/S AFFECTED:</b>	<b>ALL</b>
<b>REPORT OF:</b>	<b>DIRECTOR OF CHILDREN'S SERVICES</b>
<b>RESPONSIBLE PORTFOLIO HOLDER:</b>	<b>COUNCILLOR TONY SMITH</b>
<b>KEY DECISION</b>	<b>YES</b>

### 1.0 EXECUTIVE SUMMARY

This report recommends the approval of a Schools Budget for 2015/16 of £242,576,100 for early years, maintained schools, academies, colleges and providers in Wirral and changes to the schools funding formula following consultation with schools last term. The budget and the schools funding formula proposals were presented to and agreed by the Schools Forum on 14th January 2015.

### 2.0 BACKGROUND AND KEY ISSUES

2.1 The Schools Funding Allocations were issued by the Department for Education on 17<sup>th</sup> December 2014. The national basis of the Dedicated Schools Grant (DSG) is the "Spend Plus" methodology introduced in 2006, adjusted in some cases for a Minimum Funding Level (MFL). The MFL has been introduced for the first time in 2015-16 as a means to target additional funding to those authorities that fund schools below average for a number of pupil related formula factors. Wirral is not one of those authorities; therefore DSG is based on amounts per pupil paid in previous years.

Within DSG there are four unringfenced spending blocks for each authority:

- Early Years Block
- Schools Block
- High Needs Block
- Other (NQT induction)

DSG can only be used for the purposes of the Schools Budget.

### 2.2 2015-16 Pupil Premium £17.6m

In addition to DSG all schools receive a Pupil Premium providing funding targeted to deprived pupils. Now in its fifth year the changes for Pupil Premium in 2015-16 are summarised below:

- From 1<sup>st</sup> April schools, nurseries, private voluntary and independent providers and childminders will be entitled to a Pupil Premium of £300 pa for each 3 and 4 year old child from a low income family. Wirral's indicative allocation is £357,000.

- The Pupil Premium rates in schools for pupils who are or have been eligible for Free School Meals (FSM) at any point in the last six years are:
- Primary school - £1,320 (last year £1,300)
- Secondary school - £935 (unchanged)
- The rate for each Looked After Child or child that has been adopted since December 2005 is £1,900 (unchanged)
- The rate for each child of a parent in the Armed Forces is £300 (unchanged).

Final allocations will be based on data collected in the January census for current numbers of FSM's (and those over the previous 5 years) and LAC Census data collected in March 2015.

### 2.3 Dedicated Schools Grant (DSG) £241m

2.3.1 DSG is made up of four unringfenced blocks. These funding blocks indicate the levels of expenditure anticipated for each authority, however local spending decisions can and will reallocate resources according to needs and priorities, this continues to be the case.

2.3.2 The allocations for Schools and Early Years funding blocks are updated for changes in pupil numbers. Pupil numbers for the Schools Block are those recorded in the October 2014 census, whereas Early Years Funding is a combination of the census in January 2015 and January 2016. The dates for the Early Years Census mean that the exact DSG will not be finalised until June 2016. The Early Years grant used for the 2015-16 Schools Budget will be based on the current indicative figures (using the January 2014 census).

2.3.3 From 2015-16 funding for 2 year olds will also be determined by census data in the same way as Early Years. In this first year there will be an additional count in Autumn, to take account of additional numbers as take up increases in local authorities following the recent policy change.

2.3.4 The High Needs Block provides an allocation for funding of all high needs students aged 0 – 24, including the Hospital School. In previous years the block has been updated for changes requested in High Needs place numbers. This will not be the case in 2015-16. The EFA signalled an intention earlier in 2014 to roll forward the place numbers used in 2014-15 to 2015-16, adjusting only where there is an exceptional need.

2.3.5 The Blocks in their current format can be summarised as follows:

Block	Pupil Numbers	Funding Per Pupil £	Allocation £
1. Schools Block	41,322	4,539.60	187,585,400
2. Birkenhead Girls Academy			3,656,000
3. Early Years Block	2,992	3,816.57	11,419,200
2 Year Old funding			4,347,100
Early Years Pupil Premium			357,000
4. High Needs Block			33,818,000
5. NQT induction			62,000
		<b>Total</b>	<b><u>241,244,700</u></b>

## Notes:

1. Schools Block pupil numbers include academies. Numbers have been adjusted for additional pupils arriving in reception between October and January (the Reception Uplift) and for places in SEN bases. The pupil funding rate of £4,539.60 has been reduced by £7.51 compared to 2014-15. This replaces a charge for Carbon Reduction. The reduction is the equivalent of £310,000 compared to £270,000 in 2014-15.
2. In 2015-16 funding for Birkenhead Girls Academy will be included within Wirral's overall DSG. This marks a policy change by the DfE, whereby funding for all academy and Free Schools are included in the grant given to each Local Authority. For Wirral the sum of £3.6m is being included in DSG based on school data used for 2015-16 allocations.

The existing arrangement whereby the EFA then recoups the equivalent budget from DSG to pay academies and Free Schools is unaffected.

3. Early Years pupils are based on the January 2014 census  
2 Year old Funding uses estimated numbers, and provides for growth in take up.
4. High Needs Block includes all funding (both pre and post 16) for pupils in Schools and top up funding only for High Needs students aged 16-24 in Further Education or placed with Independent Special Providers.

### 2.3.6 Schools Block £191m

This funding covers the delegated budgets to mainstream schools and academies (totalling £187m in the appendix attached). In addition the block funds a number of budgets that are managed centrally on behalf of schools:

- Admissions
- Schools Forum
- Capital Expenditure from Revenue (PPM and PFI costs)
- Contributions to combined budgets
- Schools budget retirement costs (school closure)
- School Licences

In line with national guidance and with the exception of PFI, these budgets have not been increased and in relation to the contributions to combined budgets have decreased from £2.3m to £2.1m.

### 2.3.7 Early Years Block £15m

This Block funds the costs of Early Years Education for 2, 3 and 4 year old children in schools, nurseries and private voluntary and independent providers. Most of this funding is directed through the Early Years Single Funding Formula (EYSFF). There is a small element covering SEN costs in Early Years and some central support costs.

### 2.3.8 High Needs Block £34m

The make-up of this block is complex. It is based on the “place plus” system introduced by the DfE from April 2013 and includes:

- Special schools (pre and post 16), school bases and independent non-maintained special schools. All receive a base level funding of £10,000.
- Alternative Provision Bases and EMAP. In line with Regulations the funding for each place will increase to £10,000 from September 2015.
- Additional funding over and above that provided for places will be paid in the form of “top ups”. These will be provided on a per pupil basis. The top up, or “plus” element of funding, takes account of the agreed assessed needs of pupils and is paid by the “commissioner” responsible; this may be Wirral Children’s Services, a school or another Local Authority. On Wirral in 2014-15 a new banded top up system (with 5 bands) was introduced and used to allocate funding to special schools, resourced based and alternative provision.
- The costs of Top Ups for all education and training for post 16 specialist provision for Learners with Learning Difficulties or Disabilities (LLDD) in colleges and private providers.
- The Hospital Schools budget.

### 2.3.9 Other Block

This funding reflects costs of monitoring and quality assuring Newly Qualified Teacher induction.

## 2.4 Academies

Currently there are 15 secondary academies and 2 primary academies. In addition there are 2 academy conversions anticipated before the end of the financial year, 1 secondary and 1 alternative provision. Academies are independent from the local authority and are funded directly from the EFA, however Regulations require Wirral to continue to calculate their budgets in order to determine the total grant reduction. For Wirral this is estimated to be £67m in 2015-16.

## 2.5 Minimum Funding Guarantee (MFG)

The MFG will continue in 2015-16, protecting schools from formula changes and changes in pupil data. The MFG rate remains at minus 1.5%. It is likely that the MFG will continue for some time and will be part of future funding reforms.

## 2.6 2015-16 Budget Changes

### **Reduction in Council Contribution to the costs of PFI of £1.7m**

There were a number of reports to the Schools Forum during the year on the reduced contribution to the costs of the 9 school PFI agreement (£2.3m of the PFI Affordability Gap, £0.6m in 2014-15 and £1.7m in 2015-16). In 2014-15 the saving required was found by using one off reserves. In 2015-16 a more permanent solution is recommended for the full £2.3m.

## Proposed 2015-16 Schools Budget savings £2.3m

	£
School Pay Harmonisation	450,000
School Closure Costs	200,000
Planned Programmed Maintenance	200,000
Admissions	23,600
Schools Sports Coordinator	25,000
City Learning Centres	120,000
LACES	45,000
Clinical Waste Disposal	11,600
Use of Swimming Baths	19,800
School Governor Liability Insurance	25,000
SEN Top Ups / contingency	400,000
Statements	200,000
Support for SEN	250,000
Headroom from school falling rolls	330,000
	<b>2,300,000</b>

There was some agreement by the Forum that any reductions should be made without impacting on existing delegated school budgets; that centrally managed budgets should be reduced first and that the future spending plans should broadly reflect DSG funding blocks.

The final proposals take account of a small amount of Headroom within the budget. This “growth” arises from a difference between the pupil funding received in DSG for rising primary rolls and the primary funding allocated within the ISB. Allowing for the net overall increase in Business Rates and the increase needed for the Carbon Charge adjustment, there is a balance of £330,000 which can be used to meet PFI costs.

### 2.6.1 Primary, Secondary and Academy Budgets £187m

The significant changes within this area are:

- Net change in school rolls, resulting in an overall reduction of £60,600. There are 69 more pupil on roll in October 2014 compared to October 2013. The estimated secondary numbers for pupils aged 11-15 have reduced from 16,834 to 16,655 (a 1% reduction). There is an increase in primary numbers from 24,668 to 24,916 (a 1% increase). The overall reduction arises from the secondary funding per pupil being higher than primary schools.
- A top slice for an expansion of national copyright licences £80,000cr
- Headroom £80,400. There is a small balance available after the adjustments arising from PFI of £330,000.
- An increase in rates payable of £6,500. There has been a large revaluation in rates for Pensby and Park Primary schools and an overall 2% price increase. Offsetting this is a reduction in rates costs for schools who convert to an academy.
- As in 2014-15 the Primary and Secondary school budgets continue to be supported by reserves totalling £732,500. The nature of reserves are one-off balances, schools should not therefore plan for these additional sums beyond a further year.

## 2.6.2 6<sup>th</sup> Form Funding

The Schools Budget includes funding for High Needs students in 6<sup>th</sup> Forms. All other post 16 funding is through the National Formula. The EFA have indicated that they have no plans to make any additional changes to the formula other than those already agreed.

The 6<sup>th</sup> Form formula is based on lagged learner numbers to which a national rate is applied for each student. This rate is weighted for study programme costs and student retention. There are additional amounts for disadvantage and Additional Learning Support (ALS).

The National Funding Rate will be confirmed in January. It is anticipated that schools will be informed of their allocations for the academic year 2015-16 in February. The Transitional Protection following the equalisation of School 6<sup>th</sup> Form funding ended in 2014-15, however the protection following formula changes introduced in 2013-14 will continue for a third and final year in 2015-16.

## 2.6.3 High Needs Places £14.7m

Guidance earlier in the year from the EFA indicated an intention to use the same High Needs Place Numbers in 2015-16 as was used in 2014-15. This would as a result defer the introduction of a “lagged” funding system for places where school census and individual learner records would be used from the previous October.

For an authority to request any change in High Needs place numbers in 2015-16, the change had to be significant and be supported by a business case. Although this information was submitted by Wirral to make a number of changes the application did not meet thresholds laid out by the EFA and was not therefore approved.

Locally there are still grounds to consider increasing places in special schools and these are recommended as follows:

Kilgarth increase by 5 places to 55

Observatory School increase by 5 places to 55

Elleray Park increase by 9 places to 99

Stanley increase by 9 places to 99

The requested increase Orrets Meadow places from 66 to 72 should be deferred at this time, enabling additional resources to be focussed on ASD provision at the school

The place number changes described above would cost an additional £163,400 for a part year in 2015-16 and £280,000 for a full year. The budget is based on this being funded from school reserves until a lagged system is introduced.

No changes are proposed to the Hospital School at this point in time. The business case submitted requested an increase of 40 places to 120 and additional funding of £227,000. As this was not approved there will be further discussion with the EFA in order to better understand their position.

The other significant High Needs change in 2015-16 is the place funding for Alternative Provision. From September 2015 this will increase from £8,000 to £10,000.

No additional funding has been provided nationally for this, since the change is intended to be cost neutral, from a matching reduction in the value of top ups paid. There are 96 Alternative Provision places in total, 80 at EMAP and 8 in each of the 2 primary bases. The change will result in an increase in place funding of £112,000 part year and £192,000 in a full year.

It is recommended that taking account of the £2,000 increase in place funding there is a matching reduction in the top up paid for Alternative Provision, from £5,000 to £3,000.

#### 2.6.4 Early Years £15.4m

The main change within this budget is the introduction of a Pupil Premium for 3 and 4 year olds which has been mentioned previously and the inclusion of funding for 2 year olds on the basis of headcount data in January/Autumn 2015 and January 2016.

The DfE anticipate there are 1,846 2 year olds who are eligible to receive Early Education. 1,846 is about 50% of the total number of 2 year olds on Wirral. Take up in this area is still increasing. The budget is based on 1,177 pupils in January building up to 1,846 in January 2016.

There are no changes planned to the rates or bands within the Early Years Single Funding Formula or the formula funding 2 year olds in 2015-16.

#### 2.6.5 SEN Top Ups £16.6m

The proposed budget for SEN Top Ups is £16.6m. There is an increase / growth within the High Needs DSG Block of £272,000. Some further information is needed from the EFA to confirm adjustments. Initially however growth has been allocated to increased numbers arising from Top Ups, Independent Special Schools and Home Tuition as set out below.

##### SEN Top Ups 2016/16

	£
Statements	
Early Years	292,200
Primary	1,325,700
Secondary (including 6th Forms)	1,998,300
Exceptional Need	449,200
Other	383,100
Top Ups	
Special Schools (and 6th Forms)	6,141,200
Independent Non Maintained Special Schools	3,383,300
Home Teaching	301,400
EMAP/WASP	420,800
SEN units - resourced and alternative provision	629,400
Support costs	11,700
FE, 6th Form College and other providers	742,700
Contingency	500,000
<b>Total</b>	<b>16,579,000</b>

Changes in costs which have been identified as part of the budget review are:

- **Special Schools and EMAP.** The top up budgets have been increased by £180,900, reflecting additional numbers at Stanley, Kilgarth, Gilbrook and EMAP together with changes in ASD provision at Orrets Meadow and Claremount.
- **Statements.** A net reduction of £200,000. The budget anticipates that the numbers in the current year will continue into 2015-16
- **Independent Special Schools.** A small increase of £88,100. The budget anticipates maintaining 92 placements
- **Further Education and 6<sup>th</sup> Form College.** No change to the overall provision of £742,700
- **Home Teaching.** This budget faces increased demand for services resulting in additional teaching hours. The increase in budget recommended of £50,000 to £301,400 will also require a review of charges during the year.
- **Contingency.** The contingency of £500,000 is required to cover the potential costs of:
  - Any unforeseen consequences arising from top ups, exceptional cases or the review of High Needs.
  - Any mismatch between provider places and places taken up.
  - Inflationary pressures within Non Maintained Special Schools.

As indicated there are some areas that require further clarification with the EFA in respect of place numbers and the Hospital School. The area will be kept under review.

#### 2.6.6 Use of Reserves

There are a number of DSG reserves held totalling £4.1m at 31<sup>st</sup> March 2014. The Schools Budget for 2014-15 has planned to use £1.9m of these.

In 2015-16 £894,900 of reserves will be used. This commits most of the DSG underspend carried forward from 2013-14.

The remaining reserves are committed to the costs of pay harmonisation, contingencies and Early Years.

### 3.0 INFLATION

- 3.1 No direct provision is included within the budget for pay awards. At this stage a 1% award for teaching staff is anticipated, together with an increase in Teachers Pension contributions from 14.1% to 16.4%. The 2.2% pay award for non-teaching staff was implemented in January. The additional costs arising from these changes in schools will need to be met from existing school budgets.

There is no general provision for price inflation, although costs for rates within the schools budget have been increased and the central PFI budget continues to reflect RPI increases.

### 4.0 CENTRALLY HELD SCHOOL BUDGETS

- 4.1 The budgets held for Contingency, Special Staff (maternity and trade union duties), the School Library Service, Insurance (Governors Aided), Behaviour Support and the Minority Ethnic Achievement Service have been delegated to schools and are subject to Forum de-delegation decisions.

The remaining centrally held budgets for 2015-16 cover:

- the continuing premature retirement costs of teachers and staff that have arisen from closing schools (£126,000)
- the cost of licences for copyright and music in all schools and academies (resulting from a national agreement) (£250,000)
- School Admissions (£341,800)
- Planned Programmed Maintenance (PPM £249,000)
- The PFI Affordability Gap (£2,736,500)
- Contributions to combined budgets (£2,114,800).
- Schools Forum £10,600
- Early Years £405,300

#### 4.2 **School Admissions (£341,800)**

This budget is required to meet the costs of supporting and administering the authority's school admissions scheme (including the 11 plus). Savings of £23,600 have been identified in this budget.

#### 4.3 **Planned Programmed Maintenance (£249,000)**

This resource supports the health and safety and maintenance of school buildings, grounds and equipment. It also pays for minor repairs and emergencies. The budget has been reduced by £200,000 in 2015-16.

#### 4.4 **PFI Affordability Gap (£2,736,500)**

The funding gap for the council's 9 school PFI scheme is £2,736,500 (an increase of £150,000 compared to 2014-15). The affordability gap is the shortfall between the costs of the PFI contract £11.2m and the combined government grant of £5.5m and school contributions received of £3.0m. The gap increases each year in line with the contract inflation clause.

#### 4.5 **School Copyright licences (£250,000)**

The DfE purchases a single national licence for all state funded schools. Licences cover area such as the Copyright Licence Agency, the Education Recording Agency, a School Printed Music Licence. Next year this will also cover the costs of 4 other areas including the Performing Rights Society.

Guidance indicates that overall costs will increase by £100,000 to £250,000

#### 4.6 **Contributions to Combined Budgets**

School Funding Regulations continue to allow contributions to support services that would otherwise fall outside the Schools Budget. These budgets combine with other council resources for the educational benefit of children.

Regulations state that there must be no new commitments or increases in expenditure from that in 2012-13.

The budgets in this area are shown below:-

- **Discretionary Rate Relief £106,600**  
This budget funds continuing costs for Discretionary rate Relief in Voluntary Aided schools.
- **School Improvement £359,900**  
This sum is the former match funding for the Primary and Secondary Strategy Coordination programme. It supports the funding of a number of consultant teachers who work with schools, together with training and the resourcing of equipment and facilities.
- **Local Safeguarding Children’s Board £30,000**  
The LSCB provides governance of child protection arrangements, undertakes serious case reviews, training and employs a Designated Officer for Allegations. The Board is funded from partner organisations including Social Care, Schools, Police, Health and Probation. The £30,000 contribution from the Central Schools Budget matches the amount received from Health.
- **School Intervention £674,500**  
This budget provides additional funding within School Improvement to meet priorities in targeted schools during the year.
- **City Learning Centres £694,700**  
The 3 City Learning Centres have a combined budget of £814,700 of which £120,000 is from the Council’s capital programme to upgrade large, high value, high spec equipment.
- **LACES £140,500**  
The service reviews the educational progress of Looked After Children, provides training to staff and some direct support to pupils. The contribution has been reduced by £45,000 in 2015-16.
- **Miscellaneous £108,600**  
These amounts support the Governors Forum, school swimming baths, school wellbeing, the School Staff Survey and the PFI Support Team.

<b>Combined Budget Summary</b>	<b>£</b>

## 5.0 CHANGES TO THE SCHOOL FUNDING FORMULA

- 5.1 Following work with Schools and the Schools Forum it is proposed to make two changes to the schools funding formula next year – to increase the unit amounts for Looked After Children and to cap the funding for Deprivation.

5.2 The funding for all Primary, Secondary and Academy schools are determined by a schools funding formula which is agreed locally. The funding formula is in a format prescribed by the DfE and must contain a funding element that takes account of deprivation. Data used is agreed in advance with the EFA. Authorities are generally free to determine which formula elements to use in distributing funding to schools (other than deprivation) and the proportions allocated over different elements. Wirral's funding formula uses 9 elements:

An amount per pupil, Deprivation, Looked After Children , English as an additional language, SEN, Lump sum, Split sites, Rates and Rent.

5.3 Schools were consulted in the Autumn Term on proposed changes. In total 34 responses were received, 26 primary schools, 5 secondary school / academy schools and 3 that are not known. In addition there have been detailed discussions by headteachers at Primary Cluster meetings and at WASH.

5.4 Looked After Children proposals

The funding formula redistributed some deprivation funding last year (£225,000) to increase the overall amount allocated to Looked After Children. The basis for the decision was to target additional resources in this area, taking account of additional needs and attainment.

The proposal is to equalise the level of funding for each looked after child with the average funding allocated for deprivation. This comparison should also take account of funding allocated through the Pupil Premium. Funding would be equalised at about £3,400.

Most responses supported this proposal. It is therefore recommended that the School Funding Formula is changed on this basis for 2015-16.

5.5 Deprivation proposals

There is an amount of £20.3m in the local formula (11% of the Schools Budget) which is provided for deprivation. With the inclusion of the FSM Pupil Premium of £15.2m this rises to £35.5m (18%). There are 7,777 pupils (aged 4 – 15) registered for Free School Meals, 18.3% of the school population (in 2014-15 this figure was 8,237 or 19.5%).

The current deprivation funding compared to AWPU is as follows:

	AWPU	Deprivation	Pupil Premium
	£	£	£
Primary	2,753	2,100	1,300
Secondary KS3	3,931	2,514	1,300
Secondary KS4	5,049	2,514	1,300

There are a number of factors to take into account:

- The numbers of FSM's have reduced since 2011; however the amount per FSM pupil has and will continue to increase. During this time the Pupil Premium was introduced to target additional funding.
- Had this cap been introduced in 2014-15 this would have reallocated £0.8m into AWPU.
- Although levels of FSM have reduced this may not be matched by other measures of deprivation. The attainment gap is wide and widens further at KS3 and KS4.

- Some LA's allocate deprivation funding using Ever 6 which is a broader distribution of funding for more pupils.
- A reallocation/reduction in deprivation amounts would provide some schools with additional funding, by reducing allocations to others. At a time of little or no extra resources this may create some instability within the formula.
- The view of the Forum 12 months ago was that there should be no changes to this area.
- It would be possible to cap the unit value of a FSM.

Schools were asked their views on the introduction of a cap in the amount allocated per FSM to prevent any further increases in the unit value. This would mean that deprivation funding for a school with stable FSM numbers would be unaffected. Those with falling FSM's would always receive less deprivation funding, but any subsequent redistribution of funds would be made through AWPU. This would mean that the schools with the largest pupil numbers would benefit the most.

Responses indicated that 19 schools supported the change whilst 15 did not. It is recommended that the change is introduced in 2015-16 but that the impact is reviewed before agreeing its further use in future years.

## **6.0 RELEVANT RISKS**
