| <b>REPORT TITLE:</b> | <b>GENDER PAY GAP REPORT</b> |
| <b>REPORT OF:</b>    | <b>DIRECTOR OF RESOURCES</b> |

### **REPORT SUMMARY**

In line with the Equality Act 2010 (the Act), the purpose of the Council's Gender Pay Gap Report is to provide transparency with regard to the average difference between earnings of women and men.

The report must be published by 31 March each year, reflecting the gender pay gap as at March the previous year. This report reflects the position as at March 2022.

The annual Gender Pay Gap report supports the effective delivery of the Wirral Plan 2021-2026 by ensuring the Council has a fair and equitable approach to pay for all its employees. The Council's employees are here to help make the Council's ambitions a reality, to achieve the goals and priorities set out in the Wirral Plan.

This report does not require a key decision, the matter affects all wards in the borough.

### **RECOMMENDATION/S**

The Senior Officer Appointment and Staffing Sub-Committee is recommended to note and endorse the publication of the Gender Pay Gap report.

## **SUPPORTING INFORMATION**

### **1.0 REASON/S FOR RECOMMENDATION/S**

- 1.1 The Council is required by law (The Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017) to publish an annual gender pay gap report.

### **2.0 OTHER OPTIONS CONSIDERED**

- 2.1 No other options were considered as the Gender Pay Gap report is a requirement of the Equality Act 2010.

### **3.0 BACKGROUND INFORMATION**

- 3.1 Gender pay is not about equal pay. Unequal pay means that individual women and men are not getting equal pay for doing equal work. The gender pay gap shows the average difference between the earnings of women and men. It has a number of contributory factors, most of which are more about the kinds of industries and jobs open to women than about the ways in which men and women are paid.
- 3.2 Just because there is a gender pay gap does not make it unlawful. Having a gender pay gap does not mean the Council is discriminating in relation to gender pay.
- 3.3 A gender pay gap is not solely the result of pay practices. It is about much broader influences. Gender pay gaps are the outcome of economic, cultural, social and educational factors.
- 3.4 The Council's median gender pay gap for 2022 was 5.01% which compared favourably to the national average of 14.9% for other public sector organisations. The median gender pay gap has decreased from 7.7% to 5.01%, whilst the mean gender pay gap also decreased from 5.9% to 4.4%, reversing the increase seen in the 2021 report.
- 3.5 The gender profile was unchanged for the fifth consecutive year and there was no significant shift in the gender quartile profiles.
- 3.6 As a council we work closely with our established Staff Inclusion Forum and employee network groups who provide important feedback to us about general and specific issues and are instrumental in developing and implementing strategies to eliminate discrimination and promote equality of opportunity within the Council. Many of these groups have specific identification with protected characteristics but also a number relate to areas that impact different groups of the workforce ability to be at work such as our carers network, menopause groups etc.
- 3.7 The Council has developed and promoted a range of workforce strategies, including new ways of working, health and wellbeing initiatives and talent attraction and management, for example, Apprenticeships, Traineeships, Graduate Scheme. These strategies contribute towards addressing the gender pay gap by enabling the Council to recruit and retain talent. We will continue to strengthen our workforce planning

activity through the lens of our workforce profile, workforce monitoring and the continued development of our talent Strategy.

6.1 There are no direct resource implications arising from this report.

#### **7.0 RELEVANT RISKS**

7.1 The Council is required to prepare and publish an annual Gender Pay Gap Report for 2022 by 31 March 2023.

7.2 The Council's current gender pay gap compares favourably to the national averages and other public sector organisations. The Council will continue to analyse and compare the outcomes of the gender pay gap annually and consider any actions that may address the gap.

#### **8.0 ENGAGEMENT/CONSULTATION**

8.1 The Trade Unions have been consulted and note the Gender Pay Gap Report 2022.

#### **9.0 EQUALITY IMPLICATIONS**
