Annex: COVID-19 STATEMENT

1 Background

1.1 A Statement of Community Involvement (SCI) is a statutory document intended to set local standards for public involvement in the Council's preparation of policy documents, like local plans and supplementary planning documents; in decisions on individual planning applications; and in support for neighbourhood planning proposals prepared by the local community.

1.2 The SCI sets out what the Council will do to meet the requirements for community consultation set out in national legislation and Government guidance. It also represents the Council's commitment to facilitate early community involvement when local planning policies are being drawn up and to promote continuous community involvement in local planning decisions.

1.3 Section 18 of the Planning and Compulsory Purchase Act 2004 requires all local planning authorities to prepare a SCI to set out how they will involve people in the preparation of statutory local development documents¹ and in development management decisions, and give advice and assistance in the preparation of neighbourhood planning proposals².

1.4 Local planning authorities must review an SCI at least every 5 years to reflect any local or national legislative changes, and to ensure effective community involvement at all stages of the planning process. This Statement therefore replaces the previous SCI published by the Council in 2014.

1.5 Further information on the Statement of Community Involvement can be obtained from the Regeneration and Place Department by:

¹ For functions undertaken under sections 13, 15, 19, 26 and 28 of Part 2 – Local Development, of the Planning and Compulsory Purchase Act 2004 (as amended). Local Development Documents (LDD) include Development Plan Documents (which form part of the statutory development plan) and Supplementary Planning Documents (which do not form part of the statutory development plan). LDDs collectively deliver the spatial planning strategy for the local planning authority's area.

² Under powers set out in paragraph 3 of Schedule 4B of the Town and Country Planning Act 1990 and in paragraph 3 of Schedule A2 of the Planning and Compulsory Purchase Act 2004 (as amended)

1.6 This SCI is accompanied by an Annex which outlines the Councils approach to conducting community involvement while restrictions on people’s movement and social interaction are in place as a result of the Covid-19 pandemic. The Annex shows how effective community involvement will continue to take place during the pandemic. The Council will be guided by public health advice provided by the Government and other relevant bodies to determine how the Covid-19 related community involvement measures contained within this Annex will be applied.

2 Principles of community involvement

2.1 The Localism Act 2011 places a strong emphasis on involving local communities in shaping the places where they live.

2.2 The National Planning Policy Framework (NPPF, 2019) also retains a strong focus on community involvement within the planning process, stating that the production of plans should *'be shaped by early, proportionate and effective engagement between plan makers and communities, local organisations, businesses, infrastructure providers and operators and statutory consultees'*.³

Principles of Involvement

2.3 The precise nature of community engagement will vary with the main objectives of each stage of the planning process, from the initial involvement on emerging policies, to consultation on the details of individual planning applications, to the notification of decisions and the final adoption of policy documents.

2.4 It is important that the techniques employed are tailored to engage the most appropriate parts of the community at the stages when their involvement will be of greatest relevance and value. It is also important that there is a clear understanding of the purpose of the exercise and a clear understanding of the limits to what can be achieved within the legal, policy and financial constraints set by national Government.

2.5 The overall objective of the Council will be to work towards achieving consensus, wherever possible, through continuous community involvement.

Defining the Community

2.6 The term 'community' will be taken to embrace any individual, business or group that is likely to be directly affected by planning in Wirral both now and in the future. This includes everyone that lives, works or has an interest in the Borough together with local landowners, businesses and service providers, irrespective of their gender, faith, race, disability, sexuality, age or income.

2.7 National legislation identifies the broad types of group that should be involved in planning decisions⁴. A number of bodies are also subject to a wider legal duty to co-operate⁵. Any person is, however, entitled to make representations about an emerging local development document or about a planning application, before it is determined, provided the comments are made within the published period for comments to be received.

³ NPPF, paragraph 16

⁴ Regulation 18 of Town and Country Planning (Local Planning) (England) Regulations 2012 and listed under the headings of "general consultation bodies" and "specific consultation bodies" in Regulation 2 of Town and Country Planning (Local Planning) (England) Regulations 2012

⁵ Regulation 4 of Town and Country Planning (Local Planning) (England) Regulations 2012

2.8 Section 8 provides an example list of existing local groups and types of consultee that are already regularly consulted on planning matters in Wirral⁶.

Equality and Diversity

2.9 The Council is aware of the need for local consultation exercises to be designed to reach beyond the membership of established local groups and to be fully representative of those who live, work or carry on business within the area.

2.10 The Council is also aware of the need to identify methods to involve more “hard-to-reach” groups, such as the young, disabled, ethnic minorities, residents in deprived areas and Gypsies and Travellers. Traditional letter-based approaches have not always been successful in gaining an effective response from these groups and more targeted and innovative approaches may need to be applied in order to engage them more fully.

2.11 The Council has adopted a series of Corporate Customer Care Standards which can be viewed at: <https://wbcnet.wirral.gov.uk/business-support/customer-service-guidance> Planning services will comply with these guidelines, unless a different standard has been agreed in response to national regulations as part of this SCI.

2.12 The Council will, in particular, seek to minimise the barriers to effective participation by:

- ensuring that sufficient background information is provided to enable a meaningful response;
- ensuring that documents, letters and e-mails use plain English and avoid the use of unnecessary jargon;
- providing a consultation questionnaire to help people frame their responses to more lengthy documents or complicated issues;
- ensuring that venues for public meetings are genuinely accessible to the target communities;
- ensuring that venues for public meetings will provide appropriate facilities, such as induction loops, disabled access and toilets; and
- adopting appropriate digital and web-based systems

2.13 In order to minimise duplication of effort, maximise the value of public consultation and safeguard the use of public resources, the Council will, wherever possible, use existing consultation arrangements to engage and involve the community in the land-use planning system, where these can be used effectively within the timetable for the preparation of local development documents or for informing individual planning decisions. The Council will also, where appropriate, use

⁶ Section 8 of this Statement sets out how you or your organisation can be added to the Council’s mailing and contacts lists for local plans and supplementary planning documents

tailored digital and web-based systems to improve community engagement in the preparation of policy documents and decisions on planning applications.

2.14 This will, for example, include consultation with representatives from the Older People's Parliament, Youth Parliament, those with special needs, and local businesses.

2.15 The Council will meet the requirements of the Equality Act 2010. The Council will complete and publish all necessary equality impact assessments, publish equality objectives at least every 4 years, and publish the equality profile of the Council's workforce and customers.

Data Protection

2.16 The Council will comply with the Data Protection Act 2018 and the General Data Protection Regulation. Responses to public consultation may be summarised and may be made publicly available to view on the Council's website. The Council redacts comments from individual members of the public to remove personal data in respect of email addresses, telephone numbers and signatures unless they are required to be provided as part of a statutory process, such as a public inquiry, hearing or examination. Libellous, discriminatory or otherwise offensive comments, will not be made publicly available.

3 The production of local development documents

Legal Requirements

3.1 The documents which are to be prepared as local development documents are:

(a) any document prepared by a local planning authority individually or in co-operation with one or more other local planning authorities, which contains statements regarding one or more of the following—

(i) the development and use of land which the local planning authority wish to encourage during any specified period;

(ii) the allocation of sites for a particular type of development or use;

(iii) any environmental, social, design and economic objectives which are relevant to the attainment of the development and use of land mentioned in paragraph 3.1(a) (i) above; and

(iv) development management and site allocation policies, which are intended to guide the determination of applications for planning permission.

(b) where a document referred to in 3.1(a) above contains policies applying to sites or areas by reference to an Ordnance Survey map, any map which accompanies that document and which shows how the adopted policies map would be amended by the document if it were adopted.

(c) documents which, if prepared, are to be prepared as local development documents are any document which:

(i) relate only to part of the area of the local planning authority, identify that area as an area of significant change or special conservation and contain the local planning authority's policies in relation to the area; and

(ii) any other document which includes a site allocation policy.

3.2 Any document of the description referred to in 3(1)(a)(i), (ii) or (iv) or 3(c) is a local plan.

3.3 The main requirements for community involvement in the preparation of local development documents are currently set out in the Town and Country Planning (Local Planning) (England) Regulations 2012⁷

⁷ Statutory Instrument (SI) 2012, No 767 (as amended by the 2017 Regulations SI 1244)

3.4 Additional provisions are, however, also set out within the Environmental Assessment of Plans and Programmes Regulations 2004⁸ and the Conservation of Habitats and Species Regulations 2010⁹.

Local Development Scheme

3.5 The Council will publish the timetable for the preparation of a local plan on its website. The timetable will be updated on the Council's website as each stage in plan preparation is reached as required.

3.6 The Council will consult on the scope and content of the local plan by publishing proposals on its website and by notifying relevant bodies of the type set out in section 8 of this SCI¹⁰. The Council will also notify anyone who has previously expressed an interest in emerging planning documents and has requested to be added to the Council's mailing list¹¹.

3.7 The Council will also notify previous respondents to particular documents who have provided their contact details, as each stage in the preparation of the document is reached.

Local Plans

3.8 Public consultation must take place throughout the process of producing a local plan. The opportunities for public involvement are at their greatest during the early stages when the range of options open to the Council are being explored and assessed and before the final version of the local plan is published and submitted to the Secretary of State for public examination.

3.9 The emphasis during these early stages will be on making background information as widely available as possible, presenting information on potential options and other relevant matters using one or more of a range of engagement formats, which could include workshops/ online workshops, walk in exhibitions, and web-based interactive engagement 'portals'. A more focused, targeted consultation may also be undertaken with "hard-to-reach" groups including those with special needs, specific interests or within specific geographical areas. Traditional public meetings could also be arranged if the Council considered they were appropriate.

3.10 The Council must take account of any representation made in response to invitations to comment during these early stages¹².

⁹ SI 2010, No 490 (as amended), relating to the appropriate assessment of impacts on designated European Sites

¹¹ Further information about how to do this is set out in Section 8 of this SCI

¹² Regulation 18(3) of the Town and Country Planning (Local Planning) (England) Regulations 2012

3.11 The later stages of the process are more restricted by national legislation. There is a minimum statutory six-week period for representations to be received on the soundness or legal compliance of the proposed submission draft local plan¹³.

3.12 Anyone who makes representations seeking a change to the proposed submission draft Local Plan within the appropriate deadline will, at the time of submitting their representation¹⁴, be given the opportunity to request to appear and be heard by the person appointed to carry out the independent examination of the local plan¹⁵. The decision as to who will be invited to appear at the Examination will be made by the Inspector.

The Local Plan Examination Process

3.13 The Council expects that the majority of assessments carried out by the Inspector will be in the form of written representations, although it will be for those seeking changes to the local plan to decide if they wish to appear and be heard at the examination. The Inspector must consider all of the representations that have been submitted, whether in writing or presented at the examination hearing, before completing their report.

3.14 The Council via the Programme Officer for the Examination will publish and notify anyone who has made a representation of the date, time and place of the hearing and of the name of the Planning Inspector that has been appointed, at least six weeks before the public hearing takes place¹⁶. The Programme Officer will be the contact point for the Inspector.

3.15 In the event that main modifications are required to the proposed Local Plan, the Council will consult on the content of those modifications for no less than six weeks in accordance with the Regulations.

3.16 The Council will publish the Inspector's report as soon as possible after it is received and give notice to those who have requested to be notified¹⁷.

3.17 The Council can only adopt the Local Plan in line with the Inspector's recommendations¹⁸. No further consultation will take place at this stage and the final processes provide only for the notification of adoption to people who have requested to be notified¹⁹.

¹³ Regulation 17 of the Town and Country Planning (Local Planning) (England) Regulations 2012, item (c) under the heading "statement of the representations procedure" and Regulation 20 "Representations relating to a Local Plan"

¹⁴ The Representation Form will include an opportunity to request to attend the oral part of the examination

¹⁵ Section 20(6) of the Planning and Compulsory Purchase Act 2004 (as amended)

¹⁶ Regulation 24 of the Town and Country Planning (Local Planning) (England) Regulations 2012

¹⁷ Regulation 25 of the Town and Country Planning (Local Planning) (England) Regulations 2012

¹⁸ Section 23 of the Planning and Compulsory Purchase Act 2004 (as amended)

¹⁹ Regulation 26 of the Town and Country Planning (Local Planning) (England) Regulations 2012

3.18 A statutory period for judicial review will extend for six weeks from the date on which the local plan was adopted²⁰.

Supplementary Planning Documents

3.19 The process for adopting a Supplementary Planning Document (SPD) is shorter and simpler and does not involve submission to the Secretary of State or independent public examination. Opportunities for public involvement are greatest in the early stages, before the draft SPD is published for public consultation.

3.20 The methods used to foster effective community involvement will largely be determined by the nature and content of the SPD proposed but will include one or more of a range of engagement formats including focus groups and workshops/ online workshops, walk in exhibitions, and web based interactive engagement 'portals'.

3.21 Walk in exhibitions are likely to be the most effective method for testing area-specific proposals, whereas more limited, targeted consultations are likely to be more relevant for documents on more specialist themes and topics.

3.22 There is a minimum statutory four-week period for public consultation on the draft SPD²¹.

3.23 A statutory period for judicial review will extend for three months from the date on which the supplementary planning document was adopted²².

Sustainability Appraisal

3.24 The Council will consult on the scope and content of a sustainability appraisal with statutory consultees and will invite public comments on the appraisal to be submitted at each stage in the plan or document making process.

Evidence Base

3.25 The Council will undertake or commission specialist technical surveys, studies or assessments to inform the content of emerging local development documents, to meet national policy requirements or to respond to issues raised in response to public consultation on emerging proposals.

3.26 The results of the surveys, studies or assessments used in the preparation of a local development document will be published for public comment at the next appropriate stage in the plan making process.

²¹ Regulation 12(b)(i) of the Town and Country Planning (Local Planning) (England) Regulations 2012

²² Regulation 11 of the Town and Country Planning (Local Planning) (England) Regulations 2012

Monitoring Reports

3.27 Statutory monitoring reports will be published on the Council's website²³.

3.28 The Council will consult on the proposed content of future monitoring alongside the content of the Local Plan.

Methods of Community Involvement

3.29 The types of method of community involvement that the Council will seek to promote will depend on the type and content of the local development document that is being prepared.

3.30 The Council will identify the most appropriate methods to involve and engage the community at a scale and nature of consultation that is appropriate to that document and audience.

3.31 The following tables set out the types of methods of community involvement that may be used at each stage in the preparation of a local development document.

4 Neighbourhood planning

4.1 The Council will provide advice and guidance to community groups undertaking neighbourhood planning.

4.2 The Statement of Community Involvement (SCI) is not intended to set standards for the consultation undertaken by qualifying bodies, such as a neighbourhood forum, when preparing neighbourhood plans and development orders, but qualifying bodies should ensure that the wider community is kept fully informed of progress and has appropriate opportunities to comment on proposals in accordance with the Neighbourhood Planning (General) Regulations 2012²⁴.

Designating a Neighbourhood Forum / Neighbourhood Area

4.3 Before submitting an application to the Council, the community should publicise the existence of the forum and its objectives and the boundary of the proposed neighbourhood area as widely as possible and maximise community support for any future activity.

4.4 The community should also consult the Council on the likely planning ambitions of the community and identify any wider considerations that might influence the type and content of any future neighbourhood planning proposals. The Council will discuss the issues likely to arise, advise on the best way to proceed and comment on the content of any draft applications before they are formally submitted.

Pre-Submission Consultation and Publicity

4.5 Before submitting a neighbourhood plan or order to the Council, the qualifying body must undertake consultation for a minimum of six weeks²⁵. The Council will provide advice and guidance on advertising the proposals.

4.6 A consultation statement should be submitted setting out details of all the consultation undertaken²⁶.

Publication of a neighbourhood plan or Order

4.7 Following the submission of a neighbourhood plan or Order, the Council will publicise the submitted documents for at least six weeks to allow any final public comments to be submitted²⁷.

²⁴ SI 2012 No. 637 (as amended)

²⁶ Regulation 15 or Regulation 22 of the Neighbourhood Planning (General) Regulations 2012 as amended by The Neighbourhood Planning (General) and Development Management Procedure (Amendment) Regulations 2017

²⁷ Regulation 16 of the Neighbourhood Planning Regulations 2012 as amended by The Neighbourhood Planning (General) and Development Management Procedure (Amendment) Regulations 2017

4.8 The Council will notify all the bodies and individuals named in the consultation statement submitted by the Neighbourhood Forum.

4.9 Any representation received at this stage will go forward to be considered by the person that will be appointed, by the Council with the agreement of the qualifying body, to undertake the independent examination of the proposals²⁸. The Council will invite the body who submitted the proposals to consider the any comments received.

Examination of a neighbourhood plan and order

4.10 The examiner will consider whether the proposals meet the basic conditions and any other requirements set out in national legislation and guidance²⁹. The Council will organise and fund the examination. Most examinations are conducted using written representations, however, the examiner may call a hearing session if they feel it is necessary to do so.

4.11 The report of the independent examiner and Council's decision statement will be made available on the Council's website. The Council will also notify the body who submitted the proposals and all the bodies and individuals named in the consultation statement.

4.12 Anyone who wishes to submit a claim to the court for judicial review must file the claim within six weeks from the decision statement being published.

Referendums for neighbourhood plans and orders

4.13 The Council will organise a referendum as soon as possible after issuing its decision statement and report of the independent examination.

4.14 A person is entitled to vote if, at the time of the referendum, they meet the eligibility criteria to vote in a local election for the area and if they live in the referendum area.

4.15 If at least 50 per cent of those voting in the referendum are in favour of the proposals, or where a business referendum is held, a majority vote in favour in both referendums, the neighbourhood development plan or order will be made and in the

²⁸ The Examiner is paid for and appointed by the Council. However, the appointment must be with the agreement of the Qualifying Body (QB). The Planning Act sets out the criteria for an individual to qualify to be able to examine a neighbourhood plan. The criteria are as follows: • Must be independent from both the QB and Council • Must have appropriate qualifications and experience • Cannot have an interest in any of the land to be covered by the plan (i.e. the Neighbourhood Area)

²⁹ Under paragraph 8 of Schedule 4B to the Town and Country Planning Act 1990 as applied to Neighbourhood plans by section 38A of the Planning and Compulsory Purchase Act 2004

case of a neighbourhood development plan will come into force as part of the statutory development plan for the area³⁰.

4.16 The Council will publicise its decision and will notify the body who submitted the proposals and any person who asked to be notified of the decision.

4.17 A claim for judicial review of the decision must be filed before the end of the period of 6 weeks beginning with the day on which the decision is published.

³⁰ Unless the making of the plan or order would breach, or would otherwise be incompatible with, any EU obligation or any of the Convention rights (within the meaning of the Human Rights Act 1998)

5 Community Infrastructure Levy

5.1 The Council may consider the production of a Community Infrastructure Levy (CIL) for the Borough in the future. Where a Levy is progressed, the following consultation procedures will be undertaken in accordance with the Community Infrastructure Levy Regulations 2010³¹.

Consultation on the draft Charging Schedule

5.2 Following the production of a draft Community Infrastructure Levy (CIL) Charging Schedule, the Council will undertake a minimum of 4 weeks consultation on the draft Schedule.

5.3 The draft Charging Schedule will be published on the Council's web site and made available for public inspection at a principal office. The consultation document and all supporting evidence base documents will be made available on the Council website.

Submission of the draft Charging Schedule

5.4 Anyone who made a representation on the Regulation 16 draft Charging Schedule consultation will be informed of the submission of the Schedule. A copy of the Statement of Modifications will be provided to neighbouring local authorities and all neighbourhood forums.

5.5 The submitted draft Charging Schedule will be made available for public inspection at a principal office. The submission document and all supporting evidence base documents will be made available on the Council website.

Examination and publication of the draft Charging Schedule

5.6 Following the examination, the examiner's recommendations and the final approved Charging Schedule will be made available for public inspection at a principal office and published on the Council's website.

5.7 Anyone who made a representation on the Regulation 16 draft Charging Schedule consultation will be informed of the publication of the Schedule.

6 Protocols for public involvement

Contact Lists

6.1 The Council will maintain a database of contacts who have advised the Council that they wish to be involved or consulted on the preparation of local development documents and have provided their contact details.

6.2 The database of contacts will be maintained in accordance with the Data Protection Act 2018 and the General Data Protection Regulation.

Notification Letters and Emails

6.3 Notification by letter or email will be sent to everyone registered on the contacts database at the start of the initial consultation process for the preparation of each local development document.

6.4 The Council will send neighbour notification letters in areas where neighbouring sites are proposed to be allocated for development, to increase the awareness of emerging site-specific proposals. Neighbour notification letters will be sent on the same basis as for publicising planning applications, as set out in section 7 below.

Publication and Deposit of Documents

6.5 All consultation documents will be made available on the Council website.

6.6 Consultation documents associated with a Local Plan and with a CIL Charging Schedule will be made available for inspection at a principal office and at other such places as the Council considers appropriate.

6.7 The Council will investigate the possibility of providing documents in different formats, in response to specific requests.

Consultation Periods

6.8 The Council will consult on local plan and neighbourhood plan consultation documents for a minimum period of 6 weeks, and for a minimum period of 4 weeks for SPD and draft CIL Charging Schedule consultation documents. Extra working days will be added to take account of Council closures and public holidays.

Evidence base

6.9 Comments on relevant evidence base documents will be invited at each stage of the plan making process.

Representations

6.10 Any person may make representations about the emerging content of a local development document, provided they are submitted in the appropriate manner and within the appropriate deadline.

6.11 Representations must be made in writing. The Council is able to receive representations by letter, email, and online surveys where used.

6.12 Private information, such as contact details, will be redacted from all published representations. However, people who make representations at the Regulation 19 Local Plan stage will need to provide a name and address or they are unlikely to be accepted.

6.13 The Council will specify the time and date by which comments must be received, and the postal and/ or email address to which they must be sent.

6.14 Respondents are responsible for ensuring that their comments are received at the specified address, within the specified time period.

6.15 Representations received after the published deadline will not be considered, unless there has been a failure by the Council to make appropriate provision for the receipt of representations within that time period.

Acknowledgement of Representations

6.16 The Council will acknowledge the receipt of all responses by email or letter where contact details have been provided.

Assessment of Representations

6.17 Representations received by the Council will be assessed against national policy and legislation and their implications for the promotion of sustainable development.

6.18 The final decision on the Council's response to representations will be approved in accordance with the Councils constitution.

Publicity Required by Law

Publicity by Local Planning Authorities

7.2 The Council is required by law to give publicity to all planning applications. Table 6 below sets out the required publicity for the various categories of applications as outlined in the Town and County Planning Order (Development Management Procedure) (England) Order 2015³².

7.3 All planning applications will be published on the Council's planning web pages as soon as possible following receipt of a valid application.

Table 6 – Statutory Publicity for Planning Applications³³

Type of Development	Publicity Required
Development where an application is accompanied by an Environmental Statement	 Press Notice  Site Notice
Development which would be a departure from the Development Plan	 Press Notice  Site Notice

³² Section 15 of the Town and Country Planning (Development Management Procedure) (England) Order 2015

³³ Section 15 of the Town and Country Planning (Development Management Procedure) (England) Order 2015

Type of Development	Publicity Required
Development which would affect a Public Right of Way	 Press Notice  Site Notice
Major ³⁴ development	 Press Notice  Site Notice
Minor and other development	 Neighbour Notification  Site Notice
Development affecting the setting of a Listed Building	 Press Notice  Site Notice
Development affecting the character or appearance of a Conservation Area	 Press Notice  Site Notice

³⁴ Major development is defined as:

- for residential development, 10 or more dwellings or if the number of dwellings is not known, where the site area is 0.5 hectares or more;
- for other uses, where the floorspace is 1,000 square metres or more or the site area is 1.0 hectare or more;
- mineral working or use of land for mineral working deposits; and
- all waste related developments, including waste treatment, storage or transfer as well as tipping.

Type of Development	Publicity Required
Applications for Listed Building Consent and Conservation Area Consent	 Press Notice  Site Notice
Permitted development requiring prior notification to the planning authority (e.g. telecommunications)	 Site Notice posted by the developer

Neighbour Notification

7.4 The Council currently uses neighbour notification letters as a means of publicising planning applications. It has found that this is currently the most effective method, where small numbers of residents are likely to be affected by a development and enables people who have been unable to see a Press Notice to express their views.

7.5 Adjoining owners and/or occupiers will be notified as soon as possible following the receipt of a valid application.

7.6 Additional publicity, in the form of Site Notices and additional notification letters, may be given to developments likely to create wider concern at the discretion of the Case Officer, in consultation with the Development Management Manager. This may, for example, include applications for proposals with the potential to change the character of the area; cause noise, smell, vibration or other nuisance; activity or noise during unsociable hours; affect trees subject to a Tree Preservation Order; and other proposals giving rise to a similar level of wider than local impact.

7.8 The Council also has a system in place for notifying the relevant neighbouring local planning authority, to include any neighbours and/or residents that might also be affected by a cross-border planning application. This procedure will, however, normally only apply to major applications, for example, for retailing and housing developments.

7.9 The Council's neighbouring local planning authorities have a similar system in place but the decision as to whether planning applications are referred to the Council and/or to local neighbours and residents in Wirral is the responsibility of the relevant adjoining local planning authority.

Periods of Notice.

7.10 It is a statutory requirement that the following periods of notice are given before a planning application is determined:

Table 7 – Statutory Periods of Notice for Planning Applications³⁵

Method of Publicity	Period of Notice
 Press Notice	21 days from the date of publication
 Site Notice	21 days beginning with date that the notice was first displayed
 Neighbour Notification	21 days beginning with the day on which the notification was delivered

Revised Applications

7.11 Non material minor amendments to a planning application, required by the Council or by the applicant, will be accepted where the planning application has not yet been determined. Re-notification and publicity will not be undertaken on minor amendments but the amended plans will be placed on the Council’s website.

7.12 Where an application has already been determined or significant amendments are proposed to a non-determined application, the Council will require a new application to be submitted. The new application will be subject to a new period of publicity and/or neighbourhood notification.

Publicity by Applicants

7.13 Under current legislation, applicants are only required to publicise planning applications in the following situations:

- where an environmental statement is submitted after the application; and
- where a developer has to apply in advance for a determination as to whether the Council’s prior approval is required for certain details of the development.

7.15 In the second case, the Council will require that a Site Notice be posted. In both cases, developers have to complete a certificate to confirm that appropriate publicity has been undertaken.

7.16 Statutory provisions for developers to consult local communities and take their comments into account before submitting a planning application for certain types of development are included in section 61W of the Town and Country Planning Act 1990.

³⁵ Section 15 of the Town and Country Planning (Development Management Procedure) (England) Order 2015

7.17 Further guidance on the procedures for publicising planning applications is available in the Council's Guidance for Publicity on Planning Applications³⁶.

Protocols for Public Involvement

7.18 The Council will send neighbour notification letters to inform neighbours that a planning application has been submitted and of the deadline by which comments should be submitted to the Council.

7.19 Weekly lists of planning applications that are departures from the Development Plan or which are required to be subject to a Press Notice in Table 6, will be published in the local press.

7.20 All planning applications will be made available for public inspection at the local planning authority's principal office during normal office hours and on the Council's website at www.wirral.gov.uk/planning. The website allows simple searches to be made by keyword, reference number, postcode or single line of address. The website also allows a more advanced search to be made by applicant name, application type, Ward, Conservation Area, development type and date of submission. Searches can also be made by Committee Date and Weekly/Monthly Lists.

Consultation Responses

7.21 Comments on a planning application must be made in writing by letter or email or by using the Make a Comment facility online against the relevant application reference within the timescale indicated. Respondents are encouraged to submit their comments electronically online using the Make a Comment facility or by e-mail, where this facility is available. Statutory consultees will be allowed a longer period of time to comment on applications where this is prescribed by legislation.

7.22 Comments made in response to a planning application will be placed on the application file. The file is available for public inspection and the applicant will be able to see the comments that have been made. Comments will not normally be acknowledged due to the large volume of representations received on planning applications but where it may be considered appropriate to do so and contact details have been provided then representations may be acknowledged.

7.23 All representations, whether for or against the proposal, will be taken into account when the final decision is taken, in line with national and local policies, provided they relate to material planning considerations. More information about material planning considerations can be found on the Council's planning website: www.wirral.gov.uk/planning-and-building/planning/planning-decision-process/about-decision-process. When making a representation please avoid making any statements

³⁶ Which can be viewed on the Council's website at <http://www.wirral.gov.uk/my-services/environment-and-planning/planning/planning-advice-and-guidance>

that could compromise the security of your premises (such as holiday dates or details of when your property is left empty).

Planning Decisions

7.24 Planning Committee meets every month. Planning applications for:

- i. Large-scale major developments which, by their nature, (e.g. scale, location etc.) have wider strategic implications and raise issues of more than local importance.
- ii. Significant applications by the Council to develop any land owned by the Council itself or jointly with any other person (Regulation 3 applications)
- iii. Where it is proposed to make a decision that is a significant departure from the policies of the development plan, with the exception of domestic extensions.
- iv. Development that would need to be referred to the Secretary of State with the exception of applications for Planning Permission and/or Listed Building Consent to Grade I listed buildings, where there are no objections on conservation grounds.

7.25 Applications will be determined by the Strategic Applications Sub-Committee, albeit Planning Committee has the inherent right to reserve decisions for itself as parent Committee. The Sub Committee also has responsibility for informal pre application discussions with developers in relation to any matter which may potentially come before the Sub Committee for a later decision. A protocol governing developer engagement with Members of the Sub-Committee at pre-application and pre-decision stage was agreed in December 2020, which can be viewed here:

<https://democracy.wirral.gov.uk/documents/s50072001/Strategic%20Apps%20Sub%20Cttee%20reportmn.pdf>

7.26 Elected Members sitting on the Planning Committee receive a written report prepared by Council Officers on each application to be considered, including a summary of details of the letters and comments that have been received, and a summary of the main points raised. If a letter or comment is received after the written report has been prepared, the main points will be summarised within a late addendum.

7.27 The Council allows the Committee to be addressed by members of the public when a petition with 25 or more signatories has been received before noon on the Monday prior to the Committee meeting³⁷. A representative of the petitioners will

³⁷ Twenty five signatures are required for a petition to qualify.

then be allowed to address the Committee for five minutes. In the event that more than one petition has been received, the allotted time may be divided between the petitioners or one person may present the views of all petitioners. A representative of objectors may address the Committee only if the application is before the Committee on the basis of there being 15 or more individual objections within the consultation period.

7.28 The applicant or agent be invited to address the Committee, also for a maximum of five minutes. Ward Councillors also have the right to address the Committee in support or against an application but without any time restriction. Members of the Planning Committee will then debate the proposal and a decision will be taken by vote, following the consideration of each application.

Post Application Procedures

7.29 People who have submitted comments on the application will not normally be advised of the final decision in writing. People who have submitted comments are encouraged to keep up to date with the application via the Council's website. You can register with the website which can provide you with updates in relation to an application including when the decision has been made.

7.30 The applicant/agent will receive a decision notice detailing the conditions and reasons for approval or the reasons for refusal. A copy of the decision notice is kept on file and is available to view at the Council's Regeneration and Place office.

7.31 All decision notices will normally be displayed on the Council's website within 24 hours of the decision having been made.

Appeals

7.32 In the case of an appeal, the Council will write to all those who were notified of the original application, all the individuals and organisations that commented on the planning application, Ward Members and the Chair of Planning Committee, to inform them that an appeal has been submitted, so that they can make further representations to the Planning Inspector appointed to handle the appeal.

7.33 The Planning Inspector will copy the final decision to the appellant, the Authority and to any third parties who request in writing a copy of the appeal decision.

Pre-Application Procedures

Pre-Application Community Involvement

7.34 The Council strongly encourages landowners and developers to undertake pre-application community consultation, especially for large, complex or controversial proposals and for proposals that will be contrary to the Development Plan.

7.35 The advantages of early engagement with the local community include:

- allowing proposals to be explained before minds are made up on the basis of what can often be inaccurate second-hand information;
- assistance in gauging community support and obtaining accurate local information;
- clarification of the issues at debate, providing greater certainty and transparency, saving time later in the decision-making process; and
- the delivery of a more acceptable development.

7.36 Developers will be encouraged to contact the Council before commencing a community involvement exercise, to agree the scope of the exercise and the types of method that will be employed.

7.37 The consultation exercise should seek to explain the policy and other background to the proposals and address issues related to the type and scale of development, including its siting, layout, design and access arrangements. If necessary, it should also consider the matter of alternative sites.

7.38 A report of the consultation undertaken, the responses received and how the comments have been addressed, should then be submitted alongside the final planning application.

7.39 The types of proposal that the Council believe would be most likely to benefit from pre-application community involvement are set out in Table 8 overleaf:

Table 8 – Thresholds for Pre-Application Community Involvement

Type of Proposal	Threshold
Industrial and commercial development, including retail New build and change of use in or adjacent to a Primarily Residential Area	1,500 square metres or above
Residential development	100 dwellings or sites of 3.0 hectares or above
Development affecting a Conservation Area or Listed Building	Proposals for 10 or more dwellings or on sites of 0.5 hectares or above Other proposals of 1,000 square metres or above or on sites of 1.0 hectare or above
Major infrastructure projects such as roads, pipelines or overhead power lines	All proposals
New educational or institutional proposals	All proposals for new sites Extensions of 1,000 square metres or above
Mineral extraction proposals	All proposals
Waste processing	All proposals

Further information

7.40 As the legal processes surrounding planning decisions, permitted development and publicity are subject to regular change, the Council will publish any amendments to these procedures on the Council's website at www.wirral.gov.uk/my-services/environment-and-planning/planning

ANNEX: COVID-19 STATEMENT

1 Background and purpose

1. This Annex presents the Council's approach to conducting community involvement during the Covid-19 pandemic, taking into account of the Covid-19 related restrictions on movement and social interaction, to ensure that effective community involvement will continue to take place during the pandemic.
2. During these unprecedented times, the Council will be unable to fulfil some of the commitments set out in its adopted Statement of Community Involvement related to how it consults on a variety of application types and policy documents. This Annex adjusts the Council's approach to community involvement to take account of the Covid-19 related restrictions on movement and social interaction, ensuring that effective community involvement will continue to take place in relation to the production of local development documents⁴⁰ and to support development management decision making.
3. The temporary changes outlined have been made to protect the health of Wirral's communities and follows national advice and guidelines. The changes are set out below.

2 Impacts of the Covid-19 pandemic on community involvement processes in the Wirral

4. The Covid-19 pandemic has resulted in the Government setting restrictions on people's movement and social interaction in order to control the spread of the coronavirus. Whilst these restrictions remain in place, they impact on the scope and nature of community involvement that can take place, and therefore the ability of the Council to ensure that all of the requirements within the Council's current SCI can be achieved.
5. The Government has issued advice on the importance of progressing local plan production and continuing development management services during the Covid-19 pandemic in order to support the country's economic recovery. Through Planning Practice Guidance (PPG) and advice provided by the Ministry for Housing, Communities and Local Government (MHCLG), the Government has recommended that where necessary, local planning authorities should review their SCI processes to allow plan making and development management processes to continue. This should be undertaken by making

⁴⁰ Local Development Documents (LDD) include Development Plan Documents (which form part of the statutory development plan, such as the local plan and neighbourhood plans) and Supplementary Planning Documents (which do not form part of the statutory development plan). LDDs collectively deliver the spatial planning strategy for the local planning authority's area.

temporary amendments to community involvement processes which allow public consultation to continue, for example, by maximising the use of online, telephone, and written engagement methods, engaging people without access to the internet through representative groups, targeting communities in most affected areas, and liaising with selected nominated individuals who can present the views of the community.

6. To enable planning processes to continue in the Wirral during the Covid-19 pandemic, this Annex presents alternative temporary community involvement measures which will be used while Covid-19 restrictions remain in place.
7. Given the complex and wide-ranging implications of the Covid-19 pandemic, Government guidance on approaches to public involvement is regularly being updated. Where necessary, the Council will update this Annex to include any new information provided by the Government on the approach to community involvement during the Covid-19 pandemic, taking into account any amendments to the relevant regulations or legislation. This Annex supersedes the existing Covid-19 related Addendum to the Council's 2014 SCI.
8. The Council will be guided by public health advice provided by the Government and other relevant bodies to determine how the Covid-19 related community involvement measures contained within this document will be applied.

3 Community involvement measures when Covid-19 related restrictions are in place

9. When public health advice results in Covid-19 restrictions impacting on people's movement and social interaction, the Council will undertake the following changes to community involvement processes outlined within the Wirral Statement of Community Involvement.

a) Public consultation events

10. The Covid-19 restrictions on people's movement and social interaction have a significant impact on the ability to undertake public consultation events such as meetings and workshops which involve meeting in person. To support the production and progression of local plans and decision making during the Covid-19 pandemic, the Government has recommended the use of alternative methods of community involvement which can take place while adhering to restrictions on social interaction.
11. While restrictions on social interaction do not allow community events to take place, the Council will instead seek to engage with the local community through online meetings and telephone discussions. The Council will liaise with representatives of community groups to determine an appropriate approach to engagement which meets the specific requirements of the community,

whilst also adhering to Government restrictions and guidance on social interaction and hygiene.

b) Local plan and neighbourhood plan examination hearings

12. The Covid-19 restrictions will have a significant impact on the ability to undertake local plan and neighbourhood plan related public examination hearings in person. The Government is currently engaging with the Planning Inspectorate on the use of virtual hearings and written submissions which will allow examinations to proceed whilst adhering to Covid-19 related restrictions on movement and social interaction.
13. Where necessary, the Council will update this Annex to include any new information provided by Government on the approach to undertaking examination hearings during the Covid-19 pandemic.

c) Provision of deposit copies of consultation, submission and examination documents

14. The Regulations⁴¹ require the Regulation 19 submission version of a Local Plan to be made available for physical inspection at the Council's principal office. In accordance with the Regulations, the Council's SCI proposes to make consultation documents available for inspection at a principal office and at other such places as appropriate during normal office hours, in addition to publishing the consultation documents on the Council's website.
15. In relation to the Covid-19 restrictions the Government has published the Town and Country Planning (Local Planning) (England) (Coronavirus) (Amendment) Regulations 2020 which temporarily remove requirements under Regulation 35 and 36 of the 2012 Regulations⁴² to make copies of documents available for public inspection at a principal office and to provide hard copies of documents.
16. In accordance with the updated Regulations, the Council will not be making consultation hard copy documents available for physical inspection during the period when Covid-19 restrictions apply. The updated Regulations will apply until 31st December 2021. After this period, the Council may consider the implementation of an appointment system for the public inspection of consultation documents where Covid-19 related restrictions still apply.
17. All other consultation documents associated with the Regulation 18 version of the Local Plan, Supplementary Planning Documents, neighbourhood planning documents, and other documents associated with examinations and

⁴¹ Town and Country Planning Regulations 2012 and the Neighbourhood Planning Regulations 2012

⁴² Town and Country Planning Regulations 2012

monitoring reports, will therefore only be available for inspection online on the Council's website during Covid-19 relation restrictions.

d) Physical inspection of planning applications

18. The physical inspection of planning applications during the Covid-19 pandemic has not been possible due to the closure of Council offices. The Government has introduced temporary changes to the publicity requirements for planning applications within the Town and Country Planning Regulations 2020 which gives local planning authorities greater flexibility in how planning applications are publicised where the normal statutory requirements cannot be achieved as a result of the Covid-19 restrictions.
19. While Covid-19 restrictions remain in place, all planning application documentation will only be made available on the Councils website and will not be available for physical public inspection.

e) Planning committee

20. To ensure that planning related decisions can continue to be made during the Covid-19 pandemic, the Government has made new Regulations⁴³ which enable all planning committees to be undertaken through virtual online meetings. While Covid-19 related restrictions remain in place, the Council will undertake planning committee meetings through virtual online meetings.
21. The public can watch and participate in accordance with the Council's constitution in virtual online committee meetings. For further information please contact planningapplications@wirral.gov.uk
