1. Introduction

- 1.1 Internal Audit's Quality Assurance and Improvement Programme (QAIP) is designed to provide reasonable assurance to the various stakeholders of the Internal Audit activity that Internal Audit:
- Performs its work in accordance with its Charter, which is consistent with The Public Sector Internal Audit Standards' (PSIAS) definition of Internal Auditing and Code of Ethics;
 - Operates in an effective and efficient manner; and
 - Is perceived by stakeholders as adding value and improving Internal Audit's operations.
- 1.2 Internal Audit's QAIP covers all aspects of the Internal Audit activity in accordance with the PSIAS Standard 1300 (Quality Assurance and improvement Programme), including:
- Monitoring the Internal Audit activity to ensure it operates in an effective and efficient manner (1300);
 - Ensuring compliance with the PSIAS' Definition of Internal Auditing and Code of Ethics (1300);
 - Helping the Internal Audit activity add value and improve organisational operations (1300);
 - Undertaking both periodic and on-going internal assessments (1311); and
 - Commissioning an external assessment at least once every five years, the results of which are communicated to the Audit & Risk Management Committee in accordance with Standard 1312 and 1320.
- 1.3 The Chief Internal Auditor is ultimately responsible for the QAIP, which covers all types of Internal Audit activities.

2. Internal Assessments

2.1 In accordance with PSIAS Standard 1300, internal assessments are undertaken through both on-going and periodic reviews.

On-going Reviews

2.2 Continual assessments are conducted through:

- Management supervision of all engagements;
- Structured, documented review of working papers and draft reports by Internal Audit management;
- Audit Policies and Procedures used for each engagement to ensure consistency, quality and compliance with appropriate planning, fieldwork and reporting standards;
- Comprehensive Internal Quality Reviews of audit processes including report findings, conclusions and working papers undertaken prior to completion of all audits. Control Checklists to ensure consistency of reporting and reduce administrative error (Appendix A);
- Feedback from audit clients obtained through completion of Customer Questionnaires at the closure of each engagement (Appendix B);
- Auditor Skills Appraisal Assessments undertaken following completion of audit assignments designed to evaluate an individual's performance against PSIAS best practice and the CIPFA Guidance document "The Excellent Internal Auditor" to identify areas of good practice and any development/improvement opportunities (Appendix C).
- Monitoring of internal performance targets (Appendix D) and quarterly outturn reporting to Audit & Risk Management Committee;
- Review and approval of all final reports, recommendations and levels of assurance by the Chief internal Auditor or Audit Manager; and
- Regular team briefings attended by all members of the Internal Audit team and chaired by the Chief Internal Auditor;

Periodic Reviews

- 2.3 Periodic assessments are designed to assess conformance with Internal Audit's Charter, the PSIAS' Definition of Internal Auditing, the Code of Ethics, and the efficiency and effectiveness of internal audit in meeting the needs of its various stakeholders. Periodic assessments are conducted through:
- Quarterly Internal Audit Update Reports, presented to the Audit & Risk Management Committee;
 - Annual performance evaluation form to all Chief Officers/Heads of Directorates (Appendix E);
 - Annual risk assessments, in accordance with the Internal Audit Strategy, for the purposes of annual audit planning;
 - Annual review of the effectiveness of Internal Audit, undertaken by the Chief Internal Auditor culminating in the identification of actions for development and improvement and reported via the Chief Internal Auditors Annual Report;
 - Annual review of compliance against the requirements of this Quality Assurance & Improvement Programme, the results of which are reported to Senior Leadership Team and the Audit & Risk Management Committee via the Chief Internal Auditors Annual Report;
 - Feedback from the Chief Executive, Section 151 Officer and Chair of the Audit & Risk Management Committee to inform the annual appraisal of the Chief Internal Auditor, in accordance with Standard 1100;
 - Periodic appraisals conducted to inform the post audit assessment process.
- 2.4 Improvement/development actions arising from assessments will be reported to the Audit & Risk Management Committee. The Chief Internal Auditor will implement appropriate follow-up to any identified actions to ensure continual improvement of the service.
- 2.5 Any significant areas of non-compliance with the PSIAS that are identified through internal assessment will be reported in the Chief Internal Auditors Annual Report and used to inform the Annual Governance Statement (AGS).

3. External Assessments

- 3.1 External assessments will appraise and express an opinion about internal audit's conformance with the PSIAS' Definition of Internal Auditing and Code of Ethics and include recommendations for improvement, as appropriate.

Frequency of External Assessment

- 3.2 An external assessment will be conducted at least every five years, in accordance with the PSIAS. Appointment of the External Assessor and scope of the External Assessment will be endorsed by the Audit & Risk Management Committee.

Scope of External Assessment

- 3.3 The external assessment will consist of broad scope of coverage that includes the following elements of Internal Audit activity:

- Conformance with the *Standards*, Definition of Internal Auditing, the Code of Ethics, and internal audit's Charter, plans policies, procedures, practices, and any applicable legislative and regulatory requirements;
- Integration of the Internal Audit activity into Wirral's governance framework, including the audit relationship between and among the key groups involved in the process;
- Tools and techniques used by Internal Audit;
- The mix of knowledge, experiences, and disciplines within the staff, including staff focus on process improvement delivered through this Quality Assurance and Improvement programme;
- A determination whether Internal Audit adds value and improves Wirral Council operations.

- 3.3.1 Results of external assessments will be provided to the Senior Leadership Team and the Audit & Risk Management Committee. The external assessment report will be accompanied by a written action plan in response to significant comments and recommendations identified. Any significant areas of non-compliance will be reported in the Annual Report of the Chief internal Auditor and in the Council's Annual Governance Statement (AGS).

4. Review of the QAIP

These documents will be appropriately updated following any changes to the PSIAS or internal audit's operating environment and will be reviewed at least on an annual basis.
