Section 3: Does the proposal have the potential to affect..... (please tick relevant boxes)

- Services**
- The workforce**
- Communities**
- Other** (please state e.g.: Partners, Private Sector, Voluntary & Community Sector)

If you have ticked one or more of above, please go to section 4.

- None** (please stop here and email this form to your Chief Officer who needs to email it to engage@wirral.gov.uk for publishing)

Section 4:

Could the proposal have a positive or negative impact on any protected groups (age; disability; gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex; sexual orientation)?

You may also want to consider socio-economic status of individuals.

Please list in the table below and include actions required to mitigate any potential negative impact.

Which group(s) of people could be affected	Potential positive or negative impact	Action required to mitigate any potential negative impact	Lead person	Timescale	Resource implications
Young adults with disabilities	A programme is to be developed to focus on improved transition planning, supported by improvements in the Education Health and Care Planning processes linked to the Wirral Statement of Action (SEND). Focus will be on preparing young people with care and health needs for adulthood, better and more creative approaches to meeting care and support needs, with a focus on increased uptake of Direct Payments, greater use of technology enabled care, and identification of commissioning needs for proportionate and more personalised care. With a review of practice and approach to transition planning, it is expected that needs can be identified	This service will be co-designed through a workshop with elected members and stakeholders and a review will be led by a commissioner from All Age Independence. It is envisaged that this will deliver better outcomes for those with complex needs with a review of transition planning between Children's and Adult Services. 	earlier, with planned care and support leading to the delivery of the efficiency target.				
Any Adult eligible for support as defined by the Care Act 2014	<p>A range of initiatives aimed at improving independence will deliver the required efficiency savings. These are related to, for example, technology enabled care provision, increasing take up of Direct Payments as a cost effective way to meet people’s needs, utilising an increased range of extra care and supported housing options, and continuing to embed The Three Conversations approach to requests for care and support, which focuses on people’s strengths and community assets by supporting front line staff to have three distinct and specific conversations.</p> <p>These are alternative and may be, more personalised and are more responsive ways to meet people’s needs and maintain their independence, as opposed to more intensive and traditional approaches to meeting care needs.</p> <p>Efficiencies achieved will not adversely impact on clients for whom Wirral Council have a statutory duty to meet assessed needs.</p>	<p>We will ensure that appropriate service levels are maintained and are in line with personalised care assessments. Any service will need to be as accessible as possible and take the needs of those with protected characteristics into account from assessment to delivery.</p> <p>We will work across services where there are inter-dependencies</p>	Jason Oxley – Assistant Director of Care and Health, and Commissioning for People	2023-24 financial year	Within current resources

Section 4a: Where and how will the above actions be monitored?

Achievement of savings targets are monitored monthly through regular meetings with budget holders and finance colleagues.

Section 4b: If you think there is no negative impact, what is your reasoning behind this?

Wirral Council have a statutory duty to meet assessed need. Achievement of savings does not affect this statutory duty.

Section 5: What research / data / information have you used in support of this process?

The Care Act 2014

Section 6: Are you intending to carry out any consultation with regard to this Council proposal?

No – (please delete as appropriate)

If 'yes', please continue to section 7.

If 'no', please state your reason(s) why:

Meeting savings targets will be achieved as identified in the savings plans, no consultation is required.

(please stop here and email this form to your Chief Officer who needs to email it to engage@wirral.gov.uk for publishing)

Section 7: How will consultation take place and by when?

Before you complete your consultation, please email your preliminary EIA to engage@wirral.gov.uk via your Chief Officer in order for the Council to ensure it is meeting it's legal publishing requirements. The EIA will need to be published with a note saying we are awaiting outcomes from a consultation exercise.

Once you have completed your consultation, please review your actions in section 4. Then email this form to your Chief Officer who needs to email it to engage@wirral.gov.uk for publishing.

Section 8: Have you remembered to:

- a) **Select appropriate directorate hyperlink to where your EIA is/will be published (section 2a)**
- b) **Include any potential positive impacts as well as negative impacts? (section 4)**
- c) **Send this EIA to engage@wirral.gov.uk via your Chief Officer?**
- d) **Review section 4 once consultation has taken place and sent your updated EIA to engage@wirral.gov.uk via your Chief Officer for re-publishing?**
