Public Question from New Brighton Coastal Community Team (NBCCT)

Lack of provision of good quality Public Toilets.

The NBCCT would wish to draw to the Committee's attention the unsanitary conditions in New Brighton which have been a result of limited provision of good quality public toilets. This has been an issue for us prior to Covid, however Covid has made the situation worse. We are striving to present New Brighton as a place of welcome and well being, but this issue detracts from our work.

We have been in correspondence with the Senior Environmental Health Manager and he has very clearly explained the limitations on the toilet cleaning team.

We also appreciate that Marine Point toilets are not the responsibility of the Council

On the 1st July we received correspondence from the Council requesting comments in the siting of temporary toilets. However only 2 options were given Vale Park and Marine Park. Replies had to be returned by 2nd July.

Could we please be advised how many temporary toilets are envisaged and where will they be located.

As the school holidays are already underway, we would suggest temporary toilets also in Fort Perch Rock Car Park. Contrary to opinion FPR car park is not tidal.

We would also ask if any of the forthcoming plans for New Brighton, include the provision of more basic human amenities/public toilets.
