| REPORT TITLE: | MILTON PAVEMENT SITE APPROPRIATION DECISION |
| REPORT OF: | CHIEF REGENERATION OFFICER: ASSISTANT DIRECTOR OF REGENERATION AND PLACE |

REPORT SUMMARY

This report seeks approval for the appropriation of land owned by the Council for planning purposes to form part of the Milton Pavements development which is then to be developed by Wirral Growth Company. The appropriation is in accordance with the Option Agreement between Wirral Borough Council and Wirral Growth Company.

RECOMMENDATION

That the Director of Regeneration and Place be recommended to approve the appropriation of land comprising part of the Milton Pavements, Birkenhead development, as identified in paragraph 3.3 of this report, for planning purposes.

SUPPORTING INFORMATION

1.0 REASON/S FOR RECOMMENDATION/S

- 1.1 To enable the Council to comply with its legal duties further to the Option Agreement between Wirral Brough Council and Wirral Growth Company as varied on 15 December 2020 to allow the development of the Birkenhead Commercial District to begin.

2.0 OTHER OPTIONS CONSIDERED

- 2.1 Not appropriating the site for planning purposes has been considered but been rejected as it would not enable the development of the Milton Pavements site as agreed by Cabinet when it approved the Partnership Business Plan and Site Development Plan for the Birkenhead Commercial District in February 2020. Given the Option Agreement between the Council and Wirral Growth Company and the obligations it places on the Council, the Council could be potentially liable to pay compensation to the Wirral Growth Company were it to not appropriate the land.

3.0 BACKGROUND INFORMATION

- 3.1 In February 2020 Cabinet resolved to approve that the development of the Birkenhead Commercial District take place as detailed in the Wirral Growth Company Partnership Business Plan.
- 3.2 The Council completed the purchase of the Milton Pavements site from Mars Pension Trustees Limited on 4 November 2020. The land was acquired for planning purposes. A planning application for phased redevelopment of land in the Birkenhead Commercial District, including the Milton Pavements development site was submitted by Wirral Growth Company in August 2020. The planning application was approved subject to conditions and to entering into an agreement under S111 of the Local Government Act 1972 requiring the relevant parties to enter into an agreement under S106 of the Town and Country Planning Act 1990 that will secure the various planning obligations.
- 3.3 The Council entered into an Option Agreement with Wirral Growth Company on 19 March 2019. This was varied by an agreement dated 15 December 2020 to include the Milton Pavements site. As part of the variation it was agreed that the land adjoining Milton Pavement already owned by the Council and forming part of the Milton Pavement development site would be appropriated for planning purposes. The extent of the land is set out coloured green on the plan annexed to this report as Appendix 1.
- 3.4 The details of how the ownership of the Milton Pavements development site is structured and the common areas to be developed and retained by the Council were set out in a report to Cabinet of 27 July 2020.
- 3.5 It is intended that when works on the Milton Pavements development site commence that any third party rights are overridden and converted to potential compensation as set out in paragraph 5.2 below.

4.0 FINANCIAL IMPLICATIONS

- 4.1 Any third party rights that the appropriation overrides when the works on the Milton Pavements development site commence will be converted to a statutory right to compensation from the Council. Wirral Growth Company will provide an indemnity to the Council (to be contained in the agreement for lease for Milton Pavements to be entered into following satisfaction of the conditions under the Option Agreement by Wirral Growth Company) in relation to any potential claims. As such there is no financial impact to the Council.

5.0 LEGAL IMPLICATIONS

- 5.1 Section 122 of the Local Government Act 1972 provides 'The council may appropriate for any purpose for which the council is authorised by statute to acquire land by agreement any land which belongs to it and is no longer required for the purpose for which it is held immediately before the appropriation.'
- 5.2 Section 203 of the Housing and Planning Act 2016 states that 'a person may carry out building or maintenance work to which this subsection applies even if it involves interfering with a relevant right or interest ... applies to building or maintenance work where the work is carried out on land that has at any time on or after been appropriated by a local authority for planning purposes' This will be engaged on commencement of the development works enabling Wirral Growth Company to carry out the works notwithstanding any third party rights over the Milton Pavements development site which may exist. Such rights will be overridden but the carrying out of those works and converted in to a potential claim for compensation.

6.0 RESOURCE IMPLICATIONS: STAFFING, ICT AND ASSETS

- 6.1 There are no IT, staffing or asset implications arising from this report.

7.0 RELEVANT RISKS

- 7.1 There is a risk that a beneficiary of a third party right that will be interfered with by the works commencing will bring a claim for compensation against the Council.
- 7.2 The Council has agreed an indemnity in this regard from Wirral Growth Company.

8.0 ENGAGEMENT/CONSULTATION

- 8.1 Wirral Growth Company conducted public outreach consultation on the proposals for the Birkenhead Commercial District in September 2019 and January 2020.

9.0 EQUALITY IMPLICATIONS

- 9.1 An Equality Impact Assessment was produced and updated in February 2020. This report makes no changes to this document and it is valid in its current form <https://www.wirral.gov.uk/communities-and-neighbourhoods/equality-impact-assessments>
- 9.2 In considering this matter due regard has been given to the Council's duty in respect of equalities. It is also relevant that Wirral Growth Company has conducted public consultation as set out in paragraph 8.1 of this report. The Council has therefore duly considered its equality duty.

10.0 ENVIRONMENT AND CLIMATE IMPLICATIONS

- 10.1 There are no significant environment or climate change implications arising from the proposals within this report.
