

ID	Organisation name	Name of project	Project description	Brief details of project	Numbers benefitting & ward	Amount requested	Breakdown of costs - requested	Overall cost of project	Additional funds to deliver project if applicable (if receive part funding)
WC70	New Brighton Community Centre.	New Brighton Job Club.	To upgrade our IT system and build on our scheme of empowering unemployed people to develop IT skills to enhance their job prospects.	The funding is for bringing the centre up to date with regards to its IT systems. Due to the impractical costs of buying a full refresh of systems we propose to source 2nd user or refurbished ex business machines. This will enable us to build on our successful policy of getting people back into the jobs market by collaborating with other partners over the years. The Computer Suite that we have here is a lifeline for local people looking to go back to work; it enables a free package of support for them including help to write CVs, produce business cards, support with job applications and various means of one to one support to search for work and help and advice with the new welfare reforms.	New Brighton 100	£1,000.00	Contribution to: CPU - Intel Core 2 Duo E7500 (Dual Core), OS/Windows 7 Professional 11 x £76 per unit (£836 total); Tower Server - HDDs in two banks £1,000, Backup Solution 2 x ITB HDDs £300, Labour/Installation £500. Total £2,636	£2,263.00	We have applied to other funders and are very confident of success, if not we have the resources to make up the shortfall.
WC71	The Heart of Egremont.	Egremont Martial Arts Club.	A club for adults and children to learn the disciplines of martial arts and to help channel energy in a positive way.	We are in need of training mats for the floor, to be used for the martial arts groups, as well as for a soft play group of young children and those with special needs. They are needed in order for visitors to enjoy their chosen activities. As the mats can be utilised for several groups, they are an important addition in order to provide the community with the range of activities happening in the Centre.	Liscard 20, Wallasey 15, Residents outside Constituency area 10 Total = 45	£1,000.00	Set of Interlocking Mats Total £1,000	£1,000.00	Fundraising events and donations from the community.
WC72	Seacombe Allandale Sports & Boxing Youth.	Seacombe Allandale Sports/Youth Boxing.	Raising funds for the young people to compete in sport	The funding will be used to take the young people representing Seacombe Allandale to compete in tournaments across the country. As we are all volunteers we struggled last year to take them to the tournaments that they should be competing in due to lack of funds. As you can imagine the cost to take them around the country to London or Isle of Man for three day competitions can cost thousands for both competing boxers and coaches. We have some fantastic young boxers who are role models in the club, who compete and represent the area with dignity. We now have 2 x regional development champions. Both young men also coach and mentor the young children who come to our club. Our annual club show brought in over 300 people from the area and maybe a further 100 from around the country which again shows the impact the club has on the community.	Seacombe 6 directly 525 indirectly	£1,000.00	Contribution to competition fees including travel costs for up to 6 young people and coaches: 6 x Train Tickets at £170 each, 3x Double Rooms for 3 x nights at £90 p/night, Petrol for travel, Competition fees. Last year this cost £2,800.	£2,800.00	The club raises monies from doing sponsored runs and various fund raisers such as bag packing and various club related ideas.
WC73	Wirral Community Narrowboat Trust	Therapeutic Cruises for Wallasey Constituents.	We would offer cruises to people from lunch clubs and residential homes and hopefully groups dealing with socially isolated older, disabled people	On an individual basis the experience of being on one of our cruises can be a new interesting and enjoyable break from a lonely life. Older, less able bodied people enjoy remembering and reliving the experience and the time to interact with people aboard makes it an enriching experience. Sitting outside observing the countryside, people on the towpath and other boats, seeing wildlife - maybe a heron or a kingfisher etc. instead of being alone all day watching TV helps health & well being physically and mentally.	144 (potential from across all wards)	£1,000.00	Boats are insured to carry 12 passengers each cruise. Cost per person is £110. We ask them collectively to pay £25 per person deposit themselves and in this case the balance of £85 per person would be paid for by the grant totalling £1020.00	£1,020.00	Own funds
WC74	Metanoeo CIC	Eating Together Better.	This is a fun bespoke six week programme working with parent and child together to explore healthy food choices on a budget	The funding will be used to deliver a course covering healthy options for breakfast, lunch and dinner comprising of 4 x group sessions including a joint shopping trip, an individual family coaching session and a group celebration meal. The course will allow 8 parents and 8 children to work together. The course will be delivered by an experienced and qualified life coach, dietician and chef. It will be aimed at families who struggle with positive eating choices and will enable them to take control over their budget and food choices. Participants will be recruited from families already linked with Community Spirit Wirral.	Wallasey 16	£900.00	Sessional payment for registered and qualified dietician to run group sessions £250 - £50p/hr for 5 sessions, Sessional payment for qualified life coach to undertake a food coaching session with each family £400 - £50p/hr for 8 sessions, Food expenses £100 for course, Supervision of sessional workers £100 - £50p/session for 2 x sessions, Admin costs £50 Total = £900 (Not requested: Room hire £50)	£950.00	If we are successful but require additional funding to complete the project we will look to meet any short fall through; (a) reducing any costs, including attempting to renegotiate the amount spent on sessional tutor payments, and (b) attempt to raise any additional funding through merchandise sales which we might be able to generate through the project.
WC75	Belvidere Centre	Cadbury World.	A learning and sensory experience for club members especially those who have a visual impairment.	We wish to provide a day trip to Cadbury World in the Spring of 2017 for 30 members and 3 staff of the Belvidere Centre which provides a club based centre for young people (13-25) to meet with their peers and friends. This group can be at risk of social isolation and, from time to time, volunteers encourage participation in wider community activities. Members have requested a trip to explore beyond the local community. Cadbury World would provide an opportunity for our visually impaired members to employ taste, smell, touch and sound. All members will benefit educationally when the experience is shared with those not making the trip through talks and displays in club later.	Leasowe & Moreton East 5, Liscard 5 Moreton West & Saughall Massie 5, New Brighton 5, Seacombe 5, Wallasey 8, Parents and Carers 30, Local Businesses 1, Total = 64	£744.10	33 seater coach hire £490, Entrance to Cadbury World 33 x £7.70 = £254.10 Total = £744.10	£744.10	Additional funding to be raised through fundraising activities in club or request for contributions from parents/members.

ID	Organisation name	Name of project	Project description	Brief details of project	Numbers benefitting & ward	Amount requested	Breakdown of costs - requested	Overall cost of project	Additional funds to deliver project if applicable (if receive part funding)
WC76	KH2 Community Link Services CIC (KH2 CIC)	Clare Mount Cycle Checks: The 3Cs.	The project would involve graduates and students from the successful Clare Mount Specialist Sports College's Cycle Repair Club (CRC) running six stand alone workshop style sessions where they would use the skills gained at the CRC to give 'health checks' to bikes owned by people in the community.	The funding will support cycle 'health checks' at Clare Mount Community Café where the local community will be encouraged to bring their bicycles to be checked over by students from the Cycle Repair Club. The Students will be overseen by two C&G Technicians and volunteers from the British Cycle Federation. Cyclists will receive a statement of their cycles 'health' and, if applicable, be directed to local bicycle shops for further 'treatment'. The students benefit by gaining work based and social skills and the community benefit having roadworthy bikes and encouraging them to cycle thus leading healthier lifestyles.	Leasowe & Moreton East 50, Liscard 20, Moreton West & Saughall Massie 50, New Brighton 10, Seacombe 10, Wallasey 20, Residents outside Constituency area 20, Visitors to Wirral 20 Total = 200	£1,000.00	Contribution to: Lead Tutor course fee and travel expenses 6 x £75 = £450, Assistant Tutor course fee 6 x £45 = £270, 2 volunteers' expenses (travel to Clare Mount) 6 x 2 people @ £5 = £60, The 3Cs checksheets 200 checksheets of durable material (allows 30 per session and spares) £100, Publicity Posters and Leaflets £50, Project Management by KH2 Community Link Services (admin and publicity) £240. Total = £1,170.00	£1,170.00	The additional funds will be made up from the reserves of KH2 Community Link Services (i.e. its deposit account).
WC77	The New Brighteners	Anti-litter art and media events	To proactively augment existing work with a mixture of art and drama media events designed to confront the endemic plague of anti-social littering.	The project will extend the ongoing work of The New Brighteners beach cleaning group by confronting littering behaviour in both an entertaining, thought provoking, educational and behavioural change by confrontation, through challenging drama and art via diverse media. Through these activities the group will promote a strong message to visitors and local residents which will discourage anti-social behaviour such as littering and dog fouling and will promote the community benefits of litter free beaches in both social and environmental aspects.	14,534 population of New Brighton. Around 1 million visitors a year to New Brighton.	£985.44	Beach banners x 2 =£211.44; Video production inc. filming, editing etc. £320; Litter and environmental info board x 1 = £90; 1100 litre red wheelie bin with lock x 1 = £232; Logos & Lettering £132 Total cost = £985.44.	£985.44	No additional funds are required to deliver this project as we have also successfully gained some funding from the Skipton Grass Roots Fund.
WC78	St Chad's Church	Debt Counselling Advice Service.	To provide support, advice, and help to people in the community who are experiencing the hardship caused by debt.	Funding will be used to pay for the installation of broadband and a laptop which will be used by our debt counsellors when advising clients. It's important to access up to date and accurate information when supporting clients. The people who will benefit are those from the local community who have debt problems. The Leasowe community is an area of high deprivation with a high level of dependency on benefits. By improving the wellbeing of local individuals we will improve the wellbeing of the community. The high level of debt locally is evidenced by many attendees at the weekly Foodbank.	2-5 per week - Leasowe & Moreton East, 1+ per month - Liscard, 2-5 per week - Moreton West & Saughall Massie, 1+ per month - Wallasey. Total = 230+	£492.98	Broadband Connection £57.99, Laptop (including MS Office) £418.00, Laptop case £16.99. Total £492.98 (Not requested: Broadband Rental £330.48)	£823.46	The Church will be paying the on-going monthly rental costs of the broadband service.
WC79	Black Pearl Pirates at Art	The Black Pearl New Brighton and Vale Park Driftwood Fairy Village.	Community project creating driftwood pieces of art for the local community and general public from far and wide to interact with.	We require screws, nails and tools to maintain the pieces of art and equipment for litter picking to ensure our beach area and park is kept free of litter. We also need funding to give visiting groups chocolate gold doubloons and encourage them to dispose of wrappers in a responsible way. We also hope to organise an exhibition for local artists who contribute to the pirate boat and fairy garden to show their "works of art".	1,000s across the Constituency, Wirral wide and visitors from outside of the area. New Brighton has around 1 million visitors a year.	£500.00	Lights/batteries £100.00, Tools/Nails etc. £50.00, Chocolate Coins £75.00, Exhibition £150.00, Litter Picking Equipment £75.00, Contribution to PLI £50.00 (PLI is approx. £150). Total £500.00	£600.00	Donations from the public and local businesses.

ID	Organisation name	Name of project	Project description	Brief details of project	Numbers benefitting & ward	Amount requested	Breakdown of costs - requested	Overall cost of project	Additional funds to deliver project if applicable (if receive part funding)
WC80	West Wirral Boys Club	Provision of New Equipment.	Provision of new equipment to help keep the youth of our area fit and healthy.	Replace worn out equipment and provide extra equipment to accommodate the influx of new members. With constant use a lot of our equipment is getting worn out and beyond repair with our overheads and maintenance costs we are not in a position to address the situation. It would be a travesty if we had to exclude people because we could not provide the necessary facilities to function. There are a number of females using our facilities who have integrated very well. We need bag gloves, sparring gloves, punch bags, head guards etc. to keep functioning.	Leasowe & Moreton East 15, Moreton West & Saughall Massie 60, New Brighton 3, Wallasey 10, Residents outside Constituency area 10. Total = 94	£988.80	Punchbag & Chains £100, Punchbag & Chains £125, Head guards £60 x 3 = £180, Contest gloves £60 x 4 = £240, Safespar Gloves £30 x 4 = £120, Disc Pads £24, Elite Pads £25, Heavy duty chain set £10, VAT @ 20% = £164.80. Total = £988.80	£988.80	If we were to receive only part of the funding we would have to prioritise the equipment we could purchase using the funds given.
WC81	Brooke Community Association	Butterfly & Bees Park	To encourage wild life and spruce up the environment.	The Brooke Community Association wish to apply for funding to assist in our project to further increase the bio-diversity within Linear Park. To preserve and attract all wildlife (mammals birds and invertebrates), together with the creation of wildflower mini-meadows for the encourage feeding and breeding of butterflies and bees. The sum of £1,000 is requested to allow for any groundwork and other ancillary goods necessary to complete this project for the common enjoyment of the neighbourhood.	1,000+	£1,000.00	Plant machinery 3 x £200 per day = £600, Hardcore 5 tonnes £40 per ton = £200, Wildflower seeds £100, Compost & bedding plants £100. Total = £1,000.	£1,000.00	
WC82	Momentary Art Project (MAP)	Mermaid & Merchild Child Statue	Creating and siting a Mermaid and Merchild on a stand alone navigation beacon located on the beach close to the Black Pearl Pirate Ship. The mermaids will be visible to passing cruise liners, shipping and land based persons.	For all residents and visitors including cruise liner passengers, the project will be an added attraction linked to the Black Pearl and forthcoming Mermaid Trail and Pirate Trail planned for New Brighton. I expect we will get TV and media coverage possibly worldwide. This will put New Brighton firmly on the map and definitely attract more visitors to benefit New Brighton businesses.	1000s. New Brighton has around 1 million visitors a year, plus this will be seen by users of the River Mersey.	£1,000.00	Glass Fibre Statues £700, Siting Statues (transport, fixings, etc.) £300 Total = £1,000	£1,000.00	Sponsor - Carl Leckey MBE local author
WC83	Well on Wirral C.I.C	Walk and Talk	Provide a health walk once per week and informal drop in for people to obtain support towards improving well being.	We aim to provide a health walk as part of the Wirral Walk On health walk programme plus additional support in the form of a drop in session afterwards which will provide resources aimed at improving well being. Wirral Walk On programme is Wirral's official accredited Walking for Health scheme and is volunteer led. Our trained volunteers both worked for Wirral NHS Community Trusts Livewell programme in Health Trainer and Health Advisor capacities before the service was de-commissioned.	Leasowe & Moreton East 5, Liscard 30 Moreton West & Saughall Massie 15, New Brighton 21, Seacombe 10, Wallasey 10. Total = 91	£850.00	Equipment scales BP monitors £250, Marketing, posters, local advertising, printing £300 Volunteer expenses, travel etc. £150, Resources, publications, handouts, leaflets £120, Refreshments, tea coffee milk £30 Total = £850 (Not requested: Further £45 for refreshments)	£895.00	We intend to ask for a voluntary contribution from residents towards the cost of refreshments. We know from experience that this will keep them feeling motivated and involved in a project that they have supported.
WC84	Friends of Rake Lane Cemetery	Restoration of a citizens war memorial and bench contained within Wallasey Cemetery.	If successful we would utilise the monies to renovate the existing memorial to the citizens of Wallasey and adjoining areas who were killed by enemy bombing during the second world war and additionally renovate the bench located next to the memorial.	We have applied for this funding in order to provide funds to renovate the existing memorial located in Wallasey Cemetery dedicated to the 324 citizens of Wallasey Constituency who were killed during the Second World War, 51 of whom are buried in the Cemetery. We would use the funds along with our own to repaint and repair the stonework on the memorial, repaint the bench located next to the memorial, renovate the brass inscriptions on the above. This project would benefit not only the local families affected but the wider local community.	1000s	£1,000.00	£1,280 restoration of war memorial by specialist stonework company.	£1,280.00	The Friends group will make up the difference.
WC85	Unity in Our Community	Unity in our Community	To provide food hampers and toys to families in Leasowe.	To provide families with hampers and Christmas presents for families who have been directly affected by the impact of the Welfare Reform Act 2012. We hope that this will reduce the current monetary pressures on families who are already struggling to make ends meet. This will alleviate pressures that are currently on communities, food banks and schools.	Leasowe & Moreton East 60	£1,000.00	Tinned Goods £500, Packet Food (Cereals, Tea, Coffee, juice) £500, Toiletries £500 Total = £1,500	£1,500.00	Match Funding
WC87	Claremount Players	Upgrade a section of stage lights	To upgrade a section of stage lights to modern technical and safety standards	The present lighting equipment is faulty, old fashioned and greatly in need of replacement. The money will be used to update part of the stage lighting system. We try to involve the local community in our building. The hall and stage are available for hire. Amongst groups who use the stage facilities are: Drama Group, Youth Club, Uniformed Organisations, Public Meetings, Keep Fit, Groups of various activities, Large Church meetings, Other drama and operatic groups. We hope the work we do on the lighting will improve the quality of productions and increase the enjoyment of the audience and increase the usage of the hall.	Leasowe & Moreton East 20, Liscard 25, New Brighton 50, Wallasey 200+.	£900.00	Contribution to: Stage lighting, battens & fixings £591.20, Lantern stock £435.89, Installation £536.60, VAT £312.74. Total = £1,876.43	£1,900.00	Further monies will be raised with the profit from future shows. We have already allocated £1,000 from our funds for this project.

ID	Organisation name	Name of project	Project description	Brief details of project	Numbers benefitting & ward	Amount requested	Breakdown of costs - requested	Overall cost of project	Additional funds to deliver project if applicable (if receive part funding)
WC88	Wallasey Village in Bloom	Wallasey Village in Bloom	Watering system and hanging baskets. One of the most difficult problems we face is to keep the planters and flowers watered. We plan to have an environmentally friendly and ergonomical watering system in place for Spring/Summer 2017 to enable us to put hanging baskets as well as planters the length of Wallasey Village Road to unite the two shopping areas.	Purchase of mobile water bower - this equipment will enable the group to keep the existing planters and new hanging baskets watered. Volunteers of all ages and levels of fitness can be involved in the watering process which will spread the load from the few who currently do the watering. Local residents, traders and visitors will benefit from the well maintained flower displays. Purchase of hanging baskets - Placing hanging baskets along Wallasey Village Road on the lamp posts where there are no railings to use. Local residents, traders and visitors will see a more unified area as opposed to two distinct areas currently. Purchase of Water Butts - Use of rainwater or recycled water for watering the plants in located areas nearer to the planters. Better use of natural resource, environmentally friendly, provides a good example to others. All local residents, traders and visitors will see the benefit of using this type of collection for water.	Wallasey 2,000, Other Community Groups 200, Visitors to Wirral 10,000.	£1,000.00	Contribution to: 1 x Water bower = £500, 12 x Hanging Baskets = £400 (@ £40 each), 2 x Water Butts plus fittings £100 (@ £50 each). Total: £1,000 (Not requested: Extra £100 for cost of water bower, extra £80 for cost of hanging baskets).	£1,180.00	If we require additional funding we will hold fundraising events. We are already planning a rummage sale for early in 2017 having held two previously with great success
WC89	Leasowe Development Trust	LEBB – Leasowe Enabling Better Behaviour	Carrying out youth work in order to tackle anti-social behaviour.	The LEBB project will take 50 young people from Leasowe and surrounding areas on a trip to Dana prison. This is an education visit with Jailhouse tours. The group will experience prison life from an officer's perspective and from the prisoner's side. The trip will include cell tours, class room workshops, discussions and inspirational speakers. We will be accompanied by an ex offender who was once Britain's most wanted man, who handed himself in and turned his life around. This trip will complement the youth work we are currently carrying out in order to tackle anti-social behaviour.	50 directly Leasowe & Moreton East, 200+ wider community	£1,000.00	50 x tickets for Jailhouse Tours £500.00, Coach hire £500. Total: £1,000.00 (Not requested: Extra £37.50 towards cost of tickets).	£1,037.50	£37.50 Will be matched by Leasowe Development Trust Staff salary costs will be met by Leasowe Development Trust
WC91	Stars Childcare.	Small Beginnings	To improve our environment and overall provision for 2 year olds.	We hope to use the funding to improve our toddler provision. Providing educational toys, sensory play and furniture suitable for toddlers would support the learning and development of our 2 year olds. We have recently opened a baby room. Our aim was to provide quality care at an affordable price to support our local community. We raised money and resources with the help of the local community to support the development of the baby room. However, we now require extra financial support to provide suitable equipment to help those babies that make that transition into the toddler room.	Wallasey (20-30)	£1,000.00	Contribution to: 1 x small wooden table & chairs £269.49, 1 x small world cars and farm £100, 2 x little tykes cars £50 each = £100, 1 x magnetic shapes £14.95, 1 x sensory light panel £79.95, 1 x activity cube - king size blocks £129.95, 1 x giant stacking cups £14.95, 1 x book/toy trolley £159, 2 x shape sorters £14.95 each = £29.90, 4 x child rest mats £17.95 each = £71.80, 4 x multi cultural dolls £13.95 each = £127.60. Total = £1,025.76	£1,025.79	We will continue to seek support from our local community and the families that attend our childcare setting. This will be through fundraising and asking for donations.
WC92	Community Spirit Wirral	Seacombe in Bloom	To work in partnership with members of Improving Life Chances (ILM) in Seacombe to develop an environmental project, in various areas, resulting in entering the North West in Bloom competition in 2017.	This project will provide a unique platform for stakeholders and members of the community to work together in striving for environmental excellence in the Seacombe area. They will work towards entering the North West in Bloom competition and look to do: Upgrading of Gardens in Place in Park, Forum Homes Gardens, Children's Centres and Community Centres, Community Orchard, Recyclable Statue at Seacombe Ferry Port, Alleyway project support. It will achieve a better environment, benefit the community for all ages and a winning certificate for each of the areas at the NW in Bloom competition.	800+	£1,000.00	Flowers, shrubs. Volume of purchases will depend on the total monies secured for the project. The project will be developed at the rate funding secured.	£5,000+	We are looking to develop the project in partnership and have secured £2k to date. We will work together to apply for various funding bids and do some fundraising. We have identified several areas that we wish to begin the project with, and will develop the project with the monies we are able to secure

ID	Organisation name	Name of project	Project description	Brief details of project	Numbers benefitting & ward	Amount requested	Breakdown of costs - requested	Overall cost of project	Additional funds to deliver project if applicable (if receive part funding)
WC93	St Vincent De Paul - Wallasey	SVP - Feeding Support Group	To provide meals to children from disadvantaged homes during school holidays.	In conjunction with Catholic churches in the Wallasey Constituency area the Society of St Vincent de Paul (SVP) is looking to set up a project which will provide meals to families in the school holidays. The focus will be on a 'brunch' meal which would be provided free of cost. Initially meals will be provided two days a week at the parish hall of St Alban's and the kitchen and 'social room' area at St Joseph's Church. Once established a review would then look at possible expansion of the service with additional days and into Leasowe and Moreton.	Liscard 45, New Brighton 15, Seacombe 45, Wallasey 30. Total = 135	£1,000.00	Food £1,000. (Not requesting: Extra £1,500 towards cost of food, Cost of Training £125, Cost of Cleaning materials £125)	£2,500.00	We will hold collections in Catholic Churches and draw legacy from funding from St Vincent de Paul Society.
WC94	Seabank Road Tenants and Residents Association	Quarry Park Regeneration - Phase 1	Repair and paint pavilions, toilets, gates, fences, swings, sports pitches, metal benches, plants and flowers, repair tower clock and also repoint boundary wall.	Cement and sand for pointing, bolts, sheeting, bitumen and felt to repair leaking pavilion roof, paint (metal, emulsion, gloss) wood preservative, brushes and rollers, wire brushes, trays, rubber gloves, anti-mould, bulbs and plants, compost, trowels and a wheelbarrow, panes of glass and putty to repair broken windows, timber to replace rotted frames.	New Brighton 1,300, Wallasey 1,000, Visitors to Wirral 200. Total = 2,500	£1,000.00	Cement & Sand £90, Roof sheeting £110, Bolts, bitumen, felt £80, Paint & preservative £200, Brushes, rollers etc. £50, Clock tower lights £20, Flowers & bulbs £140, Gardening tools £70, Glass & Putty £40, Leaflets & refreshments for volunteers £200	£3,500.00	£400 worth of materials already secured. Further grants are being applied for on a continuing basis. The whole project is in three phases and is likely to take over two years.
WC95	Leasowe Play, Youth & Community Association	Leasowe Young Person's Project	To expand Leasowe Adventure Playground (Addy) services to 13-18yr olds as the young people have expressed their concerns about having nothing to do and nowhere to go because if they meet up in large numbers on the streets they are perceived to be a gang.	If the funding is approved this will benefit not only the young people using the service but also the parents would be able to meet with each other and help each other on dealing with some of the issues which arise bringing up young people in the community. The children have all asked for somewhere they can go to chill out with their friends and listen to music, have a game of pool, table tennis or even a match on a games console but unfortunately there has been nowhere for them to go. In the event this project can go ahead, a lot of the young people have requested activities to include football, table tennis tournaments, cooking, tennis matches, chill nights with snacks and movies, somewhere for them to listen to music of their choice and they have also asked for a bbq. This would prevent a lot of anti-social behaviour within the local community as they would not be hanging around in large groups on the streets or round the shops which is a major hot spot area. We also have at present 12 volunteers willing to help out. The funding would be used to purchase a games console, pool cues, table tennis bats & balls, footballs, a TV, food items and utensils for cookery.	Leasowe & Moreton East 60 (may have small number from other wards).	£998.98	Games Console £299.99, TV £299.99, Table Tennis equipment £100, Football £50, Snooker Cues £75, Cookery items £125, Art & Craft materials £50 Total: £998.98	£1,000.00	In the event that additional funds are needed, the volunteers (people from the community with relatives) will run fundraising events to further raise funds for the children.
WC96	Friends of Harrison Park	History of Harrison Park	To install an interpretation board detailing the history of Harrison Park and the Harrison Family's contribution to Wirral	Buying an interpretation board and having an unveiling linking the local schools, the public, the maritime society and local historic society. To commemorate the 'Harrison Family' donating Harrison Park to the people of Wirral in memory of their parents James and Jane Harrison. To promote the history of the local area and the background to the Harrison Shipping Line and the benevolence of the family in their communities. To ensure the history is passed down the generations. To increase visitors to the area which can benefit local businesses and add to Wirral Tourism. Visiting the park improves wellbeing.	Leasowe & Moreton East 100, Liscard 500, Moreton West & Saughall Massie 100, Seacombe 250, Wallasey 2,000, New Brighton 1,500, Visitors to Wirral 1,000. Total = 5,450	£1,000.00	Interpretation Board £840, Refreshments £100, Stationery (paper/toner) £60. Total = £1,000	£1,000.00	Our group relies on donations from the members, the public and local businesses and we will seek to source any additional funds from our limited funds and to request funds from these resources.
WC97	Institute of Christ the King at Ss Peter, Paul and St Philomena's Church (The Dome of Home)	Graphically designed education pack with children's smartphone audio tour.	Step back in time wearing a 40s hat to December 1940 and meet some Wallasey characters and scenarios: The Dome of Home is 5yrs old, escaping damage during sustained bombing and earning its nickname in the Battle of the Atlantic.	Volunteers will create a graphically designed education pack (National Curriculum - Primary History and cross-curricular) for local school visits to this Grade II listed, iconic building. This will include a smartphone/tablet audio guide with character voices by local drama students. Museum-piece graphic boards targeted at youth, leaflets, 1940s hats, selfie mirror and photocopyable worksheets. The pack and tour will be available on smartphone, online, pen-drive, with hard copies for schools and site visits. We have consulted Wallasey Cluster Primaries, Secondary Art and Drama depts, a local docu-drama director, local audio guide production company, local graphic designer, and the local parish.	Leasowe & Moreton East 100+, Liscard 100+, Moreton West & Saughall Massie 100+, Seacombe 100+, Wallasey 1,000+, New Brighton 1,000+, Visitors to Wirral 500+, School Engagement 1,000+. Total = 4,000	£1,000.00	Contribution to: Director £350, Editor £300, Hats x 40 = £280, Selfie mirror = £402, 10 x stopping/listening point markers = £100, Audio Tour productions = £1,200, Earphones x 100 = £60, Tablets/cases x 8 = £480, Audio Tour Mailer x 1,500 = £323, Museum Piece graphic boards artwork £660, Museum Piece graphic boards production £581, Installation £480, Polypropylene box with branded sticker x 50 = £156, Colouring book & worksheets £400, Dome story template for art/storywork £201, Leaflet x 3000 = £383, Flyer x 3,000 = £193, USB x 50 = £253, Extend Wi-Fi access etc. £560, Pippo the Fool x 20 = £150. Total = £7,667	£7,667.00	We have been awarded a first round pass for a Heritage Lottery Funded Project to restore the side chapel areas of the church (£250k for the total project). As part of that project we have £6,450 in our budget for the Education Pack to engage young people. Feasibility studies and costings in the development phase have revealed that this activity will cost an extra £1,217. We will fundraise for the extra £217 above this grant request.

ID	Organisation name	Name of project	Project description	Brief details of project	Numbers benefitting & ward	Amount requested	Breakdown of costs - requested	Overall cost of project	Additional funds to deliver project if applicable (if receive part funding)
WC98	Friends of North Wirral Coastal Park	Access for all at the Gunsite	To provide easy access to the Leasowe Gunsite Meadow and sand dunes for users of manual wheelchairs, smaller motorised wheelchairs and families with pushchairs.	This funding is for the purchase of a disabled access field gate, timber posts and decking and limestone chippings. Currently there is no suitable access route available for wheelchair users and families with pushchairs across the gunsite meadow/dunes between the Green Lane and seafront car parks. At the junction of the meadow and the dunes, we will install the mobility field gate and build a timber ramp and hard stone path that will link the meadow area to the existing hard path that runs through the dunes to the seafront. Within the local community, the main beneficiaries will be manual wheelchair users, users of motorised wheelchairs and family groups with pushchairs.	Leasowe & Moreton East 5,000, Liscard 5,000, Moreton West & Saughall Massie 5,000, New Brighton 5,000, Seacombe 5,000, Wallasey 5,000, Residents outside constituency area 5,000, Other Community Groups 1,000, Visitors to Wirral 1,000. Total = 37000 - A proportion of these will have a disability either themselves or a family member or friend.	£990.00	Mobility Access Gate & Hardware £270, Limestone (4 tonne) £120, Decking, Timber Posts & Nails £600. Total = £990	£990.00	Depending on the funding shortfall involved, we may be able to make up the difference from within our group funds, but if the shortfall was substantial we would have to seek additional funding elsewhere e.g. local businesses.
WC99	St Paul's Seacombe	St Pauls Youth (SPY)	Providing a venue and support for a weekly children's club for local children aged 4-11 for 1 year as a start up.	Supporting local children's club as a church/community joint initiative. With the recent closure of Seacombe Community Centre, St Luke's Church is working with volunteers to provide a venue for a weekly children's club. For children aged 4-11 and to provide respite for parents/carers. During the autumn and winter especially the whole church needs to be heated to a sufficient level to make it comfortable and to prevent damp air. The highly efficient air pumped heating system does this well and needs to be on from 1hr before the session to the end of the session. The church has a play area which needs new rubber matting and a main hall area which needs thinner matting that can be laid down for activities. Sound system, lighting, toilet and kitchen facilities are provided. The funding is for a one year start up after which subs from this and other church projects are subject to increase to a sufficient level to cover costs.	Seacombe 75	£539.50	Play Matting £279.60, Flooring £259.90. (Not requested: Contribution to heating £750 - Scottish Electric)	£1,289.50	Fundraising through church fairs and giving from church members
WC100	Hype Merseyside	Moreton Change Makers.	We will work with local young people aged 11-16 years in clearing and cleaning up a disused basketball court and run a number of evening football, basketball and Dodgeball session for young people that have helped us make the change.	The funding will be used to clear an old sports yard to enable local young people across Leasowe and Moreton to be coached in football, basketball and dodgeball. When working with the senior groups of young people we will be seeking volunteers who are interested in coaching and who would be interested in working with our team to coach some of the younger people that use the community space. The area will be used for positive activities during Saturday mornings and evenings that will deter street drinkers and others using the space for anti-social behaviour.	Leasowe & Moreton East 24, Local Housing/Community 120. Total = 144	£1,000.00	Contribution to: 10 x Litter pickers @ £10 = £50, 2 x tree cutting shears @ £14.99 = £29.98, 10 x gloves @ £2 = £20, Bin bags £20, HYPE Sessional staffing x 3 for 16hrs @ £20 = £960, Press release £40, 10 x Hi Vis Bibs @ £4.99 = £49.99, Literature £25, HYPE Project Manager 16hrs @ £30 = £480, Sports Balls £75. Total = £1,749.97	£1,750.00	Messers Foundation £750
WC101	The Mersey Ferry Preservation Trust	Promote and Preserve the Daffodil.	Raising awareness of the Daffodil and the plans to convert her into a heritage and community space.	The trust aim to promote their ambitions to convert the Ferry Daffodil into a permanently berthed marine and ferry heritage centre. With access on-board for regular events such as talks exhibitions, educational tours, art and social events. The funding will go towards the cost of producing literature to promote our aims and encourage others to join the Trust, allow us to hold events to promote and encourage the local community as well as further a field to take an interest in their heritage and that of the area from a ferry and maritime perspective.	Liscard 1,500, Seacombe 1,200, Wallasey 2,000, Other Community Groups 12, Visitors to Wirral 200. Total = 4,912	£500.00	Website domain design £150, Leaflet production/printing £250, Stationary/office supplies £100, Advertising £100. (Not requested: Extra £100 towards cost of web site, Extra £200 towards printing costs, Extra £50 towards stationery costs, Extra £175 towards advertising costs).	£1,025.00	Additional funding will be found via fundraising and public donations. Fundraising will include activities and events held locally, donations from local businesses with goods in kind.

ID	Organisation name	Name of project	Project description	Brief details of project	Numbers benefitting & ward	Amount requested	Breakdown of costs - requested	Overall cost of project	Additional funds to deliver project if applicable (if receive part funding)
WC102	Amy and Friends	My Time to be Me.	We hold weekly siblings groups where we support children who have a brother/sister at home who have a life limiting/life affecting illness. We also support children who have a poorly parent.	We would like to hold a healthy eating project that will last 3 months. This will involve a sessional worker coming into club and teaching the children all about cooking and preparing a healthy dinner. This will include the children learning about why it is essential to eat healthily. We are fully aware that sadly most of our children that attend are from a family with a limited income and sadly don't get to eat like this on a regular basis. The children will be involved in planning their meals right from the start to preparing and cooking their meals. The children who attend are sadly very isolated and left out at home and find attending club a safe place where they can come and have fun and learn new things whilst having fun. This in turn prevents them from hanging around on street corners and getting involved in local crime.	Leasowe & Moreton East 6, Liscard 9, Seacombe 43, Wallasey 9. Total = 67	£1,000.00	Contribution to: Sessional Worker 3mths @ £50 p/wk = £600, Food 3mths @ £25p/wk = £300, Kitchen equipment = £300. Total = £1,200 (Not requested: Rent 3mths @ £37.50/wk = £450 - Heart of Egremont).	£1,650.00	We will hold events and sponsored events with the children involved.
WC103	New Brighton Baptist Church, Christians Against Poverty - 'Life Skills'	CAP Life Skills	We run 8wk courses under the title of CAP Life skills helping our members to focus on budgeting the consequences of income and outgoings, savvy shopping and savings, personal wellbeing, healthy eating, food choices and healthy lifestyle, being active and healthy and healthy relationship choices.	Funding is needed to support the costs of running the life skills programme. The work is done through fun and informative discussion, demonstrations, hand-on and instruction. This work not only benefits the members but their wider family. Each week rent, materials and food supplies are required as each session ends with a healthy and substantial two-course meal and a celebration meal on the 8th week. The course programme is enhanced with 'free to members' excursions, meals out, bowling, swimming, walking, museums, parks, galleries, volunteering to help others etc.	40 directly - multiple wards (but impacts upon other family members)	£1,000.00	Contribution to: Food supplies £80 per month (for 12+ members), Mixed selection of stainless steel cooking & serving implements £50, Industrial chopping boards, kitchen notice & storage rack £115.99, 2 x 10ltr Buffalo soup kettles @ £35.98 each. Total = £1,197.95	£2,500 per year	A lot of what we do has been financed by the volunteers who run CAP Life Skills and supporters of the work. We will actively continue to seek funding from supporters and other grants as and when they become available.

ID	Name of project	Priority area:	Priority area: Personal Wellbeing - How will this be achieved	Priority area: Economic Wellbeing - How will this be achieved	Priority area: Neighbourhood Wellbeing - How will this be achieved	Building/Site the project to be delivered from	What does your Organisation do	Assessment score
WC70	New Brighton Job Club.	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	We also work with the local community and residents in the New Brighton area as part of our target for increasing community engagement, reducing social isolation, promoting healthy lifestyles and diet for local residents through our healthy lunches and food in our Cafe, plus expanding the use of our IT suite using it as an Interchill Out space to explore new ways to support residents by learning and using the internet, watching films, presentations and continuing conversations in a holistic approach to wellbeing. We also need the funding to continue our endeavours to improve community relations which has a number of features at its heart including 'intergenerational' which are designed to help bring all sections of the community together to help achieve their common goals, helping and sharing best practice from each other in a non threatening environment. We are also continuing to attract a range of volunteers with different sets of skills and knowledge to help deliver the outcomes of the project. We work regularly with the local job centre, connexions/schools, and Wirral Connect to attract placements and volunteers. We believe that people have better chances in life through the provision of local facilities; we are offering an accessible service that the local community will be more willing/likely to access. By giving people the skills and facilities to support them through the welfare reforms and for others to ultimately find employment we believe the project will help improve their life. Through our support and liaising with other statutory organisations people will also be able to identify suitable training; this will increase people's skills therefore broadening their opportunities in the future.			New Brighton Community Centre, 1a Hope Street CH45 2LN	The Community Centre provides activities and services sufficient in quantity, range and quality to meet the needs of all sections of the New Brighton Community and it environs. Activities include: Credit Union, Healthy Eating Lunch Clubs, Employment Assistance, Free Internet, Alcoholics Anonymous (AA), Wirral Pathfinders (Mental Health Support Group) Chill Out Area - Cafe (Drop In, Social Interaction, Films, Conversation) Yoga, Art Classes and Police Surgeries.	9
WC71	Egremont Martial Arts Club.	Improving Personal Wellbeing Improving Neighbourhood Wellbeing			By offering people the chance to use the centre and its facilities and to channel negativity into positivity. With many people having issues, both as an individual and as a collective, by visiting the Heart of Egremont regularly, and participating in activities, and making use of the facilities we have, we may even be able to have a positive impression and give them an alternative to potentially committing acts of anti-social behaviour, and help to reduce the possibility of crime, we are addressing the priorities named above.	Old Egremont Mission, Guildford Street, Egremont CH44 0BP	We are a Community and Heritage Centre.	7
WC72	Seacombe Allandale Sports/Youth Boxing.	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing			Seacombe - where the club is based - is among the lowest percentage of deprivation in the country. The sport of Olympic Boxing requires discipline health and wellbeing, dedication to healthy eating plans; it works on tackling bullying and promotes anti-bullying. It also gives people in the area from ages 9-90 a safe and secure place to exercise and enjoy Olympic Boxing - all under the supervision of fully qualified ABA England Coaches. We get up to 50 people a night coming to the centre. All our ABA coaches are volunteers from the area who joined the club 3 years ago. We have also had some of the parents of the children, who come to the centre training, become fully qualified ABA Coaches. All done to help the club and the area.	Seacombe Allandale Youthworks Sports Boxing, Lucerne Road, CH44 7EZ	The Seacombe Allandale Sports and Boxing Club caters for all ages but generally focuses on young people. We give them a safe and secure place to learn the sport of Olympic Boxing, encouraging and promoting fitness health and well being, character building discipline and dedication to sport.	7
WC73	Therapeutic Cruises for Wallasey Constituents.	Improving Personal Wellbeing Improving Neighbourhood Wellbeing			Personal Health & Wellbeing physically and mentally on the day and as a memory is improved. Carers bringing young and old people on our cruises comment on how people are affected. Some of their clients are often very withdrawn and non communicative but observing what is happening outside and indeed inside the boat helps them to relax, chat and take part. For others normally agitated (e.g. dementia sufferers) the movement and pace, slowly observing and feeling, calms them and gives them some respite and peace.	Taking place on two boats cruising from Ellesmere Port and Christleton	Using two specifically designed narrowboats we take mainly physically, mentally, emotionally disabled adults & children on cruises from four hours in length to short residential breaks.	7
WC74	Eating Together Better.	Improving Personal Wellbeing			Working with parents and children together, the course will improve personal wellbeing through: Supporting healthy eating and shopping. Include a joint shopping visit to make good food choices on a budget, encourage parents and children to cook and eat together, give families the opportunity to celebrate their skills with a final celebration event, enable families to improve their health and wellbeing through positive eating choices.	Community Spirit Wirral, Place in the Park, Liscard Road, Wallasey CH44 9AE	We partner with groups in the community to provide free at the point of contact wellbeing services. Traditionally this has included life coaching for people who are marginalised or disadvantaged. More recently, with support from Wirral Council, this has included establishing a life coaching project in two secondary schools and a mindfulness project in a primary school.	5
WC75	Cadbury World.	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	This project offers an opportunity to young people who, by the nature of their disabilities, are often excluded from community activities and at risk of social isolation, to participate in their wider community. It will improve personal wellbeing by promoting independence, improving social skills and supporting and extending formal education. It is an opportunity for this group to explore an area beyond their local community.	The local economy will benefit in terms of supporting a local coach hire company who will provide the transport.	This project will improve neighbourhood wellbeing by providing a period of respite to parents and carers under pressure from what can often be a stressful role. This is an opportunity for them to spend time with siblings or extended family. Belvidere Centre also provides volunteering opportunities for young people who wish to support the club and its members. As membership of Belvidere Centre extends across Wirral a borough-wide neighbourhood will benefit.	Belvidere Centre, Belvidere Road, Wallasey, CH45 4RU	We provide a club base for young people (13-25) with special needs and their friends.	10

ID	Name of project	Priority area:	Priority area: Personal Wellbeing - How will this be achieved	Priority area: Economic Wellbeing - How will this be achieved	Priority area: Neighbourhood Wellbeing - How will this be achieved	Building/Site the project to be delivered from	What does your Organisation do	Assessment score
WC76	Clare Mount Cycle Checks: The 3Cs.	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	The Project would improve both physical and mental wellbeing amongst both the students running The 3Cs and participants from the community. Students (many who are autistic) on the current CRC have been reported in feedback from the lead tutor to be more 'settled' and communicative with others as they gain in self confidence from their achievements. Taking part in The 3Cs will add this sense of achievement and the consequent mental health benefits. The physical wellbeing of participants would improve as The 3Cs would encourage people to increase the amount of time they spend cycling on roadworthy cycles, thus gaining from the known physical and mental health benefit of exercise (Sport England, SRA, NHS).	The project would improve the economic wellbeing of the students as The 3Cs provides them with both cycle maintenance and transferrable skills that they can use in either their search for employment or to continue into Further Education. It also provides work experience which is invaluable in the search for employment. It will also improve the economic wellbeing of local cycle shops as participants from the community will be taking their 3Cs reports to local shops to have the necessary repairs carried out.	The project would improve neighbourhood well being through the improvements in physical health (as noted in 'Improve Wellbeing' above) The 3Cs would also act as a means of enhancing community engagement promoting communication between students, the school and its local community.	Clare Mount Specialist College, Community Café, Fender Lane, Moreton CH46 9PA	KH2 CIC carries out activities which benefits the community and in particular those who, for through their individual or group circumstances, experience difficulties in accessing cultural activities. Emphasis is given to helping participants increase work based and social skills to help individuals increase their potential.	14
WC77	Anti-litter art and media events	Improving Neighbourhood Wellbeing			The look, feeling and wellbeing engendered in any neighbourhood is enhanced or diminished by the effect of the local environment upon those whom live in, or visit, that environment. By engaging in activities such as beach cleaning, and now through this project, proactively encouraging visitors not to drop litter, educating visitors of the dangers of litter, both on land and in the oceans, encouraging the use of bins by various means and engaging with local schools, the projected outcome is that not only will those visitors gain wellbeing through visiting New Brighton but will 'export' something of what they have gained, back to their home communities. Perhaps they might also be encouraged to pick up the litter of others. Thus, not only is New Brighton's sense of neighbourhood wellbeing enhanced, but also, those who visit will gain wellbeing, and in turn maybe even enhance their home environments. The education aspect of this project could also have far-reaching positive effects. All of these overall positive outcomes will significantly contribute to neighbourhood wellbeing.	New Brighton beaches and Fort Perch rock car park.	Beach cleaning and litter picking in the New Brighton beaches and foreshore areas. Litter picking at special community events (i.e. The Egremont Festival, the Promenade Rally Stages Event along Kings Parade), Environmental Schools sessions. Campaigning to promote anti litter and environmental awareness.	10
WC78	Debt Counselling Advice Service.	Improving Personal Wellbeing Improving Neighbourhood Wellbeing	By providing support and advice to people with debt problems which will give them and their families assistance in addressing and where possible alleviating the underlying causes of debt. Our trained counsellors will provide a sympathetic and caring approach and a point of support and advice and where relevant sign-post the clients to other agencies who can assist them. The broadband and laptop will enable us to provide access to accurate and up to date information which is important in ensuring that clients have the best possible chance to overcome their debt problems. Many of these clients do not have broadband access of their own or the means to access it without external help.		Will be improved as we assist more people to move out of debt, raising individuals' confidence enabling a great level of social inclusion.	St Chad's Church, Twickenham Drive, Leasowe, CH46 1RJ	We are a Church which provides support to the local community through our Faith based services and our active community projects. We are a distribution centre for the Wirral Food bank (open every Tuesday and Wednesday). We hold a weekly 'Children's Clothes Swap Shop' and provide a drop in centre for children from local Schools.	12
WC79	The Black Pearl New Brighton and Vale Park Driftwood Fairy Village.	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	We encourage our local community and beyond to interact with our artwork regardless of race colour, creed or age. People have become engaged and marriage blessings on the boat including civil partnerships. We are very eco-friendly only using driftwood or recycled materials, we are a dedicated bunch of pirates who clean the beach and fairy garden on a regular basis. We have also given talks to local groups e.g. University of the 3rd Age, as most of us 'pirates' have retired, we just want to show people that retirement can be just the beginning of a new adventure.			Outside areas	Create interactive driftwood sculptures on the beach and in Vale Park. Entertain School groups and other organisations. Free to all.	9

ID	Name of project	Priority area:	Priority area: Personal Wellbeing - How will this be achieved	Priority area: Economic Wellbeing - How will this be achieved	Priority area: Neighbourhood Wellbeing - How will this be achieved	Building/Site the project to be delivered from	What does your Organisation do	Assessment score
WC80	Provision of New Equipment.	Improving Personal Wellbeing Improving Neighbourhood Wellbeing	Our club encourages youngsters to engage in healthy sporting activities in a safe and friendly environment. We help to tackle obesity teach them discipline, self respect and comradeship giving them a sense of purpose and confidence. We do not discriminate on gender, ethnic, religious, social or physical disabilities.		It has been well documented in the local media about the [perceived] increase in vandalism and anti-social behaviour in our borough. We provide a facility where our local youth can come, keeping them off the streets and out of trouble, where they can make friends in a warm and friendly environment. Instead of sitting in front of a computer or PlayStation they can take part in sporting activities. With our help and their dedication they will be responsible citizens in the future and a credit to our community.	West Wirral Boys Club Annexe, Barnston Lane, Moreton, Wirral CH46 7TN	We are a club for young people open 5 days a week. We are a member of the National Association of Boys and Girls Clubs and affiliated to the Amateur Boxing Association of England.	11
WC81	Butterfly & Bees Park	Improving Personal Wellbeing Improving Neighbourhood wellbeing	We organise groups such as scouts or rope in local residents a few of the members are also active in this project. The Association is free to any person and heavy going work is sometimes contracted out such as say mini digger or large tipping lorry for groundwork.			Open park land (Linear Park)	Residents association and keep Butterfly & Bees Park Linear Park.	7
WC82	Mermaid & Merchild Child Statue	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	Benefit to New Brighton businesses particularly in Victoria Road. This also creates another exciting attraction for visitors and residents linked to the successful Black Pearl. Possibly will attract passenger from the cruise liners visiting Liverpool. Nowhere else on earth has a Mermaid and Child so this will be a unique spectacle.			Sited off New Brighton Tower Promenade on a navigational post on the beach.	Exhibits Arts & Crafts created by local artists in empty shopping units and on exterior of buildings plus other structures to brighten New Brighton.	9
WC83	Walk and Talk	Improving personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	Our project will provide support to those who may not access mainstream activities and those who may be socially isolated. The benefits of walking are extensive and proven but walking as a group provides the extra social support and is an excellent way of talking in an informal environment. Our project will embrace The Wellbeing Five ways http://www.nhs.uk/Conditions/stress-anxiety-depression/Pages/improve-mental-wellbeing.aspx Furthermore we will also have a themed approach to our informal support sessions after our walks. For example we will provide resources which will cover a vast amount of areas such as fuel poverty, pay day loans, smoking cessation signposting, healthy eating and physical activity			Cherry Tree Centre Liscard (Unit to be confirmed). Also if successful we plan to expand to Guinea Gap baths as we currently deliver a health walk from this facility	Provide activities aimed at keeping people well and improving health and wellbeing.	12
WC84	Restoration of a citizens war memorial and bench contained within Wallasey Cemetery.	Improving Personal Wellbeing Improving Neighbourhood Wellbeing	The memorial highlights an important element of the history and heritage of Wallasey Constituency and provides both a poignant reminder of the loss suffered by local families and a place of quiet reflection. Consequently therefore we believe that the project meets both the personal wellbeing and neighbourhood wellbeing criteria.			Wallasey Cemetery, Wallasey CH45 5DE	Assists WBC with maintenance and security of Wallasey Cemetery. Additionally we attempt to inform the local community of the rich historical heritage within the cemetery.	9
WC85	Unity in our Community	Improving Personal Wellbeing	Families are currently going hungry due to the impact of government cuts, with the rising price of fuel, food and transport as well as children's and societies expectations of Christmas. The hamper will provide food specifically for the Christmas period. This will not only enable families to feed themselves, not having to make the choice between food, fuel or presents. This will also contribute to positive mental wellbeing as Christmas is often a lonely time and the gift of hamper will remind people of the positive caring community they live in.			Leasowe Millennium Centre	Joint working of organisations and partners in Leasowe c/o Wirral Development Trust.	7
WC87	Upgrade a section of stage lights	Improving Neighbourhood Wellbeing			We hope the work we do on the lighting will improve the quality of productions, increase the enjoyment of the audience and increase the usage of the hall	Claremount Road Methodist Church Hall, Sandy Lane, Wallasey CH45 6UE	Amateur drama group with frequent productions.	10

ID	Name of project	Priority area:	Priority area: Personal Wellbeing - How will this be achieved	Priority area: Economic Wellbeing - How will this be achieved	Priority area: Neighbourhood Wellbeing - How will this be achieved	Building/Site the project to be delivered from	What does your Organisation do	Assessment score
WC88	Wallasey Village in Bloom	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	By enabling all ages and levels of fitness to be involved in the community group to carry out the essential task of watering especially during the summer months will improve personal wellbeing. To continue with the work we do as a group we need to have robust equipment to use. To be fit for purpose rather than trying to work with improvised methods.	Using water butts to collect waste water will improve economic wellbeing. The group have been promised a good supply of waste water from Barks Pet Shop as they change the water in the fish tanks on a regular basis. This water is full of minerals and is currently thrown away. Instead of using water from the mains which needs to be paid for we can recycle water waste. In addition the collection of rainwater is a greener alternative so having two water butts we cover both areas of the village. This provides a good example to others on the use of natural resources.	Placing hanging baskets on lamp posts is a tried and tested formula for community planting but it cannot be done without the correct watering equipment so the purchase of the mobile water bower goes hand in hand with the placing of hanging baskets. This will improve the neighbourhood wellbeing as the two shopping areas of Wallasey Village can be united and will provide an extended flower display.	Wallasey Village	We are a community group who provide planters and flowers in and around Wallasey Village to improve the environment and make people smile with flowers. We work with other community groups and the Council.	10
WC89	LEBB – Leasowe Enabling Better Behaviour	Improving personal wellbeing Improving Neighbourhood wellbeing	The LEBB project is aimed at young people who are involved in nuisance behaviour. Many of the young people's parents have been issued with tenancy warnings from the local housing association due to high activity of anti-social behaviour. Some group members are in trouble with the police. This project will improve the personal wellbeing of the 50 young people by providing them with educational encouragement and raising aspiration levels. Along with breaking down barriers and reducing their desire to commit crimes, they will be less likely to engage in activity with drugs and alcohol. This will also result in an improvement in personal wellbeing of the young people's parents. The stress levels will fall and the worry of eviction will decrease. The LEBB project will dramatically improve neighbourhood wellbeing. Many residents have avoided using the local shops due to the youth congregating in large numbers, this can be very intimidating especially for the elderly residents. This project will influence the youth to question their behaviour and the effects it has on themselves, their families and local people. It will also show the possible repercussions. Encouraging them to take up alternative activities and not congregate around the shop area. This will then open the shop area back up as a friendly place. The reduction in anti-social behaviour will make Leasowe and surrounding areas a more desirable place to live and visit. The young people can become positive role models for future generations			Leasowe Millennium Centre, Twickenham Drive, Leasowe, Wirral CH46 1PQ	We offer advice and guidance through many services including a job club, welfare benefits advice and support. We also host community organisers who listen to community identifying volunteers and leaders helping to develop projects and activities. We improve health and well being through engagement and events.	9
WC91	Small Beginnings	Improving Personal Wellbeing Improving Economic Wellbeing	In order for children to thrive, we must ensure that they achieve the 5 every child matters outcomes: Stay Safe, Be Healthy, Enjoy and Achieve, Make a Positive Contribution, Achieve economic wellbeing. This project will support children in achieving personal wellbeing as the smaller furniture will allow the children to use their independent skills and make their own choices during play and meal times. The sensory equipment will encourage children to explore their senses and also benefit any children we have with additional needs. Our younger children will be given much more freedom to play and explore with equipment that is appropriate for their age. Children will be encouraged to play in small groups and share resources which are important for their emotional wellbeing. Many of our children come from white British backgrounds and do not come into much contact with other ethnic groups. we teach our children the importance of British values and want our children to respect and value other cultures, religions and race. Providing children with multi cultural dolls will help them to understand the importance of acceptance from an early age. Implementing new resources for our toddlers will enable us to extend our provision and extend the hours we care for our toddlers. We can supply rest mats for children to take short naps during the day. This will support the economic wellbeing for our families, helping parents/carers to work longer hours whilst their children are being looked after in an affordable, high quality childcare setting.			Stars Childcare, Grosvenor Ballroom, Wallasey	We are a childcare setting caring for children aged 3 months - 11 years.	6
WC92	Seacombe in Bloom	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	The project will: Provide improvements to the local environment; foster civic pride; develop community spirit; improve the visual appearance of the place making it an attractive place to visit, work and live in; create a good impression to visitors and to attract potential business; involve local organisations - Wirral Council, local schools, voluntary groups and social landlords; foster a sense of competitive spirit in order to achieve success; improve wellbeing also by training with Wirral Environmental Network on a variety of subjects by linking persons together to engage various subjects and the project will engage with persons of all ages across the whole of Seacombe. North West in Bloom is the voluntary regional organisation that administers the Britain in Bloom competition in Lancashire, Cheshire, Greater Manchester and Merseyside and is one of the 18 regions and nations that comprise Britain in Bloom. This was a successful pilot in Birkenhead for 2016 and with this as a goal to work for, will provide additional community development and partnership working. Life Long Learning have secured funding to develop in areas, which will support groups of eight or more.			Various (see details of project).	We operate to support and help those people in need across Wirral.	10

WC93	SVP - Feeding Support Group	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	Our charity has been working within the borough of Wallasey since 1936. We are working with families on a daily basis and are aware that there are areas of acute financial deprivation. We are also aware of how benefit changes such as the benefit cap and reductions in entitlement to tax credits can have a massive impact on the ability to maintain a stable family structure. Although the saving of not having to pay for one meal for all the family members may not seem to have a major financial benefit we believe that with an appropriate 'holistic' approach, by means of a listening ear and signposting to other agencies for ongoing support, real gains in terms of personal well-being could be obtained. In addition it is hoped that a sense of a sympathetic drop-in point would provide a feeling of community so that clients are comfortable speaking about things in an open and non-bureaucratic contact.			St Albans Centre, St Albans Road, Wallasey CH44 5UD/St Josephs Centre, Wheatland Lane, Wallasey CH44 7ED	We support people in need by providing support in financial difficulties including provision of food, clothing, furniture etc.	11
WC94	Quarry Park Regeneration - Phase 1	Improving Personal WellBeing Improving Economic WellBeing Improving Neighbourhood WellBeing	Swings, slides and play area items for children. Sports pitches: five-a-side football, basket ball, bowling. Toilet facilities.	Attractive park will bring more people into the area improving the footfall in the adjacent shopping area of Rake Lane and Seaview Road.	Quarry Park has been neglected for some time and some parts have become hazardous. An attractive and safe park will greatly enhance the area.	The Pavilion, Quarry Park, Rowson Street, Wallasey	Maintain and improves the street furniture (benches, planters, canopies etc.) and parks and assist new shops with opening events and leaflets; all towards the general regeneration of the area.	10
WC95	Leasowe Young Person's Project	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	We intend to bring in professionals to talk to the children about alcohol and drug misuse, the response team to explain the consequences of anti-social behaviour	All sessions would be free of charge to the young people as we do not want to impose any financial restraints on them.	By providing activities and somewhere safe for the young people to go, this would immediately reduce large groups hanging around on the streets.	Leasowe Adventure Playground, Oxley Avenue, Leasowe CH46 1RU	The LPYCA currently provides open access for 8-13 year olds with structured activities. In an effort to keep them off the streets and out of trouble, away from anti-social behaviour, drugs and alcohol. Some of these children cannot easily access other youth provision due to medical conditions and challenging behaviour.	10
WC96	History of Harrison Park	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	To provide the community and especially school children a link to the past and a sense of identity. History and how it relates to your local town resonates and ensures it is passed from generation to generation. It gives people a sense of pride.	Where possible we are looking for purchases for the project to be sourced locally, helping the local economy. Increased visitors to the park will also help the surrounding local businesses.	Building stronger, confident communities, especially the younger generation ensures that we have better links in the neighbourhood. If people have positive memories of the park this creates a sense of belonging and people have pride in the park.	Harrison Park	Encourage the improvement and development of facilities in the park. Strive for community cohesion and encourage residents of Wirral to use the park for health and wellbeing.	9
WC97	Graphically designed education pack with children's smartphone audio tour.	Improving Personal Wellbeing Improving Economic Wellbeing Improving Neighbourhood Wellbeing	The 10 members of the education team will volunteer their time and make a valuable contribution towards engaging the community. Drama students will have an opportunity to work on 10 scenarios in character with a professional director, develop skills and experience to add to their CV. Young people will engage in this heritage building so that they learn more about the history and heritage of New Brighton, WWII and the Battle of the Atlantic and appreciate the beauty of this Grade II listed building, open all day for everyone. The audio tour with its 1940s hats and selfie mirror will be interactive and an enjoyable way to experience the attitudes, fears and values of Wallasey at War.	The Audio Tour will be free of charge and available on personal smartphones throughout the day. Eight simple tablets hosting the tour will be available for pre-arranged group tours. It will add to New Brighton's tourism offer available both onsite and online to encourage more visitors to the area, contributing to the local economy and making the local area a better place to live, work, or visit.	The heritage of this building will be better interpreted, explained, identified and recorded using graphically designed leaflets, educational worksheets, Museum Piece Graphic Boards in the porch and interactive Audio Tour. There will be massive community involvement in the creation of the Pack and Tour, a team of volunteers with education experience will script scenarios with advice from a local film director from our congregation (giving opportunities to local young people and much of his expertise free of charge), a local graphic designer and local drama school students auditioning for voices in consultation with a local heritage interpretation company (AHL) . This will give our neighbours in the local community a feeling of ownership if the site. It will help them understand the history of the area as well as this church and encourage them to discover this local attraction. The pack will be targeted at young people for its language and graphics. Consultation with local schools has already begun so that they can engage with this heritage in a fun way.	SS Peter, Paul and St Philomena's Church, 7 Atherton Street, New Brighton CH45 8LT	Developing has begun and it is their 3rd restoration project since 2013 with most funding coming from Heritage Lottery Fund. The Church was closed in 2008 due to concerns about the cost of repair. There followed an enthusiastic local campaign to save the building and in 2012 it reopened. With full support from the Diocese of Shrewsbury the Church is now open from 8am to 8pm daily for anyone wanting to escape the modern rat race for a few minutes. With funding and in conjunction with Wirral Council's Learning and Heritage Officers, the church developed a number of activities to engage the community - Guide Book, film, website, shop, Heritage Tour and has been subject to a 30 minute Hairy Builder programme. Local volunteers guide visitors through its history, throughout the year by arrangement and especially for Heritage Open Days.	11

WC98	Access for all at the Gunsite	Improving Personal Wellbeing	Within the North Wirral Coastal Park, The Gunsite attracts many visitors at all times of the year to enjoy the wildflower meadows, picnic areas and sand dunes with their special flora and fauna. Currently able bodied pedestrians with older children and dogs can easily access all areas on foot and can enjoy the sea air and wonderful views over Leasowe Bay, to Wales and the Sefton Coast. Our project will enable these benefits to be fully enjoyed by all members of the community, some of whom currently have limited mobility which restricts the personal wellbeing benefits that a visit to the gun site can provide			The Gunsite (North Wirral Coastal Park)	We work with the Wallasey Rangers on a weekly basis to help with the conservation and management of the coastal park.	14
WC99	St Pauls Youth (SPY)	Improving Personal Wellbeing Improving Neighbourhood Wellbeing	Children are provided a safe venue with entertaining and educational activities. They learn social skills. Parents/carers are given time to rest.		Children from across the neighbourhood are provided a safe inside venue to play in. Social integration across the neighbourhood is encouraged and facilitated by the inclusive nature of the sessions, everyone is welcome, subject only to number limits for the venue.	St Pauls Church, Church Crescent, Seacombe CH44 6PN	Serve the community with social work, provide spiritual and religious education, facilitate worship.	7
WC100	Moreton Change Makers.	Improving Personal Wellbeing Improving Neighbourhood Wellbeing	By engaging young people		Making the area a safer place to be, Making the area look better and enable young people to take pride in their community space. Showing the wider community the benefits of giving young people an opportunity locally.	Basketball Court behind Moreton Ambulance Station.	We are a young persons non profit organisation working to provide young people with skills, confidence and opportunity to reach their potential. We aim to improve health, social and education skills, enhance opportunity for employment and develop young people to improve social cohesion and inclusion through daily and weekly workshops.	8
WC101	Promote and Preserve the Daffodil.	Improving Neighbourhood Wellbeing			We are aiming to address the priority which deals with improving neighbourhood wellbeing. By encouraging the community to get involved with our project either directly or indirectly, we feel we can achieve this. People can become members of the trust through supporting our work, or becoming a volunteer. By encouraging participation we are promoting a more cohesive community, with a common aim of preserving our heritage and the part the local people have played. With many people having been associated with the ferries in one way or another, by supporting our work, we aim to continue their links and broaden their interest in their community.	The Heart of Egremont, Old Egremont Mission, Guildford Street, Egremont CH44 0BP	Promote the heritage and history of the Mersey Ferries and will be looking to convert the ferryboat Daffodil into a heritage and exhibition venue.	10

WC102	My Time to be Me.	Improving Personal Wellbeing Improving Neighbourhood Wellbeing	Attending club alone massively helps with their personal wellbeing. Spending time with other peers who are in the same situation as them helps to control their feelings and sometimes anger.		This brings the children to a safe place they can hang out with friends and learn new topics. This in turn will stop the possibility of them hanging round the streets/local parks and causing trouble.	The Heart of Egremont, Old Egremont Mission, Guildford Street, Egremont CH44 0BP	We support children and their families/carers who suffer from a rare premature ageing illness called Cockayne Syndrome.	11
WC103	CAP Life Skills	Improving Personal Wellbeing Improving Economic Wellbeing	The total focus of the programme developed by CAP with their Life Skills Club is to highlight and educate the members to focus on their finances and personal wellbeing. The recently finished course, because of the approaching Christmas season, majored on what spending pressures there would be on the family, with lots of questions and discussions about - was it necessary?; could a limit be set?; could the list be cut with family discussions and agreements?; what extra food costs there might be?; was it possible to cut costs? (we had making cards and homemade gift sessions) and what Christmas festivities families could be encouraged to participate in that would still be special but don't put pressure on the family purse?			New Brighton Baptist Church, Seabank Road, Wallasey CH45 1HE	CAP is a national charity passionate about releasing people from a life sentence of poverty, debt, unemployment and addiction, facilitating the church to work with their local community.	10
