

Council – 19 August 2024

Amendments to Motions on Notice

LIBERAL DEMOCRAT GROUP MOTION:

RESPONDING TO NATIONAL PLANNING POLICY FRAMEWORK (NPPF) & STANDARD FORMULA CONSULTATION

Labour Group Amendment

Proposed by Councillor Paul Stuart
Seconded by Councillor Angie Davies

Delete struck through words in second paragraph:

Council notes the challenges Government is aiming to respond to including a national housing shortage, high affordability ratios (which on Wirral equate to over 6x the medium salary), and high numbers of people on local waiting lists for housing. However, Council believes the proposed standard method of calculation ~~is flawed~~ ~~and~~ has produced national targets which undermine local regeneration priorities.
