Dear Eric

Planned audit fee for 2015/16

Before it closed on 31 March 2015, the Audit Commission was asked to set the scale fees for audits for 2015/16. The Commission published its work programme and scales of fees for 2015/16 at the end of March 2015. In this letter we set out details of the audit fee for the Council along with the scope and timing of our work and details of our team.

Scale fee

The Audit Commission defines the scale audit fee as “the fee required by auditors to carry out the work necessary to meet their statutory responsibilities in accordance with the Code of Audit Practice. It represents the best estimate of the fee required to complete an audit where the audited body has no significant audit risks and it has in place a sound control environment that ensures the auditor is provided with complete and materially accurate financial statements with supporting working papers within agreed timeframes.”

The Council's scale fee for 2015/16 has been set by the Audit Commission at £159,863, which compares to the audit fee of £213,150 for 2014/15. The reduction in fees has been enabled by the procurement exercises run by the Commission across both the Local Government and Health sectors.

After the Commission's closure, the 2015/16 work programme and fees will be accessible from the archived Audit Commission website from the National Archives http://webarchive.nationalarchives.gov.uk/*/http://www.audit-commission.gov.uk/ and on the Public Sector Audit Appointments PSAA website psaa.co.uk

The audit planning process for 2015/16, including the risk assessment, will continue as the year progresses and fees will be reviewed and updated as necessary as our work progresses.

Scope of the audit fee

The scale fee covers:

- our audit of your financial statements
- our work to reach a conclusion on the economy, efficiency and effectiveness in your use of resources (the value for money conclusion)
- our work on your whole of government accounts return.

The Audit Commission has established a scale of fees for pension fund audits based on a fixed element with uplift based on the percentage of net assets.
