### PERFORMANCE MANAGEMENT – REPORTING ARRANGMENTS

Council notes:

1. the training session on the arrangements for Performance Management held on 7 September 2016, attended by a wide range of Members across all parties, at which Members were informed regarding the range of indicators chosen for future reports based on the progress with the Wirral Plan;
2. the concern expressed at that meeting that these reports and proposed indicators do not cover the range of established indicators that Council Members have always followed and expected to see, such as progress with staff appraisals, the level of staff sickness and absence and other issues;
3. that many Members at the training session made the case for a wider range of indicators to show how Council services are performing;
4. that the former Families and Wellbeing Policy & Performance Committee received performance monitoring data on a range of indicators that are and remain sensitive and significant in the light of OFSTED's recent findings.

Council, therefore, requests that:

- (i) as the data is still being collected and analysed by officers, a set of such wider indicators should be presented to Members on a regular basis;
- (ii) accompanying quarterly performance data, there should also be information as to the target expected in that quarter, in addition to the year end and Plan end (2020) target;
- (iii) the choice of indicators needs to be relevant to the 2020 pledge and undertakes to review those indicators chosen to measure pledge success prior to reporting for Quarter 2 performance;

(iv) officers report to each Overview and Scrutiny committee the 'added value' expected for those indicators that have been included within the 2020 Vision Plan and, in respect of indicators flagged as under or over performing, additional information and actions proposed in respect of those indicators.

In order to secure a transparent and open review, Members should be invited to submit details of the key areas that they wish to see reported upon by the end of October.

The Spokespersons of each of the newly created Overview and Scrutiny Committees should be requested to examine these suggestions and ensure a sufficient, timely and readily accessible mechanism for such data in future reports.
