LEVC

TX - AT A GLANCE

Built for purpose. Designed to deliver.

- 1** **Iconic styling.** Distinctive circular headlights, coach-doors, a bold front grille, and an instantly recognisable roofline.
- 2** **eCity technology.** Range-extended electric, zero-emissions capable technology reduces running costs and gives unrivalled range flexibility.
- 3** **Driver comfort.** Your mobile office, ergonomically and thoughtfully crafted for long hours at the wheel.
- 4** **Technology.** From cruise control to parking sensors, the latest equipment and driver aids are designed to make your life easier.
- 5** **Passenger experience.** Seating for up to six people, a panoramic glass roof, charging ports and fast on-board Wi-Fi.
- 6** **Safety.** A strong body structure, full complement of passive safety systems and cutting-edge active driver assistance provides peace of mind.

EXTERIOR COLOURS

Stand out from the ranks.

With a choice of unique colours, the TX offers a wider range of paint options than ever before, including metallic and pearlescent finishes.

Raven Black
Pearl-Metallic

Lunar Silver
Metallic

Alpine White
Non-metallic

Sunburst Yellow
Non-metallic

Sherwood Green
Non-metallic

Cordiva Blue
Non-metallic

Storm Grey
Metallic

Ocean Blue
Metallic

Charcoal Grey
Metallic

Nightley Blue
Pearlescent

Tupelo Red
Pearlescent

Starlight Black
Pearl-Metallic

Metallic paint chargeable at £495. Pearlescent paint chargeable at £595

With the exception of the classic Raven Black body colour, TX incorporates glass black door mirrors and black printed pillars to create a contemporary 'floating roof' styling effect

OPTION PACKS

Make more of your TX.

The TX is the most well-equipped taxi we've ever built. The standard VISTA specification blends high-end accommodation for both driver and passengers with innovative technology and user-friendly features.

We've made some of our most popular equipment available in two packs, designed to save you money and enhance your driving and ownership experience even further.

VISTA

Standard equipment includes

Centre division and driver protection screen

Full accessibility package ¹

Front side and curtain airbags

Active driver assistance

Auto lights and windshield wipers ²

9 inch touchscreen interface ³

Cruise control and speed limiter

Rear parking sensors

Front and rear climate control

Panoramic roof

230 V and USB power sockets ⁴

Dedicated on-board Wi-Fi

VISTA COMFORT

Additional features over VISTA

Luxury driver's seat (inc. additional and electric adjustment plus heated seat)⁶
Electrically adjustable with extended knee support and tilting base.

Electrochromatic rear-view mirror⁶
Auto-dimming glass.

Heated windscreens⁷
Quickly defrosts, with a timed cut-off to save energy once clear.

Driver's under-seat lockable drawer
Secure, handy, ergonomic storage for valuable items.

VISTA COMFORT PLUS

Additional features over VISTA Comfort

Integrated satellite navigation with traffic updates⁸
Built-in, integrated UK and European mapping with guidance.

Reversing camera⁹
Wide-angled reversing aid viewable through centre console.

Front parking sensors¹⁰
Electronic, bumper-mounted sensors with audible warning.

PRICING

Value as standard.

Be even better equipped for just an extra £5 or £9 per week respectively with the Comfort and Comfort Plus packs. From a luxury heated driver's seat with electric adjustment to a rear-view camera and satellite navigation, these packs offer our most popular options at an unbeatable value.

HIGHLIGHTED FEATURES

Explore the TX in detail.

Air-pollution sensor.

TX not only filters the air you breathe to prevent contaminants from entering the cabin, it monitors the quality of the air flowing to the interior vents and automatically closes the intake if high levels of pollution are detected, protecting you and your passengers from any harmful effects.

Standard on all models.

Swivel seat.

Within the passenger compartment, the outer flip seat can rotate to a fixed position outside the passenger door. When used in conjunction with the wheelchair ramp, even passengers with severe mobility challenges are able to enter the vehicle without unnecessary hassle for them or for the driver.

Standard on all models.

Panoramic roof.

The roof panel incorporates layers of thick, reinforced glass with a tinted security film between them. The film blocks 95% of emitted light energy from entering the cabin, creating a secure and pleasant environment for passengers to enjoy dramatic views of the skyline.

Standard on all models.

Dedicated on-board Wi-Fi.

Passengers will be able to connect to the inbuilt Wi-Fi on-board the TX. A dedicated USB socket, located in the driver compartment for optimum signal, will allow passengers to connect to the Wi-Fi. The high-speed Wi-Fi dongle is included with the taxi, along with a 12 month data contract.

Standard on all models.

Electrical accessory interface.

The new TX has been designed to meet the requirements of modern passengers; the interface allows quick, simple and safe electrical installation of a wide range of aftermarket devices without damage to existing wiring harnesses.

Standard on all models.

Main beam assist.

The bright, efficient LED headlights are fully-automatic and feature electronic self-levelling, on/off control and a sensor that detects other vehicles and street lighting to switch between dipped and main beam automatically, so you're assured of optimum visibility at all times.

Standard on all models.

TECHNICAL SPECIFICATION

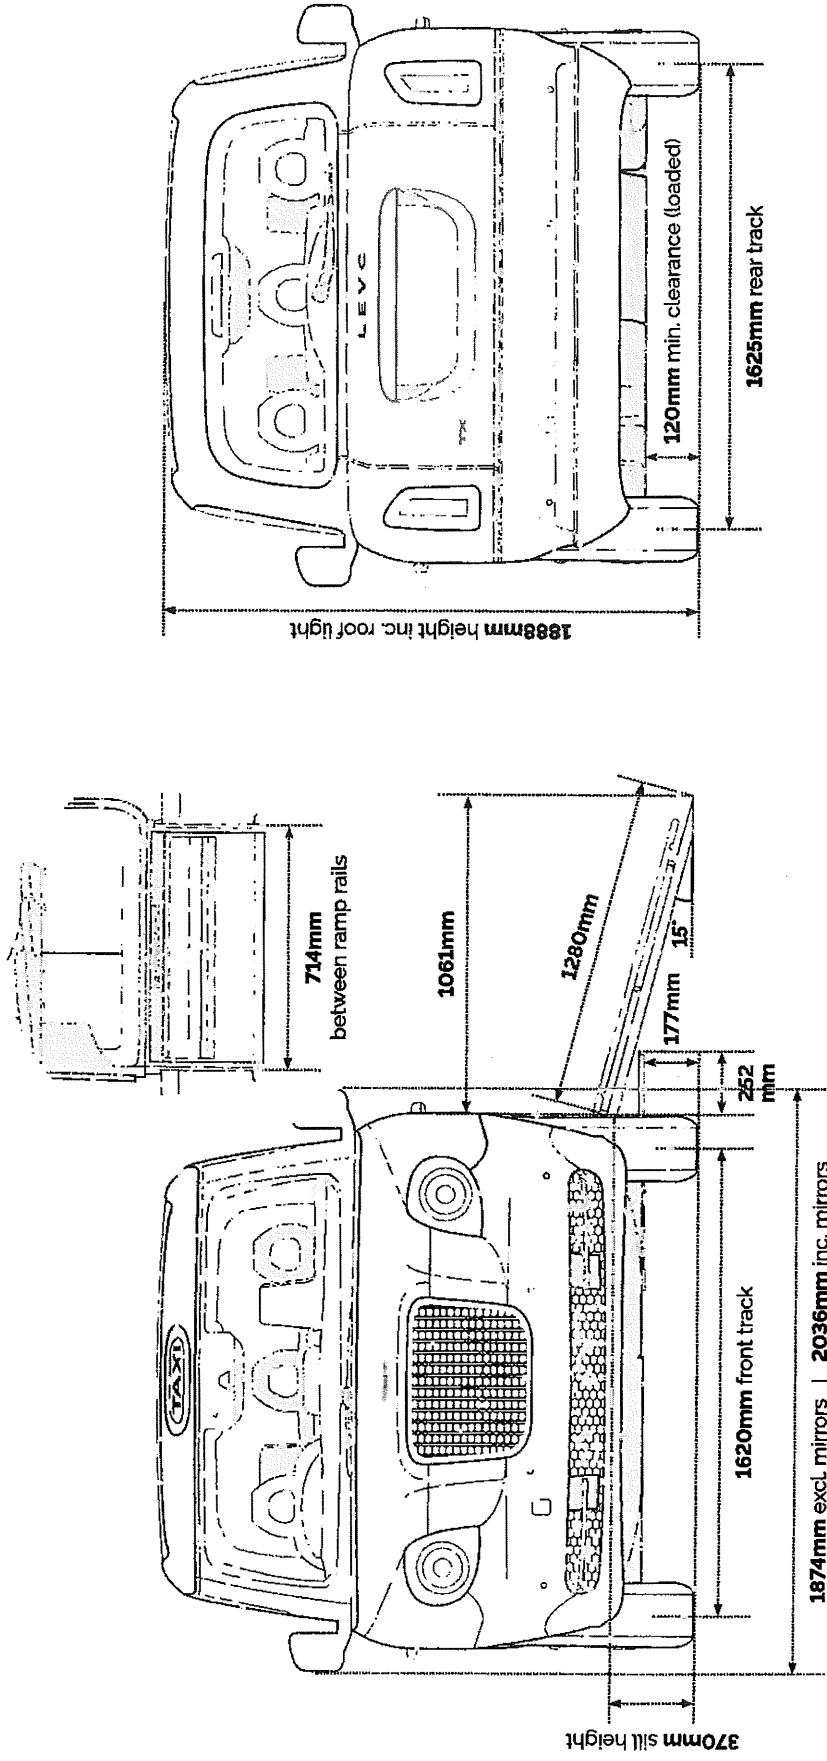

Overview.

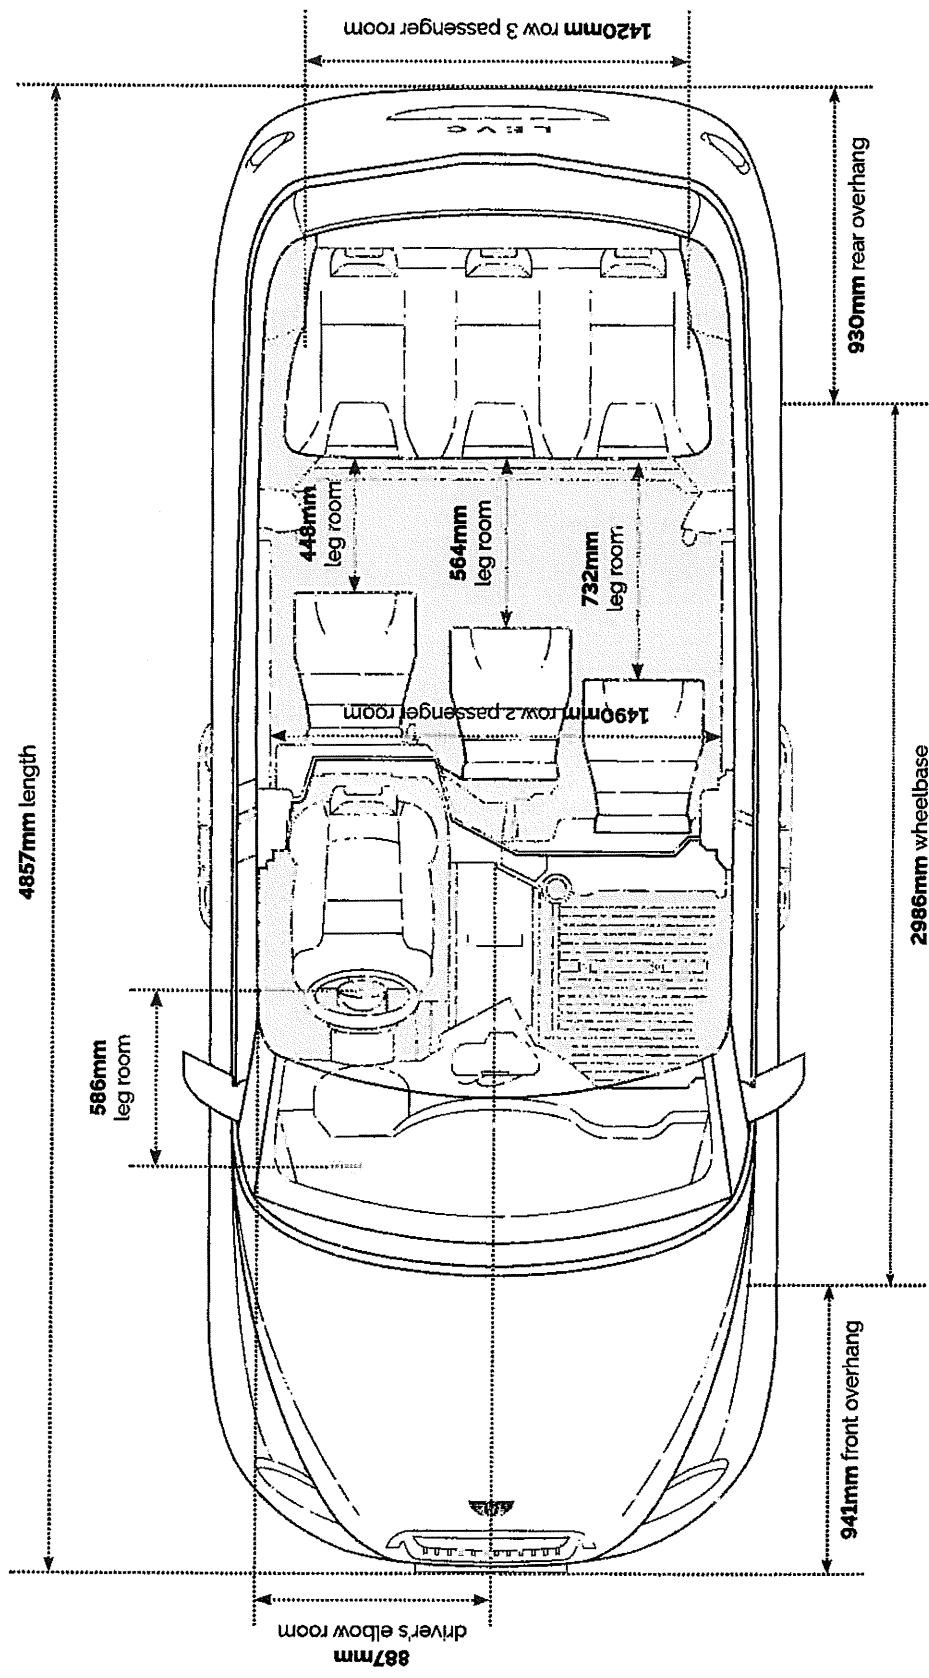

Service interval	25,000 miles	
Motor and battery		
Driven wheels	Rear	
Peak power	110 kW / 150 PS	Electro-hydraulic
Peak torque	255 NM	15:201
Max. rpm	11,500	8,450 mm
Battery type	3 string lithium-ion 400 V	
Gross storage capacity	31 kWh	
On-board charging (AC/DC)	22 kW AC / 50 kW DC	
Range-extender		
Fuel type	Petrol	857 / 842
Configuration	inline 3 DOHC 12-valves	1,319
Induction	Direct injection, turbo-charged	370

Ramp width (between rails)		
Weights (kg)		
Kerb weight*	2,230	
Mass in running order**	2,305	
Max. payload***	600	
Gross Vehicle Weight (GVW)****	2,900kg	
Ramp safe working load	250	
Folding step safe working load	150	
Suspension type		
Front suspension	Dual-axis Macpherson strut / anti-roll bar	
Rear suspension	Double-insulated, 5-link with transverse composite leaf spring	
Luggage space		
Luggage capacity	440 L	

* The kerb weight refers to the vehicle in running order (with standard equipment) without the driver, passengers or load but with the fuel tank 90% full ** The mass in running order includes the kerb weight plus a driver at 75 kg *** The payload includes the weight of the driver and passengers, luggage and all accessories **** The maximum permitted weight of the vehicle, including driver, passengers, luggage and accessories.

TECHNICAL SPECIFICATION

Dimensions.

OWNERSHIP

Built-in peace of mind.

Service.

Long service intervals of 25,000 miles mean less downtime for you, and our fully trained technicians are equipped with the latest systems and tools to keep your TX performing at its best.

Roadside.

LEVC have partnered with the RAC to give TX drivers access to their 1,500 patrols, 24 hours a day, seven days a week. So wherever you are in the UK, help is never far away. RAC Roadside Assistance is included free of charge for 12 months with every new TX.

Home charging.

The most convenient and cost-effective place to recharge the TX is at home. Through Chargemaster, LEVC can offer a one-stop home charge solution for just £299 including VAT, which includes a £500 contribution from the Office for Low Emission Vehicles (OLEV). Contact your local dealer and sales team for further details.

WARRANTY

Class-leading protection.

The new TX has been designed and rigorously tested to meet the demanding requirements of a purpose-built car. The drive battery is protected by a thick, cast-iron, five-year, unlimited-mileage warranty, and every TX is also covered by a fully comprehensive, whole-vehicle warranty for three years or 120,000 miles (whichever is sooner).

All non-wearing components, from mirrors to ball joints to bushes, are covered against manufacturing defects for the full duration of the warranty, which means no unforeseen repair costs, and a hassle-free ownership experience.

Extended Warranty

For even greater peace of mind, the vehicle lifetime warranty can be extended to 150,000 miles for just £849 including VAT.

For full terms and conditions, visit www.fox.com/txwarrantyandconditions.
