**2015/16 QUARTER 3 CORPORATE
PLAN PERFORMANCE MANAGEMENT
REPORT**

Councillor Ann McLachlan, Cabinet Member - Transformation and Improvement (and Deputy Leader of the Council), said:

“When we commit to delivering actions to improve the lives of Wirral people, as we have in our Wirral Plan for 2020, it is vitally important that we track our progress towards achieving them.

“This report is an excellent example of that robust monitoring: it helps us make sure we are in the best possible place to achieve what we have promised, identify where we need to focus our attention and to hold ourselves to account.”

REPORT SUMMARY

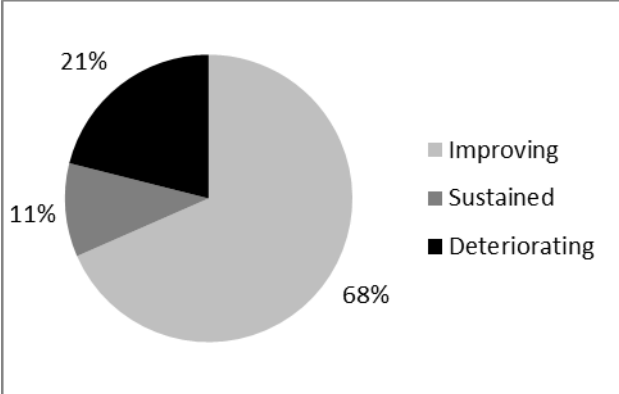

This report sets out the Council’s Quarter 3 (October to December 2015) performance against the delivery of the 2015/16 Corporate Plan (as approved by Council 8 December 2014). The report is attached as Appendix 1 and sets out progress against a suite of agreed indicators. The indicators are related to a range of pledges under the three Wirral Plan themes of People, Business and Environment. This performance report affects all wards within the borough. It is not a key decision.

Corporate Plan performance is monitored against the targets set at the start of the year. For each measure, a Red, Amber or Green (RAG) rating is assigned depending on the performance level against the target. The report also shows the direction of travel illustrating for each indicator whether performance is improving, deteriorating or sustained.

Of the 21 reportable indicators, 14 are rated Green, 4 are rated Amber and 3 are rated Red. For indicators rated Amber and Red, the responsible officer has indicated the corrective action being put in place to get performance back on track. Of the 19 indicators where it is possible to indicate a Direction of Travel, 13 are improving, 4 are deteriorating and 2 are showing performance sustained. In terms of the Direction of Travel, this shows an improved performance on the last quarter when 9 were improving, 8 were deteriorating and 2 were showing sustained performance. The charts set out below show the breakdown in terms of the RAG and Direction of Travel ratings:
