Equality implications are an important consideration from tender evaluation, contract award and monitoring.

The bidder was selected following a rigorous evaluation process which included a requirement to outline how they work to eliminate discrimination and ensure equality rights of people with protected characteristics, in accordance with the Equality Act 2010.

Equality contract clauses are included within the Public Health contract and compliance will be routinely monitored over the lifetime of the contract.

Section 4:

Could the proposal have a positive or negative impact on any protected groups (age; disability; gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex; sexual orientation)?

You may also want to consider socio-economic status of individuals. We encourage services to consider the impact on those who serve and who have served in the armed forces and their families, in accordance with the Armed Forces Covenant
