

Standards and Constitutional Oversight Committee

26 February 2019

REPORT TITLE:	Arrangements for dealing with complaints against Members
REPORT OF:	Director of Governance and Assurance

REPORT SUMMARY

In 2014 the Council adopted a Members' Code of Conduct and a process for dealing with complaints made under that code following the changes to the ethical standards regime introduced by the Localism Act 2011. Since 2014 there has been experience of dealing with complaints which has highlighted areas for improvement and clarification in the arrangements for dealing with complaints made under the Members' Code of Conduct. In particular, issues have been raised in relation to the timeliness with which complaints have been dealt with under the current protocol. On 7 November 2018 the Standards and Constitutional Oversight Committee resolved that Officers should be requested to draw up a new bespoke Protocol which details arrangements for investigating and making decisions in relation to allegations made under the Members' Code of Conduct. A draft revised Protocol was presented to the Standards and Constitutional Oversight Committee on 31 January 2019 which resolved to convene a Working Group to consider the proposed draft in more detail. This report seeks authority to adopt the revised Protocol for investigating and making decisions in relation to allegations made under the Members' Code of Conduct which has now been reviewed and revised taking account of the views expressed and proposals and suggestions put forward by Members at the Working Group meeting which took place on 12 February 2019.

RECOMMENDATION/S

That the Committee agrees:

- (a) To adopt a revised procedure for dealing with complaints made under the Members' Code of Conduct in accordance with the revised Protocol document attached at [Appendix A](#).
- (b) That the revised Protocol is made available on the Council website.

SUPPORTING INFORMATION

1.0 REASON/S FOR RECOMMENDATION/S

Robust standards arrangements are needed to safeguard local democracy, maintain high standards of conduct, and to protect ethical practice in local government. The proposed amendments will improve the clarity of the process and will provide the Standards and Constitutional Oversight Committee and the Monitoring Officer with the opportunity of dealing with complaints in a timely manner in accordance with what is currently felt to be professional best practice. They will also provide clarity and transparency for the general public.

2.0 OTHER OPTIONS CONSIDERED

- 2.1 That the current protocol for dealing with complaints against Members remains unchanged.
- 2.2 That the current protocol for dealing with complaints against Members is changed in some other way.

3.0 BACKGROUND INFORMATION

- 3.1 The Committee's terms of reference, contained in Article 9 of the Council's Constitution, include to:
 - (vi) establish, amend or revise arrangements under which allegations that an elected or co-opted Member of the Council has failed, or may have failed, to comply with the Council's Code of Conduct for Members can be investigated (which shall include but not be limited to developing and adopting procedures and protocols and authorising the Council's Monitoring Officer to make such changes to the arrangements as are considered necessary for the effective and timely investigation of allegations); and
 - (vii) establish, amend or revise arrangements under which decisions on allegations that an elected or co-opted Member of the Council has failed, or may have failed, to comply with the Members' Code of Conduct can be made (which shall include but not be limited to developing and adopting procedures and protocols and authorising the Council's Monitoring Officer to make such changes to the arrangements as are considered necessary for effective and timely decision making).
- 3.2 This reflects the Council's duties as imposed by s27 of the Localism Act 2011, which requires the authority to have in place arrangements under which allegations that a Member or co-opted Member of the authority has failed to comply with the authority's code of conduct can be investigated and arrangements under which decisions on those allegations can be made.

- 3.3 The Council accordingly adopted a published procedure document on the introduction of the Localism Act, entitled "*Arrangements for investigating and making decisions in relation to allegations made under the members' Code of Conduct*".
- 3.4 There has now been experience of dealing with complaints under these arrangements for investigating and making decisions in relation to allegations made under the Members' Code of Conduct over several years. A review of the complaints logged under this procedure since 2012, to assess whether the existing structures, processes and practices are conducive to investigating alleged breaches fairly and with due process, highlighted areas for improvement and clarification.
- 3.5 At the meeting of the Standards and Constitutional Oversight Committee on 7 November 2018 the Committee resolved that:
- (1) the Committee is delighted that there is now a dedicated officer team in place to deal with complaints against Members;
 - (2) officers be requested to draw up a new bespoke Protocol which details arrangements for investigating and making decisions in relation to allegations made under the Members' Code of Conduct, by reviewing and revising its current one and taking account of the views expressed and proposals and suggestions put forward by Members at this meeting; and
 - (3) a Special meeting of the Committee be convened in January 2019 to consider and adopt the new bespoke Protocol.
- 3.6 At the special meeting of the Standards and Constitutional Oversight Committee on 31 January 2019 the Committee resolved to establish a working group to consider the proposed changes to the revised draft of the protocol presented to the Committee by the Director of Governance and Assurance.
- 3.7 The Protocol which details arrangements for investigating and making decisions in relation to allegations made under the Members' Code of Conduct, has now been reviewed and revised taking account of the views expressed and proposals and suggestions put forward by Members at the Working Group meeting which took place on 12 February 2019. A final draft of the revised Protocol is attached to this report.
- 3.8 If adopted, it is felt that the proposed amendments would enable a greater level of Member involvement and will streamline the process for dealing with minor complaints, allowing for a faster resolution for suitable matters. The revised Protocol will also provide greater consistency in resolving complaints.
- 3.9 It is also proposed that the revised Protocol be placed on the Council's website so that it is readily accessible to the public.
