PENSIONS COMMITTEE

4 JULY 2016

SUBJECT:	TREASURY MANAGEMENT ANNUAL REPORT 2015/16
WARD/S AFFECTED:	ALL
REPORT OF:	STRATEGIC DIRECTOR TRANSFORMATION AND RESOURCES
KEY DECISION?	NO

1.0 EXECUTIVE SUMMARY

1.1 This report presents a review of treasury management activities within Merseyside Pension Fund (MPF) for the 2015/16 financial year and reports any circumstances of non-compliance with the treasury management strategy and treasury management practices. It has been prepared in accordance with the revised CIPFA Treasury Management Code.

2.0 BACKGROUND AND KEY ISSUES

2.1 Treasury Management in Local Government is governed by the CIPFA Code of Practice on Treasury Management in the Public Services and in this context is the “management of the Fund’s investments and cash flows, its banking, money market transactions, the effective control of the risks associated with those activities and the pursuit of optimum performance consistent with those risks”.

2.2 On 19 January 2015 Pensions Committee approved the Treasury Management Policy and Strategy 2015/16.

2.3 This report relates to money managed in-house during the period. It excludes cash balances held by investment managers in respect of the external mandates and the internal UK and European investment managers.

TREASURY MANAGEMENT

2.4 As at 31 March 2016, MPF had a cash balance of £40.0 million as against £50.9 million at 31 March 2015. All of these funds were held on call (instant access) accounts with Lloyds, Northern Trust, and an Icelandic escrow account.

2.5 Managing counterparty risk continued to be the overarching investment priority. Investments during the year included:

- Call (instant access) accounts and deposits with UK banks
- Investments in AAA rated money market funds with a constant Net Asset Value.

2.6 The rate at which MPF can invest money continues to be low, reflecting the record low Bank of England base rate which remained at 0.5% throughout 2015/16.

- 2.7 Over the twelve month period, WM calculated the cash performance to be 0.9% against a benchmark performance (7 day LIBID) of 0.3%.
- 2.8 Transactions were undertaken to reflect the day-to-day cash flows of the Fund, matching inflows from receipts to predicted outflows.
- 2.9 The detailed cash flow plans were managed so as to be compliant with the deposit limits agreed for individual financial institutions as reflected in the Treasury Management Policy for 2015/16, apart from the limit with our current bankers Lloyds. There was one incident where MPF was non-compliant with this limit due to the receipt of significant funds during the unpaid leave closedown. The anomaly was rectified the first working day, with no financial disadvantage to the Fund.

13.0 RECOMMENDATION/S

13.1 That the Treasury Management Annual Report for 2015/16 be agreed.

14.0 REASON/S FOR RECOMMENDATION/S

14.1 The Treasury Management Code requires public sector authorities to determine an annual Treasury Management Strategy and, as a minimum to report formally on their treasury activities and arrangements mid-year and after the year-end. These reports enable those tasked with implementing policies and undertaking transactions to demonstrate that they have properly fulfilled their responsibilities and enable those with responsibility/governance of the treasury management function to scrutinise and assess its effectiveness and compliance with policies and objectives. The requirement to report mid-year is met via regular reports to the Investment Monitoring Working Party (IMWP).
