REPORT TITLE:	OSS Environment Scrutiny Budget Proposals for 2020/21
REPORT OF:	Director for Finance and Investment

REPORT SUMMARY

This report is part of the Council's formal budget process, as set out in the constitution and in accordance with the legal requirements to set a balanced and sustainable budget for 2020/21.

This report also presents an update on the Medium Term Financial Plan (MTFP) covering the period from 2021/22 to 2024/25.

RECOMMENDATION/S

That scrutiny be requested to:

1. Review and comment on the financial proposals for 2020/21 that will be subject to consultation and further consideration by Cabinet in February 2020; and
2. Note the financial challenges facing the Council in setting a sustainable and balanced budget for the MTFP period from 2021/22 to 2024/25.

SUPPORTING INFORMATION

1.0 REASON/S FOR RECOMMENDATION/S

- 1.1 The Council has a legal requirement to set a balanced budget in March 2020 for the 2020/21 financial year. This report sets out the proposals relating to Environment portfolio in order to set a balanced budget for 2020/21.

2.0 OTHER OPTIONS CONSIDERED

- 2.1 The Council has a legal obligation to set a balanced budget in March each year for the following financial year and this report sets out proposals and initiatives that increase income or reduce expenditure to assist in decisions regarding budget setting within Environment Portfolio. The Cabinet could however choose alternative options to delivering a balanced budget before the budget is finalised in March 2020.

3.0 BACKGROUND INFORMATION

- 3.1 In September 2019, the Government announced the Local Government Finance Settlement for 2020/21 budgets, in the form of a single year Spending Round. A multi-year Spending Review will now follow in 2020.

- 3.2 This single year Spending Round forms the basis for updating the MTFP and sets out a 4.3% real-term increase in overall Government funding for Local Authorities - against a backdrop of consistent cuts in the previous three Spending Reviews since 2010 and continuing pressures in social care.

- 3.3 Details of how the overall announcement will affect the specific funding settlements for individual Local Authorities are not expected to be available at the time of writing the report, December 2019 at the earliest.

- 3.4 The Spending Round settlement for 2020/21 represents an improvement in funding in comparison to previous assumptions for 2020/21, given:

- No loss of the Council's equivalent of the Revenue Support Grant or Public Health Grant;
- A £6.4m increase in funding for Adult and Children's Social Care;
- A proposed £2.8m increase in Council Tax - resulting from permission to include a 2% Adult Social Care Precept in 20/21, over and above an inflationary increase of up to 2%;
- A (£0.8m) reduction in Council Tax due to the Council's review of the Local Council Tax Reduction Scheme; and
- A new round of the New Homes Bonus allocations for 2020/21 only.

- 3.5 The latest MTFP position for 2020/21 to 2024/25 – which takes into account changes in funding assumptions and actions taken in 2019/20 – is set out in the table below:

	2020/21	2021/22	2022/23	2023/24	2024/25
	£m	£m	£m	£m	£m
MTFP gap	-	28	30	29	28

3.6 The full Council position for 2020/21 is now balanced and includes pressures of £34.9m, offset by savings of £32.9m, the individual components of these are included in Appendices 2 and 3

3.7 The pressures and savings relating to Environment portfolio are summarised in Appendix 1.

4.0 FINANCIAL IMPLICATIONS

4.1 Any proposed reduction or withdrawal of a savings plan or increase to a pressure may result in either:

- Services within other portfolios having their budgets cut.
- A potential overall budget shortfall.

5.0 LEGAL IMPLICATIONS

5.1 The Council is required to agree a budget for 2020/21 by March 2020. As part of agreeing the budget, the Chief Financial Officer is required under Section 25 of the Local Government Act 2003 to produce a report on the robustness of the estimates made for the Council budget.

5.2 The duty of the Council is to avoid a budget shortfall. The Chief Financial Officer of a Local Authority has a personal duty, under the Local Government Finance Act 1988 Section 114A, to make a report to the Executive if it appears that the expenditure of the authority incurred (including expenditure it is proposed to incur) in a financial year is likely to exceed the resources (including sums borrowed) which are available to meet that expenditure.

6.0 RESOURCE IMPLICATIONS: STAFFING, ICT AND ASSETS

6.1 No additional resource requirements directly result from this report.

7.0 RELEVANT RISKS

7.1 There is a risk that the agreed savings will not be delivered or will be delayed. Progress on delivery of agreed savings will be monitored using Budget Monitoring reports presented to Cabinet. As such the Council continues to hold a General Fund reserve of £10m. This represents a minimum level of contingency to support the organisation if savings cannot be delivered and no other options for mitigation can be identified.

7.2 The Council's ability to use one-off funding to bridge funding gaps has reduced significantly over recent years and is only a temporary solution.

8.0 ENGAGEMENT/CONSULTATION

8.1 Views are being sought on the Council's future budget and spending priorities, which will be delivered through an extensive programme of community and stakeholder consultation.

8.2 The majority of this year's financial proposals can be implemented without changing existing Council policies and procedures, as they do not impact on public facing services and do not require wider public consultation.

8.3 Should any financial proposals agreed by Cabinet require specific consultation, the Council will commence appropriate consultation directly with any service users and stakeholders who are affected and will feedback their views before final decisions are taken.

8.4 The Council will work with staff and Trade Unions where required to ensure obligations in relation to statutory staff consultation is delivered appropriately and within agreed guidelines.

9.0 EQUALITY IMPLICATIONS

9.1 It is recognised that some of the developing proposals could have equality implications. Any implications will be considered, and any negative impacts will be mitigated where possible.

9.2 Equality implications will be assessed during planning, decision and implementation stages and will be recognised as an ongoing responsibility. Equality issues will be a conscious consideration and an integral part of the process

10.0 ENVIRONMENT AND CLIMATE IMPLICATIONS

10.1 The content and/or recommendations contained within this report are expected have no impact on emissions of CO2
