

APPENDIX 1

NATIONAL NHS OBJECTIVES 2023/24

	Area	Objective
Recovering our core services and improving productivity	Urgent and emergency care*	Improve A&E waiting times so that no less than 76% of patients are seen within 4 hours by March 2024 with further improvement in 2024/25
		Improve category 2 ambulance response times to an average of 30 minutes across 2023/24, with further improvement towards pre-pandemic levels in 2024/25
		Reduce adult general and acute (G&A) bed occupancy to 92% or below
	Community health services	Consistently meet or exceed the 70% 2-hour urgent community response (UCR) standard
		Reduce unnecessary GP appointments and improve patient experience by streamlining direct access and setting up local pathways for direct referrals
	Primary care*	Make it easier for people to contact a GP practice, including by supporting general practice to ensure that everyone who needs an appointment with their GP practice gets one within two weeks and those who contact their practice urgently are assessed the same or next day according to clinical need
		Continue on the trajectory to deliver 50 million more appointments in general practice by the end of March 2024
		Continue to recruit 26,000 Additional Roles Reimbursement Scheme (ARRS) roles by the end of March 2024
		Recover dental activity, improving units of dental activity (UDAs) towards pre-pandemic levels
	Elective care	Eliminate waits of over 65 weeks for elective care by March 2024 (except where patients choose to wait longer or in specific specialties)
		Deliver the system-specific activity target (agreed through the operational planning process)
	Cancer	Continue to reduce the number of patients waiting over 62 days
		Meet the cancer faster diagnosis standard by March 2024 so that 75% of patients who have been urgently referred by their GP for suspected cancer are diagnosed or have cancer ruled out within 28 days
		Increase the percentage of cancers diagnosed at stages 1 and 2 in line with the 75% early diagnosis ambition by 2028
	Diagnostics	Increase the percentage of patients that receive a diagnostic test within six weeks in line with the March 2025 ambition of 95%
		Deliver diagnostic activity levels that support plans to address elective and cancer backlogs and the diagnostic waiting time ambition
	Maternity*	Make progress towards the national safety ambition to reduce stillbirth, neonatal mortality, maternal mortality and serious intrapartum brain injury
		Increase fill rates against funded establishment for maternity staff
	Use of resources	Deliver a balanced net system financial position for 2023/24
	Workforce	Improve retention and staff attendance through a systematic focus on all elements of the NHS People Promise
	Mental health	Improve access to mental health support for children and young people in line with the national ambition for 345,000 additional individuals aged 0-25 accessing NHS funded services (compared to 2019)
		Increase the number of adults and older adults accessing IAPT treatment
		Achieve a 5% year on year increase in the number of adults and older adults supported by community mental health services
Work towards eliminating inappropriate adult acute out of area placements		
Recover the dementia diagnosis rate to 66.7%		
People with	Improve access to perinatal mental health services	
	Ensure 75% of people aged over 14 on GP learning disability registers receive an annual health check and health action plan by March 2024	

	a learning disability and autistic people	Reduce reliance on inpatient care, while improving the quality of inpatient care, so that by March 2024 no more than 30 adults with a learning disability and/or who are autistic per million adults and no more than 12–15 under 18s with a learning disability and/or who are autistic per million under 18s are cared for in an inpatient unit
	Prevention and health inequalities	<p>Increase percentage of patients with hypertension treated to NICE guidance to 77% by March 2024</p> <p>Increase the percentage of patients aged between 25 and 84 years with a CVD risk score greater than 20 percent on lipid lowering therapies to 60%</p> <p>Continue to address health inequalities and deliver on the Core20PLUS5 approach</p>
