#### **ACTIVE TRAVEL FUNDING – TRANCHE 3**

The Lead Commissioner for Strategic Transport and Technology introduced the report of the Director of Regeneration and Place. The report sought approval to spend £1,625,000 of additional Active Travel Tranche 3 grant funding which has been made available to the Council from the Liverpool City Region Combined Authority and to amend the 2023/2024 capital programme to allocate the funding to the Conway Street/Europa Boulevard Movement Scheme.

The funding outlined in the report had been allocated to the Council for the delivery of the specific project identified and could not be used for any other purpose. If the funding was not accepted, it would be returned to the Liverpool City Region Combined Authority.
