The Council has a responsibility to ensure that public money is used to deliver cost-effective sustainable outcomes. Commissioned services must provide value for money and deliver good outcomes for residents.

It is good practice for the residents of Wirral to have their say on budget proposals therefore the proposal to remove an over contract spend amounting to £0.5m will go to public consultation. It is imperative that the Council works in partnership with Wirral Evolutions and people who access their services and their family members throughout the consultation period.
