### **CHILDREN, YOUNG PEOPLE AND EDUCATION COMMITTEE**

**Tuesday, 24 January 2023**

#### **57 BUDGET WORKSHOP OUTCOMES**

The Director of Children, Families and Education introduced the report which enabled the Committee to consider feedback and outcomes from the Budget Workshops which had been held in recent months to facilitate discussion on the proposed budget options. The report also provided an update on the 2023/24 budget setting process with details on the most recent budget options, which were developed in response to the previously outlined budget position.

Members acknowledged the level of public support for play schemes and thanked those residents who had spoken at the beginning of the meeting. The Committee debated the Council's overall budgetary position and the level of funding required to operate the schemes. The Chair outlined concerns around discrepancies between users and the Council for the running costs of the schemes and their attendance levels.

On a motion by Councillor Kathy Hodson, seconded by Councillor Vida Wilson, it was –

**Resolved (unanimously) – That**

- (1) The Committee would oppose any attempts to close these play centres until adequate evidence on which to base a decision on the level of quality and provision has been provided.**
- (2) The Committee be invited to meet with the play schemes to learn more about their work, the issues they have faced, their relationship with the department and their communities.**
- (3) the Budget Workshop feedback and outcomes, as detailed appendices 2 and 3, be reported to Policy and Resources Committee for consideration.**
- (4) the latest budget information provided to Policy and Resources Committee in January 2023 be noted.**

## **CHILDREN, YOUNG PEOPLE AND EDUCATION COMMITTEE YOUTH SERVICES BUDGET CONSULTATION WORKSHOP OUTCOME**

**2 February 2023**

This Budget Workshop was arranged to enable comments on the Budget 2023-24 Youth Services Budget Options Consultation Outcomes report to be fed to P&R, as the consultation had not concluded in time for consideration at Committee. The proposals look to find savings through reducing the current Youth Provision service offer.

The public consultation was held on the Youth Service Budget Options from 19 December 2022 to 22 January 2023 and allowed people to provide their view on the three questions proposed. Key themes emerging from the free text section of the questionnaire were that cuts to youth services would disproportionately affect the most vulnerable and disadvantaged children, reducing provisions in youth services would remove safe spaces for children, putting them at risk and cuts are a false economy which would cost more in the long run. Respondents highlighted that the cuts would lead to increases in costs associated with declining mental health and increased crime and anti-social behaviour.

Respondents strongly disagreed with question 1 that if Pilgrim Street was closed the service could be delivered by outreach or a “pop-up offer”. Further information on the broad range of services provided at Pilgrim Street will be provided by Officers and a visit for Members will be offered where they can speak to the Youth Service Leads. Officers confirmed that Pilgrim Street is open to all children and young people, not just looked after children.

Respondents strongly disagreed with question 2 that the Council could consider reducing the budget used to support out of hours and weekend play schemes and explore the opportunities to work with voluntary and charity groups to provide alternative forms of activities and location. Members requested further information on the potential impact on playscheme staffing numbers and the associated financial and cost implications and officers agreed to provide this.

Respondents also strongly disagreed with question 3 that the Council could consider more mobile and outreach services.

It was noted by Members that the savings proposals would need to be made equitably across different services and wards.

Members queried whether there was any flexibility in the budget savings as it was felt that some of the services offered by Children’s and Adults services are more crucial to save than some of the other Council services.
